Introduction

POLICIES AND REGULATIONS

OF THE

CADDYO PARISH SCHOOL SYSTEM

SHREVEPORT, LOUISIANA

This manual contains the policies of the Caddo Parish School Board; the major administrative regulations intended to implement policy; and certain reference or "exhibit" documents that relate to policies and/or regulations.

Policy development in a modern, forward-looking system is a dynamic, ongoing process. New problems, issues and needs give rise to the continuing need to develop new policies or to revise existing ones. This is why the Board employs the looseleaf format for this manual. It is easy to keep up to date.

Each person holding a copy of this manual should make a diligent effort to keep it up to date as new policies, regulations, and exhibits are distributed by the central office.

How to Use This Manual.

The Caddo Parish Schools operate according to policies established by the Caddo Parish School Board. The Board, which represents the state and local community, develops the policies after careful deliberation, and the school administration implements them through specific rules and regulations. The Board then appraises the effects of its policies and makes revisions as necessary.

In the interests of harmony, efficiency, uniformity of interpretation, coordination of effort, and in fairness to all concerned, the Board makes this manual available to all who are affected by its policies.

Please note: All copies of this manual are the property of the Caddo Parish School System.
How the manual is organized. The manual is organized according to the classification system developed by the Educational Policies Service of the National School Boards Association. The system provides an efficient means of coding, filing, and finding policies, administrative rules and other documents.

There are 12 major classifications, each bearing an alphabetical code:

- A--FOUNDATIONS AND BASIC COMMITMENTS
- B--SCHOOL BOARD GOVERNANCE AND OPERATIONS
- C--GENERAL SCHOOL ADMINISTRATION
- D--FISCAL MANAGEMENT
- E--SUPPORT SERVICES
- F--FACILITIES DEVELOPMENT
- G--PERSONNEL
- H--NEGOTIATIONS
- I--INSTRUCTIONAL PROGRAM
- J--STUDENTS
- K--SCHOOL--COMMUNITY RELATIONS
- L--EDUCATION AGENCY RELATIONS

Sub classification under each heading is based on logical sequence and alphabetical sub coding. For an example of the sub coding system, examine the bordered white page immediately following the tab for Section A--FOUNDATIONS AND BASIC COMMITMENTS.

The bordered white pages which follow the tab for each major section present the classification system, section by section, and serve as the tables of contents for each section or "chapter" of this manual.

How to find a policy. There are two ways to find a policy (or regulation) in the manual:

1. Consider where the policy would be filed among the 12 major classifications. Turn to the table of contents for that section and glance down the listing until you find the term that most likely fits the topic you are seeking. Use the code letters given for the term to locate the sheet which will appear in alphabetical order within the particular section. (All pages of the manual are coded in the upper right-hand corner.)

2. Turn to the Code Finder Index at the end of the manual. The code finder is an alphabetical index of all terms used in the classification system. It also includes other terms commonly used in education. Look up your topic as in any index, find the code, and use the code to locate the sheet in the manual.

What if you can't find the term you are seeking? The code finder lists more than 1,800 terms, but no index of useful size could include every possibility. If the term you are seeking is not included, look up a synonym or a more general or specific term appropriate to the manual.

What if you can find the term and code, but there is no policy or regulation? This probably means that the school system has no written policy or important regulations in the particular area. All terms used in the classification system appear in the sectional tables of contents and code finder to accommodate the coding, insertion, and finding of policies or regulations that may be issued later. But there is one other possibility. A brief statement related to the policy you are seeking may be incorporated in a superior* policy which covers the area generally. This *superior* policy will be coded under a more general term. To find it, read up the classification system. For example, a policy statement which relates to all meetings of the Board of Trustees might be filed under "School Board Meetings" (BD) rather than "Regular Board Meetings" (BDA). Note: In the classification system and code finder read "Board of Trustees" for 'School Board.'
Anyone who knows the ABC's can quickly learn the logic of the letter system, for it is no more complicated than the alphabet. For example, look at the list of descriptors at the beginning of Sections A and B. Except for the governing letter for each section (A for Foundations and Basic Commitments* and 0 for "School Board Governance and Operations"), the code letters in the left hand columns appear in alphabetical order.

<table>
<thead>
<tr>
<th>AA</th>
<th>School District Legal Status</th>
<th>BA</th>
<th>Board Operational Goals</th>
</tr>
</thead>
<tbody>
<tr>
<td>AS</td>
<td>The People and Their School District</td>
<td>BB</td>
<td>School Board Legal Status</td>
</tr>
<tr>
<td>AC</td>
<td>Nondiscrimination</td>
<td>BC</td>
<td>Organization of the Board</td>
</tr>
</tbody>
</table>

Where subcategories appear under broader terms, the alphabetic order begins anew. Consider for example, the broad term "School Board Meetings" and its subcategories:

<table>
<thead>
<tr>
<th>BD</th>
<th>School Board Meetings</th>
</tr>
</thead>
<tbody>
<tr>
<td>BDA</td>
<td>Regular Board Meetings</td>
</tr>
<tr>
<td>BDB</td>
<td>Special Board Meetings</td>

<tr>

</tr>
<tr>
<td>BDD</td>

<tr>
<td>BDDA</td>
<td>Notification of Board Meetings</td>
</tr>
<tr>
<td>BDBB</td>
<td>Agenda Format</td>
</tr>
<tr>
<td>BDDC</td>
<td>Agenda Preparation and Dissemination</td>
</tr>
</tbody>
</table>

Now cover that list of eight 'BD' codes above with your hand and look at the descriptors only. You'll see that they are presented in the form of a simple outline which arranges the terms in logical groups and subgroups. Despite this use of subcategories for display purposes, these descriptors have roughly equal value—and all suggest the need for separate and self-contained policy statements of their own.*

And the principle of equal value applies, for the most part, to the system as a whole. Except for Section A—the "accountability" chapter—there is no particular priority implied in the order in which sections or descriptors are presented on the classification pages. There are 614 descriptors which appear once and once only as line items in the system and an additional 21 which appear twice. Counting the duplicates, there are then, a total of 656 line item terms. The duplicates are identified by the "Also" reference which appears after the descriptor title. For example:

| ABA| Community Involvement in Decisionmaking (Also KC) |
| KC | Community Involvement in Decisionmaking (Also ABA) |

This means that the identical descriptor (and policy) "belongs" in Section A—and it also "belongs" with equal logic in Section K. The limited use of this double-entry bookkeeping in the system is necessary to keep certain terms in proper context.

How to find the descriptor you're looking for. One way is to scan all 25 white pages that comprise the classification system. And that should be done in order to obtain an overview and a sense of the logic of the system. But the quickest way to find a term is to use The Code Finder Index which appears at the back of the binder.

Speaking of the index, it's a good idea to use EIPS/NSBA terminology correctly. The classification system is not the index; the index is not the classification system. The system suggests a way to organize a policy manual, and the index is just that—a how-to-find-it guide.

*The average school district will employ from 300 to 350 of the 656 descriptors available in the system. Some of the descriptors may not be relevant in certain states or communities; others will not be used because the policy matter will be accommodated either in a broad form descriptor or by its subcategories. For example a policy on BD, School Board Meetings may absorb the content of the BDA and BDB descriptors; or, a policy on BDD, Board Meeting Procedures may not be necessary if all or most of the BDD Subcategory descriptors (BDDA, BDDB, etc.) are used.
Why the looseleaf format. The three-ring binder is used purposely because a policy manual must be considered a "living book"--a book that never ends. for Policy development is indeed a never-ending process. New problems, issues, needs, laws, court decisions--and opportunities for improving policy make it necessary that a policy manual be kept open-ended. As new policies are written or existing ones reviewed or reassessed, it is important that the policy manual have the flexibility of a ring binder in which new pages may be put in and old ones removed. Bound, stitched, or stapled book-type policy manuals are almost invariably out-of-date as soon as they are delivered by the printer.

Provide your own foreword to this binder. Because your policy manual will be distributed widely throughout your school community, it should have its own, locally-developed foreword or introduction. Your district may use the information contained in this "temporary foreword" for this purpose. In addition, sample copies of forewords and introductions of other school board policy manuals are available upon request from the EPS/NSBA Policy Information Clearinghouse, 1055 Thomas Jefferson St., N.W., Washington, D.C. 20007. And should your policies outgrow the confines of this binder, additional empty, matching binders are available from EPS/NSBA for volume 2 use.

In summary, this Binder B with its policy classification system is an important part of your district's membership in EPS/NSBA. We hope it serves you well as a management tool to help you and your Board develop the kind of policies that the times require and that serve cause of good schools in your community.
**Using the signs and symbols.** Various signs and symbols are used in connection with the classification. They are for your use in locating and/or in examining policies. Included are the following:

**SN:** Scope Note. These notes appear following certain entries in the sectional tables of contents to clarify or limit the use of the term.

**Also:** Certain policies bear two codes in the upper right-hand corner. The second is in parentheses and is preceded by "Also." This means that the identical policy (or regulation) is filed under both codes.

**-R** This symbol following a code indicates that the statement is an administrative regulation, not a Board policy.

**-E** Exhibit. This symbol following a code indicates that the statement is a reference document, such as a calendar, application form, etc., rather than a policy.

***** An asterisk following a code indicates that the EPS/NSBA classification system has been expanded to include a distinctively local policy and term. Note: A listing of all local terms which have been added to the system is provided on the sheet preceding the Code Finder Index.

**Dates:** Where possible the original date of adoption/issuance appears immediately following each policy/regulation. In other instances an approximate date or reapproval date is used.
LEGAL REF.: Pertinent legal references are given to tell the reader where in state law he may find certain statutes that relate to a policy. Unless otherwise noted, all references direct the reader to the Louisiana Revised Statutes. It is important to mention here that additional laws and/or court decisions may also be applicable to a particular policy.

CROSS REF.: Certain policies/regulations relate to others. Cross references are provided following many statements to help the reader find all of the related information he seeks.

About Board Policies.
Generally, the role of a School Board is to set up policy and the role of the administration is to execute it. Here is the basic distinction as set forth by the National School Boards Association:

**Policies** are principles adopted by the board to chart a course of action. They tell what is wanted and may include also why and how much. They are broad enough to indicate a line of action to be taken by the administration in meeting a number of day after day problems; they need to be narrow enough to give the administration clear guidance.

**Rules** are the detailed directions developed by the administration to put the policy into practice. They tell how, by whom, where, and when things are to be done.

These definitions are serviceable most of the time. They reflect sound theory of governance and administration. But the real world does not always conform. For example:

Often the state and federal governments confuse the distinction and require School Boards to make detailed rules; and many regulations are established by law or by the state department of education.

Additionally, the public may demand that the Board itself, not the administrator, establish the specific rules and procedures in certain sensitive areas.

Thus the separation of policies and administrative regulations in this manual follows several rules of thumb in addition to "basic theory":

1. All edicts of the State (even though regulations) are considered mandated Board policy.
2. Where the Board has written regulations, in particularly sensitive areas, and has incorporated them into policy, the entire statement is presented as policy.

3. Where the Board has adopted rules and regulations concerning its own procedures (as how it conducts meetings), these statements concerning operations of the Committee appear as policy.

As long as the administration operates within the guidelines of a general policy adopted by the Board, it may change administrative regulations without prior approval of the Board--unless the Board has specifically asked that a particular regulation be given prior Board approval. However, only the Board may adopt new policies or revise old ones.

Is the Manual Complete?

No. The manual contains all of the current written policies of the Caddo Parish School Board to date. But continually, the need for putting additional policies in writing, for adopting new ones, and revising old ones becomes apparent. Additionally, state law and State Board regulations change. No matter how well conceived and well developed, a policy manual can never be 100% complete and 100% up to date. Policy development is a continuing process. So from time to time, new policies, regulations, and reference documents will be developed, coded according to the classification system, and issued for insertion in the manual.

Order of precedence. Caddo Parish School Board policies and administrative regulations must be read and interpreted in the light of the Louisiana Revised Statutes and State Board regulations. Wherever inconsistencies of interpretation arise, the law and state regulations shall prevail.

Terminology: To avoid problems of wording, masculine pronouns used in this manual refer to both sexes.

*****

It is the hope of the Caddo Parish School Board that this collection of policies and regulations will make a greater harmony and efficiency possible in all areas of school operations. This will enable the Board to devote more time to its primary duty--the development of long-range policies and planning for the future of the school system.

SCHOOL DISTRICT LEGAL STATUS

The Constitution of the State of Louisiana requires the Legislature to provide for the education of the people of the state through the establishment and maintenance of a public educational system. The Constitution also requires the Legislature to create School Boards. Thus the Caddo Parish School Board is an instrument of the State, created by the Legislature.

School Boards, in turn, have been empowered by the Legislature to create a school district or school districts within the parish and, in keeping with procedures established by law, to delineate and amend district boundaries and to consolidate districts within the area of the parish.

No public election shall be required in the creation of any school district. Every school district so created shall be a political subdivision of the state and may issue bonds and vote special taxes up to the full amounts permitted by the Constitution of Louisiana, regardless of whether such school district may lie within the boundaries of a consolidated school district or a school district comprising all of the territory of a parish, and regardless of whether such school district may contain within its boundaries one or more other school districts.

School districts shall be under the exclusive control and management of the respective School Boards, unless otherwise provided for by state law. Through action taken on April 6, 1949, the Caddo Parish School Board established the Parishwide School District of Caddo Parish, Louisiana, with the intention of including all land lying within the boundaries of Caddo Parish, Louisiana.

Approved: February 23, 2016

SCHOOL BOARD LEGAL STATUS

The Caddo Parish School Board derives its legal status from the State Legislature, which is subject to the Constitutions of the State of Louisiana and the United States. The Legislature has been granted authority for creation of school boards by Article VIII, Section 9 of the Louisiana Constitution of 1974 which states: "...The legislature shall create parish school boards and provide for the election of their members..."

The Caddo Parish School Board has been established as a body corporate charged with the establishment, maintenance, development and operation of an efficient public school program within the school district. State and federal courts have held that the Board is vested with a broad range of administrative and supervisory authority commensurate with the aforementioned prescribed educational responsibilities.

Members of the Caddo Parish School Board are officers of the state. The School Board is the agency through which the school district acts in regard to school matters. Board members have authority only when functioning as a body or group in a legally called regular or special meeting. The powers of the School Board are delegated only to the Board as a body. No authority is granted to members acting as individuals.

The School Board is cognizant that all actions must be taken in good faith, with reasonable prudence, and sincerity. Board action must be based on the belief that such actions are correct and in the best interests of the school district in accordance with the statutes and pertinent judicial precedents.

In suits against the Caddo Parish School Board, citation shall be served on the President of the School Board, and in his/her absence, on the Vice-President.

DOMICILE

The official domicile of the Caddo Parish School Board is Caddo Parish School Board Central Office located at 1961 Midway Avenue, Shreveport, Louisiana.

Caddo Parish School Board
AUTHORITY

The Caddo Parish School Board is a legislative, evaluative and judicial body and is responsible for the operation and improvement of public education within Caddo Parish. As a creation of the Louisiana Legislature, the School Board’s authority is delegated, and the Board may perform only those functions for which it has been delegated such authority. This authority may be expressly stated or implied in statutes or established through regulations of the Louisiana Board of Elementary and Secondary Education.

As a legislative body, the School Board has the authority to determine and establish written policies and to evaluate their effectiveness. It also evaluates and acts on recommendations concerning the progress and improvement of the schools. The function of the School Board is not to operate the schools, but to see that they are operated for the best interest of the children and taxpayers within the provisions of Louisiana law.

In addition to powers expressly granted by law, the School Board also has implied or additional powers necessarily incidental to the performance of its statutory duties. The School Board may also make recommendations and regulations for its own government not inconsistent with state or federal law or with the regulations of the Louisiana Board of Elementary and Secondary Education, as it may deem proper.

Members of the School Board have authority only when acting as a School Board when called legally into session. The School Board shall not be bound in any way by any statement or action on the part of any individual Board member except when such statement or action is pursuant to specific instructions of the Board.

Approved: February 23, 2016

POWERS AND RESPONSIBILITIES

The Caddo Parish School Board is vested with the responsibility and authority to establish policies for the administration and management of the schools in the school district. Any policy not specifically spelled out in the School Board’s Policy Manual remains the prerogative of the School Board. The School Board shall act as a legislative body in the determination of policies for the control, operation, maintenance and improvement of the school system in keeping with the needs of the community and applicable state laws. On certain occasions the School Board shall also serve as a judicial body to hear complaints and appeals of administrative decisions for employees, publics and/or patrons.

The School Board, through the operation of the public schools, shall make every effort, within the limitations imposed by staff, physical plant, and finances to provide an educational program designed to meet the individual needs of children according to their ages, mental abilities, and vocational or professional interests.

The School Board shall be responsible for carrying out all mandatory laws pertaining to education and shall consider, accept or reject provisions of permissive legislation where discretion is so authorized. In all cases where constitutional mandates, federal and/or state statutes, judicial precedents or regulations of duly recognized governmental agencies do not otherwise provide or prohibit, the School Board shall consider itself the agent responsible for establishing and appraising the educational activities of the school district.

The specific duties of the School Board shall include, but not be limited to the following:

1. To select the person to serve as the chief executive officer/Superintendent of the school district and support such person in the discharge of his/her duties;

2. To establish, approve and evaluate policies relating to the direction of the school district and the operation of the public schools;

3. To adopt a calendar of school events for each ensuing year, which shall be distributed to the teachers and others as deemed necessary;

4. To consider, modify, and adopt the annual budget, and approve expenditures of funds as recommended by the Superintendent;

5. To require and/or consider reports of transacted business and its relation to the financial status of the system;

6. To delegate to the Superintendent hiring and placement functions of
school based personnel and other personnel as determined by board policy.

7. To determine salary schedules for all employees;

8. To consider reports of the Superintendent on the progress of the schools and advise him/her on recommended changes in the educational program;

9. To provide adequate buildings and facilities, consider plans for necessary improvements, and determine the means to finance any construction or improvements; and

10. To inform the citizens of the parish and the Legislature of the needs of the schools.

Approved: February 23, 2016

BOARD MEMBERS LEGAL STATUS

The legal status of each duly appointed or elected member of the Caddo Parish School Board is that of a public official who cannot be removed from his/her office except as provided by state law. The legal obligations pursuant to each School Board member shall not commence until he/she has been duly elected or appointed and officially taken office. His/her official capacity as a Board member shall continue until the expiration of his/her term in office, unless otherwise vacated.

Such status does not authorize said member to act for or bind the School Board individually. The powers and duties vested in the School Board shall only be exercised by action of the School Board as a whole at duly called and organized meetings. In this respect, no motion or resolution shall be declared adopted without the concurrence of a simple majority of the Board present and voting, unless otherwise stipulated.

While School Board members may enjoy a degree of immunity from damage suits, individual School Board members are not absolutely free from liability. The members may not be immune from liability, especially civil rights cases, if actions taken were presumed to be legal and resulted in deprivation of rights, or if they knew or reasonably should have known that their actions taken were unconstitutional, or if such actions were taken with malicious intent to cause a deprivation of rights. Moreover, liability may be equally applicable, not just from policies, ordinances, regulations, or decisions officially adopted by the School Board, but also for a custom or standard practice or procedure, even though such a custom, practice or procedure has not received formal School Board approval.

OATH OF OFFICE

Each member of the Caddo Parish School Board shall take the oath of office as prescribed by the state constitution at the time of his/her election or as soon thereafter, but not later than thirty (30) days after receipt of his/her commission certificate. The person administering the oath shall certify said commission. Said oath shall be deposited and recorded in the office of the Louisiana Secretary of State. Said oath shall also be recorded in the Caddo Parish Clerk of Court’s office.

Approved: February 23, 2016

The Caddo Parish School Board shall be composed of twelve (12) members, each elected by qualified voters residing within each of the respective special election districts within its jurisdictional boundaries of Caddo Parish. Each election district shall encompass the geographic and demographic areas fixed by the Caddo Parish School Board for school board member election purposes. An official map showing each election district shall be made available for viewing during normal business hours at the School Board office.

Every candidate for election must be a resident and qualified voter of the election district from which said candidate shall seek election at the time of qualifying for election to such position and, if elected, must remain a resident of the election district during the term of office.

The Caddo Parish School Board shall reapportion itself every ten (10) years, using the federal census, so that each member shall represent as nearly as possible the same number of persons.

Approved: February 23, 2016

In view of the fact that School Board members are elected to their position, each member has a responsibility to the voters who have elected him/her; however, representation should serve the best interest of the school system as a whole rather than that of a single district.

Approved: February 23, 2016

TERM OF OFFICE

All members of the Caddo Parish School Board shall serve for four-year concurrent terms. School Board members shall be elected at the same time as members of the United States Congress are elected to office.

The term of each member shall begin on January 1, following his/her election and expire on December 31, four (4) years later. Each member of the School Board elected after January 1, 2014 shall be limited to serve no more than three (3) consecutive four-year terms.

Vacancies in the membership of the Caddo Parish School Board caused by death, resignation, or otherwise, shall be filled within twenty (20) days by the remaining members of the Board, by appointment of a qualified person for the unexpired term. If the Board does not fill the vacancy within the allotted time, the governor shall appoint a person to fill the vacancy.

If the unexpired portion is more than one (1) year, however, a special election shall be called in accordance with and on a date stipulated by state law. If a special election is called, the appointed member shall serve until a successor is elected and has taken the prescribed oath of office.

The notice of resignation shall not be effective until the original notice of resignation has been received by the Secretary of State and shall become irrevocable upon such receipt by the Secretary of State. However, the School Board reserves the right to recess into or call executive sessions for discussing matters as provided by state law. During executive sessions, no action shall be taken or resolutions made.

REQUEST FOR ITEM TO BE PLACED ON AGENDA

All delegations or individuals who wish to appear before the School Board and place an item on the agenda shall submit their written requests to the Superintendent at least five (5) calendar days prior to the Executive Committee meeting date, stating what matters they wish to take up with the School Board and the approximate time such matters should consume at the meeting. Such items shall normally be included on the agenda of the meeting at which the delegation or individual wishes to appear before the School Board, following a determination by the Board President, in consultation with the Superintendent. If not submitted on time to be placed on the agenda, the item shall be held over for the next scheduled meeting of the Executive Committee.

PUBLIC COMMENTS

At any time when a citizen addresses the School Board, it shall require that the speaker give his/her name and address. Public Comment on Agenda Items

A public comment period shall be held before any vote is taken on an agenda item. Comments from the public shall occur after introduction of the item to be voted on and before any discussion by School Board members. However, a person is not entitled to take up business before the School Board unless the item in which he/she is interested has been placed on the agenda of that meeting, except during the Visitors section of the agenda.

As the School Board reaches each item on its agenda, the School Board President shall recognize those persons who have indicated a desire to speak on that item. No individual may speak without first being recognized by the presiding officer. Each person may speak for not more than three (3) minutes on each item, and may speak only once on each agenda item. The individual shall limit his/her comments to matters that are strictly relevant to that agenda item. The individual shall refrain from asking questions or making requests of the School Board or staff. Each person indicating a desire to do so shall be given an opportunity to address the School Board on each agenda item added. The School Board shall delay deliberations on that agenda item until such time as all interested members of the public have had an opportunity to speak.

At the conclusion of all public input on each agenda item, the School Board shall deliberate the matter and take such action as it considers appropriate. There shall be no further public input allowed on each agenda item after the School Board has begun its deliberation of that item.

EXECUTIVE SESSIONS

The Caddo Parish School Board shall be authorized to hold executive sessions upon an affirmative vote, taken at an open meeting for which notice has been given in accordance with state law, of **two-thirds of the members present**. The vote of each member on the question of holding an executive session and the reason for holding such an executive session shall be recorded and entered into the minutes of the meeting.

Such executive sessions shall be restricted only to matters allowed to be statutorily exempted from discussion at open meetings. No final or binding action shall be taken at such a closed meeting; nor shall such closed meetings be used as a subterfuge to defeat the statutory intent for conducting executive sessions.

Executive sessions shall be attended only by members of the School Board and any other persons designated by the School Board. All matters discussed in any closed meeting shall be regarded as confidential by all persons in attendance and shall not be divulged to the public.

Executive sessions may be held for the following reasons:

However, an executive session shall not be used for discussion of the appointment of a person to the School Board or, except as provided in La. Rev. Stat. Ann. §39:1593(C)(2)(c), for discussing the award of a public contract. In cases of extraordinary emergency, written notice to such person shall not be required; however, the School Board shall give such notice as it deems appropriate and circumstances permit.

2. Strategy sessions or negotiations with respect to collective bargaining or litigation, when an open meeting would have a detrimental effect on the bargaining or litigating position of the School Board.    A statement identifying the court, case number, and the parties relative to any pending litigation to be considered at the meeting.

Such a discussion may be held in open meetings at the request of the student, parent or tutor.

7. Any other matters now provided for or as may be provided for by the Legislature.

A committee shall consider only those items referred to it by the President of the School Board, by the Superintendent and/or designee, or by formal School Board action. The President of the School Board has authority to refer any matter to a committee unless a majority of the School Board votes against the referral to committee.

The School Board shall maintain the following standing committees:

1. Audit Committee
2. Building, Grounds and Security Committee
3. Insurance and Finance Committee
4. Long Term Planning and Development Committee

3. PTA Liaison

SPECIAL COMMITTEES

Other special committees may from time to time be appointed by the School Board to study specific issues. The membership of any special committees need not be restricted to members of the School Board, but shall include such persons who may have knowledge or interest in the subject studied.
COMMITTEE MEETINGS

Meetings of School Board standing committees shall be scheduled periodically, provided that the President, Superintendent, or committee chairpersons shall have the authority to call special meetings should the need arise.

Announcement of committee meetings, the time and place of the meetings and the agenda items shall be posted at the central office and distributed by mail and/or e-mail to all members of the School Board and the media at least twenty-four (24) hours prior to the committee meeting.

The agenda, time and date of committee meetings shall be tentatively set by the committee chairperson, pending discussion with and approval by both the Superintendent and School Board President of any proposed agenda items and meeting date. Once approved, the committee chairperson shall be notified prior to notification of other members.

All committee meetings shall be advertised according to state statutes and shall be open to the public, except in those instances allowed as provided by state law. A majority of the committee membership shall constitute a quorum for purposes of making recommendations or taking any action that has been previously authorized. Ex-officio members of a committee shall not count towards a quorum and shall not vote on issues.

Minutes shall be taken of the proceedings of all committee meetings. All items brought before committees shall be presented to the School Board with a recommendation from the committee.

SCHOOL BOARD POLICY

The Caddo Parish School Board shall formulate policies to guide the action of those to whom it delegates authority. These guides shall constitute the policies governing the operation of the school district. They shall be recorded in writing and made a part of the official School Board Policy Manual.

The formulation and adoption of School Board policies shall constitute the primary method by which the School Board shall exercise its leadership in the operation of the school district. When establishing Board policies, the School Board shall prioritize student achievement, financial efficiency, and workforce development on a local, regional, and statewide basis. The study and evaluation of reports concerning the execution of its written policies shall constitute the basic method by which the School Board shall exercise its control over the operation of the school district.

The policies of the School Board are meant to be interpreted in terms of Louisiana laws, rules and regulations of the Louisiana Board of Elementary and Secondary Education, and all other regulatory agencies within the local parish, state, and federal levels of government.

POLICY ADOPTION

For a policy to be adopted by the School Board, it must receive a simple majority of Board members present and voting. A policy recommended to the School Board shall be introduced at the executive committee work session and officially adopted at the next School Board meeting, unless the School Board votes otherwise. This practice provides School Board members time to study the proposed policy and to give interested parties an opportunity to respond.

The formal adoption of Board policies shall be recorded in the minutes of the School Board. The official minutes shall constitute the authority for any change made in the Policy Manual.

The School Board is recognized as the legal body authorized to approve policies for the School District, and shall not delegate or relinquish that authority to another party or group. The School Board welcomes comments and suggestions on local policy matters, and shall comply with all laws addressing proper involvement of other parties in the policy process.
POLICY REVIEW

The School Board shall periodically direct the systematic review of its policies. The Superintendent may involve representative groups of administrators, teachers, supervisors, students, support personnel and lay citizens relative to policies affecting each group.

The School Board shall appoint a discipline policy review committee, as required by state law, whose selection of members shall be neither discriminatory nor arbitrary in nature. The purpose of the discipline policy review committee shall be to review discipline policies of the School Board to assure consistency with state law, receive input into the effectiveness of established policy, and make recommendations to improve policy provisions, and to assist the School Board in the orderly operation of the school district. In particular, state law requires a policy review committee to review the School Board’s student discipline policies annually to make recommendations for appropriate revisions.

A public hearing shall be held on the recommendations to improve policy revisions and to assist the School Board in the orderly operation of the school district before the School Board considers revising any of the discipline policies. State law also requires the administrators, teachers and parents of each public school to meet annually and develop or review the discipline regulations for their school and assure compliance with School Board policy and state law.

POLICY DISSEMINATION

The School Board shall direct the Superintendent to establish and maintain an orderly plan for disseminating School Board policies and administrative regulations and procedures.

School Board policies and administrative regulations and procedures shall be made accessible to all employees of the School District directly or indirectly affected by those policies. Board policies and administrative regulations and procedures shall also be made accessible to members of the School Board, students and members of the community served by the School District.

SUSPENSION OF POLICY

In accordance with Roberts Rules of Order, the operation of policy or section of policy not established by law or contract may be temporarily suspended by a two-thirds vote of Board members present and voting at a regular or special meeting.
ADMINISTRATION IN ABSENCE OF POLICY

In cases where action must be taken within the School District where the School Board has no formalized policy statement, the Superintendent shall have the power to act. His or her decisions, however, shall be subject to review by action of the School Board at its regular meeting. It shall be the duty of the Superintendent to inform the School Board promptly of such action and of the need for policy if in his or her best judgment, a need for such policy exists.

Adopted: February 23, 2016

ADMINISTRATIVE REGULATIONS AND PROCEDURES

The Caddo Parish School Board delegates to the Superintendent the function of specifying required actions and designing the detailed arrangements under which schools will be operated. These detailed arrangements shall constitute the administrative regulations and procedures governing the schools and shall be designed to effectively implement the policies of the School Board. They shall be defined in written form and organized by subject or date with adequate indexing for easy use. Formatting and distribution shall be so as to facilitate easy filing and proper use, and distribution shall include the members of the School Board. The administrative regulations and procedures established by the Superintendent and staff shall not require School Board approval, but shall in every respect be consistent with the policies of the School Board.

The School Board shall strive to formulate and adopt regulations only when specific state laws require School Board adoption. But, the School Board may also do so when the Superintendent recommends Board adoption in light of strong community attitudes or probable staff responses.

INDIVIDUAL SCHOOL REGULATIONS

Each principal is authorized and instructed to prepare and promulgate such regulations as he/she may deem necessary for the proper administration of his/her school and to require compliance by all students enrolled or teachers and other school employees assigned to his/her school, all in supplementation of, but not inconsistent with, the policies and regulations of the School Board, the Superintendent, the Louisiana Department of Education, or the Louisiana Board of Elementary and Secondary Education (BESE).

The School Board shall certify completion of all action required by publishing a notice in the same manner as provided above.

No budget shall be approved where expenditures exceed the expected means of financing. No items of expense may be incurred through the fiscal year except as provided for in the approved budget unless a revision is adopted by the School Board. The budget shall be reviewed periodically and such financial reports as the School Board directs shall be prepared and presented to the School Board by the Superintendent.

DAILY OPERATIONS

The School Board has established minimum standards and criteria under which exemptions are granted which includes incentives for job creation and/or capital investments.

Once an application has been received from a manufacturer the application shall be evaluated by staff utilizing the attached ITEP matrix. TAX AND BOND ELECTIONS

The Caddo Parish School Board shall call elections for the public to vote on tax or bond revenue issues. Every bond, tax, or other election at which a proposition or question is to be submitted to the voters shall be held only on one of the dates set forth by state law or upon proper application to and approval of the State Bond Commission on a date not provided by statute. The proposition placed on the ballot submitted to the voters in any bond election shall state the kinds and sources of revenues which shall be pledged to retire the bonds, should the proposition be successful.

Public notice of the date, time, and place of any meeting at which the School Board intends to levy, increase, renew, or continue any ad valorem property tax or sales and use tax or authorize the calling of an election for submittal of such question to the voters shall be both published in the official journal of the School Board no more than sixty (60) days nor less than thirty (30) days before such public meeting and shall be announced to the public during the course of a public meeting no more than sixty (60) days nor less than thirty (30) days before such public meeting.

If such a meeting is postponed or cancelled, notice of any subsequent meeting to consider taking action regarding property or sales taxes shall be published in the School Board’s official journal no less than ten (10) days before the subsequent meeting.

If consideration of or action upon the tax proposal is postponed, or if no action was taken regarding the tax proposal, then notice of any subsequent meeting to consider the tax proposal shall be published no less than ten (10) days before the subsequent meeting, unless the date, time, and place of the subsequent meeting was announced to the public during the meeting.

On the date and at the hour and place specified in the notice of election, the School Board, in public session, shall examine and canvass the returns and declare the result of the elections. The result shall be promulgated by one publication in the official journal of the School Board.

SALE OF BONDS

If approved by the electorate, the School Board shall adopt a resolution providing for the issuance of school bonds within a particular bonding district. Said issuance of bonds shall prescribe the form and fix the maturities thereof, and provide for the payment of said bonds in principal and interest.

All bonds shall be advertised for sale on sealed bids, which advertisement shall be published at least once a week for three (3) weeks, the first publication to be made at
least fifteen (15) days preceding the date fixed for the reception of bids. Advertisement shall be in the official journal of the governing authority at least fifteen (15) days before the date fixed for the reception of bids. Notice of sale shall also be published once a week for three (3) weeks preceding the date fixed for the reception of bids, either in a financial paper published in the city of New York or the city of Chicago, or in a newspaper of general circulation published in a city of the state of Louisiana having a population of not less than twenty thousand inhabitants, according to the last federal census.

The School Board may reject any and all bids. If the bonds are not sold pursuant to the advertisement, they may be sold by the School Board by private sale, within sixty (60) days after the date advertised for the reception of sealed bids, but no private sale shall be made at a price less than the highest bid which shall have been received. If not sold, the bonds shall be readvertised in the manner prescribed above.

INVESTMENTS

The Caddo Parish School Board, sets forth the following policy for the management of its various investment portfolios as mandated by the Louisiana Revised Statutes, Title 33, Chapter 6, Part IV, Section 2955.

GENERAL PURPOSE

The general purpose of this policy statement is: 1) to develop and outline clear investment objectives, 2) to develop procedures and constraints for the investment process itself, and 3) to develop a consistent method of reporting and monitoring investments and their market value.

All policies and investment objectives should reflect the primary mandate to manage public funds prudently.

INVESTMENT OBJECTIVE

All investment objectives shall be governed by the following priority of goals: 1) Safety of Principal, 2) Liquidity, and 3) Yield. In addition, all investments must qualify as acceptable and lawful under the statute named above.

It is understood that the specific investment guidelines may vary from account to account depending on the designated use for each pool of funds. Each account that is managed separately should have its own set of investment guidelines that specifically state the types of investments to be used, the maximum maturity of the allowable investments and any other limitations. Such Investment Guidelines should be developed by the CFO and approved by the Superintendent.

1. Safety

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk while avoiding the erosion of principal by inflation.

A. Credit risk should be low because Louisiana State statues generally permit only conservative investments. This Investments policy further reduces credit risk by requiring that each investment account or pool have specifically designated investment guidelines specifying the types of securities that are permissible for that account or pool.

B. Interest rate risk is the risk that the market value of the securities in the portfolio will fall due to the changes in general interest rates. Interest rate risk may be mitigated by:

   • Structuring the investment portfolio so that securities mature to meet
cash requirements for anticipated demands, thereby avoiding the need to sell securities on the open market prior to maturity, and

- By investing operating funds primarily in shorter-term securities.

C. Inflation risk is the risk that the purchasing power of the portfolio will fall due to inflation being higher than portfolio returns over sustained periods of time.

- Inflation risk may be mitigated by balancing the risk from inflation with that of credit risk and interest rate risk.

- Avoiding inflation risk should never be used as an excuse for investing in securities that have excessive maturities or inappropriate risk characteristics.

2. Liquidity

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands. Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets.

3. Yield

The investment portfolio shall be designed with the objective of attaining a fair rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints, liquidity needs and Inflation. Return on investment is of least importance compared to the safety and liquidity objectives described above. The investments are generally limited to low risk securities in anticipation of earning a fair return relative to the risk being assumed.

STANDARDS OF CARE

1. Prudence

The standard of prudence to be used by investment officials and investment management firms shall be, first and foremost, to comply with Louisiana State Law. In addition, the standard shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security’s credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and any required action is carried out in accordance with the terms of this policy.

Investments shall be made with judgment and care, under circumstances then
prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

2. Ethics and Conflicts of Interest

Elected Officials, officers and employees of the School Board involved in the investment process shall at all times comply with Louisiana State Law governing Ethics for Public Officials and Public Employees. A full description of the State of Louisiana’s required behavior is found in the Code of Ethics for Public Officials and Public Employees, which is found in Title 42 of the Revised Statute.

Additionally, elected officials, officers and employees of the School Board involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions.

Elected officials, officers and employees of the School Board shall disclose any material interest in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio.

Elected officials, officers and employees of the School Board shall refrain from undertaking personal investment transactions with the same broker(s) with whom business is conducted on behalf of the School Board and from undertaking business conducted on behalf of the School Board with the same broker(s) with whom business is conducted personally.

3. Delegation of Authority

Authority to manage the investment program is granted to the Chief Financial Officer (CFO) who shall establish written investment guidelines for the operation of the investment program consistent with this investment policy. These guidelines should be approved by the Superintendent.

No person may engage in an investment transaction except as provided under the terms of this policy and the investment guidelines established by the CFO.

The CFO shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

The CFO has the authority to manage the investments, to delegate investment authority to staff members within the Finance Department, to engage one or more professional investment managers or to utilize a combination of these methods.

Any delegation of investment authority may only be by the CFO and should be
approved by the Superintendent.

Delegation of investment authority by the CFO to staff members within the Finance Department should be in writing and be approved by the Superintendent.

Delegation of investment authority to professional investment managers should be by the CFO through contract and approved by the Superintendent.

Investment authority should never be delegated to anyone who is not either a staff member within the Business Department or a professional investment manager that meets the criteria outlined below.

If staff members within the Business Department are managing investments, they should stay abreast of current market trends and bond spreads in order to be able to effectively judge the relative attractiveness of any given bid or offer. The following practices should be adopted to ensure such staff is making adequately informed investment decisions:

A. Staff members should monitor the scheduled maturities and potential calls for the securities in the investment portfolio on an ongoing basis.

B. In anticipation of the need to reinvest proceeds from maturing and/or called securities, staff members should be in contact with approved brokers and be monitoring yields on the types of securities that they anticipate purchasing for several days before the need for such purchases.

C. The purchase of securities on an ad-hoc basis without prior planning, and adequate familiarization with current market conditions, should be avoided to the extent of investing the proceeds from a maturity in a money-market option until the staff member is able to take the time to become current on market trends and bond spreads.

D. When purchasing securities, offers on relatively comparable securities should be solicited from a minimum of three separate brokers to provide a valid basis for comparison.

E. When comparing offers on similar but different securities from brokers, differences in final maturity, the presence and details of any call features, issuer, structure of the issue, and discount or premium should be carefully factored into the evaluation process when determining which security is the best fit for the investment portfolio.

F. When selling securities, bids should be solicited from a minimum of three separate brokers to provide a basis for comparison. The best bid should be selected. However, for sales that are part of a swap transaction, competitive bidding is not required.
G. In order to truly maintain competition, no “last looks” should be permitted. A “last look” is when a broker is permitted to improve his/her bid or offer so that it beats those of other brokers. Brokers should never be provided with any information concerning other broker’s bids or offers prior to submitting their own bid or offer.

If a professional investment manager is hired they must meet the following requirements:

A. Be registered with the United States Securities and Exchange Commission as a Registered Investment Advisor or be a national bank, state-chartered bank or a national or state trust company.

B. Provide evidence of having expertise in managing the type(s) of assets that they will be managing for the School Board.

C. Provide evidence of specific experience managing funds for local Louisiana governments.

D. Acknowledge, in writing, their obligation and their ability to serve as a fiduciary to the School Board.

E. Acknowledge, in writing, receipt of the School Board’s investment policy statement and investment guidelines as well as specific knowledge of the investment statutes of the State of Louisiana.

F. Agree, in writing, not to conduct any transactions through any related entities.

SAFEKEEPING AND CUSTODY

1. Authorized Financial Dealers and Custodians

A. All securities owned by the School Board shall be held by a third party custodian completely independent from any broker or investment advisor with whom the School Board conducts business. The custodian shall be a national bank, state-chartered bank or a national or state trust company. Such custodian shall provide the School Board with monthly transaction and asset statements.

B. A list will be maintained of approved security broker/dealers. Those broker/dealers selected must have a minimum capital requirement of $10,000,000 and have been in business for at least five years. These may include primary dealers or regional dealers that qualify under the Securities and Exchange Commission Rule 15C3-1. The approved list of dealers will be kept to a manageable number.
C. All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the following as appropriate:

1) audited financial statements

2) proof of Financial Industry Regulatory Authority (FINRA) certification

3) certification of having read the School Board’s investment policy and guidelines as well as the statues of the State of Louisiana governing approved investments.

D. The dealers and their representative brokers should have expertise in the types of securities allowable under the Louisiana statutes. It is critical that each broker, with whom the School Board does business, know the client and understand both the School Board’s investment objective and policy statement as well as the investment statues of the State of Louisiana.

E. An annual review of the financial condition and registration of qualified bidders will be conducted by the CFO.

F. With regard to funds managed by a professional investment manager, the investment manager may use, and conduct transactions through, financial institutions and broker/dealers with whom they believe to be adequately qualified unless otherwise directed by the CFO and sections B, C, D and E immediately above shall not be required unless otherwise directed by the CFO.

2. Internal Controls

The CFO is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met.

Accordingly, the CFO shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points:

A. Control of collusion. Collusion is a situation where two or more employees are working in conjunction to defraud their employer.

B. Separation of transaction authority from accounting and record keeping.

C. Avoidance of physical delivery securities. Book entry securities are much safer to transfer and account for since actual delivery of a document never takes place. Delivered securities must be properly safeguarded against loss.
or destruction. The potential for fraud and loss increases with physically delivered securities.

D. Clear delegation of authority to subordinate staff members.

E. Written confirmation is required for all trades and wire transfers. Due to the potential for error and improprieties arising from telephone transactions, all telephone transactions should be supported by written communications and approved by the appropriate person. Written communications may be via fax, email, or other electronic means but the safekeeping institution should maintain a list of authorized signatures.

F. Development of a wire transfer agreement with the lead bank and/or the third party custodian. This agreement should outline the various controls, security provisions, and delineate responsibilities of each party making and receiving wire transfers.

G. All trades, where applicable, will be executed by delivery versus payment (DVP). This ensures that securities are deposited in the eligible financial institution simultaneously with the release of funds.

FINANCIAL REPORTING AND PORTFOLIO REVIEW

1. Requirements for the CFO

The CFO shall prepare, or have prepared, an investment report at least quarterly, including a succinct management summary that provides a clear picture of the status of the current investment portfolio and transactions made over the last quarter. This management report will be prepared in a manner which will allow the determination whether investment activities during the reporting period have conformed to the investment policy. The report should be provided to the Superintendent and the School Board. With the approval of the Superintendent, an alternative summary report may be developed for distribution to the School Board.

The report will include the following:

A. A listing of individual securities held at the end of the reporting period.

B. Unrealized gains or losses resulting from appreciation or depreciation by listing the cost and market value of securities.

C. Average weighted yield to maturity of the investments in the portfolio.

D. The percentage of the total portfolio which each type of investment represents.
2. Requirements for a Professional Investment Manager

A. The investment manager shall provide monthly reports to the CFO. These reports will include the following: Asset Statement with prices for all securities as of each month-end date as well as all information listed in A-D, above,

B. Income and Expense Report, detailed by each individual security that paid interest during the month,

C. Amortization and Accretion Report, detailed by each individual security,

D. Interest Accrual Report, and

E. Purchase and Sale Report for the month.

In addition to monthly written reports, the investment manager will plan to meet with the CFO at his/her convenience. Phone consultations should be available as needed.

3. Marking to Market

A statement of the market value of the portfolio shall be issued monthly. This will ensure that regular review has been performed on the investment portfolio in terms of value and subsequent price volatility.

An independent pricing source is an important part of a sound investment process. If there is an investment manager managing the portfolio, both the investment manager and the custodian will each be providing independent pricing on a regular basis. Should broker pricing be required for some securities, the investment manager should verify the accuracy through some other market pricing mechanism such as Bloomberg Financial Services.

If the CFO is managing the portfolio, he/she should try to obtain an independent pricing source in addition to the custodian who will be providing independent pricing on a regular basis. If broker pricing is all that is available, two brokers should be used to price all securities. The average of the prices obtained for each security should be used for reporting purposes.

4. Performance Standards

The investment portfolio shall be managed in accordance with the parameters specified within this policy. The portfolio should obtain a fair rate of return during a market/economic environment of stable interest rates. Portfolio performance should be compared to appropriate benchmarks on a regular basis and analyzed within the context of all the risk constraints on the portfolio.
POLICY

1. Amendment

This policy shall be reviewed on an annual basis. Any changes shall be recommended by the CFO and be approved by the Superintendent and the School Board.

New policy: February 12, 2019

GRANTS

All such activities are to meet the following criteria:

1. They are based on a specific set of internal objectives that relate to the established goals and objectives of the district.

2. They are to provide measures for evaluating whether or not project objectives are being or have been achieved.

3. The execution of all projects is to conform to state and federal laws and to the policies of the School Board.

The School Board shall be notified of all grants. The School Board President and/or the Superintendent shall be authorized to sign all grant proposals, subject to the School Board's right to recall or rescind the application. An assessment shall generally be conducted prior to submission of any grant proposal to determine any residual or recurring costs that may be incurred by the School Board. Grants awarded directly by a federal governmental agency and grant budgets shall be submitted to the School Board as soon as possible after the grant award letter or written notification is received. The School Board shall be informed of any recurring costs related to grants and reserves the right to terminate a grant at any time and return any unexpended funds to the grantor.

Grant awards for which the School Board is designated as fiscal agent shall be handled through the central office accounting system and shall be assigned to a director or instructional supervisor or coordinator as project administrator. In addition to adhering to the rules and regulations required by the grantor agency, all grant awards must follow all established policies and procedures of the School Board.

Grants written at the schools shall be accounted for as school funds and shall follow all applicable School Board policies related to school based accounting and recordkeeping. However, any grants written at the schools that exceed $10,000 and awarded in the name of the Caddo Parish School Board, or benefit more than one school, shall be handled through the central office accounting system and shall be assigned to a director or instructional supervisor as project administrator.

Unrestricted donations may be accepted by the School Board or any school subject to approval guidelines of the School Board. Items donated to schools may be retained by the receiving school under the ownership of the Caddo Parish School Board. The School Board shall retain the discretion to remove, repair, or modify any item which it considers obsolete, worn-out, or unsafe.

The School Board may accept and administer any donation that may be made to it for educational or literary purposes. The School Board, as donee, shall administer the property entrusted to them in conformity with the directives contained in the act of donation and for that purpose the School Board is vested with all the necessary powers of administration.

GIFTS AND AWARDS

School funds shall not be used to provide any form of gift to an employee, and no employee shall accept such gift, except that which is dedicated for that specific purpose. No cash gifts shall be given School Board employees or students, whether in appreciation, as a “bonus,” or for any other reason. For purposes of this policy, gift certificates for merchandise shall be considered cash and shall not be given as a gift. This includes payment from athletic booster clubs or other organizations to coaches, sponsors, or employees. Cash awards may be given to schools as contest prizes or incentive awards but only when the recipient is not “predetermined.”

ADMISSIONS AND GATE RECEIPTS

The Caddo Parish School Board shall establish and maintain a uniform procedure for the handling and accounting of admission fees charged for all school events, such as athletics or entertainment, whether such is assessed in advance or upon entering. All such fees shall be controlled through the use of pre-numbered tickets. The price of tickets shall be determined and set by each school.

Uniform procedures shall be used for selling and collecting tickets to athletic and all other school functions when admission is charged, to ensure the proper accounting of all ticket transactions. Money received from school-sponsored activities such as football, basketball, track, baseball, shows, plays, concerts, etc., shall be verified by the use of a numbered ticket system. It is required that the first and last ticket of each roll used for that activity be attached to the Gate Receipt form to confirm sales. Any information which would help verify or account for income shall be filed with the deposit ticket.

SENIOR CITIZENS

Senior citizens of Caddo Parish, which is any person sixty-five (65) years of age or older, may be given a senior citizen’s identification card which shall entitle them to attend any activities at any school in the district at no charge.

Such leases shall be awarded only after formal advertisement for and receipt of bids as set forth by state law.

The School Board shall require all appropriate leases, as determined by the School Board's legal adviser, to include the purchase of appropriate liability insurance by the individual or organization leasing the property, which shall hold the School Board free from any liability that may result directly or indirectly from the leased property's usage.

For the privilege of conducting seismograph exploration over and across lands owned by the School Board, application must be submitted to the School Board seeking permission to conduct surveys. If said application is approved by the School Board, the applicant shall be permitted to conduct its seismographic operations in accordance with terms and conditions set forth in the permit agreement for a minimum fee as set by the School Board. All applications shall contain pertinent information to adequately evaluate the proposed survey.

Upon completion of any survey conducted, the surveyor shall be responsible for plugging and properly abandoning any drilled holes in accordance with state guidelines.

RIGHTS-OF-WAY

The Caddo Parish School Board may grant rights-of-way on school lands upon formal written request. No application for a right-of-way shall be considered unless certificate of publication of due notice is on file in the office of the School Board, showing advertisement of the pending application has been made two times within ten (10) days in the official journal of the system wherein the school lands are situated. A fee may be charged for such privilege.
SIXTEENTH SECTION LANDS

Leasing of Sixteenth Section lands shall be handled as follows:

1. The School Board, upon determining to lease any Sixteenth Section lands, shall publish an advertisement in the official journal of the School Board where the land is located setting forth a description of the land to be leased, the time when bids will be received, and a short summary of the terms, conditions, and purposes of the lease to be executed. If the lands are situated in two (2) or more parishes, the advertisement shall appear in the official journals of all parishes in which the lands are located. The advertisement shall be published for a period of not less than fifteen (15) days and at least once a week during three (3) consecutive weeks. The School Board may also send notices to those whom it may think would be interested in submitting bids for the leases.

2. Bids must be enclosed and sealed in the self-addressed return envelope furnished by the School Board for that purpose, or a facsimile thereof, and forwarded through the United States mail.

3. Bids shall be accompanied by a minimum deposit in an amount equal to 10% of the bid but not less than $250.00 or such larger amounts as may be required by state law, and this deposit shall be in the form of cash or a certified check made payable to the Caddo Parish School Board.

4. Acceptance or rejection of bids handled through the State Mineral Board:

When through adoption of the appropriate resolution whereby the School Board authorizes and directs the State Mineral Board to handle the leasing of Section 16 lands, the President of the School Board and the Superintendent, or in their absence, their designee, shall have the authority to accept or reject all bids on Section 16 Lands handled through the State Mineral Board.

Leases shall generally be for a three (3) year period, unless otherwise stipulated at time of advertisement, or subsequently negotiated and approved by the School Board and lessee. All leases shall be publicly bid at the expiration of the lease.

The lessee shall be required to provide the School Board with a certificate of insurance showing general liability coverage with a limit of at least $1,000,000 naming the Caddo Parish School Board as an additional insured. Said certificate shall be provided prior to the beginning date of the lease.

41:1218, 41:1219, 41:1220, 41:1221, 41:1222, 41:1223, 41:1224; Board minutes, 4-2-58, 5-22-02.
SALE OF SURPLUS EQUIPMENT AND SUPPLIES

Merchandise and equipment no longer usable for the purpose for which it was acquired or built shall be declared surplus by the Superintendent upon notification by the department to which the merchandise or equipment has been assigned. The equipment and appliances will then be inspected to determine if they are usable or should be declared surplus. If the items are declared surplus, the Caddo Parish School Board shall then call for sealed bids and/or public auction for the sale of such merchandise or equipment. A minimum fair value price shall be established for each item and the bid price shall start at that point for items considered worthy. Said bids shall be opened publicly and disposed of in a prudent, businesslike manner. The School Board shall reserve the right to accept or reject any and all bids.

Items declared surplus or unfit for further use by the Board shall be stored at the school/department where assigned until the merchandise or equipment is properly sold or other plans for disposition are approved by the Superintendent.

The sale of surplus merchandise or equipment shall be final, on the "as is" or "where is" basis and shall carry no warranties whatsoever. If not eventually sold, these items shall be sold as junk, or if no salvage value can be realized, destroyed in the most economical manner possible.

COMPUTING DEVICES

When the School Board determines that an individual computing device used by a student or students has reached the end of its typical life cycle, is no longer needed for school purposes, and will be removed from classroom use, and that the best interest of the public school system would be served by the private sale of such device due to the cost of auctioning the device or recycling it or due to other factors, the School Board may sell the device to a student enrolled in a school in the school system or to the parent, tutor, or legal guardian of such a student.

The sale price for the device shall be reasonably equivalent to the value of the device, taking into consideration its typical life cycle, current condition, and costs of other methods of alienation or disposal.

All such sales shall be in accordance with School Board policies, and sale prices shall be approved by appropriate school system administrative personnel prior to sale. Such sales shall apply only to individual computing devices used for classwork by students and shall not apply to other computer equipment or related equipment such as routers, switches, or servers.

SALE OF SURPLUS UNUSED REAL PROPERTY

Whenever the Caddo Parish School Board determines that any school lands or other immovable property under its control are no longer needed for school purposes and that the best interest of the School Board would be served by the sale of such lands, the School Board shall have authority to dispose of such lands at public auction, under sealed bids, or by licensed real estate broker.

The School Board may obtain appraisals from up to three Louisiana state-certified commercial real estate appraisers to ascertain the current value of the property with the following qualifications:

These guidelines require the School Board, as sub-recipient of ARRA and/or other designated stimulus funds, to submit quarterly reports on the use of such funds to the Louisiana Department of Education (LDE) no later than the 5th day following the end of each quarter.

ARRA grants for which the School Board may receive funds and therefore require a report include the following:

1. Title I
2. Title I School Improvement 1003g ARRA
3. Title II – EETT-TIG

Additional grants may be awarded under subsequent federal stimulus authorizations, and therefore this reporting may also be required for grants not listed above.

Aimed at providing information into the use of these funds, reports shall be required to include the following detailed information:

1. The total amount of stimulus recovery funds received from the LDE;

2. The amount of stimulus/recovery funds expended or obligated to projects or activities. The School Board at its discretion may limit the reporting of expenditures expended and obligated through a date no earlier than twenty (20) days prior to the end of the reporting quarter in order to meet the required reporting deadline;

required to comply with the Federal Funding Accountability and  
Transparency Act of 2006 (Public Law 109–282),

5. Estimates of jobs created and jobs retained for each project or activity  
through the use of stimulus funds. The estimate of the number of jobs  
created or retained by the Recovery Act or other stimulus funds should  
be expressed as “full-time equivalents” (FTE). In calculating an FTE, the  
number of actual hours worked in funded jobs shall be divided by the  
number of hours representing a full work schedule for the kind of job being  
estimated. These FTEs shall then be adjusted to count only the portion  
corresponding to the share of the job funded by Recovery Act or other  
stimulus funds.

As part of the reporting process, the School Board and any other contractor/recipient to  
be paid by the School Board utilizing ARRA or other designated stimulus funds shall be  
required to register with the Central Contractor Registration (CCR) database for the US  
Federal Government. Registration is required before any person or entity can be  
awarded a contract. In addition, all reporting entities shall also be required to obtain a  
valid and current Dun and Bradstreet (D&B) D-U-N-S number, a unique 9-digit  
identification number used for identifying businesses worldwide.

The School Board and any recipient of ARRA or other stimulus funds shall be required  
to renew and revalidate its CCR registration at least every twelve (12) months from the  
date of original registration. More frequent registration may be needed to accommodate

INVENTORIES

CAPITAL ASSETS

The Caddo Parish School Board directs the Superintendent to maintain a current itemized list of all land, buildings, improvements other than buildings, equipment, and any other capital assets which were purchased or otherwise acquired, for which the School Board is accountable.

The property control system shall include a list for reporting purposes of all fixed assets with a value of $5,000 or more in the district including all items purchased or donated to the school district. The list shall include information as to the date of purchase, the initial cost, and the disposition, if any, and the purpose of such disposition and the recipient of the property or equipment disposed of. In the case of theft, a police report should be obtained immediately when an asset has been stolen, and the property manager in the central office should also be immediately notified of the theft.

For accountability and internal control purposes, an inventory of equipment and other items costing less than $5,000 may also be inventoried, tagged, and tracked by the School Board. This may include items such as computers, cameras, projectors, televisions, band equipment, appliances (e.g. stoves or refrigerators), and furniture.

Physical Inventory

In order to maintain an accurate account of Caddo Parish School Board possessions, a physical inventory of all possessions shall be taken at the building level at least annually, but may be more frequent as needed. Principals or their designees are the designated custodians of all possessions at the school level and shall be ultimately responsible for the safeguarding and record maintenance of all assets/equipment in their schools. However, any employee who has physical custody of School Board assets shall be personally responsible for safeguarding the assets, i.e., each teacher shall be responsible for his/her classroom, the librarian for the assets in the library, the band director for the assets in the band department, etc.

Building level administrators shall be responsible for ensuring that annual inventories are taken and that the property control officer is notified of any changes that need to be made to their respective inventory records or reported as required. The Superintendent and/or his/her designee shall maintain pertinent procedures for maintaining inventory and tracking records, including, identifying, appraising, tagging, and removing fixed assets from any inventory records.

GRANT ASSETS

Capital assets purchased by federal, state, or local grants should be placed in operation immediately. If there is a problem in getting the asset in operation, the Superintendent
should be notified immediately.

INTANGIBLE ASSETS

An *intangible asset* shall be considered an asset with an initial life that extends beyond a single reporting period, lacks physical substance, and in nonfinancial in nature. Intangible assets shall include easements, water rights, timber rights, patents, trademarks, and computer software which can be purchased or licensed or internally generated.

An intangible asset should only be recognized if it is identifiable. An asset is identifiable if it is separable; i.e., the asset is capable of being separated and sold, transferred, licensed, etc., or if the asset arises from contractual or other legal rights, regardless of whether rights are separable.

Intangible assets shall be amortized over their useful lives. The useful life of an intangible asset that arises from contractual or legal rights should not exceed the legal term of the rights. Renewal periods should be considered in determining the useful life if there is evidence that renewal will be sought and achieved and the cost of the renewal is nominal in relation to the level of service capacity expected to be obtained through the renewal. An intangible asset is not amortized if the asset has an indefinite useful life. An intangible asset should be considered to have an indefinite useful life if there are no legal, contractual, regulatory, technological, or other factors that limit the useful life of the asset. For example, a permanent right-of-way easement would have an indefinite useful life.

Rules for accounting, calculating the initial value and depreciation of the asset shall be in accordance with generally accepted accounting standards.

For accountability and internal control purposes, an inventory of intangible assets shall be kept for any asset with a value of $5,000 or more.

TEXTBOOK INVENTORIES

The School Board and each school shall keep an inventory record of all textbooks on hand at the beginning of the session, as well as records of those textbooks added, worn out, and in need of replacement. Textbook records should be kept on file for a minimum of three (3) years. All lost or damaged books must be paid for by the student to which the books have been assigned. Money received by a principal for lost or damaged books must be recorded and deposited into the school account.

AUDITS

The Caddo Parish School Board shall require all financial records and accounts, including business transactions, of the school district and each school to be audited in accordance with generally accepted auditing standards. The audit of selected accounts shall be conducted by internal auditors or contracted personnel in conformance with prescribed standards and legal requirements. Said audits, upon completion, shall be presented to the School Board for examination.

Other financial audits shall also be made of appropriate accounts upon the transfer, resignation, or dismissal of personnel responsible for receiving and disbursing school funds, or whenever, in the opinion of the School Board, a financial audit is deemed advisable. The School Board's internal auditors, a certified public accountant, or a reputable accounting firm shall conduct such audits as necessary.

All audits shall be conducted and filed in accordance with statutory provisions. Should any error or discrepancies be found as a result of any audit, any personnel found responsible may be subject to disciplinary action, up to and including termination.

ANNUAL AUDIT

Within six (6) months of the close of the fiscal year, the School Board shall require an annual examination of all financial statements, financial accountability, and review of all books and accounts of the School Board. Such a complete examination shall be conducted by a licensed certified public accountant(s), who has been engaged by the School Board and such examination shall be performed in accordance with generally accepted governmental auditing standards and the Louisiana Governmental Audit Guide. The accountant shall have access to and assistance privileges of all accounts, records, files, and any other forms of recordation of the School Board. However, the accountant shall comply with any and all restrictions imposed by law on documents, data, or information deemed confidential by law furnished to him/her during the examination. The internal audit activity will be responsible for appropriate follow-up engagement finding and recommendations. All significant findings will remain in an open issues file until cleared.

The Audit Committee shall review all open audits and synopsis of internal audit activity at quarterly Committee meetings.

Internal audits will be part of performance evaluations.

The Superintendent has authority to discipline any employee who fails to respond to the corrective actions agreed upon by management.

The Chief Internal Auditor will periodically report to senior management and the School Board on the internal audit activity's purpose, authority, and responsibility, as well as performance relative to its plan. SALARY DEDUCTIONS

The Caddo Parish School Board maintains that salary deductions which are considered statutory, including federal income tax, state income tax, retirement, etc., shall be deducted in accordance with applicable laws and regulations.

Any voluntary deductions desired by employees may be authorized by the School Board, when such action is determined to be in the best interest of the school system. Said request shall be submitted in writing by the employee. The employee shall also sign a form authorizing said salary deduction and verifying knowledge of all regulations governing salary deductions. The School Board does not assume any liability for compliance with governing requirements and regulations.

The following voluntary deductions are approved by the School Board:

1. Membership dues in recognized professional associations. Dues shall be deducted only upon receipt of an authorization signed by the individual employee.

2. Deductions for employee contributions to the school system's hospitalization and life insurance program and any other insurance or tax-sheltered annuity programs which are or may be approved by the School Board.

3. WESLA & Caddo Parish Teachers Federal Credit Unions

5. For deferred payment plan for school-year employees.

The School Board shall only be responsible for making approved salary deductions as requested in writing by any employee of the School Board. Under no circumstances shall special arrangements be made as to the commencement or transaction of salary deductions.

No new payroll deductions shall be authorized until there is a demonstrated need by employees and approved by the School Board after careful evaluation.

1. If at any time additional deductions are considered, there shall be only one deduction for each payroll type except tax-sheltered annuities. Example: Only one company shall be authorized for group medical insurance; only one company shall be authorized for cancer insurance, etc.

2. No new companies shall be authorized to participate in the tax-sheltered
annuity program until the number of presently approved companies reduces to less than five (5). If at any time the number of participants of a presently approved company drops to zero, that company shall no longer be allowed to participate. Additional companies may then be approved, provided a company garners at least one-hundred (100) employees who wish to participate in that particular company’s tax-sheltered annuity program in order to be considered.

Additional administrative regulations and procedures may be imposed and maintained by the Superintendent and staff to properly oversee the participation in tax-sheltered annuity programs by employees. The School Board reserves the right to cancel or discontinue the program at any time and to change any of the regulations and procedures imposed from time to time in the administration of the programs, and in no instance shall the School Board or its employees be responsible for damages or claim of any kind of description by any employee or any insurance company for any error or omission of the School Board, its agents or employees, in connection with the annuity program, including the failure to pay premiums, failure to properly apply for policies or any other error or omission in administering the program.

EXPENSE REIMBURSEMENT

The Caddo Parish School Board shall reimburse employees and School Board members for expenses incurred while on official School Board business, within budgetary limitations. Travel expenses shall be limited to those expenses necessarily incurred by employees or School Board members in the performance of official responsibilities as may be authorized by the School Board. Reimbursement of expenses shall be based on submission of a properly completed and approved voucher and such supporting receipts as required and in accordance with approved procedures and reimbursement rates, as outlined in the School Board’s Regulations for Travel Reimbursement. Such expenses may be approved and incurred in line with budgetary allocations for the specific type of expense and approved procedures and rates.

All out-of-state travel by employees to conferences which are to be funded from the General Fund shall be approved in advance by the School Board. Travel rates for employees and School Board members shall be in accordance with rates authorized by the Regulations for Travel Reimbursement as developed from the state’s Louisiana Travel Guide.

All employees who use their private vehicles for official School Board business shall be required to carry liability insurance. When a private vehicle is used for official School Board duties, mileage shall be reimbursed based on the rate approved by the School Board. In no case shall an employee be allowed mileage or transportation reimbursement when the employee has been gratuitously transported by another person.

Claims for reimbursement of out of parish/out of state travel expense shall be submitted for payment within a week following the travel for which expenses were incurred. Claims for reimbursement of in-parish travel should be submitted monthly. Failure to submit the necessary paperwork and/or documentation in a timely manner may result in non-payment of expenses for that month. In the event any employee is unable to report his/her travel before the end of the reporting period, the Superintendent and/or his/her designee shall approve any extension of the reporting date on a monthly basis.

Any employee or School Board member who submits a false or fraudulent travel claim shall be subject to disciplinary action and the School Board shall be entitled to restitution in full compliance with statutory provisions.

TRAVEL REGULATIONS

Regulations governing travel reimbursement, allowances, and standard round-trip mileage to various locations, schools, and/or selected cities, as well as forms and charts to be used for requesting travel and subsequent reimbursement of expenses are included in the School Board’s Regulations for Travel Reimbursement. Provisions contained in the Regulations for Travel Reimbursement apply to all employees whether reimbursed
for travel by the School Board or by individual schools.

Meals

Employees may be reimbursed for meals when there is no overnight stay, including employees in which travel expense is reimbursed by the school. However, in accordance with Internal Revenue Service (IRS) regulations, reimbursement made for meals when there is no overnight stay is considered taxable.

**USE OF FEDERAL FUNDS**

Procurement of materials and supplies made when using federally generated funds shall follow the appropriate procurement method as summarized in the above chart.
Solicitations from Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms

When spending federal funds, the Caddo Parish School Board shall take all necessary affirmative steps to assure that minority businesses, women’s business enterprises, and labor surplus area firms are used when possible. Affirmative steps shall include:

1. Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women’s business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women’s business enterprises;

5. Using the services and assistance, as appropriate, of such organizations as the Louisiana Economic Development Agency, and Small Business Administration and the Minority Business Development Agency of the United States Department of Commerce; and

6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs 1 through 5 of this section.

Exclusion or Rejection of Quotes or Bids

A contract award or a purchase made with federal funds shall not be made to parties listed on the government-wide exclusions in the System for Award Management maintained by the U.S. Government, which contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority.

USE OF STATE FUNDS

Procurement of materials and supplies when using state or locally generated funds shall follow the procurement method as summarized in the above chart. As noted in the chart, the procurement method may be dependent on whether the School Board has adopted the provisions of Title 38 or Title 39 of the Louisiana Statutes as it pertains to the actual purchase.
Financing Purchases

The School Board may finance the purchase of equipment or other movable property to be used by the School Board by entering into an installment sale, lease, or similar agreement with any lender or other person. Such agreement shall be subject to approval of the State Bond Commission in accordance with statutory provisions. No individual school or employee shall obligate the School Board without proper school system personnel knowledge and approval.

Use of State Contract

If equipment, materials or supplies are available from a State of Louisiana Contract, the Superintendent and/or his/her designee may approve the purchase without using one of the purchasing procedures outlined in statutory provisions, if advantageous to the School Board.

The School Board may also piggyback, or purchase materials and supplies on valid contracts of other political subdivisions. In doing so, the School Board shall obtain documentation from the other agency that clearly demonstrates the contract was previously bid and is a viable contract. The price paid by the School Board shall be the same as the contract’s bid price.

Louisiana Procurement Code

State law authorizes School Boards to adopt all or any part of the Louisiana Procurement Code as contained in state statutes (La. Rev. Stat. Ann. ’39:1551-39:1755). For proper and efficient operations, the Caddo Parish School Board may adopt, by resolution or otherwise, pertinent provisions of the Louisiana Procurement Code, accompanying administrative regulations as promulgated in the Louisiana Procurement Code, as well as guidelines and policies issued by the state’s Office of State Purchasing relevant to the procurement of materials, supplies, merchandise, and other types of property.

Sole Source Provider

The School Board may award a contract for the purchase of supplies, services, or major repairs without competition when the Superintendent or designated employee has determined, in writing, that there is only one source for the supply, service, or major repair item(s) to be acquired. Pertinent procedures for purchasing such items from a sole source shall be as outlined in the State of Louisiana Office of State Purchasing’s Purchasing Rules and Regulations, and as noted at the bottom of the Procurement Method Chart included above.

Qualified Group Purchasing Organizations

A qualified group purchasing organization means an organization, whether for profit or
not for profit, of which two (2) or more public school districts are members and which solicits proposals or bids from vendors of materials, equipment, or supplies of the type and nature as may be purchased by a public school district or public school.

As provided in La. Rev. Stat. Ann. §38:2212.1, the School Board may enter into an agreement with: (A) one or more School Boards to form a qualified group purchasing organization; or (B) one or more qualified group purchasing organizations for the purchase of materials, equipment, and supplies, including installation thereof. Any such agreement shall require that the qualified group purchasing organization submit a price list for those materials, equipment, and supplies offered by it and that the prices quoted on the list remain in effect for a stated period of time of not less than three (3) months. Any such price list shall be considered, for all purposes, to be a valid and binding bid by the qualified group purchasing organization during the effective period of the agreement, and no additional bid by the qualified group purchasing organization is necessary.

The School Board may purchase materials, equipment, or supplies directly from or through a qualified group purchasing organization if the price is less than that for the same or substantially similar materials, equipment, or supplies on the state contract or bid list.

**Competitive Online Solicitation**

The School Board may use a *reverse auction* or *competitive online solicitation process* on the Internet for the purchase of equipment, supplies, and other materials in lieu of the more formal bid process when the School Board’s procurement officer determines that the electronic bidding is more advantageous and in the best interests of the School Board.

Prior to the use of a competitive online solicitation process, the School Board may require that:

1. Vendors register before opening dates and time, and as part of the registration, require that the vendors agree to any terms and conditions and other requirements of the solicitation.

2. Vendors be prequalified prior to placing bids and allow only bidders who are prequalified to submit bids.

3. The solicitation shall designate an opening date and time and the closing date and time. The closing date and time may be fixed or remain open depending on the structure of the item being bid.

4. At the opening date and time, the School Board shall begin accepting online bids and continue accepting bids until the bidding is officially closed. Registered bidders shall be allowed to lower the price of their bid below the lowest bid posted on the Internet until the closing date and time.
5. Bidders’ identities shall not be revealed during the bidding process; only the successively lower prices, ranks, scores, and related bid details shall be revealed.

6. All bids shall be posted electronically and updated on a real-time basis.

7. The School Board shall retain the right to cancel the solicitation if it determines that it is in the School Board’s best interest.

8. The School Board shall retain its existing authority to determine the criteria that will be used as a basis for making awards.

Adequate public notice for purchases using a reverse auction or competitive online solicitation process shall be given as follows:

1. The advertisement or notice shall be published two (2) times in a newspaper in the locality, the first advertisement to appear at least fifteen (15) days before the opening date of the reverse auction. In addition to the newspaper advertisement, the School Board may also publish an advertisement by electronic media available to the general public.

2. The first publication of the advertisement shall not occur on a Saturday, Sunday, or legal holiday.

PREFERENCES

To the extent possible, when purchasing with state or locally generated funds, the School Board shall regularly purchase products manufactured, grown, produced or harvested from the state land or waters which are of equal quality to such items produced outside the state, provided the cost of state products does not exceed by more than the statutory percentage the cost of out-of-state products or as otherwise provided by state law. Such products shall be limited to those allowed by state law.

The School Board shall also give preference to supplies of material or equipment offered by Louisiana citizens, the cost and quality being equal. Tie bids shall be awarded as follows:

1. When a tie exists between local bidders, between intrastate bidders that are not local, or between out-of-state bidders, the bid shall be awarded by a flip of a coin.

2. When a tie exists between a local bidder and an out-of-town bidder, the bid shall be awarded to local bidder.

3. When a tie exists between an in-state bidder and out-of-state bidder the bid shall be awarded to the in-state bidder.
Inclusion of Small and Economically Disadvantaged Businesses

It shall be the policy of the Caddo Parish School Board to ensure every opportunity is made available to include small and economically disadvantaged business concerns in its letting of contracts and purchases, by providing bidders for each contract or purchase being bid. At no time shall any School Board department, school or representative exclude any responsive bidder from participation in, deny any person the benefit of, or otherwise discriminate against anyone in connection with the award and performance of any contract or purchase on the basis of race, color, sex, or national origin.

The School Board shall provide or participate in programs and offer services to assist all small and economically disadvantaged business concerns in the development and growth of their business. Each department and school shall take measures to evaluate and ensure optimum contracting and purchasing opportunities are made available.

The Superintendent shall be responsible for maintaining appropriate regulations and procedures assigned to ensure participation of small and economically disadvantaged businesses in procurement and contracting opportunities with the Caddo Parish School Board.

VENDORS

The Caddo Parish School Board shall seek business and bids from all eligible vendors, regardless of race, creed, color, sex, national origin, age or handicap. No favoritism shall be extended to any vendor. Each order shall be placed on the basis of quality, price and delivery; past services being a factor if all other considerations are equal.

No person officially connected with or employed by the Caddo Parish School Board shall be an agent for, or have any pecuniary or beneficial interest in or receive any compensation or reward from any vendor for the sale of supplies, materials, equipment, services or public works contracts.

Suppliers of goods and services are important to the school system. No employee of the School Board shall solicit or accept, directly or indirectly, anything of economic value as a gift or gratuity from any vendor representative or agent of a vendor, or a prospective vendor or contractor.

BAND UNIFORMS AND CHOIR ROBES

It shall be the policy of the Caddo Parish School Board to purchase basic band uniforms for the high schools of the parish. Each high school shall be entitled to a set of uniforms equal to the number of students in the band for the preceding year plus an additional ten percent (10%) to allow for growth and sizing. The amount to be paid shall not exceed $400 per uniform. Annual price adjustments according to the Consumer Price Index shall be permitted. Costs exceeding the base amount after adjustment shall be borne by the
individual school. As an alternative, the school may choose to reduce the quantity or it may redesign the uniform to affect a lesser cost.

Each school shall participate based on a rotation schedule maintained by the Superintendent or his/her designee.

The School Board may require a bid bond or certified or cashier’s check of not more than five percent (5%) of the estimated price on bids taken for supplies and materials.

When any bid is accepted for construction or doing any public works, a written contract shall be entered into by the successful bidder and the School Board, and the successful bidder shall furnish a bond in an amount not less than one-half of the amount of the contract, for the faithful performance of his or her duties.

When using state or locally generated funds, under no circumstances shall there be a division or separation of any public work project into smaller projects, which division or separation would have the effect of avoiding the requirement that public work be advertised and let by contract to the lowest responsible bidder in accordance with statutory provisions.

The School Board shall retain the option of requiring all bids that are let out for public works be submitted electronically.

MATERIALS AND SUPPLIES

All purchases of materials or supplies exceeding the sum of $30,000 to be paid out of public funds shall be advertised and let by contract to the lowest responsible bidder who has bid according to the specifications as advertised. In addition, purchases of materials or supplies of at least $10,000, but not more than $30,000, shall be made by obtaining not less than three (3) documented quotations. A written confirmation of the accepted offer shall be obtained and made a part of the purchase file. The School Board may require a written contract or bond when purchasing the materials or supplies. If quotations are received that are lower than the quote accepted, a notation shall be entered into the file as to the reasons for rejection of the lower quotes.
When using state or locally generated funds, purchases cannot be divided by departments or by a school if the effect is to evade the state's public bid law. Purchases of commodities that are bought in small but recurring amounts through the year shall be bid on an annual basis.

The School Board shall retain the option of requiring all bids that are let out for materials and supplies be submitted electronically.

In lieu of formal bids, the School Board may use a reverse auction or competitive online solicitation process for the purchase of equipment, supplies, and other materials, as outlined in policy DJE, Purchasing.

**EMERGENCIES**

In cases of an emergency or extreme emergency when time is not sufficient to advertise for bids for public works or purchase of materials, the School Board or designee is permitted by law to declare through resolution that a public emergency or extreme public emergency exists and extend a contract for more than the sums mentioned without going out to bid. However, in such cases every effort shall be made by School Board personnel to secure competitive quotations. The accepted quote shall be confirmed and documented in writing. State law permits a person designated by the School Board to declare the existence of an extreme public emergency. This designated person shall be the Superintendent and/or his/her designee. Notices of an emergency or extreme emergency shall be published in the School Board’s official journal within ten (10) days of the emergency being certified by the School Board or designee.

An emergency is defined by La. Rev. Stat. Ann. §38:2211 as

> “An unforeseen mischance bringing with it destruction or injury of life or property or the imminent threat of such destruction or injury or as the result of an order from any judicial body to take any immediate action which requires construction or repairs absent compliance with the formalities of this Part, where the mischance or court order will not admit of the delay incident to advertising as provided in this Part.”

An extreme public emergency is defined by La. Rev. Stat. Ann. §38:2211 as

> “A catastrophic event which causes the loss of ability to obtain a quorum of the members necessary to certify the emergency prior to making the expenditure to acquire materials or supplies or to make repairs necessary for the protection of life, property, or continued function of the public entity.”

**BID ADVERTISEMENTS**

All advertisements for bids for public works shall appear in the newspaper selected as the
official journal for the School Board, except in emergencies as may be declared by the
School Board. Any advertisement for any contract for public works, when published, shall
appear once a week for three (3) different weeks in a newspaper in the locality and the
first advertisement shall appear at least twenty-five (25) days before the opening of bids.

Any advertisement for any contract or purchase of materials or supplies shall be published
two (2) times in a newspaper in the locality, the first advertisement appearing at least
fifteen (15) days prior to the opening of bids.

In addition to newspaper advertisements, the School Board shall also publish
advertisements and accept bids by electronic media in accordance with uniform
standards promulgated by the state. In any advertisement, the first publication shall not
occur on a Saturday, Sunday, or legal holiday.

If the School Board issues or causes to be issued on a public work exceeding the contract
limit set by state law, any addendum modifying plans and specifications within a period
of seven (7) days prior to the advertised time for opening of bids, excluding Saturdays,
Sundays, and any other legal holidays, the School Board shall transmit a copy of the
addendum to all prime bidders who have requested bid documents. The transmission
shall be completed within twenty-four (24) hours of the issuance of the addendum, and
may be delivered by either facsimile transmission (fax), e-mail, other electronic means,
or by hand provided the prime bidder has supplied the fax number or e-mail address to
the School Board. In addition, a copy of the addendum shall be sent by regular mail. If
the addendum cannot be transmitted by fax, e-mail, other electronic means, or hand
delivered, the School Board shall be required to postpone the bid opening by at least
seven (7) days.

The School Board shall not issue or cause to be issued any addendum modifying plans
and specifications within a period of seventy-two (72) hours prior to the advertised time
for the opening of bids, excluding Saturdays, Sundays, and any other legal holidays;
however, if the necessity arises to issue an addendum modifying plans and specifications
within the seventy-two hour period prior to the advertised time for the opening of bids,
then the opening of bids shall be extended at least seven (7), but not more than twenty-
one (21) working days, without the requirement of readvertising. The addendum shall
state the revised time and date for the opening of bids.

OPENING OF BIDS

All bids shall be opened in public in the presence of one or more witnesses, at the time
and place designated in the invitation for bids. Each bid, together with the name of the
bidder, shall be recorded and open to public inspection. However, the School Board shall
not accept or take any bids including receiving any hand delivered bids, on days which
are recognized as holidays by the United States Postal Service.
BID AWARD

In order to protect the integrity of the competitive bidding process, the determination of responsiveness by the bidder must be made from the bid documents at the time of the bid opening. Any deviation from that which is required by the bid solicitation, or failure to supply required information or fill in the line items on the bid schedule, may result in the bid being rejected as non-responsive.

The Superintendent and/or other appropriate administrators shall review, summarize and report bids to the School Board with recommendations for bid award unless the School Board grants permission for staff to evaluate, award, and notify the School Board at a later date.

DISQUALIFICATION OF BIDDER

If the School Board proposes to disqualify any bidder for non-responsiveness, the School Board shall give written notice of the proposed disqualification to such bidder and include in the written notice all reasons for the proposed disqualification.

If the School Board proposes to disqualify any bidder for non-responsibility (the possibility that the bidder may not satisfactorily fulfill the contract being bid), the School Board shall:

1. Give written notice of the proposed disqualification to such bidder, and include in the written notice all reasons for the proposed disqualification;

2. Give such bidder, who is proposed to be disqualified, the opportunity to be heard at an informal hearing at which such bidder is afforded the opportunity to refute the reasons for the disqualification; and

3. Conduct the informal hearing prior to the award of the public work.

No award of the contract for the public work shall be made by the School Board prior to the expiration of at least five (5) working days following the date of issuance of the written ruling from the informal hearing.

EXCLUSION/REJECTION OF BIDS

The School Board, after the opening of bids, shall require each bidder or bidding entity to attest or submit an attestation that the sole proprietor, partner, incorporator, director, manager, officer, or other like individual who owns at least ten percent (10%) of the bidding entity, has not been convicted of, or has not entered a plea of guilty or nolo contendere (no contest) to any of the crimes or equivalent federal crimes listed in La. Rev. Stat. Ann. §38:2227.

In awarding bids or contracts, the School Board shall be authorized to reject the lowest
bid from a business in which any individual with ownership interest of five percent (5%) or more has been convicted of, pled guilty or nolo contendere to any a state felony crime or equivalent federal crime committed in the solicitation or execution of a contract or bid under the state laws governing public contracts; professional, personal, consulting, and social services procurement; or the Louisiana Procurement Code.

Any contract between the School Board and a person or entity entered into as a result of fraud, bribery, corruption, or other criminal acts, for which a final conviction has been obtained, shall be null and void.

Any person whose conviction causes the nullity of a contract shall be responsible for payment of all costs, attorney fees, and damages incurred in the rebidding of the contract.

STUDENT ACTIVITIES FUNDS MANAGEMENT

*Student activity funds* are those funds raised or collected for school-approved student groups, gate receipts, and student activity card fees. The Caddo Parish School Board shall require all student activity funds to be collected and expended for the purpose of supporting the school's activities program. Student body representation should be encouraged whenever possible.

The principal of each school shall be responsible for all school/student accounts. The principal may assign one or more school staff member(s) to share the responsibility for assuring that the system of accountability for school funds and maintenance of records are maintained in accordance with pertinent district administrative regulations and procedures. The principal, however, shall have the ultimate responsibility for supervising the accounting functions to be performed at the building level.

SCHOOL CLUBS AND ORGANIZATIONS

The School Board shall require all activity funds generated by a club, organization, association, class, athletic team, or any other organization within the school to be deposited into a school fund bank account. Separate records of all financial transactions of the school fund account shall be maintained by the principal for each group. No monies shall be drawn on the school fund account without a request for withdrawal which carries two (2) signatures, one of which shall always be the principal’s. No withdrawal shall occur unless the check carries the signature of the principal, or the administrator who assumes his/her duties during his/her absence.

The records of the school account shall be reconciled monthly, and a written report shall be prepared by the principal and submitted annually to the Superintendent or his/her designee, who shall review and consider the report for approval and notify the principal accordingly. The School Board may require and provide for an audit of the school fund of any school within its jurisdiction at any time.

All club or organization related fundraising activities shall be approved by the principal and may be subject to audits from the central office.

OTHER SCHOOL FUNDS

Schools may have other fund accounts as part of their school activity funds. Sources of money for these funds may include vending machines, coffee fees, and teacher dues. These funds may only be used to benefit the faculty or school as a whole. Any purchases made from these funds should be done with caution, as restrictions apply to the expenditure of such funds. Any questions about purchases should be directed to the Superintendent or designee for clarification before the purchase is made.

Caddo Parish School Board
BOOSTER CLUBS AND OUTSIDE ORGANIZATIONS

BOOSTER CLUBS/OUTSIDE ORGANIZATIONS

Funds generated by an entity outside the school, such as a parents' club, community, business, civic or other similar type of organization, are considered to be independent funds under the exclusive control and supervision of the club or organization. The School Board, however, shall require all such funds, when expended for any school function, activity, or purpose, to adhere fully to all state and federal statutory and regulatory provisions.

In addition, the School Board may place restrictions on the donation and usage of any monies by an outside source, i.e. club, organization, or entity, to a school or School Board-related entity. Specifically prohibited shall be the donation to an individual employee of the School Board anything of economic value in the form of money, personalized articles, automobiles and/or their use, travel, entertainment or vacations. The School Board reserves the right to examine the provisions of any and all prospective donations to a school or School Board-related entity to ascertain the propriety of the donation.

It is the policy of the Caddo Parish School Board that all fundraising activities conducted during the school day, on School Board property, using school employees and/or students, for school or school related purposes shall be properly controlled and have reasonable accountability applied. This requires that all funds shall be considered public funds and shall be deposited into the official checking account of the individual school and all state and local rules and regulations concerning financial management shall be applied.

In addition, any school support organization, parent club or booster club, which uses the name of a public school as the principal portion of their name and raises funds independent of the school, shall be required to meet all of the following conditions:

1. Maintain minutes of all meetings of the organization and have duly elected officers. Appoint the school principal, or a representative school employee designated by the principal, to serve on the executive board of the organization.

3. All fundraising activities of the organization must be approved in advance by the school principal using CPSB Report on Fund Raising Project (Form IA-82). These forms shall also be completed and filed as required upon completion of the fundraising activity.
4. The organization’s bank statement shall be mailed to the school to be opened and reviewed by the principal.

Failure of any organization to meet the above conditions shall void that organization’s privilege to use the name of the school or to raise funds on the representation that the funds are in fact to be used for the betterment of the school or school related matters.

Administrators, Bulletin 741, Louisiana Department of Education.
The Caddo Parish School Board shall direct that no money shall be left overnight in an unlocked safe, nor shall any principal or teacher keep cash in his or her office or classroom overnight. Sound business procedure requires principals, teachers, bookkeepers, and any other person in any school handling funds to forward money to the principal's office on the day of collection, to be deposited on the same day of collection, whenever possible, except for small sums needed for petty cash.

Principals and other school personnel shall establish necessary precautions to ensure the safekeeping of all monies under their control, which shall be in compliance with applicable district administrative regulations and procedures.

SCHOOL LOANS

The Caddo Parish School Board shall require that any school contemplating entering into a bank loan, installment obligations, lease agreements or any other financing agreement have approval of the Superintendent or designee before entering into any such obligation. 2. The Superintendent or designee shall review the request based upon information presented and either disapprove or tentatively approve it. Final approval shall be dependent on the school's financial status and history regarding repayment plans.

3. Copies of all approved requests along with completed copies of the debt instrument shall be maintained in the School Board's business office.

4. Any school loan request shall be submitted by the Superintendent or his/her designee to the State Bond Commission if these debt obligations are more than ninety (90) days.

Approved: July 28, 2015
Revised: December 19, 2017

SAFETY PROGRAM

Employee, student, or visitor accidents are undesirable, unplanned occurrences which cannot be prevented and which often result in bodily harm, loss of time, expensive legal action, property damage, and personal pain and suffering. A system-wide program of safety shall be maintained in order to render the school system environment as hazard-free as possible. Provisions of the safety program shall be in compliance with all state and federal guidelines.

As part of the safety program, the Caddo Parish School Board shall require regular inspections of the buildings and grounds of each school, by the principal or the building administrator at non-school sites. At least one annual inspection shall be performed and documented in writing, concerning the condition of all buildings within the system in terms of student, employee, and public care and safety and submitted by the principal or building administrator to the Superintendent or designee. More periodic inspections are encouraged.

EMERGENCY PREPAREDNESS

Supervisors and school administrators shall acquaint each employee under their charge with the school emergency preparedness guidelines and his/her area of responsibility in the event of emergency. They should supervise, implement and evaluate all on-going disaster preparedness programs for the school or department.

Facility members shall provide students with instructions in the area of disaster preparedness and participate in disaster preparedness training programs.

Every school should have a well-stocked first aid kit and one or more individuals responsible for it.

Principals and supervisors shall have readily available the phone numbers of the fire department, police department, ambulance service, all bus drivers and substitute drivers.

TRAINING PROGRAM

A safety training program for all new employees shall be conducted by the school or facility administrator or his/her designee. New employees shall receive instruction with regard to the use of personal safety equipment and the source(s) for procuring assistance when needed.

FIRST AID

It shall be the responsibility of the school or the facility administrator to schedule and
implement employee first aid programs that shall provide trained first aid persons at each site. Laboratory instructors, coaches, vocational and shop instructors, cafeteria personnel and maintenance department personnel should undergo first-aid training and continue to maintain their first-aid certification.

A complete first-aid kit shall be placed and maintained in all potentially hazardous areas, such as shops, labs, cafeterias, janitors’ rooms, and physical education departments. A log sheet shall be kept at each job site, and all first-aid treatment shall be logged to show the date, name of employee, job title, and reason for treatment and the first-aid service provided.

RECORDKEEPING

Records of injuries are essential to an efficient and successful loss control program. They provide a means for gauging frequency and severity areas of operation for providing information concerning the cause of loss. Therefore, the School Board shall require adequate accident and safety records.

FIRE PREVENTION

The Caddo Parish School Board recognizes the need for fire prevention/precaution in order to protect its employees, students, visitors, and property from the hazards of fire. Reducing and/or eliminating the fire hazards in and around the schools and other School Board property should be everyone’s responsibility.

As a prerequisite in its fire prevention strategies, the School Board shall require inspections by qualified persons of all fire safety and prevention equipment, including but not limited to fire alarm, suppression and smoke detection devices at each school under the School Board’s jurisdiction, as well as all other School Board property, at least twice during each school year. All necessary service, repairs, and precautions shall be taken by appropriate persons in a timely manner to assure that all such equipment is in good working order and meets the needs for which it was intended. Employees of the School Board may perform the required inspections called for in this policy provided they have received the appropriate training necessary to perform such inspections, and documentation of such training shall be included in the employee’s personnel file.

The supervision and implementation of the inspection requirements shall be the responsibility of the Superintendent and/or his/her designee. Reports on all inspections shall be maintained and submitted to the Superintendent and/or designee upon completion of the inspection.

The principal or his/her designee shall make a periodic review and frequent inspections of all school buildings and facilities for potential fire and other hazards. Open flame areas for instructional purposes shall be designated by the principal or building administrator at each School Board facility, or his/her designee, with the designation to be approved by the Superintendent prior to such usage. Lighted, scented candles, or other open flames shall not be permitted at any school campus or other School Board facility, with limited exception where an open fire may occur, such as a bonfire, and is approved by the Superintendent. Such events shall require submission of a request outlining guidelines to be adhered to during the event and utilizing local and/or state fire standards. This policy shall not apply to open flames required for maintenance and/or construction needs.

Caddo Parish School Board
SCHOOL AND STUDENT SAFETY

The Caddo Parish School Board is committed to providing a safe environment for the students and employees of its schools. The School Board shall take immediate action to address any potential threats of violence or terrorism to students and employees as required by the Louisiana School and Student Safety Act (La. Rev. Stat. Ann. §§17:409.1-17:410).

The School Board shall develop, in consultation with local law enforcement agencies, age appropriate information regarding internet and cell phone safety and online content that is a potential threat to school safety. The information shall include how to recognize and report potential threats to school safety posted on the internet, including but not limited to social media posts. This information shall be distributed or explained to school personnel and students at the beginning of each school year, and posted on an easily accessible page of each school’s website, as well as the website of the School Board. Such information shall include instruction on how to detect potential threats to school safety, visual examples of possible threats, and the process for reporting such threats.

DEFINITIONS

The term school is as defined by La. Rev. Stat. Ann. §17:236 as an institution for the teaching of children, consisting of an adequate physical plant, whether owned or leased, instructional staff members, and students, and which operates a minimum session of not less than one hundred eighty (180) days.

The term threat of violence means communication, whether oral, visual, or written, including but not limited to electronic mail, letters, notes, social media posts, text messages, blogs, or posts on any social networking website, of any intent to kill, maim, or cause great bodily harm to a student, teacher, principal, or school employee on school property or at any school function.

The term threat of terrorism means communication, whether oral, visual, or written, including but not limited to electronic mail, letters, notes, social media posts, text messages, blogs, or posts on any social networking website, of any crime of violence that would reasonably cause any student, teacher, principal, or school employee to be in sustained fear for his safety, cause the evacuation of a building, or cause other serious disruption to the operation of a school.

MANDATORY REPORTING

Any administrator, teacher, counselor, bus operator, or other school employee, whether full-time or part-time, who learns of a threat of violence or threat of terrorism, whether through oral communication, written communication, or electronic communication, shall:
1. Immediately report the threat to a local law enforcement agency if there is a reasonable belief that the threat is credible and imminent.

2. Immediately report the threat to school administrators for further investigation, in compliance with this policy, if the threat does not meet the standard of reasonable belief provided for above.

No person shall have a cause of action against any person for any action taken or statement made in adherence with the requirement for reporting as provided herein. However, the immunity from liability provided in this policy shall not apply to any action or statement if the action or statement was maliciously, willfully, and deliberately intended to cause harm to, harass, or otherwise deceive law enforcement or school officials.

Reporting Procedures

The Superintendent shall be authorized to develop and maintain administrative procedures for reporting potential threats to school safety. The reporting procedures, at a minimum, shall include:

   A. Name of school, person, or group being threatened.
   
   B. Name of student, individual, or group threatening violence.
   
   C. Date and time the threat was made.
   
   D. Method by which the threat was made, including the social media outlet or website where the threat was posted, a screenshot or recording of the threat, if available, and any printed evidence of the threat.

2. A process for allowing school personnel to assist students in completing the standardized form.

3. A process for allowing reporting by an automated voice system.

4. A process for allowing anonymous reporting and for safeguarding the identity of a person who reports a threat.

5. For every threat reported, a school administrator shall record, on the form provided, the action taken by the school.

If information reported to a school is deemed a potential threat to school safety, the school shall present the form and evidence to local law enforcement agencies. If the information
poses an immediate threat, school administrators shall follow procedures provided in the school’s *Crisis Management and Response Plan*.

**THREAT ASSESSMENT**

When any potential threat of violence or terrorism has been reported to a school administrator, an investigation shall be made according to administrative procedures which shall include, at a minimum:

1. Conducting an interview with the person reporting a threat, the person allegedly making a threat, and all witnesses, and;

2. Securing any evidence, including but not limited to statements, writings, recordings, electronic messages, and photographs.

If the investigation results in evidence or information that raises a concern that a threat is credible and imminent, the threat shall be immediately reported to a local law enforcement agency for further investigation.

New policy: October 23, 2018

EMERGENCY/CRISIS MANAGEMENT

COMPREHENSIVE PLAN FOR EVACUATION

It shall be the policy of the Caddo Parish School Board to provide a comprehensive plan for evacuation of schools in the event of a disaster. Disaster may come in many forms such as chemical spills, bomb threats, and/or a state of National Emergency. In cooperation with the local police and fire departments, 911 Call Center, and the Caddo/Bossier Office of Emergency Preparedness, the plan shall include all centers and schools located in Caddo Parish.

CRISIS MANAGEMENT AND RESPONSE

Unanticipated tragic events can quickly escalate into a school-wide catastrophe if not dealt with immediately and effectively. School personnel shall plan in advance for the welfare, safety, and care of students and staff members. Every school shall be required to have a Crisis Management and Response Plan. A Crisis Management and Response Plan means a plan to address school safety and the incidence of a shooting or other violence at schools, on school buses, and at school-related activities; to respond effectively to such incidents; and to ensure that every student, teacher, and school employee has access to a safe, secure, and orderly school that is conducive to learning. Such plans shall also address the management of any other emergency situation.

The Crisis Management and Response Plan shall be prepared by each public school principal jointly with local law enforcement, fire, public safety, and emergency preparedness officials. In preparing the plan, the principal and such officials shall consider and include, if appropriate, input from students enrolled in the school and their parents, teachers at the school, other school employees, and community leaders. The plan, which shall focus on preventing the loss of life and the injury of students and teachers and other school employees, shall detail the roles and responsibilities of each school employee and the relevant coordination agreements, services, and security measures of a school and provide for parental notification in the event of a shooting or other violent incident or emergency situation. The plan may also provide for the counseling of students by mental health professionals, encouraging peer helper programs, and identifying students who may have experienced rejection or other traumatic life events.

Each principal, jointly with local law enforcement, fire, public safety, school resource officers, and emergency preparedness officials, shall review the plan at least once annually and shall revise the plan as necessary. In reviewing and revising the plan, the principal and such officials shall consider and include input, if appropriate, from students enrolled in the school and their parents, teachers at the school, other school employees, and community leaders. Each principal shall submit such plan in writing to the Superintendent for approval at least once annually, including upon each revision, and
shall notify all teachers and other school employees of the contents of the plan and any revisions made to it.

Within the first thirty (30) days of each school year, each principal shall conduct a safety drill to rehearse the components of the Crisis Management and Response Plan. Not later than seven (7) days after the drill, the principal shall submit a written report summarizing the details of the drill to the Superintendent.

The Superintendent shall make an annual report to the School Board on the status of the plan of each school under the School Board’s jurisdiction.

OTHER EMERGENCY DRILLS

The Caddo Parish School Board shall require procedures be planned by the principal and faculty of each school to assure orderly movement and evacuation of students to the safest area in the event of fire, weather, or other disasters. Practice drills shall be used to ensure the effectiveness of the procedures.

Every separate administration building shall conduct practice drills as well.

Approved: July 28, 2015
Revised: October 23 2018

SCHOOL CLOSING AND CANCELLATION

The Superintendent shall be authorized to announce the closing of schools if prevailing or potential hazards threaten the safety and well-being of pupils, staff, or school property. Whenever practicable, the Superintendent shall make such decisions to close school(s) after consulting with appropriate community agencies. Public announcements and releases to news media shall be made or approved by the Superintendent or designee.

EMERGENCIES

If students have reported to school and an emergency arises during the school day, students may be dismissed early. Such dismissal shall be only by direction of the Superintendent. In the event of dismissal during the school day, all educational and building employees shall continue their work, unless otherwise notified by the Superintendent. Emergency response actions and evacuation plans also will be coordinated with the procedures.

The regulations and procedures will comply with all applicable laws and regulations which pertain to the safe and proper storage, transportation, and disposal of hazardous materials.

Therefore, the School Board shall prepare or cause to be prepared, and submit to the Louisiana Department of Agriculture and Forestry on or before August first of each year, for each school under its authority, an annual pest management plan that applies integrated pest management strategies of pest prevention methods and strongly recommends the least toxic methods of control for grass and weed control, and rodent and general pest control in, on or around school structures and grounds. Any deviation from the submitted annual pest management plan shall be delivered in writing to the Director of Pesticide and Environmental Programs, Louisiana Department of Agriculture and Forestry no later than twenty-four (24) hours prior to any pesticide application. A restricted use pesticide shall be applied to a school building or on school grounds only during periods in which students are not expected to be present for normal academic instruction or organized extracurricular activity for at least eight (8) hours after the application.

4. Require each school to keep a written record of restricted use pesticides used to control pests, with an entry of pertinent information about the application being recorded after each application. The written record shall be kept in each school and shall be available for inspection during school hours.

5. Employ at least two (2) certified commercial applicators as long as the system has ten (10) or more schools.

All training of personnel in the use of AEDs shall be fully documented.

The School Board shall notify a local provider of emergency medical services (such as a 911 service, local ambulance service, or fire department) of the acquisition, location, and type of any AED device.

In addition to the civil immunity provided to persons rendering emergency assistance as provided by law, any person or entity which provides training in CPR and in the use of an AED and any expected AED user shall not be liable for any civil damages arising from any act or omission of acts related to the operation of or failure to operate an AED that do not amount to willful or wanton misconduct or gross negligence.

All arrangements for any trip or excursion shall be made by the Superintendent or his/her designee.

Any school or organization may use buses for athletic or activity trips. The School Board shall be reimbursed by the school or organization the expense equal to the cost of operation of the buses for the particular event. The bus operator shall provide proof of appropriate insurance coverage prior to any trip being taken if using an approved bus not owned or leased by the School Board. In addition, the following guidelines shall also apply to the special use of any school bus:

1. For activities of an educational nature within the parish, the use of the buses shall be requested by the principal of the school involved and such usage shall be limited in time so as not to interfere with the regular route to which that bus is assigned.

2. For educational activities outside the parish, the use of the buses shall be limited to transporting those students who are engaged in representing their school in the principal activity for which the trip is required. The request shall also come from the principal involved.

3. Approval for the use of the buses shall be requested at a time prior to the trip sufficient for the office staff to evaluate the request and to make the arrangements necessary. All buses on all occasions shall be driven by a person with a commercial driver's license. The principal of the school involved shall be held responsible for seeing that the above condition is met.

NON-SCHOOL RELATED BUS USAGE

The principal shall inform the bus driver of the student's destination and stop in writing. Approval of the request shall be predicated on the availability of adequate seating accommodations on the school bus.

Only students shall be allowed to ride buses to and from school. Caddo Parish School Board
CHILD NUTRITION PROGRAM MANAGEMENT

The Caddo Parish School Board believes the school district should have a sound child nutrition program and that the child nutrition program should be an integral part of the total educational program. The School Board also believes that the highest possible sanitation standards should be maintained and that every effort should be made to make it possible for every child to participate in the child nutrition program without regard to race, color, disability, national origin, sex, or age.

Consequently, the School Board will administer a Food and Nutrition Program in accordance with federal and state standards and requirements (Bulletin 1196 Louisiana School Food Service Policy Guidance Manual). Uniform school lunch and breakfast menus will be established for the schools with the provisions that a cafeteria may, in addition to the uniform lunch, serve an additional menu to provide a choice for pupils. Menus will conform to USDA requirements and those of the Division of Nutrition Support, Louisiana Department of Education.

The School Board, as the recognized child nutrition program authority for the school district, will annually approve the national school lunch program, school breakfast program, U.S.D.A school commodity programs and any other related programs. The approved agreement will meet all specifications mandated by the Louisiana Department of Education’s Division of Nutrition Assistance.

Guidelines of the Louisiana Sanitary Code will be strictly followed in the preparation, serving, and cleaning of all child nutrition programs and facilities.

GUIDELINES

Each school will abide by state and federal guideline restrictions on the operation of concessions, canteens, snack bars, vending machines or other food and beverage sales.

No supplies or foods, including leftovers, shall be removed from the child nutrition department by any employee of the school system unless he/she has been authorized to transfer the items to another school location. Disciplinary action will result for unauthorized food removal.

Regulations prohibit the denial of any meals as disciplinary action to any child in attendance at school. Denying meals to students for disciplinary reasons associated with disruptive behavior in the cafeteria, selling or loaning free or reduced price meal badges or barcodes, etc. is prohibited under Federal regulations. Disciplinary action used for other unacceptable behavior should be applied in these situations.
SPECIAL EVENTS/USE OF CAFETERIA

Special events should not interfere with the preparation and service of school lunch, breakfasts, or snacks. School functions involving the use of the cafeteria shall be arranged through the principal and approved by the Director of Child Nutrition or his/her designee. Whenever the cafeteria is used by the school, one or more of the child nutrition employees will be in charge to ensure control over child nutrition foods and to ensure proper use and care of equipment and facilities. No unauthorized personnel should be behind the serving lines. A Special Event form must be completed and sent to the Director of Child Nutrition or his/her designee at least three (3) weeks in advance of the event. Events that occur at scheduled times during the school year can be handled by sending in one notice listing all of the dates.

PAYMENT FOR MEALS

The School Board is not obligated to continue providing meals without receiving payment. The students’ ability to pay is determined through the free and reduced price meal application process. Those students not eligible for free meals must pay for their meals at the prices established for full price and reduced price students. Regulations do not prohibit a school system from denying a meal to paying students who have not paid for the meal.

Payment in Advance

Students will be allowed to pay for their lunch by the week, the month, or the year. The cafeteria manager will collect and record all advanced payments. Upon entering the payment information, the computer will keep a record of the financial status for students that have paid in advance.

Payment Each Day

For a student who will pay for his/her meal each day, the cashier will collect the money payment from the student and record in the computer the student’s payment along with the student’s ID number for proper accounting purposes.

FREE AND REDUCED PRICE MEAL APPLICATIONS

Eligibility for participation of students in the free and reduced meal program shall be determined by family meal application or direct certification of participation in migrant, runaway, or homeless education programs. A multi-child, family application for school meal benefits will be sent to the parents or guardians of each student within the first week of school. Parents will be requested to complete an application listing all students enrolled in Caddo Parish public schools and return it to the determining official for review. The applicant should be made aware that deliberate misrepresentation on the application may subject him or her to prosecution under applicable state and federal laws.
criminal statutes. Such applications (approved and disapproved) and documentation of the action taken shall be maintained for three (3) years after the end of the fiscal year to which they pertain.

State guidelines allow for the limited disclosure of information about free and reduced price meal eligibility without consent of the parent. The information may be used only for the purpose authorized and may not be shared with any other parties for any reason. Aggregate information that does not identify individuals continues to be permitted without parental consent. Under the National School Lunch Act (NSLA), the release of a child's eligibility status is permitted to persons directly connected with and who need to know a child's free and reduced price meal eligibility status in order to carry out an activity specifically authorized by the NSLA.

INSURANCE AND RISK MANAGEMENT

The Caddo Parish School Board recognizes that proper management of the school district includes concern for the safety of students, employees and the general public as well as concern for protecting the system’s property from loss. The risk management and insurance program shall include means for identifying, eliminating, reducing, retaining or transferring risk exposures. When in the apparent best interest of the school system, the School Board may budget for, and retain, limited and predictable risks of financial loss.

When the purchase of insurance is deemed necessary, such purchase shall be made on the basis of service offered by the insurer, the reliability and financial stability of the insurer, and the price of the insurance as competitively determined.

**SUPPLEMENTAL INSURANCE**

While all insurance plans with Caddo Parish School Board are voluntary, Caddo does offer supplemental plans where employees pay 100% of the premiums. The same rules of eligibility apply for active employees. Some plans may allow retirees to continue to maintain their insurance.

**PREMIUM PAYMENTS**

Employees must elect to have all their insurance premiums through payroll deduction.

This also applies to situations where there are inadequate funds to make premium payments in a pay check or retirement check.

A. GENERAL PRINCIPLES OF DESIGN

1. Style of architecture
   a. While the owner is not attempting to specify in detail a style of architecture, the following general criteria should be observed.
      (1) Have a minimum of cubage which cannot or will not be used.
      (2) Avoid the appearance or fact of expensive ornamentation both inside and outside the building.
      (3) The style of architecture should. If possible, improve the general level or architectural excellence of the community.
   b. The architect will be expected to achieve beauty of design without undue construction cost.
   c. Pre-determined styles of architecture or shapes of buildings must not be allowed to outweigh functional considerations or need for economy of construction.

2. Economy of Construction
   a. Design entire building with a view to economy of labor and economy in the use of materials and in the selection of materials.
   b. The most important aspect of economy of construction is economy in the use of space. The building design should reflect the following criteria:
      (1) Keep non-habitable space to a minimum.
      (2) Within the habitable space, hold to a minimum the space devoted to non-instructional uses.

3. Flexibility of Interior
   a. Design building that is highly flexible as to interior arrangement and use, in order to permit adaptation of future changes in educational program.
   b. Suggestions for achieving flexibility:
      (1) Use as few load-bearing partitions as possible.
      (2) Fit as many rooms as possible into a standard unit (module) of construction. The size of the rooms to be determined by the owner after consultation with the architect.
4. Expansibility
   a. Design building for later additions at reasonable cost
   b. Consider future additions in planning corridors, toilets, heating plant, sewers, electric feeders, water mains, etc., but without excessive increase in cost of original structure.

5. Economy of Operation and Maintenance
   a. Design building throughout for economy in operation and maintenance.
   b. Specific suggestions in keeping with these general principals are made throughout this outline. As general guides, owner suggests:
      (1) Use of relatively trouble-free and durable materials and equipment.
      (2) Use of standard sizes, matchable colors and designs, etc. where replacements may be required.
      (3) Design that will permit easy access to all pipes, fixtures and other parts that require inspection, adjustment, cleaning or repair.

6. Health and Safety
   a. Design building throughout with a view to safety of employees and occupants. Follow recommendations of National Fire Protection Association for protection of life and of the building code of the National Fire Underwriters for protection of property, as well as city and state codes.
   b. Design building so that healthful conditions of light, heating, air conditioning and ventilation are maintained.
   c. Design building so that sanitation is easily maintained, especially in lunchrooms, kitchens, toilet rooms, etc.

B. LIGHTING - HEATING - VENTILATING (Optimum physiological comfort without excessive initial cost, operation cost and maintenance cost should be the guiding principle under this heading.)

1. Lighting
   a. Louisiana Sanitation Code will be the reference points in evaluating the adequacy of the lighting system.
b. Sunlight and electric light are to be considered as complementary factors.

2. Heating and Ventilating
   a. Thermal comfort levels will be maintained in keeping with any applicable building code, board policy and approved energy conservation management guidelines (Policy ECF).
   
   b. Natural gas will be the energy preferred source for heat.

3. Attention is directed to the need for close coordination among the architect, mechanical engineer and the owner in arriving at a system of total design which will produce an effective environment with coordinated architectural and mechanical elements.

C. GENERAL CONDITIONS

This results in a written report and recommendations for modification, if required.

6. Architects

a. Advice from registered architects may be required concerning feasibility studies and cost estimates relative to renovation of existing plants. A budget is difficult to establish without data produced as a result of careful study.

7. Selection and Employment

a. Historically, the superintendent has been authorized to select and employ professional personnel to render service as briefly enumerated above. In practical application, engineers are selected, if possible, who have previously worked on plans for the building when constructed or renovated; and, in the case of surveys, etc., the work is rotated among the several firms.

FEF – CONSTRUCTION CONTRACTS BIDDING AND AWARDS

Caddo Parish School Board believes in the principle of open and fair competition to insure the lowest price for the highest quality service and product. To insure that all contractors have adequate notice of requests for bid, all formal bids will be advertised in a major minority newspaper as well as in the official journal approved by the Board. Further, on all requests for quotations on smaller construction jobs, quotations will be sought in an equitable manner from Opportunity Caddo Certified businesses listed in the Directory of Small and Economically Disadvantaged Businesses, as well as other contractors. Bids and quotations will be awarded consistent with the provisions of the Louisiana Public Bid Laws, which allows entities to use contractors of choice for projects under $100,000. For contracts below $100,000, considering guidelines and other information provided by Fair Share Administration, a list of contractors that are invited to bid the project will be developed by the Department of Construction & Capital Projects. An invitation to bid the project will be sent to all of the contractors selected.

All construction bid advertisements and requests for bid shall contain the following statement: “The Caddo Parish School Board desires that Bidders make a good faith effort to reach the aspirational goal of 25% utilization of Economically Disadvantaged Businesses.” To facilitate tracking, general contractors shall complete Opportunity Caddo Fair Share Form 1A, Form 1B and Form 2. Failure to follow instructions and submit the required forms may result in a bid being declared non-responsive.

One copy of all construction requests for bid plans and specifications shall be furnished without charge to trade organizations and association as determined by the Department of Construction & Capital Projects and Fair Share Administration.

FF - NAMING NEW FACILITIES

The naming of new facilities or the renaming of existing facilities is occasioned by different and varied circumstances. Because of the historical significance of such action, care should be given to the process used to determine a name.

It shall be the policy of the Caddo Parish School Board to act upon the superintendent's written recommendation for the name of a new facility or the renaming of an existing facility. In accordance with state law, facilities may be named in honor of a deceased person. Portions of a facility may be named in honor of a living person.

The board is desirous of receiving broad-based community input. It is expected that interested citizens will want to participate in the naming or renaming of school facilities. The superintendent's recommendation may be based on a request from an individual, a group of concerned citizens from a particular school community or from the staff of an individual school. Such requests must be in writing and submitted not less than ninety days prior to the board acting upon the superintendent's recommendation. Written requests to the superintendent shall, as a minimum, include the following components:

a. Rationale/background for the name being recommended. If the facility is to be named in honor of a person, the person shall have contributed to the advancement of humanity either on the local, state, or national level and shall have been a positive role model for young people.

b. Justification/purpose - The justification shall include the message(s) the board hopes to convey to the public through its choice of a name.

c. Significance - What is the anticipated impact from the choice?

The superintendent will verify through research by appropriate professional staff, the accuracy of information contained in portfolios presented to him.

The board will conduct a public hearing to receive community input at the regular monthly meeting immediately preceding the meeting at which the board is expected to consider and act upon the superintendent's recommendation. The portfolio forming the basis for the superintendent's recommendation will be presented by the superintendent during the hearing and shall contain the same components outlined above. The document will be available for public perusal until the day the board is scheduled to vote.

EQUAL EMPLOYMENT OPPORTUNITY

The Caddo Parish School Board and all offices under its jurisdiction declare that no person shall, on the basis of race, color, religion, sex, national origin, disability, or age, be discriminated against in admission or access to or treatment or employment in, its programs and activities. The School Board is an equal employment opportunity agency and is dedicated to a policy of nondiscrimination in employment or training. Qualified persons, applicants or employees shall not be excluded from any course or activity because of age, race, creed, color, sex, religion, national origin, or qualified disability.

The Superintendent and/or appropriate representative, as designated by the School Board, shall investigate any and all complaints that may be brought against any individual school in the school district in regard to any alleged discriminatory action for appropriate treatment by the School Board.

All employees shall be responsible for complying with this policy. Any form of harassment or discrimination should be immediately reported to the immediate supervisor, who in turn shall report the incident to the Superintendent and/or his/her designee. If the supervisor is the alleged harasser or discriminator, or the employee does not wish to report the matter to his/her supervisor, the employee may submit the complaint directly to the Superintendent or his/her designee for appropriate inquiry, including, when appropriate, investigation. The investigation shall proceed in accordance with policy, GAMC, Employee Investigations.

Further, the School Board prohibits retaliation against any individual for making a complaint under this policy or participating in the investigation of any such complaint.

PERSONS WITH DISABILITIES

In accordance with federal and state statutes addressing nondiscrimination of disabled persons, namely Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, or as either may be subsequently revised, the School Board attests that no qualified person with a disability shall, solely by reason of a disability, be denied the benefits of, be excluded from participation in, or be otherwise subjected to discrimination under any program or activity; nor shall a qualified person with a disability be subjected to discrimination in employment.

Adopted: February 21, 2017
INDIVIDUALS WITH DISABILITIES

The Caddo Parish School Board believes that no otherwise qualified person shall, on the basis of disability, be subjected to discrimination in employment, promotion, demotion, transfer, or any employment-related function or process, under any program or activity in the Caddo Parish School System.

The School Board further believes that no student, parent or other citizen with a disability should be denied access to any program or activity, where reasonable accommodations may be made without imposing undue financial or administrative burdens, or where such modifications would result in a fundamental alteration in the nature of the program or activity.

REASONABLE ACCOMMODATION

The School Board will make every effort to provide reasonable accommodations for the known disabilities of its employees and/or applicants. A reasonable accommodation is defined as a modification to the job or work environment that will enable a qualified individual with a disability to enjoy equal employment opportunity.

In general, it is the responsibility of the applicant and/or employee with a disability to inform the School Board that an accommodation is necessary. This request need not specifically use the term reasonable accommodation, but need only let the School Board know that, because of a medical reason, some adjustment of change is needed in order for the employee to perform his/her job. If an employee requests an accommodation and the need for such is not obvious or if the School Board does not believe that the accommodation is needed, the School Board may request that the employee provide documentation from his/her physician regarding the employee’s functional limitations in order to support the request. The School Board is not required to provide an accommodation that is primarily for the personal use of the employee. The School Board further is not required to provide an accommodation which would result in an undue hardship on the School Board.

Requests for a reasonable accommodation need not be in writing, but such is preferred. It is also permissible for another person, such as a friend, family member, or physician, to request an accommodation on behalf of an employee. The employee who believes that a reasonable accommodation is necessary should report such to his/her immediate supervisor. The supervisor will then report the request to the Division of Human Resources. At that point, the appropriate director within the Division of Human Resources, together with the employee’s immediate supervisor, shall meet with the employee to discuss the request and attempt to identify possible accommodations which could be made in order to allow the employee to perform the essential functions of his/her job.
Once a request for an accommodation has been made, a Human Resources administrator shall schedule an initial meeting with the employee and his/her immediate supervisor as soon as practical, but in no case longer than fifteen (15) days following receipt of the request. Multiple meetings may be necessary however, before a determination regarding the request can be made.

Following the meeting(s) discussed above, the Superintendent or his/her designee shall render a written decision regarding the request for accommodation, including whether the request is to be granted and how or, if the request is not to be granted, the reasons why. Such report shall be rendered within a reasonable time following the conclusion of the meeting(s) with the employee and the immediate supervisor, but in no instance will the report be rendered longer than thirty (30) days following the last meeting.

In case a decision is made not to grant an accommodation because of an undue hardship, written documentation of the reasons therefore shall be sent to the individual and a copy maintained in the employee’s personnel file.

Any employee who is denied a request for accommodation may file a grievance as provided in policy GAE, Complaints and Grievances.

COMPLAINTS AND GRIEVANCES

The following grievance procedure is established to provide a way for the Caddo Parish School Board and its employees to resolve a grievance that may occur between them. It is the intent of this procedure to provide a simple, straightforward way to resolve grievances at the lowest possible administrative level, as fairly and as quickly as possible.

No reprisals of any kind shall be taken by the School Board or by any member of the Administration against the grievant or any other participant in the grievance procedure by reason of such participation.

Grievances should be processed in a manner that does not interfere with the employee's work and the normal operation of the school system.

It is understood that employees have legitimate questions that pertain to their jobs and are not necessarily grievances. If it is determined that a claim brought pursuant to this policy does not meet the definition of grievance the employee shall be notified. The personnel department always stands ready to assist employees in finding solutions to their problems.

The hearing is an informal meeting or hearing controlled by the Superintendent or designee. The purpose of the hearing is to resolve the grievance. The hearing shall be recorded by the Superintendent or designee. A transcript shall be provided if the matter is not resolved prior to the matter being presented to the School Board. At the conclusion of the hearing, the Superintendent or designee shall make a written recommendation to the School Board for disposition of the grievance at a meeting of the School Board but not more than thirty (30) working days following the hearing. The matter is then placed on the agenda for disposition by the School Board.

If the grievant would like to submit any additional documents (briefs or arguments only – no new evidence) for review by the School Board, they must present the documents to the Superintendent no later than noon on the Friday before the mail out deadline. All documents are to be maintained in confidence. All documents must be presented utilizing this process or the School Board will not consider the documents. The School Board appeal packet containing this information shall be made available to the School Board on BoardDocs or by hard copy.
as requested by School Board members. The Caddo Parish School Board will dispose of the grievance without argument from the parties unless the School Board votes otherwise. If the School Board votes to allow oral argument, the matter shall be rescheduled to allow the parties time to prepare.

**Oral Argument**

If the School Board allows oral argument, the following procedures shall be followed:

The School Board President shall allow School Board counsel to outline all rules for participants and provide recommended rulings to the School Board regarding objections and other matters raised by the participants.

The grievant and administration will each have ten (10) minutes to present argument. Grievant shall make his/her argument first followed by administration. Grievant may reserve any portion of his/her argument time for rebuttal.

Once oral arguments are completed, the School Board President will ask each School Board member whether they have any questions of the grievant or administration. Questions are limited to two (2) questions per School Board member and are not intended to solicit evidence not presented in the School Board appeal packet. The School Board President will call on each School Board member who desires to ask a question. Appropriate decorum shall be maintained at all times. Inappropriate references to employees or their representatives shall not be allowed and will be called out of order and not tolerated.

The School Board President shall then ask for the Superintendent’s recommendation.

Any person whose competency or character will be discussed shall be given notice at least twenty-four (24) hours in advance of the appeal hearing. Any person whose competency or character will be discussed shall have the opportunity to have the matter discussed in closed executive session.

**Disposition**

The Caddo Parish School Board shall dispose of the grievance in open session. Once a motion is made to dispose of the grievance in open session, there shall be no discussion regarding the motion except to clarify the motion. The Caddo Parish School Board may affirm, reverse or modify the recommendation of the superintendent.

shall provide notice of the fact and the name and title of the person who was permitted access to the grievant’s personnel file.

B. If the School Board will consider matters contained within the personnel file of the grievant, the School Board must vote to access the personnel file of the grievant unless the grievant consents to School Board member access and signs the appropriate waiver. If grievant does not consent to School Board member access, the School Board will place the matter on the agenda to vote regarding accessing the grievant’s personnel file at the next regularly scheduled School Board meeting. The School Board hearing will then be placed on the agenda for the following regularly scheduled School Board meeting.

C. The individual School Board members shall maintain confidentiality of the personnel documents accessed. Written notice regarding the School Board members’ access to the grievant’s personnel file shall be sent to the grievant.

D. A grievant is entitled to representation of his/her choice at all levels of these procedures after Level One. The grievant who chooses to have a representative, shall provide advance notice of the name of the representative and whether the representative is an attorney at least five (5) working days prior to a meeting or scheduled hearing.

SEXUAL HARASSMENT/INAPPROPRIATE BOUNDARY INVASION

Sexual harassment is a form of sex discrimination which is prohibited by federal and state law. It is the policy of the Caddo Parish School Board to maintain a learning and working environment that is free from sexual harassment. The policy of the School Board shall specifically prohibit all forms of sexual harassment.

It shall be a violation of this policy for any employee, non-employee volunteer, or School Board member of the Caddo Parish School Board to harass a student, an employee or non-employee volunteer through conduct or communication of a sexual nature as defined by this policy.

The School Board also recognizes that sexual abusers often target children who are suitably passive or needy and then engage in personal boundary invasion behaviors which become increasingly invasive of the child’s boundaries. These actions, termed sexual grooming, involve the progressive breaking down of normal boundaries, such as physical contact that seems harmless or verbal comments that are designed to flatter and ingratiate the child. It shall be a violation of this policy for any employee, non-employee volunteer, or School Board member of the Caddo Parish School Board to engage in inappropriate boundary invasions of students.

The School Board through the Superintendent or his/her designee shall investigate all complaints, either formal or informal, verbal or written, of sexual harassment and/or inappropriate boundary invasions, and to discipline any employee or non-employee volunteer who sexually harasses a student, employee, or non-employee volunteer of the School Board.

SEXUAL HARASSMENT DEFINED

Sexual harassment shall include, but not be limited to, unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct or communication is, either explicitly or implicitly, made a term or condition, of obtaining or retaining employment, of promotion, or of a student’s education; or

2. Submission to or rejection of such conduct or communication is used as a factor in decisions affecting an individual's employment or promotion or a student's education including any aid, benefits, services or treatment; or

3. Such conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's work performance or education, or creating an intimidating, hostile or offensive working or education environment.
Sexual harassment may include, but is not limited to:

1. Verbal harassment or abuse;
2. Uninvited letters, telephone calls, or materials of a sexual nature;
3. Inappropriate and uninvited leaning over, cornering, patting or pinching;
4. Uninvited sexually suggestive looks or gestures;
5. Intentional brushing against a student’s or an employee’s body;
6. Uninvited pressure for dates;
7. Demanding sexual favors accompanied by implied or overt threats concerning an individual’s employment, promotion, or educational status;
8. Uninvited sexual teasing, jokes, remarks, or questions;
9. Demanding sexual favors accompanied by implied or overt promises of preferential treatment with regard to an individual’s employment, promotion or educational status;
10. Any sexually motivated unwelcome touching; or
11. Attempted or actual rape or sexual assault.

INAPPROPRIATE BOUNDARY INVASIONS

Since it may not be possible to determine whether boundary invasion behaviors are in fact sexual grooming until it is too late, employees shall be required to refrain from actions which may be construed as inappropriate considering the totality of the circumstances. The following are examples of inappropriate boundary invasions which should be avoided by employees or non-employee volunteers.

- Touching children when there is no educational or medical reason to do so.
- Flirting with students or sharing personal information.
- Making comments about a student’s body.
- Off color remarks or telling of inappropriate jokes to student(s).
- Having a “special” relationship or giving more than normal individual attention to a particular student.
- Working with an individual student behind a closed door.
- Giving a student rides alone in a non-emergency situation.
- Sending notes, emails, letters, or making phone calls to a student instead of communicating through the parent(s).
- Giving gifts to a student.
- Frequent socializing with a student at school and/or away from school.
- Getting a student out of other classes to see the staff member without educational purposes.
- Inviting students to the staff member’s home.
- A combination of any of the above.

This list is not an exhaustive list. If a staff member or volunteer engages in such behaviors, there may be great cause for concern. The bottom line is that such behaviors can cross the line from professional and caring into personal and dangerous and with rare
exceptions are not acceptable.

TRAINING/NOTIFICATION

All employees and School Board members shall receive a minimum of one hour of education and training on preventing sexual harassment during each full calendar year of employment or term of office. In addition, Sexual Harassment and Awareness training shall be provided for students and parents at the student orientation meetings. Building administrators and their designees who accept or investigate a complaint of sexual harassment or inappropriate boundary invasion shall receive additional education and training.

The education and training required may be in person or via the internet through training and educational materials approved by the Superintendent. The Superintendent is responsible for notifying all employees of the policy against sexual harassment and inappropriate boundary invasion and the mandatory training on prevention of sexual harassment. Each principal or building level supervisor is required to maintain records of employees’ compliance with the mandatory training.

Copies of this policy shall be circulated to all schools and departments of the Caddo Parish School Board and placed on the School Board’s website.

Employees shall be apprised of applicable federal and state law on sexual harassment, including the right of the complainant to pursue a claim under state or federal law, regardless of the outcome of the investigation.

REPORTING PROCEDURES

Any person who believes he or she has been the victim of sexual harassment by an employee or non-employee volunteer of the Caddo Parish School Board, or any person with knowledge or belief of conduct which may constitute sexual harassment of an employee/student or inappropriate boundary invasion of a student, should report the alleged acts immediately to an appropriate School Board employee as designated by this policy. If the complaint involves the employee designated by this policy to receive the report, the report should be made to the highest ranking administrator at the particular school or other site designated by this policy to receive such reports or directly to the appropriate Director of Human Resources. The School Board encourages the reporting party or complainant to use the report form which is available in the administrative office of each building, the Division of Human Resources, or the Employee Assistance Office.

1. In Each School Building. The building principal shall designate the administrators to receive oral or written reports of sexual harassment or inappropriate boundary invasion of a student at the school building level. The principal, assistant principal, coordinator and counselor shall be designated and others if necessary to provide both male and female representation. Students are encouraged to make reports
to a counselor. Upon receipt of a report involving an employee or non-employee volunteer, the administrator, coordinator or counselor must notify the Principal, Director or Supervisor. If the report was given verbally, the administrator, coordinator or counselor shall reduce it to written form within twenty-four (24) hours and forward it to the proper administrator. Failure to forward any sexual harassment report or complaint as provided herein may result in disciplinary action. Complaints may also be filed directly with the appropriate Director of Human Resources or Superintendent.

2. **Other Sites.** The building administrator designated by the Superintendent at each administrative, support, or maintenance site shall be responsible for receiving oral or written reports. The site supervisor may designate another person to receive complaints. Upon receipt of a report, the designated person shall follow the procedure outlined in paragraph 1 above and notify the Superintendent or his/her designee.

3. **System-wide.** If the complaint involves the person designated to receive the complaint at his or her school or site, then the complaint shall be filed with the receiver’s supervisor or directly with the appropriate Director of Human Resources. If the complaint involves the Superintendent, the complaint shall be filed with the President of the Caddo Parish School Board. If the complaint involves any Caddo Parish School Board member, the complaint shall be filed with the Superintendent.

4. **Notice of Policy.** Each principal or other person in charge of a building or site owned or operated by the Caddo Parish School Board shall conspicuously post in each building the names of the persons designated to receive complaints, including a mailing address and telephone number, together with a copy of this policy.

5. **Malicious False Accusations.** A complainant whether employee, student, or non-employee volunteer whose allegations are found to be both false and brought with malicious intent shall be subject to appropriate disciplinary action, which may include, but is not limited to, written warning, demotion, transfer, suspension, expulsion, or dismissal.

6. By the authority of this policy, upon receipt of a report of complaint alleging sexual harassment of any employee or student, or inappropriate boundary invasion of a student, an investigation shall be conducted. Once the investigation is completed, all findings shall be reported to the appropriate Director of Human Resources (Certified or Classified). Neither of these Directors shall be a part of the investigation process. Their office shall be responsible for the investigative process and subsequent recommendation of action to the Superintendent.
INVESTIGATIONS

In conjunction with the provisions found in policy GAMC, Investigations, investigations involving alleged incidents of sexual harassment or invasion of personal boundaries shall proceed as follows:

1. The Superintendent, upon receipt of a report or complaint alleging sexual harassment or inappropriate invasion of a person’s boundary by an employee or non-employee volunteer, shall immediately authorize an investigation. The investigation may be conducted by School Board employees or by a third party as may be designated by the Superintendent or his/her designee. The investigating party shall conduct a thorough investigation that results in a formal written report of the findings of fact. During the investigation, the investigating party may seek the advice and assistance of the School Board’s attorney in conducting the investigation. The investigation should normally be completed within thirty (30) working days from the date of notification. The investigating party shall provide a written report of the status of the investigation within ten (10) working days to the Superintendent or designee.

2. The investigation shall include personal interviews with the complainant, the individuals against whom the complaint is filed, and others who may have knowledge of the alleged incidents or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigating party.

3. In determining whether alleged conduct constitutes sexual harassment or invasion of personal boundaries, the investigating parties should consider the surrounding circumstances, the nature of the sexual advances, relationships between the parties involved and the context in which the alleged incidents occurred.

4. Informal procedures may be utilized, when appropriate, to handle complaints and resolve and rectify the alleged complaints.

5. The person designated to investigate the complaint shall make a report to the Superintendent or his/her designee upon completion of the investigation. The report may include a finding that the complaint was unfounded, informally resolved, or a recommendation made to the Superintendent for disciplinary action.

ACTIONS

1. Upon receipt of a recommendation that the complaint is valid involving an employee or non-employee volunteer, which has not been informally resolved, the Superintendent shall take such action as appropriate based on the results of the investigation which may include but not be limited to, suspension with or without pay, demotion, or termination.
2. The result of the investigation of each complaint filed under these procedures involving an employee or non-employee volunteer shall be reported in writing to the complainant and the alleged harasser by the appropriate Human Resources Director (Certified or Classified). The report will document any action taken as a result of the complaint.

3. All formal records of sexual harassment proceedings shall be maintained at the Department of Security. No such records of procedures should be maintained at the school location, other work sites or personnel records. Additionally, no record of an unfounded or unsubstantiated complaint shall be filed in an employee's personnel file.

RETLATION PROHIBITED

RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

Submission of a complaint or report of sexual harassment shall not affect the individual’s future employment, promotion, grades, or work assignments. STAFF CONFLICTS OF INTEREST

The Caddo Parish School Board as a public body administers public funds and occupies a position of public trust relative thereto. Such a position of public trust demands that, in the performance of his/her duties, every employee of the system should exercise great caution to avoid possible conflicts of interest and any business, professional or financial relationship which, as it relates to his/her employment, may give the appearance of impropriety.

Therefore, an employee should not accept any outside employment or any proffered gift or loan which will in any manner adversely affect the proper discharge and performance of his/her duty and responsibility to the Caddo Parish School Board.

An employee should not use his/her position of employment or exercise his/her influence therein so as to secure any contract involving an expenditure of public funds to any partnership of which he/she is a member or to any corporation in which he/she is a stockholder, officer, director or employee or to any other person or firm from whom or which he/she derives a pecuniary benefit.

This policy is designed chiefly to serve as a guide for employees to avoid possible conflicts between their employment and outside interests. In most situations a possible conflict will be evident. In those situations where doubt may exist as to the propriety of certain relationships or activities, employees are encouraged to make a full disclosure of the facts to the Superintendent prior to entering such relationships or engaging in such activities.

POLITICAL ACTIVITIES

It is strongly felt by the Caddo Parish School Board that teachers should stress the importance of citizenship responsibilities and the political rights of citizenship to each student. For administrators, teachers and staff to be able to place strong emphasis on these areas, the School Board believes they should have the right to enjoy these privileges, free from any pressures and/or concerns. It is felt that all employees should be free to support candidates of their choice, exercising their own good judgment.

Therefore:

1. All personnel shall be notified that they must not be part of any activity relating to the campaign or election of any candidate for political office during office hours or while on duty, nor use any School Board facility for any such activity. This includes, but is not limited to, making or soliciting contributions to campaign funds, or promoting any candidate by distribution of cards, pictures, handbills, clothing and pins, making telephone contacts, or in any other way. XI Sec 4) and Louisiana Statutes (R.S. 18:1470) prohibit the use of Board property for erection, display, or posting of any political campaign signs or the appropriation of any public funds or things of value to urge any voter to support or oppose any candidate or electoral proposition.

Accordingly no political campaign signs shall be erected or displayed on Board property or Board vehicles at any place or time, regardless of the fact that the candidate, or any person urging adoption of an electoral proposition may offer to pay for advertising space board property even when space is offered for non-political advertisement.

The prohibition contained in the policy shall not apply to:

A. Signs urging students to vote for students in school elections, such as student council, class officers, and the like.

B. Bumper stickers or other campaign signs affixed to the vehicles of private
persons, including Board employees, temporarily parked on Board property, while said persons are in the normal course of their duties or tending to their business at a school or Board offices or attending a school function or athletic event, provided that the parking of such vehicles shall be permitted for only the period of time reasonably required for the owner or driver’s accomplishment of their duties or attendance at the school or board office, or athletic or school function.

A personnel file shall be accurately maintained in the central administrative office for each present and former employee. These files shall contain applications for employment, references, and records relative to compensation, payroll deductions, evaluations, and such other matters as may be considered pertinent to the proper maintenance of all personnel records. It is the duty of the employee to furnish the personnel office with certificates, transcripts, statements of degrees, and other educational experience related documentation.

The Superintendent shall be designated as custodian of all personnel files and shall have the overall responsibility for maintaining and preserving the confidentiality of the files. The Superintendent may, however, designate another official to perform the duties of records management on the understanding that this official is to be held responsible for granting or denying access to records on the basis of these guidelines.

Any school employee requesting to see his/her personnel file shall be given access to his/her entire personnel file, including but not limited to all documents placed in the employee’s file on or before September 1, 1987, during normal business hours. The contents of a school employee's personnel file shall not be divulged to third parties without the express written consent of the school employee, except when ordered by a court or by subpoena, or in accordance with this policy. No school system employee other than the personnel file custodian or the Superintendent for the system, or the designee of either, who shall be a school system employee, shall be allowed access to a school employee's personnel file without the school employee's expressed written consent, unless that employee is charged with the duty of supervising that particular school employee’s performance. A School Board member or any other person authorized pursuant to this policy shall be permitted to examine any and all records of the school system, except school employee records relative to evaluations, observations, formal complaints, and grievances. However, in accordance with La. Rev. Stat. Ann. §17:81, the School Board, upon a majority vote of the total School Board membership, shall have the right to examine any and all records of the school system, including personnel records.

REQUESTS FOR ACCESS AND INSPECTION

Additions to Personnel File

No complaint, commendation, suggestion, or evaluation may be placed in the evaluation file unless it meets the following requirements:

1. Each document concerning a school employee shall be placed in the employee's personnel file within a reasonable time and no document, except those resulting from routine recordkeeping, shall be placed in a school employee's personnel file by any school system employee, unless and until that school employee is presented with the original document and a copy thereof prior to its filing.

2. Upon receipt of the original document and copy of the same, the school employee shall sign the original document as an acknowledgement of the receipt of the copy of the document. Such signature shall not be construed as an agreement to the contents of the document. If the employee refuses to sign the original document, the phrase *Refused to Sign* shall be printed on the document by the supervisor who shall then date and sign the document before placement in the employee's personnel file.

Rebuttal and Response

Each school employee shall be given the opportunity to rebut and to respond to a document placed in his/her personnel file including but not limited to any document placed in such file on or before September 1, 1987.

1. The rebuttal and response must be in written form and once filed shall be attached to the document to which the response and rebuttal applies, and thus become a permanent part of the school employee's personnel file as long as the document remains a part of the personnel file.

2. No document or copy thereof, to which a response and rebuttal has been filed, shall be used for any purpose whatsoever unless the rebuttal and response or copy thereof is attached to the document or copy sought to be used.

3. A school employee shall have the right to receive proof of any allegations and statements contained in a document placed in his/her file that the
school employee believes to be inaccurate, invalid, or misrepresented. If such proof is not presented, the document containing the allegations and statement shall be removed from the school employee's personnel file and destroyed.

If, at any time, the School Board takes any personnel action against an employee based upon any document that was placed in the employee's file on or before September 1, 1987, the employee shall be given the opportunity to rebut and respond to such document.

**Procedure for Filing of Rebuttal and Response**

1. Any rebuttal and response to a document placed in a school employee's personnel file shall be filed by the employee within fifteen (15) working days from the date on which the school employee signs the document acknowledging its receipt.

2. The school employee may be granted an additional ten (10) school days for the filing of the rebuttal and response, provided the school employee requests such an extension in writing addressed to the personnel file custodian within the original fifteen-day period. The personnel file custodian's consent to the ten-day extension of time shall not be unreasonably withheld.

3. The rebuttal and response shall be deemed filed by the delivery of the original and one copy of the rebuttal and response to the personnel file custodian. The personnel file custodian shall then sign and date the original rebuttal and response and file the same into the school employee's personnel file. The personnel file custodian shall also sign and date a copy of the rebuttal and response and return the same to the school employee.

**CONFIDENTIAL INFORMATION**

Certain items in the personnel records of School Board employees shall be confidential, including:

2. All medical records of an employee, all compensation payment records, rehabilitation records, claim records, employer’s injury reports, and records submitted to Second Injury Fund.

3. Medical information obtained as a result of an employee’s request for a reasonable work accommodation due to a disability.

There may be instances where an employee’s medical information will need to be made available to certain supervisory personnel, such as where a request for a reasonable accommodation has been granted, to inform a supervisor of necessary work duties or restrictions due to an on-the-job injury, emergency treatment required by the employee, or if specific procedures are needed to aid the employee in case of fire or other evacuations. Supervisors, however, shall not have unlimited access to an employee’s medical file or to information about an employee’s medical condition which is unnecessary to the performance of the employee’s job.
Medical information may also be made available to third parties as required by law or business necessity. For example, the School Board may be required to release such information to government officials investigating the School Board’s compliance with the Americans with Disabilities Act, to state worker’s compensation offices in accordance with Louisiana worker’s compensation laws, or to insurance companies where the insurer requires a medical examination before providing health or life insurance to employees.

ANCILLARY FILES

The school principal or other appropriate supervisors may maintain certain ancillary personnel files. Maintenance of these confidential files shall be the responsibility of the Principal or appropriate supervisor. These on-site ancillary personnel files may contain administrative data, as well as other data that may be evaluative, critical, or complimentary of the employee. EMPLOYEE ALCOHOL AND DRUG TESTING

INTRODUCTION TO THIS POLICY

The Alcohol and Drug Testing Program is not to be confused with the Employee Assistance Program. (EAP) These programs are located in the same office but function under different policies and procedures. A brief description of each program is outlined below:

EMPLOYEE ASSISTANCE PROGRAM (EAP) AS IT RELATES TO THE ALCOHOL AND DRUG TESTING POLICY

The EAP Office is serviced by a Certified Employee Assistance Professional (CEAP). The EAP Office functions to service employees who are experiencing problems and are seeking assistance. Acceptance of EAP services is completely voluntary. Employees may contact this office in various ways. Some employees visit this office of their own volition, known as a self-referral; while others are recommended to the EAP Office by their supervisor, known as a supervisory-referral. Accepting (and using) EAP services through either method is voluntary. Employees using EAP services will not have their employment jeopardized. The EAP Office is a helping service system with no punitive or judicial authority.

ALCOHOL/DRUG TESTING AND TREATMENT PROGRAM

This program is serviced by a certified Substance Abuse Professional (SAP). This program specifically services:

1. the CPSB Alcohol and Drug Testing Policy;
2. the Department of Transportation (DOT) Requirements for Mandatory Drug Testing for all Safety/Security Sensitive Position (CDL License Holders), within the CPSB. This includes all Bus Drivers, and other CDL holders, and all employees whose principal responsibility is to operate or maintain vehicles owned by the CPSB;
3. the Drug-Free Workplace Requirements; and
4. the Workers Compensation Alcohol and Drug Testing Requirements.
I. STATEMENT OF PURPOSE

A. Caddo Parish School Board (CPSB) fully supports the idea of alcohol and drug-free workplaces for employees and students. The CPSB respects the individual's rights to privacy and also believes that the safety and well-being of its students and employees require that it take legally permissible steps to prevent or eliminate the use or abuse of drugs in the workplace; or the use of alcohol (on the job) by its employees. The CPSB adopts this policy to maintain the safe and efficient operation of its schools, ensure the physical safety of the children of Caddo Parish, and decrease the potential spread of drug use among its students. The CPSB has a compelling interest and commitment to eliminate illegal and unauthorized drug use (including the unauthorized use of alcohol), drug users, drug activities, and drug effects from all of its workplaces. Drug abuse is one of the most serious problems confronting our society today. Unfortunately, neither our workplaces nor our schools are immune from the drug scourge causing such problems. The Board's policy is designed to prevent drug users from obtaining employment positions and to aid in detecting those employees in such positions who use drugs so that they may undergo treatment as a prerequisite to keeping to their jobs.

B. CPSB policy prohibits the unlawful manufacture, distribution, dispensation, possession, or intoxication due to or the use of a controlled substance or alcohol by its employees in any workplace or property owned, leased, or used by the CPSB. This policy also applies to any school-sponsored or supervised activity and to any school board-owned or leased vehicle including school buses.

C. Accordingly, it shall be the policy of the CPSB to vigorously comply with the requirements of the Drug-Free Workplace Act of 1988, and to implement the alcohol and drug testing program herein contained in accordance with Act 1036 of the 1990 session of the Louisiana Legislature (now R.S. 49:1001, et. seq) and the Omnibus Transportation Employee Testing Act of 1991: (USC 49:31306) Federal Register/Volume 59, No.31, (Public Law 102-143, 2 Title V). Employees subject to the federal act shall be subject to an alcohol and drug testing program that will fulfill the requirements of C.F.R. 49 Part 382 and C.F.R. 49 Part 40.

III. EMPLOYEE PROHIBITIONS

A. The CPSB shall promote and enforce all of its alcohol and drug-free workplace and school policies. Accordingly, the following activities by any employee are prohibited:

1. The use, possession, manufacture, distribution, dispensation or sale of alcohol or a controlled substance on any property of the School Board and in any vehicle owned or leased by the school board or during working hours and/or during extracurricular school related activities.

2. The storage of any illegal drugs, drug paraphernalia, alcohol or controlled substances in any lockers, desks, automobiles, school buses or in any other School Board property of any kind or character.

3. Being intoxicated or under the influence of an unauthorized controlled substance, illegal drug or alcohol on School Board property, in school board-owned, contracted or leased vehicles, or during working hours and/or extracurricular-school related activities.

4. Any use of alcohol, drugs, or controlled substances off school board property that adversely affects the employee's job performance, or the safety of others at work.

5. Switching, substituting, diluting, adulterating or conspiring to adulterate, switch, substitute, or dilute any urine or blood sample submitted for testing.

6. Refusing to consent or submit to a breath, saliva, urine or blood sample for testing when requested to do so by an authorized school board official, when the employee occupies a safety/security sensitive position or when the employee is required to submit to a post-accident, reasonable suspicion, or rehabilitation (follow-up) testing.

7. Refusing to submit to an inspection of any School Board property or school-owned, contracted or leased vehicles by authorized School Board officials.

12. Refusing to properly and fully complete necessary documents and consent forms as requested prior to testing.

13. Refusing to complete the toxicology chain-of-custody procedures after submission of a urine, saliva or blood specimen.

IV. TESTING PROCEDURES

   A. All testing/screening shall be conducted according to applicable state and federal laws and regulations.

   B. The designated sample collection site, the laboratory and Medical Review Officer (MRO) shall comply with the guidelines for alcohol and drug testing procedures as designated by state and federal regulations.

   C. All procedures used in alcohol and/or drug testing programs, including collection, sealing and labeling of samples, chain-of-custody, storage and transport of specimens, handling of bio-hazardous waste, alcohol and drug testing, reporting of results, review of results and confidentiality of alcohol and drug testing, must be performed according to R.S. 49:1001 et. seq. Testing procedures and facilities used for tests administered to persons subject to DOT regulations shall conform to the requirements of the Code of Regulations, Title 49, Part 40, et. seq. and Part 382, et. seq.

   D. Collection of forensic urine specimens shall be collected with a rigorous chain-of-custody, security of the specimen, and with regard to the privacy of the individual. Handling and disposal of bio-hazardous waste shall be according to proper safety procedures.
E. The collection site shall collect enough urine to provide for a split sample, except when an employee not subject to DOT regulations is unable to provide a sufficient amount of urine to permit a split sample. Each specimen shall be subdivided, secured, and labeled and a part of the specimen shall be retained in a secure manner to prevent the possibility of tampering. If the confirmation test results are positive or show adulteration, the employee may have the retained part tested by a second confirmation test done independently at another certified laboratory, if the employee requests the second confirmation test not later than 72 hours after being advised of the results of the first confirmation test. An employee may request the second sample to be tested at another certified laboratory at his or her own expense.

F. Direct observation of the employee during collection of the urine specimen shall not be allowed except under the following circumstances as set forth in R.S. 49:1006:

1. There is reason to believe that the individual may alter or substitute the specimen; or

2. The individual has provided a urine specimen that falls outside the acceptable temperature range as listed in the NIDA guidelines; or

3. The last urine specimen provided by the individual was verified by the MRO as being adulterated based upon the determination of the laboratory; or

4. The collection site person observes conduct indicating an attempt to substitute or adulterate the sample; or

5. The individual has previously been determined to have a urine specimen positive for one or more of the drugs; the testing of which is regulated by 49:1001 et. seq., and is being tested for purposes of follow-up testing upon or after return to service.

G. If the collection of a urine sample is performed under direct observation, such direct observation shall be conducted by a person of the same gender. A designated representative of the CPSB shall review and concur in advance with any decision by the collection site person to obtain a specimen under direct observation.

H. Alcohol and/or drug testing of employee specimens shall be performed in compliance with the requirement of a NIDA-Certified or CAP-FUDT certified laboratory.
I. All tests that are confirmed positive shall be reviewed by the MRO according to 49:1001 et. seq.. Negative results will not be reviewed by the MRO, but shall be reported directly from the laboratory to the EAP Office.

J. A confirmation drug test is a test which has been determined to be positive by the MRO. The MRO shall perform analytical procedures to identify the presence of a specific drug or metabolite independent of the initial drug test and using a different technique and chemical principle from that of the initial drug test to ensure reliability and accuracy. Gas chromatography/mass spectrometry (GC/MS) is the only authorized confirmation method for cocaine, marijuana, opiates, amphetamines, and phencyclidine (PCP).

K. A positive alcohol test is any test reported by the testing facility that registers 0.02 or greater on an evidential breath testing (EBT) machine.

L. All test results will be maintained at the EAP Office for reasons of confidentiality.

M. Employees who are required to submit to testing shall be required to report to the location of the sample collection site with appropriate photo-identification within two (2) hours of the notification by their supervisor.

V. POSITIVE TEST RESULTS AND ACTIONS TAKEN THEREAFTER

A. Alcohol

1. If there was, at the time of testing, 0.02 percent or less by weight of alcohol in the employee's blood, no action is required.

2. If there was, at the time of testing, 0.02 to 0.039 percent by weight of alcohol in the employee's blood, the employee shall be removed from his position for a period of twenty-four (24) hours following the administration of the test, and shall be required to undergo a return to duty test with a result indicating an alcohol concentration of less than 0.02 before returning to his position. If an employee continues to have a prohibited alcohol concentration (0.02 to 0.039) eight (8) hours after the first test, the employee shall be subject to evaluation by a Substance Abuse Professional (SAP).

3. If there was, at the time of testing, 0.04 percent or higher by weight of alcohol in the employee's blood, the employee shall be immediately removed from his position, and cannot again perform any job duties until he completes the SAP evaluation, referral, and education/treatment process set forth in Section VIII of this policy and undergoes a return to duty test with a result indicating an alcohol concentration of less than 0.02. The employee may also be
subject to other disciplinary action as determined by the Certified or Classified Personnel Director.

4. If the employee refuses to submit to alcohol testing, the CPSB shall treat this refusal as if the employee had tested at the 0.04 level.

B. Drugs

1. If the employee has a verified positive, adulterated, invalid, or substituted drug test result, he shall be immediately removed from his position, and cannot again perform any job duties until he completes the SAP evaluation, referral, and education/treatment process set forth in Section X of this policy and undergoes a return to duty drug test with a verified negative test result for controlled substances. The employee may also be subject to other disciplinary action as determined by the Certified or Classified Personnel Director.

2. If the employee refuses to submit to drug testing, the Caddo Parish School Board shall treat this refusal as if the employee had received a confirmed positive drug test.

VI. TYPES OF ALCOHOL AND DRUG TESTING

All testing/screening shall be conducted according to applicable state and federal laws and regulations. The following administrative procedures will be used to implement the provisions of this policy.

A. Post-Accident Testing

1. Testing of an employee following an accident for use of controlled substances or to determine whether the employee was under the influence of alcoholic beverages may only be performed when the circumstances include, among other things:

   a. Observable phenomena, such as direct observation of drug use or possession and/or the physical symptoms of being intoxicated from alcohol and/or drugs; or

   b. Information provided by reliable and credible sources or independently verified about alcohol or drug use prior to the accident or at the time of the accident; or

   c. The employee works in a safety-sensitive position for which suspicionless post-accident alcohol and/or drug testing is
mandated by federal or state law or regulation (e.g., school bus drivers).

2. Any employee subject to post-accident testing shall remain readily available for a period of eight (8) hours for alcohol and thirty-two (32) hours for drugs for such testing. Any employee not available for such testing may be deemed by the CPSB to have refused to submit to testing. Such a refusal shall be treated as if the employee recorded a 0.04 or greater test result for alcohol and a positive test result for controlled substances and shall subject the employee to the actions provided for in Section V herein.

3. The employee shall not use alcohol for eight (8) hours after the accident or until he or she undergoes post-accident testing, whichever comes first.

4. If an alcohol test is not administered within two (2) hours following the accident or if a drug test is not administered within thirty-two (32) hours following the accident, the CPSB shall prepare and maintain records stating why the tests were not administered. These tests will not be given if not administered within eight (8) hours after the accident for alcohol or thirty-two (32) hours for drugs.

5. Tests conducted by authorized federal, state, or local officials will fulfill post-accident testing requirements provided they conform to applicable legal requirements and the results are obtained by the School Board.

6. Designated supervisors, as defined by this policy, shall immediately investigate all reports of job-related accidents or injuries involving an employee under their supervision to determine what circumstances may have contributed to the accident. Such investigation shall include a consideration of all circumstances to determine whether the employee was intoxicated at the time of the accident due to alcohol and/or drugs. If there is reasonable suspicion to believe that the employee was intoxicated or under the influence of controlled substances at the time of the job-related accident or injury, the designated supervisors, as defined by this policy, may demand the employee submit himself or herself to be tested for alcohol and/or any controlled substances. The employee shall be directed or taken to the sample collection site previously identified by the EAP office as soon as possible after the job-related accident.

B. Reasonable Suspicion Testing
1. Any employee may be required to provide a urine, saliva, and/or blood sample when there is reasonable suspicion that the employee is using controlled substances or alcohol or is under the influence of either while on the job.

2. Employees shall be tested for alcohol and/or controlled substances when the CPSB has reasonable suspicion to believe that the employee has violated the prohibitions in this policy concerning alcohol and/or controlled substances, or if the employee’s behavior and appearance indicate alcohol or drug use. The CPSB’s determination that reasonable suspicion exists to require an alcohol and/or drug test must be based on a specific, contemporaneous, articulable observations by a designated supervisor, as defined by this policy, concerning the appearance, behavior, speech, or body odors of employees. The observations may include indications of the chronic and withdrawal effects of controlled substances. The CPSB cannot allow an employee to remain on duty if alcohol and/or drug use is suspected.

3. A written record shall be made of the observations leading to an alcohol or controlled substances reasonable suspicion test, and shall be signed by the designated supervisor, as defined by this policy, who made the observations within 24 hours of the observed behavior or before the results of the alcohol or controlled substances tests are released, whichever is earlier. The written record shall be made by completing the forms "Reasonable Suspicion Checklist for Supervisors" and "Reasonable Suspicion Checklist" attached hereto as Attachments "A" and "B". This written record shall be forwarded to the EAP Office to be maintained in the EAP Office.

4. Any designated supervisor, as defined by this policy, who because of existing circumstances reasonably suspects that an employee is using alcohol and/or drugs while on the job may request that the employee undergo alcohol and/or drug testing. A designated supervisor, as defined by this policy, may use any of the following observable signs as indicators: observation of drug use; apparent drug or alcohol intoxication; abnormal erratic behavior; recent arrest for alcohol and/or drug-related offenses; written reports from apparently reliable and credible sources; or evidence that the employee tampered with a previous drug test.

5. Any person who has reason to believe that an employee is either using alcohol and/or drugs while on the job, or is under the influence of alcohol and/or drugs while on the job, may contact that
employee's designated supervisor and request that the designated supervisor observe the employee and determine if reasonable suspicion exists to require an alcohol and/or drug test.

6. If reasonable suspicion exists to require alcohol testing, the employee shall not be permitted to perform, or continue to perform his job function until an alcohol test is administered and the employee's alcohol concentration measures less than 0.02, or, 24 hours have elapsed following the determination that there is reasonable suspicion to believe that the employee has violated the prohibitions in this policy concerning the use of alcohol.

7. An employee may be tested when the employee engages in an unsafe on-the-job activity which clearly poses a threat to life or serious personal injury or to the overall operation of the CPSB, and there is reasonable suspicion that alcohol and/or drugs contributed to the activity or incident.

8. As to employees subject to DOT regulations, reasonable suspicion testing under this policy is authorized only if the required observations are made during, just preceding, or just after the period of work day that the employee is performing a safety/security sensitive function.

9. The following additional mandates apply to employees subject to DOT regulations:

   a. Alcohol testing must be conducted within two (2) hours following the determination of reasonable suspicion. If the testing is not conducted within two (2) hours, the CPSB must prepare and maintain on file a record stating the reason why the test was not promptly conducted.

   b. If the alcohol test is not conducted within eight (8) hours after the determination of reasonable suspicion, the CPSB shall cease attempts to conduct the test and shall state in the records the reason for not administering the test. These records must be submitted to the appropriate DOT department officials upon request.

C. Random Drug & Alcohol Testing
Random alcohol and/or drug testing for employees in safety/security sensitive positions listed in Part XIII of this policy shall be performed and administered as follows:

1. The selection of employees for random alcohol and controlled substances testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with employees' Social Security numbers, payroll identification numbers, or other comparable identifying numbers.

2. Each employee selected for random alcohol and controlled substance testing under the selection process used shall have an equal chance of being tested each time selections are made.

3. Confidentiality is required to protect the integrity of the testing program. Planned testing dates and the identity of the designated employees must be kept in the strictest confidence. Due to the random selection method, each employee may be subject to testing each time a test is conducted.

4. Employees selected for random testing and each such individual first line supervisors should be notified the same day the test is scheduled, preferably within two (2) hours of the scheduled test.

5. Designated employees shall be required to report to the location of the sample collection site with appropriate photo-identification within two (2) hours of the notification by their supervisor.

6. As to employees subject to the DOT regulations, the CPSB shall select a number of employees to equal an annual rate of not less than twenty-five (25) percent for alcohol and fifty (50) percent for drugs of the total number of employees subject to alcohol and drug testing. The dates for administering random testing must be spread reasonably through the calendar year.

D. Rehabilitation (Follow-Up) Testing

1. In order to monitor employee compliance with any rehabilitation or treatment agreement, alcohol and/or drug testing shall be performed.

2. Continued employment shall be contingent upon each employee's personal responsibility toward maintaining organizational standards and productivity. Monitoring for the presence of alcohol and drug(s) use will be frequent and unannounced. Urine specimens
will be collected under direct observation. Blood, saliva, hair and/or urine may be used as samples for monitoring alcohol and/or drug use. Rehabilitation/EAP testing will continue for 24-months, starting with the date of the positive confirmed drug or alcohol test. Employees who are found to be using alcohol and/or drugs during rehabilitation or treatment shall be subject to termination.

3. Employees participating in rehabilitation or treatment shall be subject to a minimum of six (6) unannounced follow-up alcohol and/or controlled substances tests administered by the CPSB during the twelve (12) month period following entry into the rehabilitation and treatment program. Additionally, the SAP may:

   a. Direct additional testing during this period or for an additional period up to a period of sixty (60) days from the date the employee returns to work; or

   b. Terminate the requirement for follow-up testing in excess of the minimum at any time; or

   c. Conduct follow-up drug testing on an employee during the follow-up alcohol-testing period, when the SAP has reason to suspect drug involvement.

E. Voluntary Testing

Voluntary testing applies to employees who may wish to test at various times to confirm their personal alcohol and/or drug-free status. This will provide employees an opportunity to demonstrate their commitment to the goal of an alcohol and drug-free workplace in their work setting and to set an example for other employees. Such testing will be limited by budget constraints and the number of personnel tested will be controlled by the Assistant Superintendent of Human Resources (or his/her designee).

F. Pre-Employment Testing

1. All employees whose duties require a commercial driver's license (CDL), or whose principal responsibility includes operating or maintaining a CPSB vehicle, shall undergo an alcohol and drug test prior to the first time the employee performs his job functions for the CPSB. No such employee (new or transferred) can perform his job functions unless a pre-employment alcohol test result in a concentration level less than 0.02 and a negative drug test verified by the MRO is received by the CPSB. Testing shall occur:
a. Before the first time that such an employee performs a job function after being newly hired; or

b. Before the first time that such an employee performs a job function after being transferred to such position within the Caddo Parish School System.

2. If pre-employment tests indicate an alcohol concentration of 0.02 or greater but less than 0.04, such employee cannot perform or be allowed to perform a job function until his or her alcohol concentration falls below 0.02 on a subsequent test. The employee cannot be re-tested any sooner than eight (8) hours following the previous test.

G. Return-to-Duty Testing

1. An employee who has violated any of the employee prohibitions provisions of this policy shall be evaluated, treated (where indicated), and tested with a result indicating a concentration of less than 0.02 for alcohol, and negative for controlled substances, received before returning to duty.

2. A positive result on a return-to-duty alcohol or drug test indicates a problem that has not been resolved; the employee may not re-test without being evaluated by the SAP.

3. The decision to return the employee to work and to conduct alcohol and drug testing rests with the CPSB. The SAP is to advise the CPSB as to whether the employee has complied with the recommended rehabilitation or treatment program.

4. The CPSB may conduct alcohol and/or drug testing during the employee's rehabilitation or treatment program.

VII. SUPERVISORY AND EMPLOYEE TRAINING PROGRAM

A. Supervisors

1. All designated supervisor, as defined by this policy, shall receive at least one (1) hour of training on alcohol misuse and one (1) additional hour of training on controlled substances use. The training will be used by the designated supervisor to determine whether reasonable suspicion exists to require an employee to undergo testing under the policy. The training shall include the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of controlled substances. The
training shall also include education on the physical and psychological effects of substance, how to identify substance abusers, how to properly document job performance, when and how to make a referral, how to properly conduct reasonable and random suspicion drug testing and support they can receive from the Employee Assistance Office. This training will be provided every other year.

2. The EAP Office shall maintain written records of all employees who are required to submit to post-accident and/or reasonable suspicion alcohol and/or drug tests. Additionally, the EAP Office shall report to the Superintendent, on a monthly basis, the number of employees required to undergo such testing by each designated supervisor, and of those tested, the number of positive and negative alcohol and/or drug test results.

3. A designated supervisor shall be subject to disciplinary action if he repeatedly refers employees for reasonable suspicion alcohol and/or drug testing and those employees are found to have negative test results.

B. Employees

The CPSB shall provide employees with information about alcohol and drug misuse. All employees must sign the CPSB’s notice of the availability of materials.

VIII. CONSEQUENCES FOR VIOLATION OF POLICY

A. Termination

Any employee engaged in the manufacture, sale, trafficking or distribution of any drug identified in Schedules I, II, III, IV, or V of 21 U.S.C. 812 on any property of the school board at any time or in any vehicle owned or leased by the school board at any time, or during his/her working hours, regardless of location or activity, shall be subject to immediate termination and shall not be eligible for rehabilitation.

B. Disciplinary Action up to and Including Termination

1. Compliance with this CPSB Employee Alcohol and Drug Testing Policy is a condition of employment. Any employee who violates this policy shall be subject to disciplinary action, which may include termination.

2. Any employee who, in accordance with this policy, provides a sample that is determined to be positive for the presence of alcohol
or drugs after a confirmatory test, will be required to report to the EAP Office and undergo an assessment, evaluation, rehabilitation, or treatment by a SAP or be subject to disciplinary action.

3. Any employee with a confirmed alcohol and/or drug positive test result shall be given the opportunity for treatment and rehabilitation if all of the following conditions are met:

   a. employee has not had a previous confirmed alcohol and/or drug positive test administered through the EAP office of the CPSB;

   b. his/her work performance has been identified as satisfactory;

   c. he/she is not on current suspension for work performance deficiencies or other personnel problems;

   d. he/she has not been convicted of any prior alcohol and/or drug use, abuse, sale, distribution, trafficking or other alcohol and/or drug related crimes; and

   e. the employee agrees to work harmoniously with the EAP Office.

4. Employees referred to the EAP Office because of a confirmed alcohol and/or drug positive test result must immediately cease any alcohol abuse or drug use. They must subject themselves to periodic unannounced testing for 24-months and must comply with all other conditions of assessment, counseling and/or treatment.

5. Employees who undergo rehabilitation or treatment for alcohol or drug abuse and continue to work must meet all standards of conduct established by the school board and other regulatory guidelines to include the DOT requirements, as well as a satisfactory job performance.

6. Based upon appropriate documentation and established standards of job performance, the School Board may terminate any employee who violates this policy or fails to properly perform his/her job during the 24-month rehabilitation or treatment period. Any confirmed positive alcohol/drug-test result during this period of rehabilitation or treatment shall subject the employee to immediate termination.

7. Employees entering rehabilitation and treatment must demonstrate a commitment to the rehabilitation by formally enrolling and actively
participating in rehabilitation and treatment as outlined by the EAP Office SAP.

8. The Superintendent or his designee may, upon notification of any positive alcohol and/or drug screening test obtained pursuant to this policy, immediately suspend the employee with pay pending confirmatory test, and, upon notification of a confirmed positive alcohol and/or drug test, may suspend the employee with or without pay pending a decision regarding rehabilitation, treatment, termination or other disciplinary action.

9. Refusal by an employee to submit to an alcohol and/or controlled substances test when required by this policy to do so, shall be cause to terminate an employee for willful neglect of duty.

10. Any employee with an alcohol confirmation test or a confirmed drug test received by the MRO may be terminated for neglect of duty, incompetence, and/or failing to follow CPSB policy.

11. Failure of any supervisor to enforce the provisions of this policy will result in disciplinary action for willful neglect of duty.

12. Any employee who tests positive or alcohol or a controlled substance shall be assessed by the SAP. The SAP will conduct an evaluation, provide education, counseling, and/or rehabilitation treatment based upon the employee=s needs. The employee shall be provided the opportunity for treatment and rehabilitation if he/she meets the qualifications and requirements for participation in such programs. The employee who meets the participation standards shall be required to enter a rehabilitation or treatment program as prescribed by the EAP Office. If the employee is unwilling to pursue a rehabilitation or a treatment program or fails to make satisfactory progress within such program, the employee shall be subject to termination.

IX. WORKERS’ COMPENSATION ALCOHOL AND DRUG TESTING

A. These standards apply to all employees who are covered by the Louisiana Labor and Workers Compensation Law. With respect to any accident or injury in the course and scope of employment, no employee shall be required to submit to an alcohol and/or drug test except for the reasons in Section VI (A)(1). Pursuant to La. R.S. 23:1201, after a job-related accident or injury, an employee shall have the right to select one treating physician in any field or specialty even if they are directed by CPSB to a sample collection site for post-accident alcohol and/or drug testing as required in Section VI of this policy.
B. For purposes of proving intoxication, all supervisors and Certified or Classified Personnel Director shall rely on the following presumptions set forth in R.S. 23:1081 or as such standards are hereafter amended by the Louisiana Legislature:

1. If there was, at the time of the accident, 0.05 percent or less by weight of alcohol in the employee's blood, it shall be presumed that the employee was not intoxicated.

2. If there was, at the time of the accident, an excess of 0.05 percent but less than 0.08 percent by weight of alcohol in the employee's blood, such fact shall not give rise to any presumption that the employee was or was not intoxicated, but such fact may be considered with other competent evidence in determining whether the employee was intoxicated.

3. If there was, at the time of the accident, 0.08 percent or more by weight of alcohol in the employee's blood, it shall be presumed that the employee was intoxicated.

4. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred cubic centimeters of blood.

5. If there was, at the time of the accident, evidence of either on or off the job use of a non-prescribed controlled substance as defined in 21 U.S.C. 812, Schedules I, II, III, IV, and V, then it shall be presumed that the employee was intoxicated.

C. Use as Evidence

The results of any alcohol and/or drug test administered under this policy shall be considered admissible evidence in any proceeding related to R.S. 23:1021 et seq. (workers compensation) or R.S. 23:1601(10) (claim for unemployment compensation) and in any other administrative proceeding, hearing or civil litigation where the use of alcohol/or drugs by the employee is relevant.

D. Intoxication Finding

A finding of intoxication at the time of a job-related accident, as a result of testing or an injured employee's refusal to submit to testing shall result in a legal presumption that the accident was caused by intoxication and neither workers' compensation benefits nor unemployment compensation benefits will be allowed as set forth in the Louisiana statute(s).

E. Workers’ Compensation Benefits
When an employee is injured because of a job-related accident and after alcohol/drug testing, is determined to be intoxicated under the standards set for in R.S. 23:1081 or the employee refused to submit immediately to such testing, then in accordance with state law such employee shall be presumed to be intoxicated at the time of the accident and may be denied workers’ compensation benefits in addition to any other disciplinary action that may be authorized.

F. Unemployment Compensation

A positive alcohol and/or drug confirmatory test result may be used as a basis to terminate an employee for wrongful conduct and to deny unemployment compensation as set forth in R.S. 23:1601, or as the basis for any other disciplinary action.

G. Grievance Procedure

Action to terminate an employee under this policy shall be subject to the grievance procedure and/or any due process hearing that may be required by law.

X. ALCOHOL AND/OR DRUG REHABILITATION FOR EMPLOYEES

A. Voluntary Rehabilitation

1. The following policies apply to employees who do not occupy safety/security sensitive positions:

   a. Any employee can voluntarily seek counseling, treatment, or rehabilitation through the EAP Office. Upon voluntary entry into the program, the employee may be tested to establish methods of treatment, level of abuse and types of drugs within the individual=s system. If the employee admits to alcohol and/or drug use, urine testing may not be necessary for the purpose of this policy. These employees will not be reported back to their supervisor or any other CPSB authority as long as they are making satisfactory progress in the rehabilitation program. If an employee has entered rehabilitation on a voluntary basis, and then receives a positive alcohol and/or drug test, thereafter all positive drug test(s) will be reported to the Certified or Classified Personnel Director. All employees are expected to stop using alcohol and/or drugs after voluntarily
entering rehabilitation. Additional confirmed alcohol and/or drug use after entering rehabilitation is considered as a failure of the rehabilitation program. These employees, even though voluntarily identified, shall be required to remain drug free while in the rehabilitation program and shall be tested for twenty-four (24) months.

b. Employees entering treatment or rehabilitation on a voluntary basis will be tested as outlined in Part VII, Section D (Rehabilitation/Follow-Up Testing) of this policy. Employees who do not complete this course of action or fail to respond to these requirements will be reported back to their supervisor and the Certified or Classified Personnel Director for administrative action.

2. The following policies apply to employees who occupy Safety/Security Sensitive Positions:

a. Employees who occupy a safety/security sensitive position or who are subject to DOT regulations, and who admit to alcohol misuse or controlled substances use are not subject to the referral, evaluation and treatment requirements of this policy, provided that:
   1. The admission in accordance with the voluntary self-identification policy contained in this section;
   2. The employee does not self-identify in order to avoid testing under the requirements of this policy;
   3. The employee makes the admission of alcohol misuse or controlled substances use prior to performing a safety sensitive function i.e., prior to reporting for duty; and
   4. The employee does not perform a safety sensitive function until he has been evaluated and has successfully completed education or treatment requirements in accordance with the self-identification program guidelines of this policy.

b. The voluntary self-identification policy provides as follows:
   1. The CPSB will not take adverse action against an employee making a voluntary admission of alcohol misuse or controlled substances use within the parameters of the policy;
   2. The employee will be allowed sufficient opportunity to seek evaluation, education, or treatment to establish control over the employee’s drug or alcohol problem;
3. The employee will be permitted to return to safety sensitive duties only upon successful completion of an educational or treatment program, as determined by a drug and alcohol abuse evaluation expert, i.e. employee assistance professional, substance abuse professional, or a qualified drug and alcohol counselor;

4. Prior to participating in a safety sensitive function, the employee shall undergo a return to duty test with a result indicating an alcohol concentration of less than 0.02 and/or a controlled substance test with a verified negative test result for controlled substances use.

B. Rehabilitation for Supervisory Referrals Identified through Reasonable Suspicion Causes

Employees who test positive through reasonable suspicion testing or are found to have drugs in their possession, or admit to drug use, or which are otherwise identified as being involved with illegal drugs or the use of alcohol on the job, will be referred to the EAP Office. Employees referred to the EAP Office for alcohol and/or drug problems will be required to enter a course of treatment as outlined by the EAP Office. These individuals will be required to remain in the EAP program for a period of twenty-four (24) months and will be tested as outlined in Part VII, Section D (Rehabilitation/Follow-Up Testing) of this policy. Employees who do not complete this course of action or fail to respond to these requirements will be reported back to their supervisor and the Personnel Director for administrative action.

XI. CADDO PARISH SCHOOL BOARD AND EMPLOYEE RECORDS ACCESS AND RETENTION POLICY

In accordance with R.S. 49:1011A, any employee, confirmed positive, upon his/her written request, shall have the right of access within seven (7) working days to records relating to his/her alcohol and/or drug test and any records relating to the suspension/revocation-of-certification proceedings. The employee may contact the EAP Office for assistance about his or her records. The CPSB EAP Office shall maintain records covered under the DOT Policy for a period of five (5) years. All other records will be maintained in accordance with the applicable federal or state law.

XII. CONFIDENTIALITY

The CPSB is sensitive to the confidentiality needs of employees and accordingly establishes the following guidelines:
A. This policy requires, except to the extent necessary to conduct any administrative or disciplinary proceedings, or to engage in any civil litigation where the use of drugs or alcohol by the employee is relevant or to comply with any state reporting statutes, will ensure that all information relating to the results of alcohol and/or drug-testing is kept confidential.

B. Documents relating to the results of the alcohol and drug testing policy shall be maintained at the EAP Office and shall not be placed in the employee's personnel file.

C. The employee's confidentiality shall be protected to the extent required by law. Employees shall be identified through their Social Security number or some other alternate method of identification.

D. All disciplinary proceedings resulting from a violation of this policy will be conducted in strict accordance with applicable state or federal law.

EMPLOYEE HEALTH AND SAFETY

The Caddo Parish School Board recognizes the importance of protecting the health and welfare of students, teachers, and other employees of the educational system from the spread of communicable diseases. The transfer of certain diseases by contact with body fluids may pose a health risk to students, teachers and employees. Therefore, decisions regarding the type of educational and care setting for an infected person should be based on the behavior, neurologic development, and physical interaction with others in that setting. The risk in the school setting should also be considered since children may have a greater risk of encountering infectious agents in a school setting than at home.

It is the responsibility of each and every employee to conduct themselves in a safe and orderly manner. All employees should follow the safe operating practices.

Unanticipated events that may quickly escalate into tragic or catastrophic school-wide situations should be dealt with in accordance with the School Board’s Crisis Management plan in order to protect the welfare, safety and care of students and staff.

HANDLING BODY FLUIDS IN SCHOOL

All personnel shall be required to follow specific guidelines in the handling of body fluids in the school setting. While the risk of infection may be low, contact with body fluids shall be minimized. Employees who fail to use the precautions outlined in policy GAMFB, Guidelines for Handling Body Fluids in Schools, may be subject to disciplinary action.

EMPLOYEE COMMUNICABLE DISEASES

The Caddo Parish School Board recognizes the importance of protection of the health and welfare of students, teachers, and other employees of the educational system from the spread of communicable diseases, including AIDS. The provisions contained herein shall be reviewed and revised regularly as necessary to reflect current medical research and legal opinion.

A communicable disease shall be defined as persistent or recurring infection which may be potentially transmitted to a susceptible person by contact with an infected individual.

When reliable evidence or information from a public health officer or physician confirms an employee of the School Board has a communicable disease or infection that is known to be spread by any form of casual contact and is considered a health threat to the school population or work environment, the Superintendent may exclude such person from school or employment for not more than five (5) days, or the amount of time required by state or local public health officials. Such staff member shall be excluded unless the public health officer approves return to employment or the condition is no longer contagious.

When reliable evidence or information from a public health officer or physician confirms a staff member has a communicable disease or infection that is known not to be spread by casual contact, the decision as to whether or not the affected person shall remain in school or the employment workplace shall be addressed on a case-by-case basis by a Review Panel to ensure due process.

Infected employees shall inform appropriate school officials of the infection so that proper precautions for the protection of the students, other employees, and the infected employee can be taken. Failure to do so may be grounds for termination of employment.

Irrespective of the disease presence, routine procedures shall be used and adequate sanitation facilities shall be available for handling blood or body fluids within the school setting or on school buses. School personnel shall be trained in the proper procedures for handling blood and body fluids and these procedures shall be strictly adhered to by all school personnel (see policy GAMFB, Guidelines for Handling Body Fluids in Schools).

REVIEW PANEL

Communicable diseases that are known not to be spread by casual contact shall be addressed on a case-by-case basis by a Review Panel. Membership of the Review Panel, procedures for convening the Review Panel, and the process used to review the case shall be as outlined in Health and Safety, Bulletin 135, Louisiana Department of
Education.

The Superintendent shall provide a written decision to the affected party within three (3) operational days (i.e. a day when the School Board Central Office is open for business) after the Review Panel convenes. The written decision shall convey information brought out during the review process and include the rationale for the decision concerning attendance at work by the employee.

APPEALS

Appeals may be made by the affected employee in writing to the Superintendent and subsequently to the School Board as outlined in Health and Safety, Bulletin 135, Louisiana Department of Education. If the written decision of the Superintendent is contrary to the majority opinion of the Review Panel, a majority of the Review Panel has the right to appeal the decision in the same manner as outlined in Bulletin 135.

CONFIDENTIALITY

All persons involved in procedures to assess attendance at work of an employee with a communicable disease that is not spread by casual contact shall be required to treat all medical information about the employee, proceedings, deliberations, and documents as confidential information. Records of the proceedings and the decisions shall be kept by the Superintendent in a sealed envelope with access limited to only those persons receiving the consent of the infected person, in accordance with state or federal law.

Before any medical information is shared with anyone in the school or work setting, a “Need to Know” review shall be made which includes the employee or his/her representative, unless the information is required to meet the mandates of federal or state law or regulation, or Louisiana Board of Elementary and Secondary Education (BESE) policy.

GUIDELINES FOR HANDLING BODY FLUIDS IN SCHOOL

The Caddo Parish School Board shall require all personnel to follow specific guidelines in the handling of body fluids in the school setting. While the risk of infection may be low, contact with body fluids shall be minimized. Employees who fail to use the precautions outlined in the guidelines for handling body fluids may be subject to disciplinary action.

The body fluids of all persons should be considered to contain potentially infectious agents (germs). The term body fluids includes: blood, semen, drainage from scrapes and cuts, feces, urine, vomitus, respiratory secretions (e.g., nasal discharge) and saliva. Contact with body fluids presents a risk of infection with a variety of germs. In general, however, the risk is very low and dependent on a variety of factors including the type of fluid with which contact is made and the type of contact made with it.

The following table provides examples of particular germs that may occur in body fluids of children and the respective transmission concerns. The body fluids with which one may come in contact usually contain many organisms, some of which may cause disease. Furthermore, many germs may be carried by individuals who have no symptoms of illness. These individuals may be at various stages of infection: incubating disease, mildly infected without symptoms, or chronic carriers of certain infectious agents including the AIDS and hepatitis viruses. In fact, transmission of communicable diseases is more likely to occur from contact with infected body fluids of unrecognized carriers than from contact with fluids from recognized individuals because precautions are not always carried out.

1. **Contact With Body Fluids**

When possible, direct skin contact with body fluids should be avoided. Disposable gloves should at least be available in the office of the custodians, nurses, or principal. It is recommended that gloves be available in every classroom, and convenient to teachers on playground duty. Gloves are recommended when direct hand contact with body fluids is anticipated (e.g., treating bloody noses, handling clothes soiled by incontinence, cleaning small spills by hand). Gloves used for this purpose should be put in a plastic bag, and sprayed with a solution of 1 part bleach to 10 parts water, mixed fresh, and disposed in a lined trash can, secured, and disposed of daily.

2. **Direct Skin Contact**

In many instances, unanticipated skin contact with body fluids may occur in situations where gloves may be immediately unavailable (e.g., when wiping a runny nose, applying pressure to a bleeding injury outside the classroom, helping a child in the bathroom). In these instances, hands and other affected skin areas of all exposed persons should be routinely washed with disinfectant soap and water for a full three (3) minutes after direct contact has ceased. Clothing and
other non-disposable items (e.g., towels used to wipe up body fluid) that are soaked through with body fluids should be rinsed and placed in plastic bags. If presoaking is required to remove stains, (e.g., blood, feces), use gloves to rinse or soak the item in cold water prior to bagging. Clothing should be sent home for washing with appropriate directions to parents/teachers. Contaminated disposable items (e.g., tissues, paper towels, diapers), should be handled as with disposable gloves.

3. Removing Spilled Body Fluids From The Environment

Most schools have standard procedures already in place for removing body fluids (e.g., vomitus). These procedures should be reviewed to determine whether appropriate cleaning and disinfection steps have been included. Many schools stock sanitary, absorbent agents specifically intended for cleaning body fluid spills. Disposable gloves should be worn when using these agents. The dry material is applied to the area, left for a few minutes to absorb the fluid, and then vacuumed or swept up. The vacuum bag or sweepings should be disposed of in a plastic bag. Broom and dustpan should be rinsed in a disinfectant. No special handling is required for vacuuming equipment.

4. Handwashing Procedures

Proper handwashing requires the use of soap and water and vigorous washing under a stream of running water for approximately one minute.

Soap suspends easily removable soil and microorganisms allowing them to be washed off. Running water is necessary to carry away dirt and debris. Rinse under running water. Use paper towels to thoroughly dry hands.

Should an ungloved person have any contact with bodily fluids, the person having contact should wash his/her hands for a full three (3) minutes using disinfectant soap and water.

5. Disinfectants

An intermediate level disinfectant should be used to clean surfaces contaminated with body fluids. Such disinfectants will kill vegetative bacteria, fungi, tuberculosis bacillus and viruses. The disinfectant should be registered by the U. S. Environmental Protection Agency (EPA) for use as a disinfectant in medical facilities and hospitals.

Various classes of disinfectants are listed below. Hypochlorite solution (bleach) is preferred for objects that may be put in the mouth.

A. Ethyl or isopropyl alcohol (70%)
B. Phenolic germicidal detergent in a 1 per cent aqueous solution (e.g., Lysol*)

C. Sodium Hypochlorite with at least 100 ppm available chlorine (2 cup household bleach in 1 gallon water, needs to be freshly prepared each time it is used)

D. Quaternary ammonium germicidal detergent in 2 per cent aqueous solution (e.g., Tri-quat*, Mytar* or Sage*)

E. Iodophor germicidal detergent with 500 ppm available iodine (e.g., Wescodyne*)

*Brand names used only for examples of each type of germicidal solution, and should not be considered an endorsement of a specific product.

6. Disinfection Of Hard Surfaces And Care Of Equipment

After removing the soil, a disinfectant is applied. Mops should be soaked in the disinfectant after use and rinsed thoroughly or washed in a hot water cycle before rinse. Disposable cleaning equipment and water should be placed in a toilet or plastic bag as appropriate. Non-disposable cleaning equipment (dust pans, buckets) should be thoroughly rinsed in the disinfectant. The disinfectant solution should be promptly disposed down a drain pipe. Remove gloves and discard in appropriate receptacles.

7. Disinfection Of Rugs

Apply sanitary absorbent agent, let dry and vacuum. If necessary, mechanically remove with dust pan and broom in disinfectant. If necessary, wash brush with soap and water. Disposal of nonreusable cleaning equipment shall be as noted above.

8. Laundry Instructions For Clothing Soiled With Body Fluids

The most important factor in laundering clothing contaminated in the school setting is elimination of potentially infectious agents. Clothing soaked with body fluids should be washed separately from other items. Presoaking may be required for heavily soiled clothing. Otherwise, wash and dry as usual. If the material is bleachable, add 2 cup household bleach to the wash cycle. If the material is not colorfast, add 2 cup of non-hypochlorite solution to the wash cycle.

HEALTH EXAMINATIONS

The Caddo Parish School Board, through the Superintendent or designee, may require an employee to have a medical examination whenever there is evidence the employee's condition warrants such action, or there is concern for safety. Examinations may also be conducted to determine adequacy of job performance or to meet requirements of state or federal laws. All examinations conducted shall conform to all state and federal requirements. The physician shall be designated by the Superintendent and/or his/her designee, and the cost of the examination shall be paid by the School Board. The School Board may be entitled to reimbursement from an employee for the costs of such employee's or applicant's pre-employment medical examination or drug test, however, if the employee terminates the employment relationship sooner than ninety (90) working days after the first day of work or never reports to work, unless there is a substantial change made to the employment by the School Board.

BUS OPERATOR

All bus operators must pass a physical and eye examination meeting current CDL requirements annually. The physical examination must be conducted by a federal DOT certified physician approved by the CPSB. More extensive and/or frequent exams may be required by the CPSB Transportation Department if the driver has suffered a heart attack or other serious illnesses in which case the operator must produce a certificate of health and must have permission to return to work by a licensed DOT physician approved by the CPSB Transportation Department.

In addition, if the Superintendent or his/her designee determines after investigation that a bus operator’s health may be adversely affecting his/her ability to perform his/her duties at whatever age, then the Superintendent or his/her designee may require that the operator submit to a physical examination by a physician of the Superintendent’s choosing, to assist in assessing the bus operator’s health and possible effects on operation of the vehicle.

Bus operators must pass initial drug and alcohol screening requirements and USDOT directed random testing as specified by the Federal Motor Carrier Safety Administration.

EMPLOYEE ASSISTANCE AND HEALTH PROMOTION PROGRAM

The Caddo Parish School Board recognizes that employees may have personal problems that could affect their overall job performance. Some of these problems are excessive absences, behavior that is causing a disruption at the work site, safety violations, alcohol/drug abuse, and financial problems, all of which may contribute to the employee's poor job performance, high medical claims or even death.

In order to promote a healthy work environment and provide employees with health related issues, the School Board shall establish and maintain an Employee Assistance Program (EAP). The purpose of the EAP is to help employees cope with stress and other health related issues by providing discussions regarding problem-identification/assessment, stress reducing activities, workplace consultation, crisis intervention, referral and follow-up services. The Caddo Parish School Board considers that seeking assistance and support for a myriad of health related issues should be seen as a positive approach to be encouraged and dealt with without jeopardy, and not to be viewed in any sense as an admission of weakness.

SERVICES AND CONDITIONS

The Employee Assistance Program shall be a responsibility of the Division of Human Resources. The Employee Assistance Program shall provide health awareness and education programs designed to inform supervisors and employees about such issues as the harmful effects of alcohol and other drugs, the effects of poor job performance, and other negative conditions that are not conducive in a healthy workplace.

Training and education shall be provided to supervisors to help them identify employees whose work performance may be substandard or affected by alcohol/drug abuse or other harmful behavior. Assessments and/or evaluations of employee health issues, direct counseling of employees or referrals to other professional counseling and assessment services shall also be provided through the EAP. Assessment may include drug screening, physical and/or psychological testing and referral.

VOLUNTARY USE OF THE EAP

Employees may voluntarily use the EAP and shall not have their employment or job security jeopardized because of participation in any EAP activity, including assessment, counseling or treatment. EAP participation, however, does not preclude disciplinary action for behavior or conduct that is unacceptable or in violation of Caddo Parish School Board policy. In cases where an employee is seeking assistance for alcohol and drug abuse concerns, the provisions of policy GAME, Employee Alcohol and Drug Testing shall prevail. In this instance, employees should be aware of the consequences for subsequent positive test results. An employee’s request for counseling or treatment shall not serve as a basis for denial of benefits, promotional opportunities or the termination of employment. Voluntary use of the EAP shall be confidential and this
information shall not be reported to any person within the Caddo Parish School System, unless mandated by federal and/or state law.

SUPERVISORY REFERRALS

This type of referral is when the supervisor or principal encourages the use of the Employee Assistance Program when the performance of an employee appears to be a contributing factor causing disruption in the workplace. The supervisor may use this type of referral for the purpose of helping the employee. The decision to accept assessment, treatment and/or referral is solely the responsibility of the employee.

FITNESS-FOR-DUTY/MANAGEMENT DIRECTED REFERRAL

This type of referral is used to address employee situations that require immediate attention and for which an employee should not be allowed to remain in the workplace until the problem is resolved. Such a referral may only be issued by the Superintendent, Assistant Superintendent/Chief, or the appropriate Director of Human Resources. The purpose of the referral is to address extraordinary situations where an employee poses a potential hazard or risk to themselves or others in the workplace. It may also be used to determine an employee’s fitness to perform the job functions. Some reasons for this type of referral include, but are not limited to:

1. Violence or threats of violence in the workplace;
2. Suicidal/safety risk;
3. Confirmed or self-reported drug/alcohol use in the workplace/safety risk.

The employee may be (1) referred to the EAP office or (2) allowed to obtain services from a health care provider (HCP) selected by the employee who practices in the same area/field of expertise that the EAP office would utilize as a referral to the employee. Any costs for services not covered by the employee’s insurance benefits shall be the responsibility of the employee.

The employee has the right to accept or refuse the services. However, if the employee refuses services under this type of referral, appropriate administrative action(s) may be taken concerning the job performance or conduct issue that prompted the referral in accordance with School Board policy.

If the employee participates in the referral process, the employee shall agree that the EAP office shall be contacted in advance of the appointment (whether to EAP provider or HCP selected by the employee) to provide background information about the employee and details of the job performance or conduct issue that is of concern. The employee shall be required to sign a release authorizing the EAP office or HCP to release certain limited information and reports to a designated School Board administrator (Superintendent, Assistant Superintendent/Chief, or appropriate Director of Human Resources). This information shall be limited to the following: whether the employee kept the initial EAP or HCA appointment; whether the employee agreed or
disagreed to follow the EAP’s or HCA’s recommendations; continuing compliance updates and progress toward fitness for duty; specific recommendations, if any, for allowing the employee to return to work; and closure of services. The EAP office or HCP shall provide this information to the designated School Board administrator (Superintendent, Assistant Superintendent/Chief, or appropriate Director of Human Resources) upon their request for information.

BENEFITS

All appropriate leave-of-absence policies and group insurance coverage shall apply to EAP services as outlined in the organization's insurance plan.

RECORDS

All records created within the EAP shall be stored and maintained within the Employee Assistance Office. These records shall not become part of any employee's personnel file.

All records maintained by the EAP shall be destroyed according to federal or state coding of the subject matter.

Employees shall have access to their records, but the release of that information to another agency, in-house department or the general public (verbally or written) requires a signature from the employees, except when mandated by federal or state law.

CONFIDENTIALITY

All referrals to the EAP office shall be treated as confidential. All employees working in the EAP office and other employees within the district having access to confidential referral information shall sign a statement indicating that he/she shall maintain as confidential, the information submitted to the EAP office or to the designated Administrator. Information may only be shared as necessary to perform the job duties of the individual employee having access to the confidential information. DANGEROUS WEAPONS

Quality education begins with a safe school environment. The presence of firearms or any dangerous weapon on school campuses or at school-sponsored events presents unnecessary opportunities for students, employees, parents, and others to be seriously injured.

Employees of the Caddo Parish School Board shall be prohibited from bringing firearms, dangerous weapons, or any instrument intended or likely to produce great bodily harm, or any sort of instrument or object which may be used in any way as a weapon, onto school campuses or to school-sponsored events or on a school bus. Employees who violate this prohibition shall be considered as willfully neglecting their duties and shall be subject to disciplinary action against them, up to and including termination. Others who violate this policy shall be subject to expulsion from School Board property.

This policy is not intended to prevent firearms from being brought to school for educationally-related purposes, such as ROTC training, props for drama presentations, gun safety classes, etc. The provisions of this policy shall also not apply to law enforcement officers or school resource officers on school property. For purposes of this policy, the term firearm is defined to include both instruments which propel shot by the action of gunpowder (i.e., rifles, shotguns) and instruments which propel shot by the action of air (i.e., pellet guns, BB guns).

FIREARM FREE ZONES

It is unlawful for an employee to intentionally possess a firearm on school property or within 1000 feet of school property, with limited exception, or while on a school bus. The area surrounding the school campus or within 1000 feet of any such school campus, or within a school bus shall be designated firearm-free zones. TELECOMMUNICATION DEVICES

Employees shall be prohibited from using electronic telecommunication devices such as personal cellular telephones, pagers, beepers or other such devices during the workday unless otherwise authorized or upon prior approval of their immediate supervisor.

Employees may use such communication devices during breaks or in emergency situations. Emergency means an actual or imminent threat to public health or safety which may result in the loss of life, injury, or property damage.

Notwithstanding the above provisions, this policy shall not affect the conduct of law enforcement activities including the use of electronic detection devices, dogs or other means of conducting searches for weapons, drugs, or other contraband in whatever manner is otherwise permitted by law and consistent with School Board policy.

Exceptions

School administrators and supervisors may be permitted to carry cell phones in sight due to administrative and safety responsibilities. It is suggested that the phone be in the vibrate mode and used out of the sight of students whenever possible. No personal use of the cell phone is allowed except as provided above for the teachers and staff.

EMPLOYER PROVIDED CELLULAR PHONES

The Caddo Parish School Board may provide cell phones to selected employees to ensure the safety of the educational community and school clientele, as well as to enhance all facets of school operations and procedures to improve the efficiency of the district. The Superintendent shall designate those employees who may be issued cell phones, based on the employees’ duties and responsibilities.

Cell phones are not a personal benefit, nor a primary mode of personal communication. Cell phones must be used for school-related business only.

School Board personnel shall monitor use of the School Board-owned cell phones for propriety and reasonableness of phone use.

ELECTRONIC RECORDING DEVICES

No employee of the Caddo Parish School Board shall utilize an electronic recording device to surreptitiously record a telephone or face-to-face conversation with any other person while the employee is on duty or where the communication concerns school
matters. To ensure compliance with this policy, and to protect the privacy rights of the individual who is subject to the use of a recording device, a school employee shall, prior to the initiation or use of any recording device to monitor a conversation with a third party, advise the third party that the conversation is being recorded and shall request the permission of the third party to record the conversation, which advice and consent for the recordation shall be documented at the beginning of the recordation of any such conversation. If permission to record is denied by the third party, no employee shall surreptitiously record a conversation with any third party.

This policy shall have no application to the following:

1. A recording made at the direct request and in conjunction with a member of a law enforcement agency pursuant to the investigation of criminal conduct by that agency;

School Board members’ official contact information and district supported emails which allow everyone to email individual School Board members shall also be posted on the School Board’s website. Blocking of contact information by employees, or School Board members shall not be permitted. Nothing in this policy shall prohibit individual School Board members from providing other means by which employees may contact them or from personally speaking to employees. Nothing in this policy shall prohibit administration from prohibiting spam or mass emails that inhibits the effective utilization of the email system.

ELECTRONIC COMMUNICATIONS BETWEEN EMPLOYEES AND STUDENTS

The Caddo Parish School Board shall require that all communications between employees and students be appropriate and in accordance with state law. All electronic or any other communications by employees to students at any time shall be expected to be professional, acceptable in content to any reasonable person, and limited to information that is school-related or is acceptable to both student and parent.

All electronic communication, including electronic mail, by an employee of the Caddo Parish School Board to any student enrolled in a school under the jurisdiction of the Caddo Parish School Board, shall use a means provided by or otherwise made available by the school system for this purpose. All such communication shall be relative to the educational services provided to the student. The School Board shall prohibit the use of any means to electronically communicate with a student that is not related to such educational services, except communication with an immediate family member if such communication is specifically authorized by the School Board.

The School Board recognizes the limitations of its communication system and the convenience associated with employees utilizing their own personal electronic communication devices for relaying information and assignments to their students. The School Board shall permit its employees to use their own personal electronic communication devices for communications between the employee and the employee’s students, provided the communications are for an educational purpose and the communication is timely reported to the building administrator.

Any electronic communication made by an employee at any Caddo Parish public school to a student enrolled at any school under the jurisdiction of the Caddo Parish School Board or that is received by an employee at any Caddo Parish public school from a student enrolled at any Caddo Parish public school using a means other than one provided by or made available by the school system shall be reported by the employee, in a manner deemed appropriate by the School Board, to the building administrator within one (1) week of the communication. Records of any such reported communication shall be maintained by the School Board for a period of at least one (1) year.

The School Board may authorize a school principal, or his/her designee, to permit an employee at the school to contact one or more specifically identified students enrolled at the school and be contacted by such student or students using a means other than one provided by or made available by the school, provided the employee has requested and received permission from the principal, or his/her designee, to do so and has provided documentation in writing to the principal, or his/her designee, stating the purpose or purposes for such contact. Such purposes may include but need not be limited to necessary communications relative to extracurricular activities, student athletic activities, community-based youth activities such as scouting, and faith-based activities such as a youth group sponsored by a religious organization.
DEFINITIONS

1. **Electronic Communication** includes any direct communication facilitated by voice or text-based telecommunication devices, or both, computers, as well as those devices that facilitate indirect communication using an intermediate method, including but not limited to Internet-based social networks. NOTIFICATION

The School Board shall ensure that at the beginning of each school year each employee, student, and parent, or other person responsible for a student’s attendance, be notified of the provisions of this policy and any related procedures or practices regarding communications between employees and students.

The parent or other person responsible for a student’s attendance shall also be notified of his/her right to request that his/her child not be contacted through electronic communication by any school employee unless the purpose of such communication is directly related to the child’s educational services and is sent to and received by more than one student at the school.

INAPPROPRIATE COMMUNICATIONS

The School Board is aware that the reputations and careers of students and educators have been damaged due to inappropriate communications between parties. Therefore, it is the intent of the Caddo Parish School Board to make all employees and students
aware of the expectations and procedures of the school system and the School Board in regard to proper use of all telecommunication devices and computers if used to communicate with one another. The policy is not intended to limit the use of technology as an effective teaching tool.

In addition to reporting communication to or from students not made through the means provided by the school system, employees must report to their supervisor at the first opportunity available, any student-initiated communication that may be construed as inappropriate.

Employees shall be required to comply with all policies, procedures, and practices established by the School Board regarding direct communications with a student, and any failure to do so may result in disciplinary action, up to and including termination of employment. Extreme circumstances may constitute willful neglect of duty. Should an employee’s failure to comply also violate state or federal law, the Superintendent or his/her designee shall report such violation to the proper authorities.

Violations

1. Any violation of this policy shall be immediately investigated by the employee's supervisor, in accordance with School Board policy. The investigation shall include dates, the name of the person reporting the allegation, and the specific allegation made.

As a condition of employment, each employee of the School Board shall acknowledge the School Board's right to conduct such inspections and investigations, and agree to any inspections made, and cooperate in all respects during any such proceedings.

SECURITY AND CONFIDENTIALITY

It is the policy of the School Board to maintain strict control over entrance to the premises, access to work locations and records, computer information, and cash and other items of monetary value. Employees who are assigned keys, given special access, or assigned job responsibilities in connection with the safety, security, or confidentiality of such records, material, equipment, or items of monetary or business value shall be required to use sound judgment and discretion in performing their duties, and shall be held accountable for any wrongdoing or acts of indiscretion.

Confidential information obtained as a result of employment with the School Board shall not be used by an employee for the purpose of furthering any private interest, or as a means of making personal gains. CONTRACTS AND COMPENSATION

CONTRACTS

Contracts of employment between eligible employees and the Caddo Parish School Board shall be executed for a specified period of time and compensation in accordance with state law. Unless otherwise stipulated, all employees shall meet all stated position qualifications and/or certification requirements before any contract shall become valid. Renewal or issuance, when possible, of contracts of employment, as well as dismissal or nonrenewal of contract notices, with the exception of performance contracts, shall be issued on or before the last day of each school year, whenever possible.

The execution of an employee contract between the School Board and employee shall be legally binding upon both parties. Teachers without tenure shall be required to have a written contract. Teachers who have gained tenure may not be required to sign a written contract each scholastic year, but shall be required to sign such employment contracts at intervals as may be determined. The failure of a non-tenured teacher to sign a contract for the ensuing school session within the specified time, when required, shall be considered as voluntary termination of employment on the part of the teacher, unless under extenuating circumstances, an extension is granted by the Superintendent. Any subsequent resignation or termination of said contract for reasons other than extreme emergencies, as determined by the School Board, shall constitute a breach of contract against which legal action may be taken by the School Board and the employee dealt with accordingly. The School Board shall empower the Superintendent and/or his designee, or the appropriate human resource director to receive, finalize, and accept all resignations of all employees. However, the Superintendent at the next available meeting shall report said resignations to the School Board.

The Superintendent shall sign each teacher contract.

Performance Contracts

Administrative and supervisory personnel in positions that require certification shall be hired under the terms of a performance contract of two (2) years, except when such employment is for a temporary position. Prior to the School Board’s approval of any initial or subsequent contract which involves an employee being or having been promoted to a position with a higher salary, the Superintendent shall disclose all terms of the contract to the School Board.

Termination or non-renewal of any performance contract shall be governed by the terms of the contract and applicable law.
COMPENSATION

Salary Schedules

Under the recommendation of the Superintendent, the School Board shall establish salary schedules that shall be used to determine the salaries paid to teachers and all other school personnel. Salaries of teachers shall be set by the Superintendent. The salaries of all personnel are generally based upon an established salary schedule and associated regulations; provided, however, that salaries may be stated in and controlled by an employment contract. The salaries as provided in any salary schedule shall be considered as full compensation for all work required and performed within each employee’s prescribed scope of duties and responsibilities.

Salary schedules established for teachers, administrators, and other certified school personnel shall be based upon the following criteria, with no one criterion accounting for more than fifty percent (50%) of the formula used to compute such employees' salaries:

2. Demand, inclusive of area of certification, particular school need, geographic area, and subject area, which may include advanced degree levels.

3. Experience.

No teacher or administrator who is rated ineffective pursuant to the School Board's performance evaluation program shall receive a higher salary in the year following the evaluation than the teacher/administrator received in the year of the evaluation.

The amount of the annual salary paid to any employee in any school year shall not be reduced below the amount of such salary paid during the previous school year, nor shall the amount of the annual salary paid to any employee be reduced at any time during an academic year. The limitations on the reduction in the amount of the annual salary paid to any employee shall not be applicable to:

1. The correction of any accounting errors or to a reduction necessitated by the elimination of a state program or state funding;

2. The reduction of any local salary supplement funded, in whole or in part, from a revenue source requiring voter approval, when such voter approval has not been obtained;

3. An employee who has been promoted and subsequently demoted to a lower position. In this case, the employee’s salary shall return to the salary
previously received in the lower position from which promoted; or

4. The elimination, discontinuance, or reorganization of the position to which the employee is assigned that results in the employee working fewer hours, days, or months. In such case, the employee’s salary for that academic year shall not be reduced. After that year, the employee’s salary shall be determined in accordance with the applicable salary schedule for the employee’s position.

No teacher shall be placed on the payroll of the School Board unless the teacher holds a valid certificate as required by law, and a copy of the teacher’s contract has been filed with the Superintendent.

Experience Credit

A year of teaching experience is defined as each scholastic year of employment as a certified teacher in public schools within any of the fifty states of the United States of America, or within any of its territorial possessions; or as a teacher in a private or parochial school, as an employee in a state department of education, or as an instructor in an institution of higher learning. All such experience must have been as a teacher in an institution or school accredited by one of the recognized regional accrediting agencies in the United States of America (e.g., SACS). Experience outside the United States of America, its territories or possessions must be in an institution or school accredited by an accrediting agency recognized by the United States of America.

A year of teaching experience shall be granted if the person was employed for at least ninety-one (91) instructional days during one scholastic year, excluding holidays, as verified by the Superintendent of the school or institution. However, not more than one (1) years of experience shall be granted for a period inclusive of twelve (12) consecutive calendar months. All experience must have been on a full-time basis.

Any teacher holding a valid Louisiana teaching certificate in the public school system of Louisiana who has transferred to Louisiana from a public school system of another state and who, at the time of such transfer, held a valid teacher’s certificate from that state, shall be given full credit under the salary schedule for the years of satisfactory teaching service previously rendered in the public school system of that state. Credit for previous teaching experience shall also be granted to anyone employed who holds a valid Louisiana teaching certificate and is employed or has been employed by another public school system in the state.

Advanced Degree

When a teacher earns additional college credit, is awarded an advanced degree, or receives additional training that would result in an increase in salary, said teacher shall be paid according to the salary schedule for the advanced degree or training beginning
with the next school semester after all necessary documentation has been received from the Louisiana Department of Education. It shall be the responsibility of the employee to assure proper notification is given to the Superintendent or his/her designee.

Retirees

The salary of any retiree who is reemployed as a full-time teacher shall be based on the salary schedule which accounts for all prior years of teaching service and pertinent experience. The status of any retiree who is reemployed shall be the same as a full-time active employee, subject to all applicable rules, procedures, policies, and statutes that apply to all such full-time active employees.

The retirement of an employee prior to his/her re-employment as a retiree shall constitute a break in his/her service with the School Board for purposes of tenure and sabbatical leave. The retiree shall not be allowed to carry forward annual leave days accumulated by him/her as of the date of his/her retirement, but he/she may carry forward accumulated sick leave days provided that he/she has returned to employment within five (5) years of his/her last employment as a teacher within the school system. A retiree shall have the right to earn additional sick leave and annual leave, if applicable, on the same basis as other similarly situated newly hired employees while a retiree.

Classified Employees

Compensation for all classified employees shall be based on pertinent salary schedules or hourly rates established by the Caddo Parish School Board, with the exception that no employee shall receive less than the minimum established by state or federal law.

For the purpose of this subsection, classified employee shall mean any employee of the School Board that is not required to hold a teacher’s certificate as a condition of employment, including but not limited to, bus operator, food service worker, paraeducator, custodian, and maintenance personnel.

Adopted: February 21, 2017

COMPENSATION GUIDELINES/OVERTIME

The Caddo Parish School Board, for purposes of accurate and timely wage and salary determinations, and in an attempt to ensure consistency and fairness in the application and interpretation of federal regulations established in the Fair Labor Standards Act (FLSA), sets forth the following guidelines.

MINIMUM WAGE

The minimum wage paid on an hour-by-hour basis to all school system employees whether full or part time, permanent or temporary shall be at least equal to the federal minimum wage.

WORKWEEK

A workweek is a continuous period of 168 hours in the form of seven consecutive 24-hour periods. The school system workweek begins at 12:01 a.m. each Sunday for all employees and consists of seven (7) consecutive days. Each workweek stands alone for the purpose of determining overtime pay for nonexempt employees.

WORK SCHEDULES

The work schedule for exempt employees such as principals, teachers and others will vary as to time of reporting and will continue until professional responsibilities to students, school, and School Board are completed. Administrative meetings, curriculum development, pupil supervision, assigned duties, parent conferences, group or individual planning, extracurricular activities, School Board and School Board Committee meetings may require hours beyond any stated minimum. The Superintendent or his/her designee, consistent with the FLSA and the provisions of this policy, shall define work schedules for nonexempt employees.

SALARIES

A fixed salary is generally paid to nonexempt employees for hours worked for forty (40) hours in a workweek. Nonexempt employees who have a work schedule of fewer than forty (40) hours in a workweek are not paid overtime compensation unless the employee works more than forty (40) hours in a workweek. Such employees shall be paid their regular rate of pay for time worked up to forty (40) hours.

PART TIME IN DIFFERENT CAPACITY

If individuals are employed in one capacity but voluntarily work part time in a different capacity on an occasional or sporadic basis, the hours logged in the secondary voluntary capacity shall not be counted as hours worked for overtime purposes.
CLASSIFICATION OF EXEMPT OR NONEXEMPT EMPLOYEES

The *Fair Labor Standards Act* (FLSA) classifies employees into two (2) groups, as follows:

**Exempt** – Employees who are not eligible to receive overtime compensation. These employees are generally salaried employees whose primary duties are directly related to the management or administrative and business functions within the school system. Learned professionals, such as teachers, are also classified as exempt. Other exempt employees may include, but not be limited to, the Superintendent, directors, level 1 and level 2 supervisors, principals, assistant principals, and degreed professionals.

**Nonexempt** – Employees who are eligible to receive overtime compensation. These employees perform work involving repetitive manual operations, such as maintenance employees, food service employees, janitors and custodians, bus drivers, and security personnel. Nonexempt employees may also include office employees who perform non-manual labor, such as secretaries, paraprofessionals, nurses, data-processing operators and technicians, cafeteria managers and staff, bus drivers, maintenance staff, accounting and payroll staff.

Utilizing the provisions of and accompanying regulations implementing the *Fair Labor Standards Act*, the School Board shall classify all employees of the school system as exempt or nonexempt for purposes of determining eligibility for overtime compensation.

HOURS WORKED FOR OVERTIME REQUIREMENTS

*Hours worked* for nonexempt employees includes all hours during which the individual is required to be on duty - generally from the required starting time to normal quitting time. Meal periods do not count as hours worked unless the individual is required to perform work duties during the meal period. Break periods of twenty (20) minutes or longer do not count as work time. Hours worked do not apply to exempt employees. Exempt employees are excluded from the overtime requirements and their work schedules may include meetings, extracurricular activities, parent conferences, planning time and other responsibilities of the position.

OVERTIME COMPENSATION

Nonexempt employees who work in excess of forty (40) hours per workweek will earn compensation at one-and-one-half times their *regular rate* for all hours more than forty (40). However, the School Board discourages overtime work (more than forty (40) hours in a workweek) by nonexempt employees.
OVERTIME HOURS

Overtime hours (more than forty (40) hours worked in a workweek) shall be held to a minimum consistent with the needs and requirements of sound and orderly administration. The appropriate supervisor shall approve all overtime or compensatory time off in advance. Overtime assignments of nonexempt employees shall be permitted only when required by operational necessity. All hours worked by nonexempt employees must be scheduled and duly authorized. Any hours worked by a nonexempt employee over forty (40) hours during the workweek must be authorized in writing and documented on the Overtime Request Form by the building principal or department head prior to the time the work is performed. Forms authorizing overtime shall be signed by the building principal or department head and maintained at the worksite for 3 years. Non-exempt employees are subject to disciplinary action for not getting overtime approved.

Flexible Time to Avoid Overtime

Principals or supervisors may need to adjust daily schedules of nonexempt employees to prevent nonexempt employees working more than forty (40) hours in a workweek.

Recording Overtime Hours

Accurate and complete time sheets and/or records of the actual hours worked during a workweek shall be signed by each nonexempt employee and supervisor and submitted with other payroll information to the payroll department.

Building principals, department heads and other supervisors shall be subject to discipline for allowing nonexempt employees under their supervision to work more than forty (40) hours in a workweek without their advance approval. Nonexempt employees shall not be permitted to begin their duties prior to their scheduled start time and supervisors are to monitor sign-in procedures to prevent such employees performing duties prior to the start time.

COMPENSATORY TIME OFF

Nonexempt employees who work more than forty (40) hours during any workweek may be provided compensatory time (comp time) off. Compensatory time shall be provided at the rate of one and one-half hours for each hour of overtime worked.

Compensatory time may be accrued until 240 hours (160 overtime hours). Overtime work beyond this maximum accrual amount shall be paid.

Every effort shall be made to permit the use of compensatory time at the time mutually agreed upon by the individual and employee's supervisor. Nonexempt employees shall be required to use any accumulated compensatory time. However, where the
individual's absence would unduly disrupt the school system operations, the school system retains the right to postpone the usage of any compensatory time.

Time off for working on an official holiday shall not be considered compensatory time off (not at time and a half) but as a delayed holiday. Employees who are required to work on an announced holiday must be given equal time off within the same fiscal year.

Nonexempt employee's record of compensatory time shall be maintained by the supervisor and the payroll department.

TRAVEL

Ordinary travel time from home to a work site or a school location or vice versa is not work time. Official travel during an individual's regular working hours shall be considered hours worked. An employee shall be paid mileage as approved by the school district if he uses his/her personal vehicle during working hours for official business approved by the appropriate supervisor.

LEAVE

Time taken for annual leave, sick leave, leave without pay, or other leave taken for the purpose of jury duty, military assignment, or because of death in the family is not counted as hours worked to determine if a nonexempt employee worked more than forty (40) hours in a workweek.

VOLUNTEERS

A volunteer is defined as an individual who receives no compensation or who is paid expenses, reasonable benefits, or a nominal fee to perform the services for which the individual volunteered and such services are offered freely and without coercion, direct or implied, from the School Board. If an employee of the School Board wishes to volunteer, the volunteer services must be different from the services the employee is employed to perform.

EXCLUSIONS FROM OVERTIME PAY REQUIREMENTS

Executive, administrative, professional and certain computer employees are identified as exempt from overtime pay if their job duties and salary meet the rules for one or more of the categories of exemption provided by the FLSA and the implementing regulations. A list of the exempt employees will be maintained by the Human Resources Department.

EXEMPT EMPLOYEE DEDUCTIONS

Deductions from pay are permissible when an exempt employee: is absent from work
for one or more full days for personal reasons other than sickness or disability; for
absences of one or more full days due to sickness or disability if the deduction is made
in accordance with a bona fide plan, policy or practice of providing compensation for
salary lost due to illness; to offset amounts employees receive as jury or witness fees,
or for military pay; for penalties imposed in good faith for infractions of safety rules of
major significance; or for unpaid disciplinary suspensions of one or more full days
imposed in good faith for workplace conduct rule infractions. An exempt employee may
file a grievance in accordance with the School Board's grievance procedure (policy
GAE, Grievance Procedures), if there is a dispute or objection to deduction from pay.

RECORD-KEEPING

Exempt Employees

The following records must be kept for each employee:

- Name and identifying number
- Home address, including zip code
- Birth date if the employee is less than nineteen (19) years of age
- Sex and occupation in which employed

The following records must be kept for each employee:

- Sex and occupation
- Time and day of week when employee's workweek begins
- Hours worked each day

SPECIAL SITUATIONS

Nonexempt employee - cannot volunteer to perform work that is part of their normal job duties, for example, a janitor may not volunteer to clean up after school events (ball games) without such time counting as hours worked during a workweek. A janitor could volunteer to coach an athletic team. An employee who is the parent of a child in an activity may volunteer for work similar to their regular duties upon special request and permission.

Meetings - when authorized or required shall be counted as hours worked for nonexempt employees.

In-Service Training - when authorized or required shall be counted as hours worked for nonexempt employees.

Waiver of Rights - nonexempt employees shall not be allowed to waive their rights under Fair Labor Standards Act (FLSA).

Bus Drivers - uninterrupted time off between the morning and afternoon runs shall not
count as hours worked.

**Students** - Vocational students performing work as part of a curriculum are students and not workers; therefore, wages are not mandatory under FLSA. Students helping in office capacities for short periods of time are volunteers and not employees. The payment of wages is not mandatory under FLSA.

**Release time** - the Superintendent may grant exempt employees release time from their duties in the event of required extended periods of duty due to extreme emergencies such as some natural disasters or man-made disasters. Such release time may not affect the orderly operation of the school system.

ASSIGNMENT

POSITION ASSIGNMENTS

The principal shall have the authority to determine the placement of all teachers or other personnel at the school in which the principal is employed, subject to the approval of the Superintendent. Personnel shall be assigned on the basis of performance, effectiveness, and qualifications applicable to each position.

In order to avoid conflicts of interest, or the appearance of same, it is the desire of the School Board that employees not be assigned to a position that would require that employee to be directly supervised by an immediate family member. The above provision, however, does not apply, in accordance with statutory provisions, to an immediate family member of an athletic director of a school, which may employ an immediate family member as a coach where he/she is athletic director. **Immediate family members** include the person’s children, the spouses of the person’s children, the person’s brothers and their spouses, the person’s sisters and their spouses, parents, spouse, and the parents of the person’s spouse.

Also, any department head shall be considered to directly supervise all operations in the department. However, in accordance with La. Rev. Stat. Ann. §42:1119, should, in the normal course of promotional advancement, a person be appointed as the principal or assistant principal of a school in which his or her spouse is presently employed, the spouse may be allowed to remain at the school if he or she has been employed at the school for at least one (1) year prior to the appointment. This provision also pertains to supervisory staff as it relates to his/her spouse working in the department under his/her direct supervision.

The School Board and administrative staff shall provide comparability of services by ensuring equivalence among schools in teachers, administrators, and auxiliary personnel.

CLASS ASSIGNMENT

The principal shall be responsible for assigning teachers to classes within his/her respective school. Except in extenuating circumstances, the principal shall notify teachers of their anticipated assignment for the school year prior to the opening of school. Teachers who wish to request reassignment for the subsequent school year may do so provided such request is submitted prior to the close of the school year.
Principals shall give every reasonable consideration to teacher requests for assignment to a particular grade level and/or subject area for which a teacher is certified and qualified.

A teacher shall be notified by the principal of any change in assignment as soon as reasonably possible.

BUS OPERATORS

Each school bus operator shall serve a probationary term of three (3) years from the date of first employment in the district. During the probationary term, the School Board may dismiss or discharge any operator upon the written recommendation of the Superintendent, accompanied by valid reasons therefor.

Any school bus operator found unsatisfactory by the School Board at the expiration of the probationary term shall be notified in writing by the School Board that he/she has been discharged or dismissed; in the absence of such notification, such probationary school bus operator shall automatically become a regular and permanent operator in the employ of the School Board. Caddo Parish School Board
EVALUATION

TEACHERS AND ADMINISTRATORS

The Caddo Parish School Board believes the quality of teaching and learning is directly related to the performance of all personnel who work in the school district. It is the policy of the School Board to continually monitor and appraise the performance of instructional and administrative personnel in order to maintain performance at the levels essential for effective schools.

The Superintendent and his/her staff shall have the responsibility for developing, monitoring, and maintaining an effective and efficient performance evaluation program in accordance with guidelines as found in Regulations for Evaluation and Assessment of School Personnel, Bulletin 130, Louisiana Department of Education. The observation, evaluation and assessment process shall measure the effectiveness of teachers and administrators as to whether they meet the necessary standard of performance.

The process for all observations, evaluations, teacher conferences, and related functions shall be conducted in accordance with state requirements, as well as regulations and other criteria enumerated in the Caddo Parish School Board Performance Evaluation Plan. Evaluations shall be conducted annually.

Every effort shall be made by the school system to communicate to position holders the general goals of the system, the specific objectives of the position, the plans which have been made to support the individual as he/she performs his/her role, the standards of performance the system has established, the criteria it will employ in assessing performance, as well as components of an intensive assistance program for addressing those persons determined to be ineffective.

Teachers shall not be evaluated based upon the grades (scores) of students with excessive absences regardless to the classification of the absence unless the teacher and the evaluator agree that the student’s grades or scores shall be utilized.

Copies of the assessment and evaluation results and any documentation related thereto of any school employee retained by the School Board shall be confidential and shall not constitute a public record, and shall not be released or shown to any person except as provided by state or federal law.

Should a teacher or administrator not agree with his/her rating, he/she may initiate grievance proceedings in accordance with the procedures for resolving conflict adopted by the School Board in accordance with La. Rev. Stat. Ann. §17:3883, as contained in the School Board’s performance evaluation plan.
ALL OTHER PERSONNEL

In an effort to improve the level of job production and skill performance of the individual employee, evaluations of support personnel shall be in accordance with the School Board’s Performance Evaluation Plan. Performance evaluations shall be based on an employee’s job classification and the School Board’s adopted standards for the work performed.

Adopted: February 21, 2017

PROMOTION

TEACHERS/CERTIFICATED EMPLOYEES

Whenever a teacher is promoted by the Superintendent from a position of lower base salary to one of higher base salary, employment shall be based on a written contract containing performance objectives. Such contract shall be for a term of two years, except when such employment is for a temporary position. Teachers promoted to non-school based positions shall be approved by the board based on the Superintendent’s recommendation.

Any employee thus promoted and who enters into an employment contract as stated above, shall not gain permanent tenured status in the position to which promoted.

SUPPORT PERSONNEL

Decisions regarding promotion of support personnel shall be made by the Superintendent.

Adopted: February 21, 2017

EMPLOYEE DISCIPLINE

The Superintendent and his/her designee shall possess the authority to discipline employees when an employee’s behavior warrants such action. A principal shall have the authority to recommend to the Superintendent when appropriate that employees at the school in which he/she is employed should be disciplined.

Discipline of an employee shall be progressive in nature such that penalties for poor job performance or broken rules become increasingly harsh as similar or related conditions continue or infractions are repeated. Such progressive discipline, however, shall not inhibit the authority of the Superintendent, his/her designee, appropriate personnel director, or, in the case of certain employees, the School Board’s authority, to discipline, suspend, or terminate an employee based on the circumstances of any single event. Documentation of employee behavior, employee performance and any disciplinary action taken shall be properly and thoroughly recorded.

Should any disciplinary measure become necessary, any documentation shall be considered confidential and treated in accordance with statutory provisions and School Board policy.

TEACHERS

Hearing procedures are statutorily required for certain disciplinary actions for teachers as defined below. However, such procedures do not prevent the Superintendent and/or designee from taking other disciplinary measures which do not require a hearing, as he/she feels appropriate.

*Discipline* and *disciplinary action* shall include only suspension without pay, reduction in pay, involuntary demotion, or dismissal.

*Written notice* shall be considered given when the notice is hand delivered to the teacher, or on the day it is delivered to the teacher by registered mail, certified mail, or a commercial courier.

Non-Tenured Teachers

The Superintendent may take disciplinary action against any non-tenured teacher after providing such teacher with the written reasons therefor and providing the teacher the
opportunity to respond. The teacher shall have seven (7) days to respond, and such response shall be included in the teacher’s personnel file. The Superintendent shall notify the teacher in writing of his/her final decision. The teacher shall not be entitled to a hearing before the School Board.

Within sixty (60) days of such notice, the teacher may seek summary review in district court of whether or not the Superintendent’s action was arbitrary or capricious.

**Tenured Teachers**

A teacher with tenure shall not be disciplined except upon written and signed charges by the Superintendent or his/her designee of poor performance, willful neglect of duty, incompetency, dishonesty, immorality, or of being a member of or contributing to any group, organization, movement, or corporation that is by law or injunction prohibited from operating in the state of Louisiana, and then only if furnished with a copy of such written charges and given the opportunity to respond.

The teacher shall have ten (10) calendar days from written notice of the charges to respond, in person or in writing. Following review of the teacher’s response, the Superintendent may take *interim disciplinary action*, which may include placing the teacher on paid administrative leave. If the teacher has been arrested for a violation of any of the following: La. Rev. Stat. Ann. §§14:42 through 14:43.5, 14:80 through 14:81.5, any other sexual offense affecting minors, any of the crimes provided in La. Rev. Stat. Paid administrative leave shall not exceed fifty (50) days from notice of the Superintendent’s interim decision.

Within ten (10) calendar days after written notice of the interim disciplinary action or within ten (10) calendar days after receipt of the teacher’s response if no interim disciplinary action is taken, a teacher may request a hearing before a disciplinary hearing officer. If the teacher fails to timely request a hearing, the disciplinary action shall become final.

Upon request for a review hearing, the Superintendent shall randomly appoint a hearing officer from a list of persons previously approved by the School Board as *disciplinary hearing officers*. If the school district serves fewer than twenty thousand students, the School Board shall maintain a list of at least five (5) hearing officers. If the school district serves twenty thousand students or more, the School Board shall maintain a list of at least ten (10) hearing officers. All hearing officers shall be qualified to serve as a disciplinary hearing officer in accordance with state law. If the School Board fails to maintain such a list, the Superintendent may randomly appoint a hearing officer from a list of persons previously approved by the Louisiana Board of Elementary and Secondary Education.

no sooner than ten (10) calendar days nor later than thirty (30) calendar days after receipt of the teacher's request for such hearing. The disciplinary hearing officer shall have the power to issue subpoenas, and shall conduct the hearing in accordance with procedures adopted by the School Board. The teacher shall have the right to appear before the disciplinary hearing officer with witnesses on his/her behalf and with counsel of his/her selection. The disciplinary hearing officer shall hold a hearing and review on whether the interim decision of the Superintendent was arbitrary or capricious and shall either affirm or reverse the action of the Superintendent. The disciplinary hearing officer shall notify the Superintendent and the teacher of his/her final determination, with written reasons, within ten (10) days from the date of the hearing. If the Superintendent's disciplinary action is affirmed, it shall become effective upon the teacher's receipt of the decision of the disciplinary hearing officer. If the Superintendent's disciplinary action is reversed, the teacher shall be restored to duty.

Within sixty (60) days from the postmarked date of such written notification of the decision of the disciplinary hearing officer, the School Board or the teacher may petition a court of competent jurisdiction to review the matter as a summary proceeding. The time periods contained above may be extended by mutual agreement of the parties.

Each school bus operator shall serve a probationary term of three (3) years reckoned from the date of his/her first employment with the School Board. During such probationary term, any bus operator may be dismissed by the School Board upon the written recommendation of the Superintendent. Any bus operator employed on or after July 1, 2012, who has successfully completed his/her probationary term, may be dismissed by the Superintendent after providing such bus operator with written reasons therefor and providing the bus operator with the opportunity to respond. 2. conviction of or plea of nolo contendere to a violation of a parish or municipal ordinance that prohibits operating a vehicle while intoxicated or any of the existing state offenses relative to operating a vehicle while intoxicated, as enumerated in La. REDUCTION OF PERSONNEL

It shall be the policy of the Caddo Parish School Board to maintain a fair and balanced educational program consistent with the functions and responsibilities of public schools. When faced with circumstances which may necessitate a reduction of personnel greater than can be accomplished through attrition and appropriate reassignment, a reduction of personnel action may be employed. All feasible alternatives to the layoffs of employees shall be considered prior to the implementation of the provisions stated herein. The determination for the need to implement reduction of personnel procedures and all decisions effecting such action shall be made by the Superintendent. Seniority and/or tenure shall not be the primary criteria when instituting a Reduction in Force.

Except as otherwise provided herein, any existing procedure for reconsidering or examining an employee discharge, non-reappointment, or grievance shall not be considered in implementing a reduction of personnel action. Similarly, no personnel action other than a reduction of personnel may be considered under this policy.

Employees on School Board approved leaves of absence shall be treated in the same manner as other regularly employed personnel insofar as application of this policy.

TEACHERS AND ADMINISTRATORS

Reduction of teachers and administrators shall be based solely upon demand, performance, and effectiveness, as determined by the performance evaluation program adopted by the School Board in accordance with La. Rev. Stat. Ann. §§17:3881 through 3905. Any reduction of teachers and administrators by the Superintendent shall be instituted by dismissing the least effective teacher within each targeted subject area or area of certification first, and then proceeding by effectiveness rating until the reduction of personnel has been accomplished.

Seniority and/or tenure shall not be the primary criteria when instituting a Reduction in Force.

ALL OTHER EMPLOYEES

Reduction of school employees, including bus drivers, who are not evaluated pursuant to La. Rev. Stat. Ann. §§17:3881 through 3905, shall be based upon the following criteria:

1. Performance and effectiveness as determined by the School Board’s personnel evaluation plan.

2. Certification or academic preparation, if applicable.
NOTICE TO INDIVIDUAL EMPLOYEE

When a reduction of personnel action is instituted, written notice of termination shall be given by the Superintendent or his/her designee by certified mail, return receipt requested, to the employee to be terminated. The notice shall include a statement of the general conditions requiring a reduction of personnel. The employee’s address, as it appears on the School Board’s record, shall be deemed to be the correct address. It shall be the employee’s responsibility to see that the School Board has his/her current address on file.

REVIEW OF INDIVIDUAL TERMINATIONS

Within ten (10) days after receiving a notice of termination, an employee may request, in writing, a review of the action taken and shall receive notice of the results of the review in a timely manner, but no later than ten (10) days after the notice to review is received. The employee shall have the right to pursue a reduction action through the Board’s grievance procedures.

RECALL PROCEDURES

For three (3) years after the effective date of a termination, the employee shall be given the first opportunity to be reinstated to the position from which terminated. Employees shall be recalled in reverse order to their lay-off.

The offer of re-employment shall be made by certified mail, return receipt requested, and the employee shall be notified that, if he/she wishes to accept, he/she must do so in writing within seven (7) calendar days. Failure to accept within seven (7) calendar days or rejection of the position eliminates all re-employment rights of the employee.

An employee who is recalled within three (3) years after being laid off shall have restored to him/her all of the sick leave and unused personal leave, if applicable, he/she had accrued on the effective date of the layoff.

SEVERABILITY OF PROVISIONS

If any provision of this policy or the application thereof is held invalid, such invalidity shall not affect other provisions of this policy which can be implemented without the invalid provisions and, to this end, the provisions of this policy are hereby declared severable.

Any and all provisions of this policy shall yield to existing state law, whether statutory or not, when held to be in conflict with said law or laws.

Adopted: February 21, 2017

EMPLOYEE CONDUCT

The Caddo Parish School Board believes the teaching profession occupies a position of public trust involving not only the individual teacher's personal conduct, but also the interaction of the school and the community. Education is most effective when these many relationships operate in a friendly, cooperative, and constructive manner. A teacher's conduct, as well as the conduct of all employees throughout the school district, should meet acceptable standards of the community and show respect for the law and the rights of others.

All employees, volunteers, student teachers, interns, and any other person affiliated with the Caddo Parish School Board have the responsibility to be familiar with and abide by the laws of the state, the policies and decisions of the School Board, and the administrative regulations and procedures designed to implement School Board policies. Employees and others shall also comply with the standards of conduct set out in this policy and with any other policies, regulations, procedures, or guidelines that impose duties, requirements, or standards of conduct attendant to their status as School Board employees.

Employees and all others shall be expected to observe at least the following standards of conduct:

- Be courteous to students, one another, and the public and conduct themselves in a professional and ethical manner.
- Recognize and respect the rights and property of students, other employees, and the public.
- Maintain confidentiality of all matters relating to students and other employees.
- Demonstrate dependable attendance and punctuality with regard to assigned activities and work schedules.
- Observe and adhere to all terms of an employee's contract or job description.
- Strive to keep current and knowledgeable about the employee's area of responsibility.
- Refrain from conducting or participating in any unauthorized studies, surveys, or investigations while on duty.
- Advocate positive personal behavior on or off campus and attempt to avoid improprieties or the appearance of improprieties.
While the operation of the School Board and its schools is governed by the provisions of this and all other School Board policies, regulations, and procedures, as well as procedures of the individual schools, no policy manual can list each and every instance of misconduct that is precluded. Accordingly, employees are cautioned that the appropriateness of certain action or behavior must necessarily be dictated by the nature of the position held by the employee and standards of common sense. By virtue of one's education and experience, an employee knows and understands that certain actions or conducts are unacceptable even in the absence of formal School Board policy. For instance, without the need of a specific prohibition or warning, a classroom teacher should be aware of the impropriety of certain practices such as leaving students unattended, using profanity or sexually suggestive language, or bringing a firearm onto campus. Such conduct constitutes both incompetence and willful neglect of duty. Such conduct, as well as violation of any state or federal law or School Board policies, regulations, or procedures, or school regulations or procedures, shall result in the imposition of discipline up to and including termination.

**JOB INTERFERENCE**

Employees shall be prohibited from knowingly aiding or engaging in any activity for the purpose of causing disruption or interference with the performance of his or her job duties or duties of other employees, or conduct that is otherwise detrimental to the efficient and orderly operation of the Caddo Parish public school system for which the employee is employed.

**PROHIBITED SEXUAL CONDUCT**

Employees shall be prohibited from engaging in any form of sexual conduct with students.

Notwithstanding any claim of privileged communication, any educator, having cause to believe that prohibited sexual conduct has occurred between another educator and a student, shall be required by state law to immediately report such conduct to a local or state law enforcement agency.

**NOTIFICATION BY EMPLOYEES**

**Convictions**

A teacher or any other School Board employee shall report to his/her immediate supervisor and the appropriate Director of Human Resources any final conviction or plea of guilty or nolo contendere to any criminal offense, excluding traffic offenses, to the School Board within twenty-four (24) hours of conviction or plea.

Any incarcerated employee may authorize another person to act on that employee's behalf in notifying or providing documents to that employee's immediate supervisor and the Department of Human Resources.
Initiation of Criminal Prosecution

When a criminal prosecution is initiated in court against any employee by way of indictment, bill of information, or affidavit for committing any offense, other than a minor traffic violation, that employee shall provide his/her immediate supervisor and the appropriate Director of Human Resources each with a copy of the indictment, bill of information, or affidavit within one (1) work day of his/her arrest or service of summons. In lieu of such indictment, bill of information, or affidavit, the employee so charged may otherwise properly notify his or her supervisor and the appropriate Director of Human Resources of the particulars of the criminal prosecution.

Within five (5) calendar days of the scheduling of any court hearing or trial related to criminal prosecution, the affected employee shall give notice to the appropriate Director of Human Resources of the date and time of the pending hearing or trial.

Arrests for Certain Offenses

Effective January 1, 2012, any public school employee shall be required to report his/her arrest for a violation of any criminal statute other than a minor traffic offense (except bus operators). Bus operators are required to report all traffic violations within 24 hours of the offense to the transportation supervisor.

The report shall be submitted to the Superintendent or his/her designee within twenty-four (24) hours of the arrest. However, if the employee is arrested on a Saturday, Sunday, or a legally declared school holiday such report shall be made prior to the employee next returning for his/her work assignment at a school. Such report shall be made by the employee or an agent of the employee regardless of whether he/she was performing an official duty or responsibility as an employee at the time of the offense. In addition, the employee shall report the disposition of any legal proceedings related to any such arrest, which shall also be made a part of any related files or records.

Any employee who fails to comply with these provisions shall be suspended with or without pay if such employee is serving a probationary term of employment or if the provisions of law relative to probation and tenure are not applicable to the employee.

Any employee employed with the School Board who is a tenured employee of the School Board shall be subject to removal under applicable state laws for failure to comply with these provisions. Written and signed charges alleging such failure shall be brought against the employee.

Unless criminal charges are instituted pursuant to an arrest which is required to be reported as provided above, all information, records, hearing materials, and final recommendations of the school pertaining to such reported arrest shall remain confidential and shall not be subject to a public records request.
School employee, as used in this policy, shall mean any employee of the School Board, including teachers, substitute teachers, bus drivers, substitute bus drivers, or janitor, and shall include all temporary, part-time, and permanent school employees.

Adopted: February 21, 2017

REPORTING OF ILLEGAL OR UNETHICAL ACTIVITIES

All employees shall be responsible and accountable for adhering to all Caddo Parish School Board policies and to all state and federal laws governing the operation of the school system. Employees therefore have a duty to promptly and confidentially report any illegal or unethical act, practice or activity of which they become aware by a School Board member, employee or official or by an outside agency transacting business with the School Board. It is the policy of the School Board to protect employees who have reported such activities in keeping with School Board policies and procedures.

Matters to be reported include any illegal, fraudulent, or dishonest activity arising in connection with school system operations or activities. Unethical activities to be reported under this policy are those acts or practices that are prohibited by the Louisiana Code of Governmental Ethics (La. Rev. Stat. Ann. '42:1101-42:1170).

MEDICAL SABBATICAL LEAVE

A teacher may make application for medical sabbatical leave, which shall be accompanied by a statement from a licensed physician certifying that the leave is medically necessary.

If the Superintendent, upon review of the application, questions the validity or accuracy of the certification, the Superintendent may require the applicant, as a condition for continued consideration of the application, to be examined by a licensed physician selected by the Superintendent. In such a case, the School Board shall pay all costs of the examination and any tests determined to be necessary. If the physician finds a medical necessity, the leave application shall be granted.

If the physician disagrees with the certification of the physician selected by the applicant, then the Superintendent may require the applicant, as a condition for continued consideration of the application, to be examined by a third licensed appropriate physician whose name appears next in the rotation of physicians on a list established by the local medical society for such purpose and maintained by the School Board. PROCEDURE FOR APPLICATION

1. Application for sabbatical leave shall be made on a form provided by the Superintendent. Applications shall be sent to the Superintendent by registered mail at least sixty (60) days preceding the beginning of the semester of the scholastic year for which leave is requested, except that when a teacher or other professional employee has become sick during a semester and requests medical sabbatical leave, it shall be sufficient if the application is mailed thirty (30) days prior to the date upon which the requested leave is to commence.

The Superintendent shall inform the teacher of the approval or denial of sabbatical leave at least thirty (30) days preceding the beginning of the semester of the school year for which the leave is requested, except that, where a teacher has become sick during a semester and has requested medical sabbatical leave, the Superintendent shall inform the teacher of approval or denial of such leave as soon as possible after receipt of his/her request for leave.

2. Whenever in accordance with statutory provisions some of the applications cannot be granted, from among those which would otherwise be granted, those to be granted shall be determined in the following manner:
A. Preference in every case shall be given to the applicant who has rendered active service in the school system for the greatest number of consecutive semesters immediately preceding the period for which leave is requested.

B. Where any two (2) applicants rank equally in point of continuous service, preference in every case shall be given to the applicant who has rendered service in the school system for the greater total number of semesters.

C. Where any two (2) applicants rank equally in both point of continuous service and in point of total service, preference in every case shall be given to the applicant whose date of birth is earlier.

D. In cases where all factors are equal, the tie shall be broken by the drawing of lots in the presence of the employees.

3. Applicants whose applications are filed in the first thirty (30) days of the semester shall be given a preference over those who seek medical sabbatical leave under the special provision relating to sickness during a school semester.

4. Every application for sabbatical leave shall specify all of the following:

   A. The period for which leave is requested;

   B. Whether leave is requested for the purpose of professional or cultural improvement, or for the purpose of medical leave;

   C. The precise manner, in so far as possible, in which such leave, if granted, shall be spent;

   D. The semesters spent in active service in the school system from which leave is requested; and

   E. The date of birth of the applicant.

The application shall contain a statement over the signature of the applicant, that he/she shall agree to comply with all sabbatical leave provisions.

COMPENSATION

A teacher granted sabbatical leave shall be paid compensation at the rate of sixty-five percent (65%) of the person's salary at the time the sabbatical leave begins. A teacher on sabbatical leave with pay must continue his/her retirement contribution. Time spent on such leave is considered as active service for retirement purposes.
CONDITIONS OF SABBATICAL

1. Each person granted sabbatical leave, as a condition of the sabbatical leave, shall be prohibited from being employed during the sabbatical leave by any public or private elementary or secondary school in Louisiana or any other state.

2. Every person on medical sabbatical leave shall be prohibited from undertaking any gainful employment during such leave unless all of the following conditions are met:
   
   A. The teacher can demonstrate that he/she will be working not more than twenty (20) hours a week in a part-time job that he/she has been working for not less than one hundred and twenty (120) days prior to the beginning of such leave.
   
   B. The doctor certifying the medical necessity of the leave indicates that such part-time work does not impair the purpose for which the leave is granted.
   
   C. The Superintendent authorizes such part-time work.

   Violation of the part-time work provisions shall result in the medical sabbatical leave being rescinded.

3. Each person granted sabbatical leave shall sign an agreement or contract as specified with the School Board stipulating that, as a condition of sabbatical leave and in order to be eligible for compensation during such leave, he or she will return to service for one (1) semester for each semester of leave upon completion of the sabbatical leave. Said service shall ordinarily be performed in this School District.

   No person who, upon the expiration of his/her sabbatical leave, immediately begins employment with a state-operated educational agency, city, parish, or other local school board, department, school, college or university instead of returning to the school system which granted him/her such leave, shall be required to forfeit that portion of compensation paid to him/her by the State while he/she was on such leave. However, such person shall be required to reimburse the school system any salary paid to him/her by the School Board while he/she was on leave, unless the Superintendent opts to exercise the waiver provision as explained under Waiver of Intention to Return to Service Clause below.

   As per statutory requirement, any employee taking sabbatical leave who fails to return to service in this School District upon expiration of the leave as specified above for any reason other than incapacitating illness as certified by two (2)
physicians, shall forfeit all salary compensation received during the leave period. The Superintendent shall have the authority to waive this requirement in accordance with its pre-published criteria, as noted under Waiver of Intention to Return to Service Clause below, if he/she deems such to be in the best interest of the School District, provided that such a waiver shall not be of a discriminatory nature against any employee or applicant because of his or her job description, age, race, or sex.

4. An employee on professional sabbatical leave shall observe the above stipulations concerning graduate or undergraduate credit hours to be earned and/or alternatives such as productive research or travel. The Superintendent shall have the authority to require written reports of work done and work to be done at any time during the period of leave. In addition, written reports are required within thirty (30) days after the beginning of each semester of leave and within thirty (30) days after the end of leave.

5. Any employee who fails to comply with statutory provisions may have his/her leave terminated by the Superintendent at any time.

6. Every person on sabbatical leave shall notify the Superintendent of his/her intention to return to work not less than thirty (30) days prior to the beginning of the semester in which he/she expects to return.

An employee who has been granted sabbatical leave shall, upon expiration of the leave, be returned to the same position in the same school held at the time of said sabbatical leave was granted unless otherwise agreed to by the individual.

WAIVER OF INTENTION TO RETURN TO SERVICE CLAUSE

The return to service provision, as stated in Conditions of Sabbatical, Item 3 above, may be waived by the Superintendent, after careful review and consideration in any of the following instances:

1. Any person who receives a position to the Louisiana Department of Education, to another public school system within the State of Louisiana, or to a state-operated educational agency. In such instances, the person granted sabbatical leave, upon the expiration of leave, shall be permitted to retain that portion of compensation paid by the state while he/she was on leave. However, such person shall be required to reimburse the School Board any compensation paid by the School Board while on leave.

2. Incapacitating illness or disability, as certified by two (2) physicians. (Superintendent reserves right to verify validity of request).

3. Whenever it deems such waiver to be in the best interest of the school system.

Personal leave shall not be accumulated from year to year, nor shall personal leave be compensated for upon death or retirement or paid in any other manner except as provided by law.

Persons wishing to take personal leave shall notify the principal of the school in which he/she is employed or his/her staff supervisor of his/her intention to take such personal leave at least twenty-four (24) hours before personal leave will be taken, except in emergency situations. Full-time twelve (12) month employees shall be granted sick leave in accordance with the following schedule.

*12 month employees:

<table>
<thead>
<tr>
<th>Less than 3 years</th>
<th>12 days annually</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 years but less than 10 years</td>
<td>15 days annually</td>
</tr>
<tr>
<td>10 or more years</td>
<td>16 days annually</td>
</tr>
</tbody>
</table>

*Only time accrued as an employee with full-time 12-month status is considered when awarding days from this schedule.

Such leave, when not used, shall be allowed to accumulate to the credit of the employee without limitation. However, upon initial employment, a teacher employed by the School Board shall not be allowed any sick leave until he or she reports for duty and actually performs work.

The twelve days of sick leave for an employee shall be based on the employee beginning work at the beginning of the school year. In the case of an employee beginning work in the first month of the school year, twelve days sick leave shall be allowed. If an employee begins work in the second month of the school year, eleven days of sick leave shall be allowed. If an employee begins work in the third month of the school year, ten days of sick leave shall be allowed; if an employee begins work in the fourth month of the school year, nine days of sick leave shall be allowed; and the number of days of sick leave shall continue to be prorated for an employee who begins work until the eighth month of the school year, when only five days of sick leave shall be allowed. The Superintendent shall be responsible for developing and maintaining pertinent regulations and procedures governing sick leave.

TERMINOLOGY

Statutes governing sick leave for School Board personnel include differing provisions for different categories of employees. For purposes of this policy, the following terminology shall apply:

- A teacher shall mean any employee who holds a valid teaching certificate or whose employment requires the holding of a teaching certificate, or any social worker, guidance counselor, or school psychologist who holds, as applicable,
a valid professional ancillary certificate.

- A bus operator shall mean any employee who is employed as a school bus operator.
- A school employee shall mean an employee who is not a teacher or a school bus operator.
- The use of the term employee shall include all three (3) categories of personnel.

CERTIFICATION OF ABSENCE

An employee who is absent for six (6) or more consecutive days shall be required to present a certificate from a physician certifying such absence upon return to work. In the case of repeated absences of less than six (6) days because of illness, the School Board reserves the right to require verification of illness. Should a pattern of behavior so warrant, upon the request of the Superintendent or School Board, the employee shall be required, at the expense of the School Board, to provide a certificate from a physician specified by the Superintendent or School Board, in order to verify the existence of an illness, injury, or medical emergency.

Excuses for employee absences due to illness or injury must be provided on physician's letterhead containing the physician's name, address, and telephone number, typed, printed, or as part of the letterhead. The physician's typed or neatly printed name shall also appear beneath his/her signature. The letter must clearly state the reason for the illness or injury, date of the illness or injury, and the anticipated return-to-work date.

If an employee is absent from duty under circumstances in which he/she is not entitled to any kind of leave, such employee shall be considered to be in violation of his/her contract, and is not entitled to be paid for the days of unauthorized absence and non-performance of duties.

SICK LEAVE FOR EMERGENCIES

Emergencies for sick leave purposes shall be defined by the School Board as:

1. Illness or death within the immediate family - husband, wife, children, parents, brothers and sisters, grandparents;

2. In case of other emergencies not covered by the above authorization, the teacher may present the matter to the School Board for ruling. The School Board broadly defines emergency as an occurrence that is not anticipated and cannot be planned. Emergencies may also include court summons and personal business which cannot be attended after school hours.
Use of Accumulated Sick Leave

Accumulated sick leave shall be used for personal illness of the employee only. The Superintendent or designee may, however, grant the use of accumulated sick leave for an emergency involving death or very serious illness of any of the following family members – husband, wife, son, daughter, father, mother, grandfather, grandmother, sister, brother, mother-in-law, father-in-law, sister-in-law, brother-in-law, grandmother-in-law, grandfather-in-law, step children or anyone for whom they are the primary caregiver when the illness is certified by the treating physician.

EXTENDED SICK LEAVE

The School Board shall permit employees to take up to ninety (90) days of extended sick leave in each six-year period of employment which may be used for a medical necessity at any time the employee has no remaining regular sick leave balance at the time the extended sick leave is set to begin. The initial six-year period of employment shall begin on August 15, 1999 for all teachers and bus operators employed as of that date, on August 15, 2008 for school employees employed as of that date, or on the effective date of employment for those employees employed after the dates above. All decisions relative to the granting of extended sick leave shall be made by the Superintendent.

Unused days during any six-year period of employment shall not cumulate or carry forward into the next six-year period of employment. The balance of days of extended sick leave available shall transfer with the employee from one public school employer to another without loss or restoration of days.

Interruptions of service between periods of employment with a public school employer shall not be included in any calculation of a six-year period, such that any employment with any public school employer, regardless of when it occurs, shall be included in any determination of the balance of days of extended sick leave available to the employee.

SICK LEAVE FOR ASSAULT OR BATTERY

Any employee of the public schools who is disabled while acting in his/her official capacity as a result of an assault or battery by any student or person shall receive sick leave without reduction in pay, and without reduction in accrued sick leave days while disabled as a result of such assault and battery. A teacher shall be required to provide a certificate from a physician certifying the disability. A bus operator or school employee shall be required to present certification of the disability from a physician if the bus operator or school employee is absent for six (6) or more consecutive days as a result of the disability.

Disability, for purposes of this policy, shall mean the inability to perform the essential functions of the job.

The sick leave authorized shall be in addition to all other sick leave authorized herein, shall not be accumulated from year to year, nor shall such additional sick leave be compensated for at death or retirement, or compensated for in any manner except as set forth above.

The School Board shall not reduce the pay or accrued sick leave of any employee who is absent from his/her duties to seek medical attention or treatment as a result of an injury from assault or battery.

If the employee’s physician determines that the employee is able to return to regular duties with restrictions and the School Board does not allow the employee to return to duty with those restrictions, the employee’s leave shall be granted or continued as provided by statute.

If any employee is receiving sick leave as a result of assault or battery as provided in this
section and begins receiving retirement benefits, the sick leave provided herein shall cease.

SICK LEAVE FOR PHYSICAL CONTACT WITH A STUDENT

Any teacher who is disabled while acting in his/her official capacity as a result of physical contact with a student while providing physical assistance to a student to prevent danger or risk of injury to the student, shall receive sick leave for a period of up to one (1) calendar year without reduction in pay and without reduction in accrued sick leave days while disabled as a result of rendering such assistance. Any school employee, but not a bus operator, disabled in a similar manner shall receive up to ninety (90) days of such sick leave. The teacher or school employee shall be required to present a certificate from a physician certifying the disability. The School Board may extend the period of sick leave beyond the allowable period at its discretion.

The School Board shall not reduce the pay or accrued sick leave of any teacher or school employee who is absent from his/her duties to seek medical attention or treatment as a result of an injury from physical contact with a student.

If the teacher’s or school employee’s physician determines that the employee is able to return to regular duties with restrictions and the School Board does not allow the employee to return to duty with those restrictions, the teacher’s or school employee’s leave shall be granted or continued as provided by statute.

VALIDITY OF PHYSICIAN’S CERTIFICATION

If at any time during the period of certified disability the School Board questions the validity or accuracy of the physician’s certification for any type of sick leave request made by a teacher, or for extended leave or leave requested as a result of physical assault or battery made by a bus operator or school employee, the School Board may require the employee to be examined by a licensed physician selected by the School Board.

Any further review of medical certification shall proceed as follows:

1. Upon review of the physician’s certification submitted, if the School Board or Superintendent questions the validity or accuracy of the certification, the School Board or Superintendent may require the employee, or the immediate family member, as a condition for taking the applicable sick leave, to be examined by a licensed physician selected by the School Board or Superintendent. If the physician finds medical necessity or certifies the disability, the leave shall be granted.

2. If the selected physician disagrees with the original medical certification from the physician selected by the employee, then the School Board or Superintendent may require the employee, or immediate family member, as a condition for taking the
applicable sick leave, to be examined by a third licensed physician, whose name appears next in the rotation of physicians on a list established by the local medical society and maintained by the School Board or Superintendent. The final determination of medical necessity or certification of a disability shall be based on the opinion of the third physician.

3. In the determination of the validity of a physician’s certification, the opinion of all physicians consulted in shall be submitted to the School Board or Superintendent in the form of a sworn statement. All information contained in any statement from a physician shall be confidential and shall not be subject to the public records law.

The School Board shall pay all costs of any examinations and tests determined to be necessary.

SICK LEAVE/WORKERS’ COMPENSATION

Should any employee become injured or disabled while acting in his/her official capacity, other than by assault, the teacher shall be entitled to appropriate worker’s compensation benefits and/or sick leave benefits, at the employee’s option, for the period of time while injured or disabled. Any benefits received, however, shall not exceed the total amount of the regular salary the employee was receiving at the time of injury or disability. The teacher shall be required to present a certificate from a physician certifying such injury or incapacitation.

VESTING OF SICK LEAVE

All sick leave accumulated by a teacher or school employee, but not a bus operator, shall be vested in the teacher or school employee by whom such leave has been accumulated. In the event of the transfer of a teacher or school employee from one school system to another in Louisiana, or upon the return of such teacher or school employee to the same school system within five (5) years or such longer period that may be approved by the School Board to which the teacher or school employee returned, regardless of the dates on which the leave was accumulated or the date of transfer or return of the teacher or school employee, such vested leave which remains unused or for which the teacher or school employee has not been compensated directly or transferred such days for retirement credit, shall be transferred, returned to, or continued by the School Board and shall be retained to the credit of teacher or school employee.

PAYMENT UPON RETIREMENT OR DEATH

Upon the retirement of any employee, or upon the employee entering DROP, or upon the employee’s death prior to retirement, the School Board shall pay the employee or his/her heirs or assigns, for any unused sick leave, not to exceed twenty-five (25) days. Such pay shall be at the daily rate of pay paid to the employee at the time of his/her retirement or death.
DEFERRED RETIREMENT OPTION PROGRAM (DROP)

Any employee of the Caddo Parish School Board who participates in the Deferred Retirement Option Program (DROP) shall be eligible for and may elect to receive on a one-time basis severance pay (accrued sick leave up to a maximum of twenty-five (25) days) upon entering DROP on the same basis as any other employee who retires or otherwise leaves employment; otherwise, any accrued sick leave shall be paid only upon final retirement of the employee.

SICK LEAVE DONATION

DONATION OF EMPLOYEE SICK LEAVE DAYS (SERIOUS HEALTH CONDITION)

It shall be the policy of the Caddo Parish School Board to allow its employees to donate sick leave days to other employees who are suffering from a serious health condition as defined in this policy.

PART I. DEFINITIONS

A. BOARD - Shall mean the Caddo Parish School Board.

B. EMPLOYEE - Shall mean any person who is employed full-time by the Caddo Parish School Board.

C. EMPLOYEE’S DAILY RATE OF PAY – Shall mean the employee’s rate of pay as determined by the Payroll Department.

D. EMPLOYEE DONEE - Shall mean any person who is employed full-time by the Board who is personally suffering from a Serious Health Condition or is a primary care-giver to a family member with a Serious Health Condition.

E. EMPLOYEE DONOR - Shall mean any person who is employed full-time by the Caddo Parish School Board that desires to donate his or her sick leave days to an Employee Donee.

F. FAMILY MEMBER - Shall mean the Employee Donee’s husband, wife, son, or daughter; also means the Employee Donee’s father or mother if they reside with the Employee Donee.

G. SERIOUS HEALTH CONDITION - Shall mean an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, residential medical care facility or continuing treatment by a health care provider.

H. LONG TERM INPATIENT CARE – Shall mean either (1) inpatient care provided for more than seven (7) consecutive days or (2) inpatient care for a series of inpatient treatments for the same or similar serious health condition that results in the Employee Donee’s exhaustion of all available compensable leave.

I. SICK LEAVE DONATION FORM - Shall mean the Sick Leave Act of Donation Form established by the Caddo Parish School Board.
PART II. REQUIREMENTS FOR DONATION OF SICK LEAVE DAYS

A. EMPLOYEE DONEE - Employee Donee or Family Member must suffer a Serious Health Condition verified by his/her treating physician. Employee Donee may not receive donations of sick leave days from other Caddo Parish School Board employees unless the Employee Donee has exhausted all compensable leave days (vacation leave, sick leave, extended leave, catastrophic leave, medical sabbatical leave, etc.) available to the Employee Donee. Employee Donee must be (1) personally suffering from a serious health condition or (2) a primary caregiver to a family member that is suffering from a serious health condition.

B. EMPLOYEE DONOR - Only persons employed full-time by the Board with accumulated unused sick leave in excess of 25 days may make a donation of sick leave days to another full-time employee. In order for an Employee Donor to donate leave time to an Employee Donee, the Employee Donor’s daily rate of pay must be equal to or greater than the Employee Donee’s daily rate of pay. Once the sick leave days have been accepted by the Employee Donee, and approved by administration, such sick leave days are removed from the Employee Donor’s accumulated sick leave balance and may be used by the Employee Donee. Donated sick leave days will be subtracted from the accumulated sick leave of the Employee Donor which will reduce the Employee Donor’s retirement credit and may reduce the Employee Donor’s severance pay.

PART III. APPROVAL OF DONATION BY ADMINISTRATION

A. Once the act of donation (Form 1) has been properly executed by the Employee Donor and accepted by the Employee Donee, the donation form must be submitted to the appropriate personnel director (Certified or Classified) based on the Employee Donee’s status.

B. The appropriate personnel director shall determine whether the Employee Donee is eligible to receive donated sick leave days and whether the Employee donor is eligible to donate sick leave days.

C. In order for Employee Donee to be eligible to receive sick leave days the following criteria must be met:

1. Employee Donee or family member as defined in this policy must be suffering from a serious health condition certified by his or her treating physician; and

2. Employee Donee must not have any compensable leave time available for use.
D. In order for Employee Donor to be eligible to donate sick leave days, the following criteria must be met:

1. Employee Donor must be employed full-time by the Caddo Parish School Board;
2. Employee Donor must maintain a balance of at least 25 sick leave days after the donation of sick leave days to the Employee Donee; and
3. Employee Donor must have the same or higher daily rate of pay as the Employee Donee.

E. Once the appropriate personnel director has evaluated the information provided in Paragraph C & D above, he shall notify the Employee Donor, Employee Donee and payroll of the approval and the number of sick leave days approved for transfer from the Employee Donor to the Employee Donee.

F. If the appropriate personnel director denies or disapproves the transfer of sick leave days, he shall notify the Employee Donor and Employee Donee, in writing, no later than five days after the donation form is submitted to his office for approval. The notice shall be based solely on the criteria referred to in Part III C & D.

G. If the Employee Donee disagrees with the decision of the personnel director, the employee may appeal to Superintendent or the Superintendent’s designee, in writing, no later than five (5) days after the personnel director mails the written notice of denial.

H. If the Employee Donee disagrees with the decision of the Superintendent or the Superintendent’s designee, the Employee Donee may appeal to the board by making a written request to the School Board president within five (5) days of the decision of the Superintendent or the Superintendent’s designee.

FAMILY AND MEDICAL LEAVE

The Caddo Parish School Board shall permit qualified employees to take up to twelve (12) workweeks of unpaid leave in a twelve (12) month period for family and medical reasons.

ELIGIBILITY

Employees qualifying for family and temporary medical leave shall have been employed by the School Board for at least twelve (12) months, and worked at least 1250 hours during the last fifteen (15) months, prior to the date of the leave to be taken. For the purposes of this policy, the twelve (12) month period shall be the same as the fiscal year, July 1 to June 30. Such unpaid leave may only be taken for the following reasons:

1. For the birth of the employee's child and subsequent care;
2. For the placement of a child with the employee for adoption or foster care;
3. In order to care for the spouse, child or parent of the employee who has a serious health condition; or
4. When the serious health condition of the employee renders the employee unable to perform the function of the position of such employee.

Leave may be taken for birth or placement of a child only within twelve (12) months of the birth or placement.

SUBSTITUTION OF PAID LEAVE

The School Board shall require an employee to first use any accumulated sick, personal, annual leave time or any form of paid leave, for any part or all of the twelve (12) week period. Any family and medical leave granted an employee under extended sick leave, medical sabbatical leave or maternity leave shall run concurrently with any leave available to the employee under this policy. If paid leave is used by an employee, the School Board shall provide only enough unpaid family and medical leave time to total the allowed 12-week period.

DURATION OF LEAVE

Generally, the time taken for family and medical leave shall be on a continuous basis. However, the employee shall be permitted to take leave on an intermittent or reduced basis to care for a seriously ill family member or the employee's own illness when medically necessary. An employee may take intermittent leave for the birth or adoption of a child only with School Board approval. The twelve (12) months period begins on
the first day FMLA leave is taken.

If a teacher's period of absence on intermittent leave amounts to more than 20% of classroom time, the teacher may be required to take continuous leave throughout the treatment period or be placed temporarily in an equivalent position, for which the teacher is qualified and which has equivalent status, pay and benefits, and which would not be so disruptive to the classroom.

In any case where both husband and wife are employed by the School Board, the aggregate number of work weeks of FMLA leave to which both may be entitled is limited to twelve (12) weeks during any one-year period.

ADVANCE NOTICE

In any case in which the necessity of leave is for the birth of the employee's child and subsequent care; or for the placement of a child with the employee for adoption or foster care, and said necessity of leave is foreseeable based on the expected birth or placement, the employee is required to provide the School Board with at least thirty (30) days notice, before the date the leave is to begin. If the date of birth or placement requires the leave to begin in less than thirty (30) days, notice shall be given as soon as possible.

In any case in which the necessity of leave is in order to care for the spouse, child or parent of the employee who has a serious health condition; or when the serious health condition of the employee renders the employee unable to work, and the need to take such leave is foreseeable based on planned medical treatment, the employee is required to make a reasonable effort to schedule the treatment so as not to disrupt school operations.

MEDICAL CERTIFICATION

Since it is the duty of the School Board to determine whether the employee's or family member's health contributes a serious health condition as defined for federal statute, the School Board may require an employee to provide medical certification to support the request for family and medical leave. Such certification shall be provided in a timely manner.

Employees on a leave of absence due to a serious health condition shall be expected to keep their supervisors notified of their progress and expected date of return from the leave of absence. Employees shall be required to submit a re-certification from their physician on the required form once every thirty (30) days. Under certain circumstances, the School Board may require re-certification on a more frequent basis.

RETURN TO SERVICE
Any employee taking family and medical leave shall have the right to return to his/her previous position or an equivalent position with equivalent pay, benefits, and other terms and conditions of employment. An employee returning to service at the end of his/her leave period for personal medical reasons shall be required to present to the School Board a letter from his/her doctor certifying that he/she is able to return to work.

The School Board may not be obligated to restore certain “highly compensated” or “key” employees (as defined by law) to his/her former position under the conditions set out in the FMLA.

FMLA FOR MILITARY PERSONNEL

Family and Medical Leave Act of 1993 (FMLA) provisions also permit a spouse, son, daughter, parent, or next of kin to take up to twenty-six (26) workweeks of leave in a single twelve (12) month period to care for a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

The School Board may require an employee to provide medical certification to support the request for family and medical leave. Such certification shall be provided in a timely manner. Certification shall be sufficient if it states:

1. the date on which the serious health condition commenced;
2. the probable duration of the condition:
3. the appropriate medical facts within the knowledge of the health care provider regarding the condition;
4. a. for purposes of leave to care for immediate family member a statement that the eligible employee is needed to care for the son, daughter, spouse, or parent and an estimate of the amount of time that such employee is needed to care for the son, daughter, spouse, or parent; and
   b. for purposes of leave for self, a statement that the employee is unable to perform the functions of the position of the employee;
5. in the case of certification for intermittent leave, or leave on a reduced leave schedule, for planned medical treatment, the dates on which such treatment is expected to be given and the duration of such treatment.

This policy will also permit an employee to take FMLA leave for any qualifying exigency (as the Secretary of Labor shall, by regulation, determine) arising out of the fact that the
spouse, or a son, daughter, or parent of the employee is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

MATERNITY AND ADOPTIVE LEAVE

MATERNITY LEAVE

The Caddo Parish School Board declares that any employee who becomes pregnant shall be eligible for maternity leave (leave without pay). The expectant employee shall be given the option of choosing maternity leave or using current and accumulated sick leave for the period of medical disability occasioned by pregnancy and childbirth. Use of current and/or accumulated sick leave for maternity leave purposes shall be in accordance with all policies, regulations and procedures affecting sick leave.

Maternity leave of absence (leave without pay) may be granted to regularly employed women for a reasonable time before and after childbirth for a maximum of one year. *Reasonable period of time* means that period during which the female employee is disabled on account of pregnancy, childbirth, or related medical conditions. *Regular employees*, for purposes of this policy, shall mean teachers serving under contract (not to include substitute teachers or teachers replacing others on leave) and other female employees who are employed by the School Board on a regular basis.

Maternity leave without pay shall not affect tenure, teaching or working experience acquired prior to the leave. Maternity leave granted only for the period of disability occasioned by pregnancy and/or childbirth shall not interrupt the consecutive service for sabbatical leave purposes.

Each *teacher* granted maternity leave in accordance with state law who has no remaining sick leave days available may also be granted up to thirty (30) days of extended sick leave in each six-year period of employment in accordance with policy *GBRIB, Sick Leave*.

Application

A pregnant employee may remain on the job as long as she is performing her duties competently as determined by her immediate supervisor. The employee shall fill out a *Maternity Leave Request* form, giving as much advance notice as possible, but in no case less than sixty (60) days prior to the beginning date of leave, except in emergency situations. The form must be accompanied by a statement from a physician verifying the stage of pregnancy and expected dates of disability due to pregnancy. Such certificate shall follow the same standards as for submission of certificates for sick leave as found under *Certification of Absence* in policy *GBRIB, Sick Leave*. Failure to comply with the notice and other requirements of this policy may be considered willful neglect of duty and may result in disciplinary action up to and including termination.

Return to Work

Prior to returning to work, the employee must provide a physician’s statement to the Human Resources Department. The Human Resources Department shall provide the
employee with a *Return to Work* form which shall be presented to the employee’s immediate supervisor prior to being allowed to return to work. The immediate supervisor shall be responsible for making sure that the appropriate form has been processed prior to the employee being allowed to return.

**Consecutive Leaves**

Regularly employed pregnant employees shall be eligible for consecutive maternity leave, time and other factors applying as for single maternity leaves within the guidelines of the *Family Medical Leave Act* and other School Board leave policies.

**ADOPTIVE LEAVE**

The School Board shall grant leaves of absence not to exceed thirty (30) days to regular employed teachers after the legal adoption of a child. If multiple children are adopted on the same date, the event shall be considered a single qualifying event. The granting of such leave shall not affect any of the tenure rights with the teacher may have acquired under state law.

Each teacher granted adoptive leave in accordance with state law who has no remaining sick leave days available may also be granted up to thirty (30) days of extended sick leave in each six-year period of employment for personal illness related to illness of an infant, or for required medical visits certified by a physician as relating to infant health.

Adoptive leave shall not interrupt the consecutive service for sabbatical leave purposes.

MILITARY LEAVE

ACTIVE DUTY

Any regular employee of the Caddo Parish School Board who is serving in the military service or in the armed forces of the United States shall be granted a leave of absence for the period dating from his/her induction, enlistment, enrollment, or call to service. Such leave shall not affect tenure rights acquired prior thereto. An employee, upon return, must apply for reinstatement to the former position within thirty (30) days after discharge or release from active duty.

An employee who is ordered to duty shall notify the immediate supervisor as early as possible so that scheduling arrangements can be made. The employee shall also notify the Division of Human Resources within three (3) days of receipt of orders and shall submit to the Division of Human Resources a copy of the official orders. While on military leave, employees shall continue to accrue leave and other benefits which they are entitled to receive in their normal assignment.

In the event of a national emergency, the School Board shall pay the employee an amount which when combined with the base pay for military service shall equal but not exceed the employee’s regular School Board salary. This arrangement shall remain in effect for no longer than twenty-six (26) weeks. As long as the employee continues to pay the employee’s contribution, the School Board shall continue to pay the employer’s contribution to the Teachers' Retirement System of Louisiana or Louisiana School Employees’ Retirement System for these employees during the duration of the period of deployment.

The employee also has the option of continuing his/her dependent health insurance coverage by paying the regular monthly dependent coverage provisions.

RESERVE, NATIONAL GUARD, OR SIMILAR DUTY

All employees of the School Board who are members of the Officers' Reserve Corps of the Army of the United States, the National Guard of the United States, the Naval Reserve Corps, the Marine Corps Reserve, the Air Force Reserve, the Citizens' Military Training Corps, or the Civil Air Patrol, either as officers or enlisted persons, are entitled to a leave of absence without loss of pay, time, annual leave, or efficiency rating, on all days which they are ordered to duty with troops, or at field experiences, or for instruction, not to exceed fifteen (15) days in any one calendar year, and when relieved from duty, are to be restored to the positions held by them when ordered to duty.

As professional educators interested in maintaining excellence in the educational system, it is expected that all teachers shall make every possible effort to **schedule such military leaves during vacation periods**. This effort shall be considered as one...
of the specified duties of all teachers.

Except in the event of a declared national emergency, such leave in excess of fifteen (15) days in any one calendar year shall be leave without pay, unless the employee or teacher affected applies for, qualifies for, and is granted one of the other forms of leave provided by the School Board.

Adopted: February 21, 2017

ELECTED PUBLIC OFFICIALS

The Caddo Parish School Board shall grant public service leave to those employees duly elected to local and state public office. Such service shall not adversely affect tenure or sabbatical leave status.

The hours an employee is absent from his/her specific School Board assignment while officially serving in the capacity of public official, shall be accounted for in units of a whole day and/or one-half day basis, not to exceed one and one-half (1½) days per month without pay. However, when extraordinary circumstances or situations arising from the responsibilities of the elected office conflict with this provision, necessary arrangements shall be resolved by the Superintendent.

Available personal leave and/or accumulated annual leave may be used to fulfill public service obligations, with the exception that annual leave may not be used when duties require daily contact with students. When personal and/or annual leave is expended, the regular daily salary of the individual involved shall be reduced by an amount equal one-half day’s or a whole day’s salary, based on the above stated unit system.

ELECTION COMMISSIONERS

An employee of the Caddo Parish School Board appointed to serve as an election commissioner or clerk may be granted a leave of absence for that purpose. The employee shall notify the Superintendent within five (5) days following the publication of the official list of commissioners and clerks and request that a leave of absence be granted. Such leave, when approved, shall be leave without pay. All requests of this type should be submitted sufficiently in advance of the required date of absence to enable administrative consideration and action on the request.

JURY DUTY OR SUBPOENAS

The Caddo Parish School Board shall grant a leave of absence with no reduction in pay to any regularly employed person of the school system who has been called to serve on a federal, state, or district petit, grand or trial jury, or subpoenaed to serve as a witness in a court proceeding, including depositions, on School Board business. Such leave shall be granted for the period of time required to serve such jury duty without loss of sick, emergency, or personal leave. Jury duty shall not be deemed to interrupt service accumulated toward sabbatical leave.

Employees shall be required to return to work sites immediately upon release by the courts.

All legal matters requiring an employee's presence (i.e. deposition, hearing, etc.) not in connection with the employee's official duties shall be charged against the employee's sick leave, personal leave and/or annual leave (if applicable).

Said employee shall be responsible for submitting verification of call or subpoena for jury duty to the Superintendent or his/her designee to be eligible to receive leave for jury duty. Any employee abusing said leave shall be subject to disciplinary action.

Teachers authorized to serve jury duty must leave lesson plans for the substitutes with their principal.

Adopted: February 21, 2017

LEAVE WITHOUT PAY

The Caddo Parish School Board may grant leaves of absence without pay, for periods not exceeding one (1) year, to any regularly employed teacher or other employee who requests such leave in writing, when in the opinion of the School Board such leave is in the best interest of the school system.

The Superintendent or his/her designee shall be authorized to approve additional leave, without pay, up to three (3) days a year based on a written request in advance to the Superintendent.

The written request shall contain the reason(s) for the request, an explanation of why the employee believes granting the leave is in the best interest of the school system and a recommendation for approval or disapproval from the employee’s immediate supervisor. The Superintendent or his/her designee shall then make a recommendation to the School Board accompanied by written justification.

Requests for leave of absence without pay shall be submitted to the Superintendent or his/her designee, in writing, at least twenty (20) days prior to the effective date of the leave, whenever possible.

The granting of such leave shall be with the intention of both the employee and the school system that the employee returns to the same position he/she left. The Superintendent may reassign an employee taking leave without pay to a teaching, administrative, or similar position within the person's area of certification or job responsibility if a vacancy occurs. Such reassignment shall be effected in accordance with the School Board’s transfer policy and administrative procedures.

An employee on leave without pay shall not earn retirement credit for those days missed. Additionally, an employee who is on leave without pay is subject to a reduction in his/her allocation of annual sick leave days.

The granting of such leave shall not affect any tenure rights which the applicant may have acquired prior thereto.

The Caddo Parish School Board shall grant a leave of absence, without pay, to any regularly employed teacher or other employee who is president of a statewide professional education organization with a membership of more than ten thousand members, during his/her term of office, not to exceed two (2) years. The granting of such leave shall not affect any tenure rights which may have been acquired prior thereto.

SUBSTITUTES

SUBSTITUTE TEACHERS

The Caddo Parish School Board shall require the compilation of a list of qualified individuals to serve as day-by-day substitute teachers within the school district. The Superintendent or his/her designee shall prepare the list assuring that all those listed possess appropriate employment criteria, including verification of teachers' qualifications and certification.

Substitute teachers shall be assigned on a daily basis from the principal or his/her designee. Teachers who are to be absent shall call the principal/designee to notify him/her of the dates of and reason for the absence. Notification on the same day as the absence shall be given as soon as possible, but no later than one (1) hour before the employee’s appointed daily start time, except in extreme emergencies. Failure to provide adequate notification may subject the employee to disciplinary measures.

It shall be the responsibility of the principal and the regular teacher to ensure that the substitute teacher has the necessary instructions and materials to teach effectively, including textbooks, lesson plans, class rolls, schedules and an outline of local school procedures.

Retired teachers may be employed as substitute teachers provided that use of retired teachers as substitutes is in accordance with the rules and regulations established by the Teacher's Retirement System of Louisiana and pertinent statutory provisions.

Qualified teachers may also be selected to substitute for teachers who plan to be absent for long periods of time. Provisions shall be made for the hiring of, or contracting with applicable substitute teachers in these instances as developed by the Superintendent and staff.

Compensation paid to substitutes shall be based upon the degree status of the substitute in accordance with a pay schedule as set by the School Board.

Any school employee whose job does not require a teaching certificate who performs work as a substitute teacher for more than a single class period shall be compensated for that time at the rate of a substitute teacher. The principal or his/her designee shall authorize the school employee to act as a substitute teacher prior to the employee’s participation in the classroom as a substitute, and shall verify the hours as a substitute teacher for payroll purposes.
SUBSTITUTES FOR SUPPORT PERSONNEL

The School Board shall require the maintenance of a list of properly qualified and approved substitute personnel eligible to substitute for support personnel absent from work. Only persons approved by the Superintendent or his/her designee shall be eligible for employment as substitutes. Appropriate judgment as to actual need should be exercised before employment of a substitute for support personnel.

Bus Drivers

The Director of Transportation shall maintain a qualified substitute bus driver list. The substitute bus driver list shall be updated as changes occur.

A substitute driver who accepts a route and is approved by the School Board for that route, and then elects not to accept the job, shall lose his/her seniority and be moved to the bottom of the list.

Any time a substitute bus operator has been driving a route for more than ninety (90) consecutive days, the School Board shall review the circumstances of the regular operator to be certain that the continued use of a substitute operator is warranted and appropriate.

A substitute bus driver shall be paid a daily rate as approved by the School Board.

If the employee earns 10 days per year, they can accumulate 15 days; if the employee earns 15 days per year, they can accumulate 22.5; and if the employee earns 20 days per year, they can accumulate 30 days. The Application for Leave must be submitted to the employee’s immediate supervisor well in advance of the anticipated beginning date of leave (whenever possible). Employees should work with the appropriate supervisor in arranging for annual leave. Administrative personnel shall take into consideration the services to be rendered by the employee when arranging for annual leave and will make every effort to allow the requested annual leave. Annual shall be taken in increments of one-half (1/2) day. All annual leave shall be reported to the Division of Human Resources.

PAYMENT FOR UNUSED ANNUAL LEAVE

Upon retirement, resignation, or termination of employment, the employee shall be paid for any unused annual leave at the employee’s daily rate of pay. DEFERRED RETIREMENT OPTION PROGRAM (DROP)

Any employee of the Caddo Parish School Board who participates in the Deferred Retirement Option Program (DROP) shall be eligible for and may elect to receive on a one-time basis payment for unused annual leave upon entering DROP on the same basis as any other employee who retires or otherwise leaves employment; otherwise, any accrued annual leave shall be paid only upon final retirement of the employee.

Adopted: February 21, 2017

In cases of emergency*, before school and after school time may be extended. Within twenty-four hours after the assessment of emergency, a written description of the emergency must be submitted by the principal to the appropriate cluster director. These conferences shall be scheduled at a time when a member of the administrative team is on campus.

Teachers are expected to remain at school throughout the day unless some unusual circumstances require them to leave. In case one must leave, it should be with the knowledge and permission of the principal or his/her designee.

DATING VIOLENCE INSTRUCTION, TRAINING AND REPORTING

Each school year, schools shall provide age and grade appropriate classroom instruction in the appropriate course relative to dating violence to students in grades seven (7) through twelve (12) that are enrolled in Health Education. Such instruction shall include but need not be limited to providing students with the following information:

1. The definition of dating violence, which is a pattern of behavior where one person threatens to use, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner.

2. Dating violence warning signs.

3. Characteristics of healthy relationships.

At the beginning of each school year, schools enrolling students in grades seven through twelve shall:

1. Provide instruction to all school employees having contact with students in such grades relative to the definition of dating violence, dating violence warning signs, and how to properly address suspected or reported dating violence involving students, including but not limited to counseling and notification of law enforcement, and provide information relative to dating violence to the parents of students in such grades.

2. Include in student codes of conduct the definition of dating violence, dating violence warning signs, and instructions for reporting or seeking help relative to dating violence; and

3. Collect data relative to the number of incidents of dating violence reported to school employees and the actions taken by school employees to assist victims of dating violence.

In the spring of each school year, the Superintendent shall make an oral report at a meeting of the School Board that shall include but need not be limited to the compliance of each school with the requirements of this policy, aggregate data relative to dating violence, and any recommendations for reducing dating violence among students.

EDUCATION OF STUDENTS WITH EXCEPTIONALITIES

The Caddo Parish School Board shall provide a free appropriate public education in the least restrictive educational environment to each student with an exceptionality, ages three through twenty-one, who is a resident of the geographical boundaries of the School District. Special education and related services may be provided by the School Board to eligible children with exceptionalities under three years of age. Generally, identified children shall be screened and evaluated to determine eligibility to receive special education and related services. If it is determined through the evaluation process that a child has a disability and, by reason thereof, needs special education and related services, then the child is classified in accordance with Louisiana’s Pupil Appraisal Handbook, Bulletin 1508, and becomes eligible to receive special education services. All special education services shall be provided to eligible students with exceptionalities in accordance with the regulations outlined in Regulations for the Implementation of the Exceptional Children's Act, Bulletin 1706 and all other applicable federal and state regulations.

The School Board shall establish and maintain policies and procedures in accordance with federal and state laws and regulations to ensure that students with exceptionalities and their parents are provided the necessary procedural safeguards with respect to the provision of free appropriate public education by the School Board.

SECLUSION AND RESTRAINT

The School Board recognizes that, in order for students to receive a free appropriate public education, a safe learning environment needs to be provided. In doing so, the School Board also recognizes that there are circumstances in school under which reasonable and appropriate measures and techniques will need to be employed in dealing with students with exceptionalities who pose an imminent risk of harm to self or others.

The School Board fully supports the use of positive behavior interventions and support when addressing student behavior. The School Board reserves its right, however, to use physical restraint and/or seclusion consistent with state law to address the behavior of a student with an exceptionality when school personnel reasonably believe the behavior poses an imminent risk of harm to the student or others. The School Board shall not preclude the use of physical restraint and/or seclusion performed consistent with the requirements of a student’s Individualized Education Program (IEP) or behavior intervention/management plan.

The provisions regarding seclusion and restraint shall not be applicable to a student who has been deemed to be gifted or talented under Bulletin 1508, unless the student has been identified as also having a disability under Bulletin 1508.
Definitions

*Imminent risk of harm* shall mean an immediate and impending threat of a person causing substantial physical injury to self or others.

*Seclusion* shall mean a procedure that isolates and confines a student in a separate room or area until he or she is no longer an immediate danger to self or others.

*Seclusion room* means a room or other confined area, used on an individual basis, in which a student is removed from the regular classroom setting for a limited time to allow the student the opportunity to regain control in a private setting and from which the student is involuntarily prevented from leaving.

*Mechanical restraint* means the application of any device or object used to limit a person’s movement. Mechanical restraint does *not* include: (1) A protective or stabilizing device used in strict accordance with the manufacturer’s instructions for proper use and which is used in compliance with orders issued by an appropriately licensed health care provider; and (2) Any device used by a duly licensed law enforcement officer in the execution of his/her official duties.

*Physical restraint* means bodily force used to limit a person’s movement. Physical restraint does *not* include: (1) Consensual, solicited, or unintentional contact; (2) Momentary blocking of a student’s action if the student’s action is likely to result in harm to the student or other person; (3) Holding of a student, by one school employee, for the purpose of calming or comforting the student, provided the student’s freedom of movement or normal access to his or her body is not restricted; (4) Minimal physical contact for the purpose of safely escorting a student from one area to another; (5) Minimal physical contact for the purpose of assisting the student in completing a task or response.

*Positive behavior interventions and support* means a systematic approach to embed evidence-based practices and data-driven decision making when addressing student behavior in order to improve school climate and culture.

*School employee* means a teacher, paraprofessional, administrator, support staff member, or a provider of related services.

Documentation and Notification

The parent or other legal guardian of a student who has been placed in seclusion or physically restrained shall be notified as soon as possible. The student’s parent or other legal guardian shall also be notified in writing, within twenty-four (24) hours, of each incident of seclusion or physical restraint. Such notice shall include the reason for such seclusion or physical restraint, the procedures used, the length of time of the student’s seclusion or physical restraint, and the names and titles of any school employee involved. The director or supervisor of special education shall be notified any time a student is placed in seclusion or is physically restrained.
A school employee who has placed a student in seclusion or who has physically restrained a student shall document and report each incident. Such report shall be submitted to the school principal not later than the school day immediately following the day on which the student was placed in seclusion or physically restrained and a copy shall be provided to the student’s parent or legal guardian.

The guidelines and procedures regarding seclusion and restraint maintained by the Superintendent and staff shall be provided to the Louisiana Department of Education (LDE), all school employees, and every parent of a student identified with a disability under Bulletin 1508.

All instances where seclusion or physical restraint is used to address student behavior of students with disabilities under Bulletin 1508 shall be reported, in accordance with the Louisiana Board of Elementary and Secondary Education (BESE) policy, by the School Board to the LDE.

Guidelines and Procedures

The School Board shall require the Superintendent and staff to maintain adequate written guidelines and procedures governing the use of seclusion and physical restraint of students in accordance with federal and state law, as well as regulations and guidelines promulgated by BESE. The School Board shall approve written guidelines and procedures regarding appropriate responses to student behavior that may require immediate intervention using seclusion and/or restraint. The written guidelines and procedures shall be provided to all school employees and every parent of a student with an exceptionality and shall include reporting requirements and follow-up procedures, including notification requirements for school officials, notification to the student’s parent or legal guardian, and reporting of seclusion and restraint incidents to the LDE.

The written guidelines and procedures shall be posted at each school under the jurisdiction of the School Board, and on the School Board’s website.

Follow-Up

Following any situation resulting in the use of seclusion or restraint of a student, a Functional Behavioral Assessment (FBA) should be considered. If a student subject to the use of seclusion or physical restraint is involved in five (5) such incidents in the school year, the student’s Individualized Education Program (IEP) team shall review and revise the student’s Behavior Intervention Plan (BIP) to include any appropriate and necessary behavioral supports. Thereafter, if the student’s challenging behavior continues or escalates, requiring repeated use of seclusion or physical restraint practices, the special education director or supervisor or his/her designee shall review the student’s plans at least once every three (3) weeks.
Employee Training Requirements

The Superintendent or his/her designee shall be responsible for conducting or obtaining appropriate training programs for school personnel designed to address the use of seclusion and restraint techniques with students with disabilities. In addition, positive behavioral intervention strategies, crisis intervention, and de-escalation, as well as other procedures, may also be included in any training.

Charter Schools

Notwithstanding any state law, rule, or regulation to the contrary and except as may be otherwise specifically provided for in an approved charter, a charter school established and operated in accordance with State law, including its approved charter and the school’s officers and employees, shall be subject to the School Board’s policy and written procedures and guidelines regarding the use of seclusion and restraint with students with exceptionalities.

SERVICE ANIMALS IN SCHOOLS

The Caddo Parish School System acknowledges its responsibilities to permit students and/or other individual with disabilities to participate in and benefit from School Board services, programs and activities, and to promote the nondiscrimination of individuals on the basis of disability. Therefore the School Board shall permit the use of service animals by students and other individuals under appropriate circumstances.

A service animal is any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The School Board shall permit the use of a miniature horse by an individual with a disability if the miniature horse has been trained to do work or perform tasks for the benefit of the individual with a disability. Other species of animals, whether wild or domestic, trained or untrained, shall not be considered service animals.

A written request detailing the need for the use of a service animal and the services it performs shall be submitted to the Superintendent or his/her designee. The work or task performed by a service animal shall be directly related to the handler’s disability. Whenever possible, the request must be made no less than ten (10) days prior to the proposed use of the service animal prior to the proposed use of the service animal or prior to bringing the service animal to school or a school event. Additional documentation may be requested relating to the need for and appropriate use of a service animal. Determination of whether a service animal may be used at school depends on multiple factors and should be done on a case-by-case basis after consultation with the School Board’s legal counsel.

Individuals with disabilities shall be permitted to be accompanied by a service animal in all areas of the School Board’s buildings and facilities where the public participates in services, programs or activities, or where invitees are permitted to go.

If any service animal is excluded by the School Board, the School Board shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

REGULATIONS

1. Special Provisions/Miniature Horses: Requests to permit a miniature horse to accompany a student or adult with a disability in school buildings, in classrooms, or at school functions, shall be handled on a case-by-case basis.

2. Removal of a Service Animal: A school administrator may ask an individual with a disability or his/her parents to remove a service animal from a school building, a classroom, or from a school function, if any one of the following circumstances...
occurs:

A. The animal is out of control and the animal's handler does not take effective action to control it.
B. The animal is not housebroken.
C. The animal's presence would "fundamentally alter" the nature of the service, program, or activity.

3. A service animal shall be required to have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work, or tasks, in which case the service animal must be otherwise under the handler's control.

4. Students with service animals shall be expected to care and supervise their animal. The School Board shall not be responsible for the care or supervision of any service animal. In the case of a young child or a student with disabilities who is unable to care for or supervise his/her service animal, the parent shall be responsible for providing care and supervision of the animal. Issues related to the care and supervision of service animals shall be addressed on a case-by-case basis in the discretion of the building administrator.

5. Owners of service animals shall be solely responsible for any harm, damage, or injury caused by the service animal to students, staff, visitors, and/or property. A signed agreement shall be required indemnifying the School Board and school district against injury to any person or property damage caused by the animal.

Other regulations and/or procedures shall be maintained by the Superintendent and staff.

BRING YOUR OWN DEVICE (BYOD) RESPONSIBLE USE

The Caddo Parish School Board is committed to creating a 21st century learning environment to provide equitable access to technology that will aid students in becoming self-directed learners, collaborative team players, and information producers as well as information consumers. As part of this vision, the School Board shall allow students to access the School Board’s filtered wireless network using their own technology device (netbooks, laptops, smart phones, and tablets) for personal use at the following specified times during the school day: before/after school, and in the classroom when specifically permitted by the classroom teacher. Utilization of personal technology devices to enhance learning in the classroom shall be encouraged when deemed appropriate for all students in a given classroom, and at the discretion of the teacher. The classroom teacher shall specifically authorize utilization of personal devices, otherwise devices shall remain off and put away.

Many teachers and their students utilize Teacher Web, Edmodo, Google Applications and other online resources for personal productivity and academic purposes and allowing the use of personal technology devices facilitates timely accessibility for these users to their resources, enhancing the opportunity for productivity and success. Principals shall be required to have copies of lesson plans or instructional material that utilize these online resources.

While users may operate their own devices to access the Internet, they must do so by placing their device in Airplane Mode and utilizing the School Board’s filtered wireless connection. Users of the School Board’s wireless network shall have filtered Internet access just as they would on a district-owned device. The use of private (3G/4G) network access on school grounds shall be strictly prohibited. Users may not disable, override or circumvent district technology filters and protection measures.

AVAILABILITY OF ACCESS

Students may bring their own technology devices (BYOD) to school campuses. Access to the School Board’s electronic communications system is a privilege, not a right. All users shall be required to acknowledge receipt and understanding of all administrative regulations governing use of the system and shall agree in writing to comply with such regulations and guidelines. When abused, privileges shall be taken away. When respected, they benefit the learning environment as a whole.

Students and parents/guardians participating in BYOD shall adhere to the Student Code of Conduct, as well as all School Board policies, particularly policy IFBGA, Computer Access and Use.

Furthermore, the student and parent shall agree to the following conditions:
• The student shall take full responsibility for his or her technology device. The
school shall not be responsible for the security of student-owned technology.

• The technology shall be in silent mode while on school campuses and while riding
school buses.

• The technology shall not be used to cheat on assignments or tests, or for non-
instructional purposes.

• The student shall access only files on the computer or internet sites which are
relevant to the classroom curriculum.

• The student shall comply with the teachers' request to shut down the device or
close the screen.

• The student shall acknowledge that the school's network filters shall be applied to
one's connection to the internet and shall not attempt to bypass them.

• The student shall understand that bringing onto school premises or infecting the
network with a Virus, Trojan, or program designed to damage, alter, destroy, or
provide access to unauthorized data or information is a violation of policy and shall
result in disciplinary action.

• The student shall realize that processing or accessing information on school
property related to "hacking", altering, or bypassing network security policies is in
violation of the policy and shall result in disciplinary actions.

• The school district has the right to collect and examine any device that is suspected
of causing problems or may be the source of an attack or virus infection.

• The student shall realize that printing from personal technology devices shall not
be possible at school.

• The student and parent shall sign and submit the acceptable use agreement for
BYOD.

Noncompliance with the applicable regulations may result in limitation, suspension, or
termination of privileges, and other disciplinary action consistent with appropriate Caddo
Parish School Board policies. Devices that are used in violation of School Board policy
shall be relinquished to school administrators and held for up to three (3) days, only to be
returned to the parent or guardians.

Violations may result in criminal prosecution as well as disciplinary action by the School
Board.

Louisiana Education Guidelines for Teaching Science (Act 473 of 2008)

Science education is an active discipline that involves questioning, reasoning, experimenting, analyzing and interpreting data, and solving problems. The science classroom needs to be designed to encourage these types of activities. As stated in the Louisiana Science Education Act (Act 473), “support and guidance for teachers regarding effective ways to help students understand, analyze, critique and objectively review scientific theories being studied including, but not limited to, evolution, the origins of life, global warming, and human cloning” will be provided by the Caddo Parish School Board. The following guidelines have been suggested to help teachers select activities that allow students to think critically about scientific theories.

1. Science teachers will utilize the Grade Level Expectations and activities outlined in the Louisiana Comprehensive Curriculum and use materials presented in the textbook supplied by the school system.

2. Supplemental materials may be used to assist students in reviewing, analyzing and critiquing scientific theories in an objective manner. These materials must be scientific in nature and must support learning that involves critical thinking and logical explanations based on empirical evidence.

3. Supplemental instructional materials and classroom activities must not promote any religious doctrine or promote discrimination for or against religion or non-religion.

4. Supplemental instructional materials and classroom activities must be those not otherwise prohibited by the Louisiana Board of Elementary and Secondary Education.

3. Teacher's recommendations (present teacher) 30%

Note: Honors is a segment of the enriched phase and not a separate category. The "Honors" designation indicates the use of the enriched curricula with higher expectations and more assigned work.
Even though a student does not meet the specified criteria for a particular phase prior to registration, he may choose the challenge of a higher phase. However, any request for a lower phase will require reevaluation. If the reevaluation indicates that the student should remain in the current phase, then the decision is final.

The philosophy of mobility of students between phases is continued as a fundamental policy of the phasal program. School principals, teachers, and counselors should be sensitive and responsive to the needs of students to change phases.

It shall be the policy of the Caddo Parish School Board that all junior and senior high schools shall provide instruction to female students in grades 8 and 12 in the proper procedure for breast self-examination and the need for an annual Pap test for cervical cancer. Such instruction may be provided in the context of courses in the study of health, physical education or such other appropriate curriculum or instruction period. This instruction may be taught by a school nurse or physician.

No student shall be required to take such instruction if her parent or tutor submits a written statement indicating that such instruction conflicts with the religious beliefs of the student.

Adopted: January 21, 1981

Legal Reference: Senate Bill No. 160, Act 789
Louisiana Regular Session, 1980
It is the policy of the Caddo Parish School Board to provide students the opportunity to participate in Off Campus Physical Education courses as an option for high school students who have developed skills beyond the District’s instructional level. In order for the student to participate in the program the student must submit a district application indicating the type of course to be provided off-campus. The application must include the goals and objectives of the course as well as a summarization of the daily activities to accomplish the goals. Instruction shall be provided only on week days, Monday through Friday, and must meet state attendance requirements in order for the student to receive credit.

The Athletic Coordinator with appropriate certifications or a designated Physical Education instructor with the appropriate certifications will serve as the teacher of record for Off-Campus Physical Education student grades. Students participating in Off-Campus Physical Education courses will be provided a general letter grade based on performance and attendance beginning school year 2009-10.

The District will develop an off-campus Physical Education on site visitation plan. The Supervisor of Health and Physical Education or his designee will implement the plans to make sure of compliance with Off-Campus Physical Education guidelines.

Each Off-Campus Physical Education course must be approved based upon its own merits with the appropriate documentation being submitted. The instructor’s resume must be provided and the parent and student must submit a signed Hold Harmless Permission Slip. No course shall be approved unless the instructor provides a certificate of insurance naming the Caddo Parish School Board as an additional insured.

Each course must be approved by the athletic coordinator, principal, and director of high schools.

IGAG - TEACHING ABOUT DRUGS AND ALCOHOL

The superintendent shall put in effect in Caddo Parish Act 167 of 1934 which provides for the teaching in all grades in the public schools of this state above the seventh grade the evils and injurious effects on the human system of the use of alcohol and narcotics.

IGAJ - DRIVER EDUCATION PROGRAM

It shall be the policy of the Caddo Parish School Board for driver education to be conducted in the high schools like any other elective course.

Schools will be responsible for accepting only the number of students who can be "driven off" between the hours of 8:00 a.m. and 3:00 p.m. during the regular school year. The enrollment will be restricted to freshmen and sophomores who meet the age requirement. The principal and supervisor of driver education will monitor the program on a continuing basis to insure that all students will complete the driving requirement of the program.

The summer program will be available to all students as a fee program. The fee established would insure that there will be no cost to the Caddo Parish School Board.

Implementation of the program listed below will eliminate the backlog for behind-the-wheel summer driving. This action will increase the number of participants for the summer fee program.

1. Designate a specific number (23-25) of students per class period.
2. Make maximum use of each car for six (6) periods per day.
3. Students should enroll in driver education by choice only. (Only freshmen and sophomore students who meet the age requirements will be eligible.)
4. Teach one classroom phase per year. This should be done the first thirty (30) days of each school year.
5. Cars should be available immediately after the classroom phase is completed.
6. Driver education should appear on the registration sheet in order to determine the number of students requesting the course.

IGB - SPECIAL INSTRUCTIONAL PROGRAMS AND ACCOMMODATIONS
(Least Restrictive Environment)

The Caddo Parish School Board is keenly aware that each individual has unique attributes which make respect for the individual mandatory. We believe it is our responsibility to provide the means necessary to permit the development of all pupils in all of their many interests and abilities. The education of students with exceptional needs resulting from handicaps will be done in an instructional program specifically designed to meet the needs of each student.

The Caddo Parish School Board assures that handicapped students will be provided with a free and appropriate public education in a setting which includes a continuum of services; regular classes, special classes, special schools, home instruction and instruction in hospitals or institutions. The education program provided will be in a least restrictive environment as determined by the Individualized Educational Plan (IEP) committee. In all instances, the IEP committee determines the extent to which an individual with exceptional needs participates in regular education with non-handicapped students. The IEP committee has a responsibility to consider the regular classroom setting as the primary educational environment. To facilitate this the neighborhood school will contain reasonable accommodations to facilitate access by handicapped students. The IEP committee has the responsibility as required by law and the Caddo Parish School Board's commitment to provide the full continuum of services available in establishing the appropriate program to develop the student's abilities and to provide opportunities to develop and maintain continuing relationships with nonhandicapped peers.

IGD – COCURRICULAR AND INTERSCHOLASTIC PROGRAMS  
(Athletic Policy)

I. Philosophy

A. In this policy statement “athletics” refers to the interschool competitive sports program.

B. Athletics are an integral part of the school program and serve as a means of achieving many of the goals of education.

C. Participation in athletic programs should contribute to health and happiness, physical skill, emotional maturity and high morality.

D. Cooperation and competition are important components of American life. Athletics afford an important opportunity to learn to compete fairly; to learn the value of sacrifice, hard work and cooperation; to learn to experience defeat without whimpering and victory without gloating; and to learn self-discipline in compliance with the rules of the game and of good sportsmanship.

E. Positive values do not automatically accrue to the participant. They can only be achieved through the careful direction and guidance of parents, the school staff, school board and the community. The coach holds a central role in developing positive values.

F. Recognition is given to the following dangerous practices:

1. **Winning at all costs.** Cheating, deceit, unsportsmanlike acts, and unethical practices must never be condoned. Game officials must not be blamed for defeats. Victory or defeat should be accepted in a sportsmanlike manner.

2. **Glorifying star athletes.** The outstanding athlete should not be honored to the exclusion of other members of the team. In general, team effort and success should be recognized rather than the prowess of individual star players.

3. **Centering school life around athletic teams.** Although athletics can properly be used to build school spirit and serve as a cohesive agent, they are only one phase of the total school program. No phase of the academic program should be neglected due to overemphasis of the athletic program.

G. Members of the athletic teams should not be accorded special benefits or privileges.
H. All persons connected with the athletic program should exemplify these traits of character: Sportsmanship, sobriety, honesty and emotional and moral stability.

I. The demeanor of coaches during contests is of particular importance because tensions are high. Players and spectators get clues from the coach which influence their behavior either positively or negatively. It is important that the coach control his temper, condone only sportsmanlike play on the field and support the officials.

J. All athletic programs are important. Schools should attempt to expand the opportunities of participants. No one sport should take precedence over others.

K. The schedule for practice in the various sports should be planned so that there will be a minimum overlapping between sports. During the time a sport is in season, that sport should have priority over others. Out of season practice – fall track, spring football, etc. – should be planned for minimum interference with the sport in season.

L. There should be no competition for players between coaches within a school. Coaches have an obligation to counsel students, regarding the sports they may be most successful in; however, the final decision is with the student. In the large high school, and with the increase in competition, only a few students can participate well in all sports.

M. All athletic programs should be conducted in the spirit of and in accordance with the rules and regulations of the Louisiana High School Athletic Association and the rules of the Caddo Parish School Board.

N. One enters competitions with the expectation of winning, but not at all costs. Coaches and players are expected to work hard and strive for perfection.

O. All coaches shall be employees of the Caddo Parish School Board and should accept the premise that their teaching function is primary.

P. In compliance with Title IX guidelines, girls will be permitted to compete on competitive sports teams.

Q. The athletic program is not designed to fill the needs of all the students of a school; rather, it is a program for the physically gifted. However, efforts should be made to provide opportunities for participation to as many students as possible. Multiple teams and schedules are encouraged. In situations which permit, the playing of substitutes is encouraged. Coaches should encourage students to participate in the many fine athletic activities sponsored by SPAR, churches and other organizations.
II. Assignment of Coaching Duties

The head coach will be employed and assigned in accordance with the policy of the Caddo Parish School Board.

The organization of athletic administration shall follow this structure:

<table>

B.  Each year at the time the principal makes staff assignments for the succeeding year, he will make coaching assignments on the advice of the head coach. It is desirable to have those who work as coaches to be involved throughout the year; however, it is possible for a person to be employed as coach of only one sport. No coach may head more than two sports and those sports may not overlap in season.

C.  Minimum Participation – Based on LHSAA Rules

The season is generally prescribed by the league that teams play in. The minimum games for each sport to be recognized as a full season are:

D.  The salaries of those who coach will begin with the school year and continue through August as other teachers’ salaries, effective August, 1976.
The head coach will verify the performance of coaches to the principal who will report the additional work to the payroll department with a copy to the parish supervisor of health, physical education, safety and athletics.

In the event that a coach has not fulfilled a season as earlier indicated, appropriate adjustment will be made on his salary check.

IV. Safeguarding the Health of the High School Athlete

A. One of the objectives of athletic participation is improved fitness and health. At the same time, it is realized that there are inherent hazards to the participants. The school and coaching staff have the responsibility to give maximum protection against injury. Coaches will give careful consideration to the statement:

“Participation in high school athletics is a privilege involving both rights and responsibilities. The athlete’s responsibilities are to play fair, to give his best, to keep in training and to conduct himself with credit to is sport and his school. In turn, he has the right to optimal protection against injury as this may be assured through good conditioning and technical instruction, proper regulation and conditions of play and adequate health supervision.” *

B. In order to insure safety and protect the health of athletes, coaches will give careful attention to the following factors:

1. Proper conditioning helps to prevent injuries by hardening the body and increasing resistance to fatigue.
   a. Prospective players should be given directions and activities for pre-season condition.
   b. There should be a minimum of two weeks of practice before the first official game.
   c. Players should be required to warm up thoroughly prior to participation.
   d. Injured players should be removed from the contest immediately.

2. Careful Coaching leads to skillful performance, which lowers incident of injuries.
   a. Emphasis should be placed on safety in teaching techniques and elements of play.
b. Injuries should be analyzed to determine causes and to suggest preventive programs.
c. Tactics that may increase the incidence of injuries should be discouraged.
d. Practice periods should be carefully planned and of reasonable duration.

3. **Good officiating** promotes enjoyment of the game as well as protection of players.
   a. Players and coaches should be thoroughly schooled in the rules of the game.
   b. Rules and regulations should be strictly enforced in the practice periods as well as in games.
   c. The best qualified officials should be employed.

4. **Right equipment and facilities** serve a unique purpose in protecting the players.
   a. Adequate protective equipment should be provided for all sports.
   b. Careful attention should be given to proper fitting and adjustment of equipment.
   c. Equipment should be properly maintained. Worn out items should be discarded.
   d. Play areas should be checked for hazards.

5. **Adequate medical care** is a necessity in the prevention and control of athletic injuries.
   a. A pre-season medical examination should be given to all prospective athletes.
   b. A physician should be present at all football games and at other scheduled competitive activities when possible.
   c. The physician should make the decision as to whether an injury during games or practice.
   d. Care given by coaches and trainers to injured players should be limited to first aid and medically prescribed services.

V. **Joint Use of Facilities**

The supervisor of Health, Safety, Physical Education and Athletics shall assign facilities which are used jointly by several schools for use by a designated school on a particular
date. No principal or coach may make final agreements for the use of facilities without the consent of this supervisor.

Supplementary lists shall be filed when new players are added to the squad. Lists must be signed by both principal and the head coach.

XI. Residence Rule

A. Majority to minority transfers will not create immediate athletic eligibility unless the student has attended middle school in the attendance zone of the high school he/she wishes to attend for at least one calendar year.

B. A student who transfers to a magnet high school, a traditional high school with a magnet program, or the magnet curriculum of a dual curriculum high school with school board and or court approval shall be eligible to represent the magnet high school in athletic competition immediately if the transfer is at the beginning of the school year at the lowest level of entry offered by the school. In order to be eligible to receive Carnegie credit for a course, students must be present 94% of the required time. If a student is enrolled in Distributive Education Clubs of America (DECA), Cooperative Office Education (COE), attending college, or any other educational extension of the Caddo Parish School System that would allow them to leave the campus, then that student shall be allowed to return to the campus to participate in extra curricular activities as long as he/she meets the requirements/eligibility for that activity. A hardship request to attend less than the required instructional minutes referenced above may be petitioned to the principal by a senior with 20 or more Carnegie units, with written permission by the parent and approval of the principal and Area Director. A fifth year senior may attend only the classes needed for graduation.

IIAA - TEXTBOOK SELECTION AND ADOPTION

Section I

SELECTION POLICY FOR LIBRARY MATERIALS

Many materials are used in the school’s instructional and enrichment program. They may be located in the library media center and other departments of the school.

The materials may include books, magazines, newspapers, pamphlets, pictures, charts, film, filmstrips, slides, tapes, records, transparencies, and other materials that may become available to develop and enrich the curriculum according to the basic course of study.

1. Statement of Philosophy

The primary objective of the library media center is to implement, enrich and support the educational program of the school. Other objectives are concerned with

1. the development of reading skills, literary taste, lifetime reading habits, discrimination in choice of materials and

2. instruction in the use of materials and libraries.

We subscribe to the principles as stated in the LIBRARY BILL OF RIGHTS FOR SCHOOL LIBRARY MEDIA CENTER PROGRAMS.

Media personnel are concerned with generating understanding of American freedoms through the development of informed and responsible citizens. To this end the American Association of School Librarians asserts that the responsibility of the school library media center is

To provide a comprehensive collection of library materials selected in compliance with basic, written selection principles, and to provide maximum accessibility to these materials.

To provide materials that will support the curriculum, taking into consideration the individual's needs, and the varied interests, abilities, socioeconomic backgrounds and maturity levels of the students served.

To provide materials for teachers and students that will encourage growth in knowledge, and that will develop literary, cultural and aesthetic appreciation, and ethical standards.

To provide materials which reflect the ideas and beliefs of religious, social, political, historical and ethnic groups and their contribution to the American and world heritage and culture thereby enabling students to develop an intellectual integrity in forming judgments.

To provide a written statement approved by the local boards of education of the procedures for meeting the challenge of censorship of materials in school library centers.

To provide qualified professional personnel to serve teachers and students.
II. Responsibility for Selection of Library Materials

The Caddo Parish School Board is legally responsible for selection of materials used in the schools of the system.

The actual and final responsibility for selection and recommendation for purchase is delegated to the superintendent who in turn delegates to the professionally trained personnel within the school system.

III. Selection of Library Materials

A. Sources

1. Materials are purchased at the local school level from the annual state library allotment and federal funds when available.
2. Materials are also purchased from M & S funds, the parish library account and school monies.

B. Recommendations for selection of library materials

1. The selection of materials shall be a cooperative, continuing process by the librarian.
2. Librarians may examine books from various publishers before preparing book orders. Book examination is to be conducted at a designated site.

C. Criteria to be considered in the selection of library materials

1. Does the material meet the philosophy of the instructional program, K-12?
2. Is it among the best of its kind available?
3. Does it implement or enrich the course of study?
4. Are its contents, vocabulary and format suitable for the students?
5. Does it have literary merit and interest appeal?
6. Does it appear on one or more approved lists or in a reviewing media?
7. Has some member of the staff read and examined the material and recommended the title for purchase?
8. When appropriate, has the specialist been consulted?
9. Does it fulfill the responsibility of the school library as expressed in the LIBRARY BILL OF RIGHTS FOR LIBRARY MEDIA PROGRAMS?
10. Does it contribute to a balanced presentation of the subject matter in relation to current holdings?
11. Is the value commensurate with the cost?
D. Materials offered to the schools as gifts are accepted with the understanding that they will be evaluated on the basis of the criteria set forth above and only those meeting these standards are added to the collection. Disposal of the remaining materials is left to the discretion of the individual school librarian.

E. Sponsored materials should not only meet the same evaluation standards as any other items being considered for purchase but also the following criteria as well:

1. Is the primary purpose of the material to educate rather than to promote sales?
2. Does the sponsoring concern display more advertising than is acceptable to our selection standards?

F. Sets of materials and periodicals are purchased only to fill a definite need.

G. Out-of-date or no longer useful materials are withdrawn from the collection.

H. Worn or missing standard items are replaced periodically.

CADDY PARISH SCHOOL BOARD TEXTBOOK SELECTION PROCEDURE

I. Philosophy Regarding Textbooks

Public education is one of the most important functions of government, and its purpose is to provide a continuous flow of competent citizens prepared for a productive and satisfying life. The public school should be the institution which provides an environment in which children from homes that vary widely in religious, political, social and economic beliefs can come together in a spirit of mutual respect, acceptance and understanding.

Textbooks are the resource most often used to bring the student into contact with the desired curriculum. They contain the accumulated knowledge and technology of our past and our social heritage. It is essential that textbooks provide the most important knowledge in a well-organized form suitable to the learning ability of the pupils. Finally, textbooks are important because they tend to unify the knowledge of man providing a common language, a common arithmetic, a common technology, common traditions and common goals.

For all of the above reasons, it is important for this school system to devote a great deal of careful study to selection of textbooks.

II. Objectives

A. To select materials that will support the curriculum taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds and maturity levels of the students served

B. To select materials for teachers and students that will encourage growth in knowledge and skills and that will develop literary, cultural and aesthetic appreciation and ethical standards

III. Responsibility for Selection of Textbooks

The State Superintendent of Education has the responsibility for selection of textbooks with the approval of the State Board of Education.

A. State Textbook Adoption Procedures

B. Local Textbook Adoption Procedures

1. The parish superintendent or his/her representative has the responsibility for selecting textbooks for the parish.

2. A general textbook chairman is appointed by the Superintendent or his/her representative.

3. Committees for each curriculum are appointed by the parish representative.
   a. Form letters (sample copy attached) stating the responsibility of the committee are sent to all teachers and administrators in each area. Teachers and administrators are given the opportunity to volunteer for service on committees, thus forming a "pool" for selection by parish supervisors.
   b. Composition of the Committee
      The local adoption committee will be composed of administrators, teachers (at least one of whom should be special education), parents and/or community representatives with equitable representation by ethnic origin, gender, etc. reflective of the student constituency.

      One supervisor from the Central Office is named chairperson of the committee. The committees are further divided according to elementary, middle, and secondary so that the supervisor for each area will chair the committees for that discipline, i.e., middle school math, secondary social studies, elementary language arts, etc.

      One principal (representing level for which the selection is being made elementary, middle, secondary)

      Parents and/or community representatives

      Several teachers including at least one special education teacher

   c. Committee members are to receive special training in textbook selection criteria, voting procedure and integrity of interaction with publishers.
4. The adoption process shall adhere to the following established timelines set forth by the state.
   a. Participation in state caravan must occur before February 1 in the school year of the adoption.
   b. Local school systems must hold textbook adoption between February 1 and April 15 in the school year of the state adoption.
   c. The State Office of Educational Support must be notified as to the locally adopted textbooks and the school system's plan for implementation by April 15 in the school year of the adoption.

5. State Textbook Caravan Participation
   a. The caravan affords all school systems an equal opportunity to preview all state adopted textbooks and ancillary materials with on-site availability of publishers to answer questions.
   b. All school systems, public, private and parochial, are eligible to participate in the caravan.

6. Local Hearings
   a. Local school systems may use the state caravan as the single opportunity for publishers' presentations.
   b. Local school system may use the state as a vehicle for identifying those publishers to be called back for local presentations.

7. Sampling
   a. Publishers are to furnish examination copies only at the written request of the local school system textbook adoption coordinator.
   b. Samples are to be limited to sufficient quantities to facilitate the designated local adoption committee members only.
   c. Other persons choosing to examine samples must use samples provided by State Department at predesignated sites for public review.
   d. No other examination copies will be permitted.
   e. Publishers must notify local school systems, in writing, of the need to have samples returned.
f. If notified by publishers, all samples received by local school systems must be picked up by the publisher within thirty days after the local adoption.

g. Publishers must make all necessary arrangements for sample returns at publisher's expense.

8. Each committee using the "Criteria for Evaluating Textbooks" evaluates the textbooks on the state approved list, chooses most appropriate textbooks, and reports to the general textbook chairman.

9. The general textbook chairman submits the list of suggested textbooks to the parish superintendent along with a tabulation sheet (Criteria for Evaluating Textbooks) from each committee and a list of the members of each committee. The official report of the evaluation results is to be kept on file for a minimum of three years.

3. The total plan for implementation must be submitted. This plan must address the number of books to be ordered by subject, course, and grade level. If lack of funds prevents total implementation during the school year following the adoption, the plan for remaining implementation in future years must also be indicated.

4. Said notifications must be made by April 15 in the school year of the state adoption.

D. Notifying School of Locally Selected Textbooks

1. Each school will receive a list of all components of the basal including those items purchasable with textbook funds and those items to be supplied by the publishers at no cost.

Adopted: February 15, 1995
IKE - PROMOTION AND RETENTION OF STUDENTS
(Basic Skills Program - K-3)

A. Parents will be encouraged to enroll all pupils in the preschool program (kindergarten and the four-year old program when eligible.)

B. Classes for kindergarten pupils will be staffed on a 1:25 ratio. Kindergarten teachers will look carefully at the pupils at the end of the year to determine those who would profit from an additional year in kindergarten experiences (with parental consent).

C. Classes for first grade pupils will be staffed with carefully selected teachers with a 1:25 ratio. Pupils will be required to master the reading skills in the primer* and the mathematics skills in 1A. If a pupil has not completed these requirements by the end of first grade, one of the following plans will be followed:

(1) Assignment will be made to a transitional class, based on test results and other pertinent data gathered by the coordinator, teacher, counselor and principal.

(2) Additional time will be spent in the first grade in the Basic Skills Program (the immature, slow moving or low-achieving pupil who needs more time in a regular developmental program).

Transitional classes will be staffed by Basic Skills Therapists who will have specialized training in diagnostic and remedial techniques.

D. By the end of the second grade, a pupil must have mastered the basic reading and mathematics skills in 1B. If these requirements have not been met, one of the following plans will be followed:

(1) Assignment will be made to a transitional class.

(2) Additional time will be spent in the second grade in the Basic Skills Program.

E. By the end of the third grade, a pupil will have mastered the basic reading and mathematics skills for 2B or continue in a transitional class.

*Receiving instruction at primer level for the initial year of plan (1979-80).
Extended Time

One year of required extended time will be given in the Basic Skills Program according to the criteria for K-3.

A second year of extended time may be given if, in the judgment of the principal, teachers and instructional staff, it would be appropriate for the pupil’s continued progress in grades 1-6.

Extended time may be given in grades 4-6 if, in the judgment of the principal, teachers and instructional staff, it would be appropriate for the pupil’s continued progress.

A pupil will be given no more than two years extended time for instructional purposes in the K-6 program.

In the event that a pupil's mathematics placement is at or above grade level and reading is below, reading progress will be the determining factor in placement. If reading is at or above grade level, and mathematics is below, reading progress will still be the determining factor.

Proper placement of pupils will be made in May according to the Basic Skills Program criteria. If a child attends summer-school or receives tutoring during the summer, the school will test in September to determine proper placement.

Basic Skills Therapists

Basic Skills Therapists will be trained. Principals will use them to the best advantage of the pupils in that particular building.

Form BSP-3

Form BSP-3 will be sent at mid-term with the report card to parents of pupils who will be required to receive extended time in K-3.

Form BSP-3 will be sent at mid-term with the report card to parents of pupils in grades 4-6 who, in the judgment of the principal, teachers and instructional staff, would benefit from extended time.

In compliance with federal regulations, the Caddo Parish School Board approved the following mandate regarding Title IX Education Amendments of 1972:

Students, their parents and employees of the Caddo Parish School System are hereby notified that this school system does not discriminate on the basis of sex and is required by Title IX of the Education Amendments of 1972 not to discriminate on the basis of sex in its educational program, activities and employment practices.

Adopted: November 5, 1975
In compliance with federal regulations, the Caddo Parish School Board approved the following mandate regarding Section 504 of the Rehabilitation Act of 1973:

"Qualified handicapped persons will not be discriminated against on the basis of handicap in any program, activity or employment practice.

Handicapped person is defined as any person who has a physical or mental impairment which substantially limits one or more life activities, has a record of such impairment, or is regarded as having such an impairment."

Adopted: June 15, 1977
JB- EQUAL EDUCATION OPPORTUNITIES HOMELESS EDUCATION

The Caddo Parish School Board (district) recognizes that homelessness alone should not be sufficient reason to separate students from the mainstream school environment. Therefore, the district, in accordance with state and federal law, will give special attention to ensure that homeless children in the school district have access to a free and appropriate public education.

I. Homeless students are individuals who lack a fixed, regular and adequate nighttime residence and include the following:

Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement.

Children and youth who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.

Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar settings.

Migratory children who meet one of the above-described circumstances.

II. Enrollment/Placement

The best interest of the child, with parental involvement shall be considered, in determining whether the child should be enrolled in the school of origin or the school that non-homeless students who live in the attendance area in which the homeless child or youth is actually living are eligible to attend. To the extent feasible, and in accordance with the child or youth's best interest, the child or youth should continue his or her education in the school of origin, except when contrary to the wishes of the parent or guardian. If the youth is unaccompanied by a parent or guardian, the homeless coordinator will consider the views of the youth in deciding where the youth will be educated. The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.
The school selected shall immediately enroll the homeless child or youth, even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, immunization records, proof of residency or other documentation. However, the district may require a parent or guardian of a homeless child or youth to submit contact information.

The district shall provide a written explanation, including a statement regarding the right of appeal, to the homeless child or youth's parent or guardian, or to the homeless youth if unaccompanied, if the district sends the child or youth to a school other than the school of origin or other than a school requested by the parent or guardian.

If a dispute arises over school selection or enrollment in a school, the child or youth shall be immediately admitted to the school in which enrollment is sought, pending resolution of the dispute. The child, youth, parent or guardian shall be referred to the district homeless coordinator, who will carry out the dispute resolution process as expeditiously as possible.

For the purposes of this policy, "school of origin" is defined as the school that the student attended when permanently housed or the school in which the student was last enrolled.

III. Services

Each homeless child or youth shall be provided services comparable to services offered to other students in the district including, but not limited to, transportation services; educational services for which the child meets the eligibility criteria, such as educational programs for disadvantaged students, students with disabilities and gifted and talented students; vocational programs and technical education; school meals programs; preschool programs; before- and after-school care programs; and programs for students with limited English proficiency. Homeless students will not be segregated in a separate school or in a separate program within a school based on the students' status as homeless.
JB- EQUAL EDUCATION OPPORTUNITIES HOMELESS EDUCATION

IV. Transportation

In the event that it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless coordinator. If the student's temporary housing is outside the district of the school of origin and the district lines of the Caddo Parish School Board, then the district will work with the school of origin to agree on a method to apportion the responsibility and costs for transporting the child. If an agreement cannot be reached, the costs will be shared equally.

V. Records

Any records ordinarily kept by the school, including immunization records, academic records, birth certificates, guardianship records and evaluations for special services or programs of each homeless child or youth shall be maintained so that appropriate services may be given the student, so that necessary referrals can be made and so that records may be transferred in a timely fashion when a homeless child or youth enters a new school district. Copies of records shall be made available upon request to students or parents in accordance with the Family Educational Rights and Privacy Act and Caddo Parish School Board policy.

VI. Coordinator

One individual shall act as the district's homeless coordinator:

The district will inform school personnel, service providers and advocates working with homeless families of the duties of the district homeless coordinator. The homeless coordinator will ensure that:

1. Homeless children and youths are identified by school personnel and through coordination activities with other entities and agencies.
2. Homeless children and youths enroll in, and have a full and equal opportunity to succeed in, schools in the district.
3. Homeless families, children and youths receive educational services for which such families, children and youths are eligible, including Head Start, Even Start and preschool programs administered by the district and referrals to health care services, dental services, mental health services and other appropriate services.
4. The parents or guardians of homeless children and youths are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.

5. Public notice of the educational rights of homeless children and youths is disseminated where such children and youths receive services, such as schools, family shelters and soup kitchens.

6. Enrollment disputes are mediated in accordance with law.

7. The parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin and is assisted in accessing transportation to the school selected.

8. Unaccompanied youths will be assisted in placement or enrollment decisions, their views will be considered and they will be provided notice of the right to appeal.

9. Children or youths who need to obtain immunizations, or immunization or medical records, will receive assistance.

VII. Discipline - Not Required To Enroll

Nothing in this policy shall require the enrollment of any child not permitted by another school system to attend school, either permanently or temporarily, as a result of Disciplinary Actions.

Adopted: September 16, 2003

STUDENT ASSIGNMENT

The Caddo Parish School Board shall have authority and responsibility for the assignment, placement, transfer, and continued education of all students attending schools within its jurisdiction. The School Board shall generally require a student to attend the appropriate school as determined by the domicile of the parent or legal guardian, unless the School Board assigns the student, or the student is properly admitted, to another school.

DOMICILE

Each student shall have only one residence (domicile) which is determined to be the place where he/she predominantly sleeps, takes meals, and maintains personal belongings. To establish domicile in the Caddo Parish School District, a parent or legal custodian must present sufficient information which supports both that the parent, legal custodian, or caregiver is actually domiciled within the Caddo Parish School Board jurisdictional school boundaries, and confirm that the child under his or her care, custody and/or control is actually domiciled with that parent or legal custodian.

When legal custody has been awarded by a court of law, the domicile shall be the principal residence of the parent/guardian awarded primary or domiciliary custody, or if the student is eighteen (18) years old or has been emancipated by a court order, by the student's own domicile, if not specifically contrary to the provisions of an order of a court of competent jurisdiction providing for the assignment of students.

Proof of Domicile

The principal of each school shall be responsible for monitoring and enforcing the attendance zone assignments for his/her school. When examining the domicile of a student, the School Board through the principal shall attempt to verify the domicile (primary place of residence) of the legal parent or guardian.

Documents presented as proof of residence must bear the name and current legal address of the student's parent/legal guardian. A minimum of two (2) of the following acceptable documents must be included:

1. Valid domiciliary rental lease agreement;
2. Current utility bill or deposit;
3. Voter registration data;
4. Any other documentation as may be stipulated by School Board.

If none of these documents can be provided, the school principal shall give the
parent/legal guardian or student(s) fifteen (15) school days to produce an acceptable document to prove domicile.

LEGAL CUSTODY

Legal custody is defined as the legal status created by a court order which establishes in a custodian the right to have physical custody of the child or minor. Proof of legal or domiciliary custody, or guardianship, or judicially ordered tutorship, shall be a certified copy of the decree of the court which issued the custody order, whether the order grants temporary or permanent custody.

SCHOOL ASSIGNMENTS

The School Board shall require a student to attend the appropriate school located in the attendance zone in which the student’s domicile is located. Students found out-of-district shall be returned to their district school immediately.

The School Board, however, reserves the authority to assign a student living in one school district to attend school in another district, if circumstances warrant. The parent or legal guardian of a pupil may file in writing to the School Board an objection to the assignment of the pupil, in which case the School Board shall review the assignment and investigate the circumstances in order to render a decision. However, no decision of the School Board in response to an objection to the assignment of the pupil shall conflict with the student assignment provisions of any court-ordered judgment.

Any child temporarily residing within the district who has no permanent address, or who has been abandoned by his/her parent, or who is in foster care, shall be enrolled and allowed to attend school in the zone appropriate to the special circumstance of the child. Surrogate parents may be appointed when appropriate for special needs students.

Parental Request

Notwithstanding any law, rule or regulation to the contrary and if not specifically contrary to the provisions of an order of a court of competent jurisdiction providing for the assignment of pupils within the school system, the School Board shall assign a student to attend any public high school requested by a parent or other person responsible for the student’s school attendance when the requested school has space available and is of a suitable grade level, and the child resides not more than two (2) miles from such school measured by the distance to be traveled on public streets or highways, or by the boundary of a subdivision. The School Board shall not be required to provide transportation to any such student enrolled in high school.

the parent is employed. Permission shall be granted in accordance with the procedure outlined for granting transfers.

ATTENDANCE OUT OF ZONE

Attendance out of zone may be allowed whenever a mental or physical impairment, medical condition, or other exceptional condition requires services which are unavailable at the school in the child's regular attendance zone (see policy JBCD, Student Transfer and Withdrawal), provided that a student requesting transfer for medical reasons and taking elective courses not offered at his/her regular school satisfies the following criteria:

1. Transfers requested for medical reasons must be verified by a physician's statement.
2. The parent or legal guardian must provide transportation.
3. The transfer may occur only when space is available at the school to which the transfer is requested.

Unless the Individualized Education Program (IEP) of a student with an exceptionality, except a gifted and talented student, requires some other arrangement, the School Board shall require the student with such an exceptionality to be educated in the school that the student would attend if he/she did not have an exceptionality. However, if the educational needs of the student cannot be achieved satisfactorily in a regular class setting, the student may be placed in an educational environment designed to meet the appropriate needs of the student, as determined by the IEP committee.

However, a student with an exceptionality, except a gifted and talented student, shall be assigned to a school as requested by the parent, in accordance with La. Rev. Stat. Ann. §17:1944, if all the following conditions are met:

1. The parent submits a written request to the School Board responsible for the student and the respective School Board having jurisdiction over the school being requested, by not later than April first of the school year preceding the school year for which the parent is requesting the school assignment. The request shall include a recommendation from at least two (2) licensed physicians who have treated the student during the year prior to the submission of the request.

4. The requested school is located at least fifteen (15) miles from the student’s home.

5. The requested school is not located in a public school district in which fifty percent (50%) or more of the public schools in the district are charter schools and fifty percent (50%) or more of the public schools in the district participate in a single application and enrollment process for public school enrollment.

Student assignments in K through 8 will be made by the principal of the school with teacher input. The placement of a student shall be based on grades, achievement test scores, and participation in special programs and be made in accordance with the Pupil Progression Plan for Caddo Parish.

In grades kindergarten through second grade, the parent of twins, triplets, etc. (more than one child at a single birth event) may request that their children be placed initially in the same, or separate, classrooms, if the children are in the same grade at the same school. Such a request shall be presented to the Superintendent or his/her designee no later than fourteen (14) days either after the first day of the school year or after the first day of attendance if the child enrolls after the fourteenth day of the school year. Notwithstanding any law, rule, regulation, or School Board policy to the contrary, the request of the parent for initial placement shall be granted subject to further review.

As soon as possible after the end of the student’s first grading period, the Superintendent or his/her designee shall review the initial placement of the child. If the Superintendent or his/her designee, in consultation with the school principal, the child’s(ren’s) teacher(s), and the parent, determines that the initial placement of the children is disruptive to the school or is not in the best educational interests of the child(ren), the initial placement of

STUDENT ABSENCES AND EXCUSES

The Caddo Parish School Board recognizes that the fundamental right to attend the public schools places upon students the accompanying responsibility to be faithful in attendance. Regular attendance can be assumed to be essential for a student's successful progress in the instructional program.

The parent or legal guardian shall enforce the attendance of the student at the school to which the student is assigned.

The principal of a school or his/her designee shall notify the parent/guardian in writing on or before a student's third (3rd) unexcused absence or third (3rd) unexcused occurrence of being tardy, and shall hold a conference with such student's parent or legal guardian. This notification shall include information relative to the parent or legal guardian’s legal responsibility to enforce the student’s attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.

Each school shall attempt to provide verbal notification to a child's parent, tutor, or legal guardian, and, if such verbal notification cannot be provided, then the school shall provide written notification to a child's parent, tutor, or legal guardian when that child has been absent from school for five (5) school days in schools operating on a semester basis, and for ten (10) days in schools not operating on a semester basis. The accumulation of days absent need not be consecutive.

No public elementary or secondary school pupil shall be permitted for any reason to absent himself/herself from school attendance during the school day upon his/her own authority, unless legally emancipated. The principal or designee shall make all reasonable efforts to verbally notify the parent or other person responsible for the pupil's school attendance of any such prohibited absence by a pupil.

TYPES OF ABSENCES

The days absent for elementary and secondary school students shall include non-exempted excused absences, exempted excused absences, unexcused absences, and suspensions.

1. **Non-exempted excused absences** are absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.
2. *Exempted excused absences* are absences which are not considered for purposes of truancy and which are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

3. *Unexcused absences* are any absences not meeting the requirements set forth in the excused absences and extenuating circumstances definitions, including but not limited to absences due to any job (including agriculture and domestic services, even in the student’s own home or for their own parents or tutors) unless it is a part of an approved instructional program. Students shall be given failing grades for those days missed and shall not be given an opportunity to make up work.

4. *Suspensions* are non-exempted absences for which a student is allowed to make up his/her work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence shall be considered when determining whether or not a student may or may not be promoted, but shall not be considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent.

A student under suspension or expulsion is not allowed on any school campus without permission of the principal nor can he/she attend or participate in any school sponsored activity/function, including graduation, or extracurricular activity on or off the school campus.

**EXTENUATING CIRCUMSTANCES**

Exceptions to the attendance regulation shall be the enumerated extenuating circumstances below that are verified by the Supervisor of Child Welfare and Attendance or the school principal/designee where indicated. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit.

1. Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state.

2. Extended hospital stay in which a student is absent as verified by a physician or dentist.

3. Extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state.

4. Extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state.

5. Quarantine due to prolonged exposure to or direct contact with a person diagnosed
with a contagious, deadly, disease, as ordered by state or local health officials.

6. Observance of special and recognized holidays of the student’s own faith.

7. Visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five (5) school days per school year.

8. Absences as verified by the principal or his/her designee as stated below:

   A. Prior school system-approved travel for education;
   B. Death in the immediate family (not to exceed one week); or,
   C. Natural catastrophe and/or disaster.

For any other extenuating circumstances, the student’s parents or legal guardian must make a formal appeal in accordance with the due process procedures established by the school system.

Students who are verified as meeting extenuating circumstances, and therefore eligible to receive grades shall not receive those grades if they are unable to complete makeup work or pass the course.

SCHOOL-APPROVED ACTIVITIES

Students participating in school-approved field trips or other instructional activities that necessitate their being away from school and are under the supervision of authorized personnel shall be considered to be present and shall be given the opportunity to make up work.

CHILD PERFORMERS

Minors employed to perform or render artistic or creative services under a contract or employment arrangement for two (2) or more days within a 30-day period must receive instruction pursuant to statutory provisions.

WRITTEN EXCUSES

Parent notes shall be evaluated and timely recorded in the JCAMPUS system which signifies that the day is excused and will not count toward truancy. Parent notes will be accepted by school administration for no more than three (3) consecutive days at a time. If a student is absent for more than three (3) consecutive days at a time a physician’s excuse must be presented or the parent note must be presented to the Director of Attendance or his/her designee for a determination as to whether the parent note is valid or not. The decision of the Director of Attendance and/or his designee shall be final and not subject to appeal.
School administration shall contact the Director of Attendance and/or his/her designee for a determination as to whether the absence will be excused if school administration believes that (1) a parent note is forged; (2) the note is not being provided by a parent due to personal illness of the student or serious illness in the family; or (3) if the student has a pattern of habitual absences. The decision of the Director of Attendance and/or his/her designee shall be final and not subject to appeal.

In addition, failure to provide a parent note within three (3) days of a student's return to school will result in the day(s) being counted as unexcused and counted toward truancy. Otherwise, the parent may appeal the school’s decision to the Director of Attendance within five (5) school days of the school’s decision. The decision of the Director of Attendance and/or his designee shall be final and not subject to appeal.

All make-up work should be completed and handed in within a reasonable time as recommended by the pupil's teacher.

REPORTING ABSENCES

The attendance of all school pupils shall be checked each school day and at the beginning of each class period and shall be verified by the teacher keeping such record, which shall be open to inspection by the Supervisor of Child Welfare and Attendance or duly authorized representative at all reasonable times. All schools shall immediately report to the Supervisor of Child Welfare and Attendance any unexplained, unexcused, or illegal absence, or habitual tardiness.

The Supervisor of Child Welfare and Attendance shall, after written notice to the parent or legal guardian of a child, or a personal visit of notification, report any such child who is habitually absent or who is habitually tardy to the family or juvenile court of the parish as a truant child, there to be dealt with in such manner as the court may determine.

APPEAL OF ABSENCES

When a student exceeds the maximum number of absences allowed the parents or student may make a formal appeal to the principal by presenting required written documentation for any of the absences he/she feels are because of extenuating circumstances. If the principal denies the appeal, they may appeal further to the Supervisor of Child Welfare and Attendance. The appeal decision of the Supervisor of Child Welfare and Attendance is final and no further appeals shall be allowed.

No appeals and/or documentation shall be accepted for any absences in excess of the minimum attendance requirements after ten (10) school days at the end of the first semester for a semester course or after ten (10) working days at the end of the school year for a two-semester course.

High school students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time in an
attendance recovery program. The make-up sessions must be completed before the end of the current semester and all other applicable policies must also be met.

TARDINESS

A student shall be considered tardy to school if the student is not in his/her homeroom/first period class when the bell to begin homeroom/class ceases. Tardy shall also mean leaving or checking out of school unexcused prior to the regularly scheduled dismissal time at the end of the school day.

A student shall be considered habitually absent or habitually tardy (truant) when either condition continues to exist after all efforts of any school personnel, truancy officer or other law enforcement personnel have failed to correct the condition after the fifth (5th) unexcused absence or fifth (5th) unexcused occurrence of being tardy within any school semester. The principal or his/her designee shall notify the parent/guardian in writing before or upon a student’s third (3rd) unexcused absence or third (3rd) unexcused occurrence of being tardy, and shall hold a conference with such student’s parent/guardian. The student’s parent/guardian shall sign the letter as receipt of notification and shall return it to the school within five (5) school days of receipt.

In addition, the parent/legal guardian may be subject to court fines or community service, and attendance in parenting classes and family counseling and/or other consequences, such as the loss of recreational licenses, for violating the Louisiana Compulsory Attendance Law.

A student shall be considered tardy to class if the student is not in the classroom when the bell to begin class ceases. Students shall not be considered violating the attendance law when reporting late to class when transferring from one class to another during the school day. Students who exhibit excessive tardiness shall be subject to disciplinary action according to the district’s Student Code of Conduct.

A student shall have his/her driver’s license or driver’s permit denied or suspended by the Louisiana Motor Vehicle Department until his/her eighteenth birthday, who fails or refuses to present appropriate documentation that he/she has complied with mandatory school attendance or if the Motor Vehicle Department receives written notification from his/her school that he/she is a dropout or is habitually absent or habitually tardy (truant).

The training shall specifically include the following:

STUDENT DRESS CODE

The policy of the Caddo Parish School Board shall be that no mode of attire shall be considered proper for school wear that disrupts the classroom and/or the school's positive learning environment. In questions regarding student dress and grooming, the principal or his/her designee of each school shall make the final decision as to what is considered proper or improper dress according to the guidelines provided.

NOTIFICATION

The School Board shall notify the parent or guardian of each student of the dress code specifications and their effective date. The dress code shall be distributed in written form or posted on the school’s website annually.

If the School Board adopts a uniform policy or modifies the existing uniform policy, it shall notify, in writing the parent or guardian of each student of the policy adoption or uniform policy modification at least sixty (60) days prior to the effective date of the new or revised policy. Each school shall display any uniform selected for a reasonable period prior to the proposed effective date for wearing of the uniform.

However, nothing shall prohibit the School Board from requiring a new or revised dress code or uniform policy without the required notice in the event of an emergency. For the purposes of this policy, emergency shall mean an actual or imminent threat to health or safety which may result in loss of life, injury, or property damage.

SCHOOL UNIFORMS

The Caddo Parish School Board may make school uniforms mandatory on a school-by-school basis either by School Board action, or school community action where survey results indicate agreement to make uniforms mandatory by a majority of parents (based on a 50% or greater return), faculty, and staff.

1. The decision of the School Board or a school community to move to a mandatory uniform policy shall be done on a school-by-school basis.

2. A standard survey shall be used parishwide for school community action.

3. A timeline, approved by the Superintendent, shall be developed in the spring preceding the year of implementation.

4. Once school uniforms are mandated on a school-by-school basis, uniforms shall be required for all students at that school. Exemptions may be granted only for the following:

   A. An established religious tenet requiring the wearing of specific garb/dress,
B. Physical disability or certified medical condition that prevents the wearing of all or part of the school uniform, or

C. Constitutionally protected rights.

Parents may apply for an exemption by making a written request to the school principal no later than the month of May prior to the year of implementation. For new students moving into the school community during the school year, the exemption request must be completed within two (2) weeks following enrollment.

5. School uniforms, as defined in this policy, refer to conformity in student dress. Specific uniform attire shall be recommended by the school and approved by the Superintendent.

6. Each school shall establish a committee, or use an existing school committee, to monitor the implementation of the policy.

7. Each school principal shall be responsible to seek financial assistance, where necessary, from external sources when a determination is made that a student cannot be outfitted in the mandatory uniform due to extreme family financial hardship. The Superintendent shall be informed of any problems arising in meeting this standard.

8. The Superintendent shall maintain administrative regulations for the enforcement of this policy, which shall contain an appeal procedure for parents whose exemption request has been denied.

DRESS AND PERSONAL GROOMING

Student dress and grooming are not to adversely affect the students’ participation in classes, school programs, other school-related activities or detract from the learning environment of the school. Extremes in style and fit in student dress and extremes in style of grooming will not be permitted. No student shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, blade, symbols, sign or other things which are evidence of affiliation with drugs, alcohol, violence or gang related activities or exhibits profane or obscene language/gestures. Beards and goatees shall be prohibited. Policies regarding dress and grooming stress the importance of reducing distractions that inhibit learning and are addressed as an attempt to enhance the learning environment.

BODY ARMOR

It shall be unlawful and against School Board policy for any student or non-student to wear or possess on his/her person, at any time, body armor on any School Board property, school campus, at a school-sponsored function, on a school bus or other school...
transportation, or in a firearm-free zone, with limited exceptions as enumerated in La. Rev. Stat. Ann. §14:95.9, which includes permitting a student to wear, carry, or possess a backpack on school property or a school bus that has bullet-resistant metal or other material intended to provide protection from weapons or bodily injury.

School-sponsored functions shall include, but not be limited to, athletic competitions, dances, parties, or any extracurricular activities. A firearm-free zone means any area inclusive of any school campus and within 1,000 feet of any such school campus, and within a school bus, wherein the possession of firearms is prohibited, except as specifically set forth in La. Rev. Stat. Ann. §§14:95.2(C) and 14:95.6(B).

*Body armor* shall mean bullet-resistant metal or other material intended to provide protection from weapons or bodily injury.

CORPORAL PUNISHMENT

Every teacher is authorized to hold every pupil to a strict accountability for any disorderly conduct in school or on the playground of the school, or on any school bus going to or returning from school, or during intermission or recess.

The Caddo Parish School Board shall allow reasonable corporal punishment of unruly pupils. If such punishment is required, it shall be administered with extreme care, tact and caution, and then only by the principal, assistant principal, or the principal's designated representative in the presence of another adult school employee. At no time shall corporal punishment be administered in the presence of another student. All school personnel and parents shall be fully informed of these provisions at the beginning of each school year.

_Corporal punishment_ means using physical force to discipline a student, with or without an object. Corporal punishment includes hitting, paddling, striking, spanking, slapping, or any other physical force that causes pain or physical discomfort.

Corporal punishment does not include:

1. The use of reasonable and necessary physical restraint of a student to protect the student, or others, from bodily harm or to obtain possession of a weapon or other dangerous object from a student.

No form of corporal punishment shall be administered to a student with an exceptionality, excluding gifted and talented, as defined in La. Rev. Stat. Ann. §17:1942 or to a student who has been determined to be eligible for services under _Section 504 of the Rehabilitation Act of 1973_ and has an _Individual Accommodation Plan._

The following guidelines shall apply to any use of corporal punishment:

1. Corporal punishment shall be limited to, punishing or correcting a student by striking the student on the buttocks with a paddle provided by the School Board a maximum of three (3) times. When such corporal punishment is administered to a student, it shall be administered in a reasonable manner taking into consideration the age, size, emotional condition and health of the student. There shall be only one paddle in each school; it shall be located in the principal’s office, and its size shall be 24” by 5” by 3/8”.

2. Nothing contained herein shall be interpreted as prohibiting an employee from using physical force, reasonable and appropriate under the circumstances in defending himself/herself against a physical attack by a student or from using physical force reasonable and appropriate under the circumstances to restrain a student from attacking another student or employee.
3. Except for those acts of misconduct which are extremely anti-social or disruptive in nature, corporal punishment should never be used unless the student is informed beforehand that specific misbehavior could occasion its use; and, subject to this exception, it should never be used as a first line of punishment. Its use should follow specific failures of other corrective measures to effect student behavior modification. Corporal punishment shall be used only as a last resort for students with significant behavior problems and only within the guidelines provided.

4. Corporal punishment shall be administered only by a principal, assistant principal, administrative coordinator or teacher after having obtained permission from the principal or his/her designee in each instance. Such corporal punishment shall be administered only in the office of the professional staff of the school with a witness present. A female professional shall be present if corporal punishment is administered to a female student.

5. Prior to the administering of corporal punishment, the principal, assistant principal, administrative coordinator or teacher, as the case may be, shall advise the student of the particular misconduct of which he/she is accused as well as the basis for such accusation, and the pupil shall be given an opportunity to explain his or her version of the facts prior to imposition of such corporal punishment.

6. The principal or assistant principal shall notify the parents, or person having legal custody of the student, by mailing a copy of the record of such violation and punishment rendered. For each incident of corporal punishment, a Corporal Punishment Incidence Checklist shall be completed and maintained in the administrative offices of the school.

   A copy will also be sent to the Supervisor of Child Welfare and Attendance.

**IMPERMISSIBLE CORPORAL PUNISHMENT**

Corporal punishment administered other than as outlined hereinabove shall be deemed and defined to be impermissible corporal punishment. Any accusations involving employees using impermissible corporal punishment shall be promptly investigated, in accordance with provisions of policy GAMC, Investigations, as applicable. Additional steps besides those outlined in policy GAMC may be undertaken on a case-by-case basis in order to complete a thorough and timely examination of the incident in question.

4. When a student has accumulated five (5) absences during the semester in any class, parent contact will be made by phone or letter.

5. When a student has accumulated ten (10) absences in a semester in any class he and his parents will be required to have a conference with the principal or his designee and will be advised that being absent "x" number of additional times will result in the student being present less than eighty-one days for that particular semester. JE - STUDENT ATTENDANCE
Attendance Guidelines for Students
(Attendance Appeals Committee Procedures)

In accordance with new attendance requirements for public school students adopted on July 28, 1983, by the Board of Elementary and Secondary Education, the current school board discipline policy on August 17, 1983, the school board's decision establishing an appeals committee on April 4, 1984, and an Attorney General's opinion (83-834) on December 6, 1983, the following attendance guidelines are to be implemented:

1. A student in high school must be present a minimum of eighty days per semester to be eligible to receive credit for courses taken. If a course in high school is given only for yearly credit, the student must be in attendance 160 days per year.

2. A student in an elementary or middle school must attend a minimum of 160 days per year in order to receive passing grades.

3. Exception is to be made in the event of temporary or extended personal illness, serious illness in the family substantiated by a practicing physician, death in the immediate family and certain recognized religious holidays or other extenuating circumstances approved by the Parish Supervisor of Child Welfare and Attendance in consultation with the principal, and for students attending school-selected or approved activities. Days suspended will be considered unexcused.

4. A parent's written excuse for personal illness may be accepted only if the student would still be in attendance eighty days per semester or 160 days per year. Doctor's statements should be kept on file in a central location in each school.

5. If a student is denied credit or promotion because of excessive absenteeism, he or his parents shall be informed of this decision in writing by the principal of the school or his designee. A copy is to be forwarded to the Director of Child Welfare and Attendance. The Assistant Superintendent of Community Services and Information will review the action taken. Parents may appeal the decision by writing a letter within five (5) school days to the Superintendent or his designee stating reasons for appeal. An attendance appeals committee will review information submitted to determine whether absences may be classified as excused. Serious, unavoidable occurrences under which the student or his legal guardian had no control will be given consideration by the committee. The attendance appeals committee has the authority to waive the two days requirement for presenting the excuse as stated in the policy when deemed necessary.
Parents may appeal the decision of the Appeals Committee to the Administrative Committee of the Caddo Parish School Board if they desire. They may be present for the Administrative Committee Meeting to provide additional information upon request.

JECC - ASSIGNMENT OF STUDENTS TO SCHOOLS
High School Magnet Schools
(ADMISSION, RETENTION, REMOVAL, OR RETURN TO NEIGHBORHOOD SCHOOLS)

Admission to Magnet Program:
In order to be admitted into a magnet program in Caddo Parish the parents/student Must:

1. Meet all requirements for GPA, standardized test scores, and attendance for the magnet program as established by the Caddo Parish School Board,

2. Have parental/guardian consent and support,

3. Make application and have application approved by the principal of the magnet school, and

4. Execute a magnet contract for at least one school year.

A student who moves into Caddo Parish from another school district and has been enrolled in a comparable magnet program in the district from which the student moved may be considered for admission in a magnet program if all admission requirements are met and there is room available in the magnet program.

Retention In the Magnet Program:
In order to remain in a magnet program in Caddo Parish Schools, a student must maintain the proper cumulative GPA and conform to behavior standards for the magnet program. Unless there are unusual circumstances or infractions of the rules of the magnet program, students will be placed on probation or under advisement before they are removed from the magnet program. The magnet school will maintain documentation that the student and the parents/guardians were notified, in writing, of this probation/advisement period and the terms and conditions associated with it. It is strongly recommended that ninth grade students be placed on probation or under advisement for the next year rather than removed from the magnet program.

Removal from the Magnet Program:
Except in unusual circumstances, students will be removed from a magnet program only after they have been placed on probation or under advisement and the terms of the probation/advisement explained, in writing, to both the student and the parents/guardians.

The decision to remove a student from the magnet program is made by the magnet principal only after receiving input from assistant principals, counselors and teachers. Each of the student's teachers will prepare a Student Evaluation Sheet.

It is strongly recommended that seniors in a magnet program be allowed to finish their last year in that magnet program. Every effort should be made to identify problem students and reassign them if necessary before their senior year.
Students returning to the neighborhood school shall do so with the approval of the neighborhood principal. If the student is under administrative probation for discipline, that student may be assigned to the School away from School if the administrative probation contract is violated during the school year.

The appeal process for removal of a student from a magnet program is outlined in the following steps:

1. Parents/student may request a conference with the magnet school principal.

2. If still not satisfied with the decision, the parents/student may request a conference with the appropriate director in the central office. The director may uphold the decision of the magnet school principal or, if circumstances warrant, return the student to the magnet program under administrative probation.

3. If the parents/student are not satisfied with the decision of the director, they may appeal the director's decision to the superintendent. The decision of the superintendent is final.

**Return to a Neighborhood School:**

Parents/students desiring to leave a magnet program may return to a neighborhood school or apply for admission to another magnet program at the end of a school year. Except in extenuating circumstances, no transfers between magnet schools or from a magnet school to a neighborhood school will be authorized after the school year begins.

If extenuating circumstances exist, the contract with the magnet school may be terminated during the school year with the agreement of both the magnet principal and the neighborhood principal. Documentation such as a physician’s statement may be required. The parents/student may use the appeal process described above if they are not satisfied about the decision of the magnet/neighborhood principals.

Adopted: August 16, 1995

This admission will be made without regard to race and without consideration of race.

III. When admissions are made based upon ranked admissions test scores, only one ranking list of all applicants will be used. Applicants will be ranked according to their admissions test score, without regard to race and without consideration of race.

IV. Middle Magnet School Principals are required to engage in aggressive recruitment of students who might not otherwise apply to the magnet schools, to work to improve admissions test scores for potential student applicants, and to administer the admissions test at multiple times and at multiple locations. Also, the Middle Magnet School Principals are required to make a written report to the Superintendent each year documenting the specific measures taken to accomplish these directives.

Revised: November 16, 2006
JECC - ASSIGNMENT OF STUDENTS TO SCHOOLS

The following paragraph appears in the July, 1981 Consent Decree under which the Caddo Parish School Board is currently (September, 1981) operating:

Except for the reasons outlined in this paragraph (1), the Board shall not permit a student to transfer out of a mandatory assignment district. Transfers from a mandatory assignment district may be made under the following circumstances: (i) majority to minority transfers as provided in Part 11, Section F of this Decree, (ii) attendance at a magnet or laboratory school within the guidelines set forth in Part 11 of this Decree, (iii) certified medical need, (iv) hardship and (v) curriculum necessity. Hardship and curriculum transfers shall be granted in a manner consistent with the goals of equal educational opportunity and quality education.

The principal of each school shall be responsible for monitoring and enforcing the attendance zone assignments for his or her school, and the central office staff shall develop administrative procedures.

Students found out-of-district shall be returned to their district school immediately. No consideration will be given to an application of transfer for the remainder of the school year. Transfers must be renewed annually. M-M transfers shall remain in effect for a least one school year.

When considering hardship type requests, a true distinction between mere inconvenience and hardship will be made on a case by case basis.

In granting medical transfers, the central office staff will have the authority to make placement assignments.

The majority to minority transfer (M-M) provision is employed as a device to further provide desegregated school experiences for both black and white students by voluntary means. The Caddo Parish School Board is entitled to establish reasonable rules and regulations consistent with that purpose, but also, consistent with the goals of equal educational opportunity, quality education and efficient administration.

The Caddo Parish School Board deems appropriate to the continuity of the efficient education of children that M-M transfers be placed into effect only at the beginning of each school year in the absence of exceptional circumstances.
Student transfer applications must be submitted by April 15. The only exceptions are listed as follows:

A. Parent(s) or person with legal custody made a bona fide move either inside the parish or from another city to Caddo Parish April 15 or after.

B. Child was enrolled in a private or parochial school on April 15.

C. A medical emergency substantiated by a physician's statement. Must be directly the cause of application's lateness.

D. Parent(s) was/were notified that child could not return to a magnet program April 15 or later.

M-M transfers should not be used as a device to circumvent disciplinary policies and procedures of the Caddo Parish School Board. The initiation of the transfer request procedure shall not terminate or interfere with any disciplinary procedures which may be in progress at the time of the request.

The Caddo Parish School Board will provide transportation for majority to minority transfer students to the school nearest their attendance zone to which the majority to minority transfer would apply.

Students transferred majority to minority may remain through graduation or the highest grade if they desire even when the racial composition of the school changes and their race becomes the majority race, provided there is no change in that district in which the student resides.

Transfers are not processed to schools on an M-M basis when the ratio of races is separated by less then one percent.

Students whose attendance zone assignments change after nine weeks of school shall be allowed to remain at the original school if they choose. Parents will be responsible for providing transportation.

Any student who is going to be a senior shall be allowed to remain at the high school presently enrolled and graduate with his/her class.

The Executive Committee is authorized to act on behalf of the Board on transfer appeals. The decision of the Executive Committee may be appealed to the Board within ten days.
RETURN TO NEIGHBORHOOD SCHOOL FOR CONDUCT VIOLATIONS

Any Student attending a school by reason of an M-M transfer, medical transfer, curriculum transfer or hardship transfer who receives four out of school suspensions within one single school year shall pending a hearing either be expelled to an alternative setting in accordance with state law or returned to the neighborhood school in the student's original attendance zone at the beginning of the next school year or immediately after serving the expulsion term. Nothing in this paragraph will prohibit a principal from denying the renewal of a hardship, medical or curriculum necessity transfer when there has been a decline in student attendance and behavior.

Notwithstanding the contract signed by the student and/or the parent governing a student's attendance at a magnet school or a school with a magnet component, any student attending a magnet school or a school with a magnet component who receives four out of school suspensions within one single school year shall pending a hearing be either expelled to an alternative setting or returned to the neighborhood school in the student's attendance zone at the beginning of the next school year or immediately after serving the expulsion term. Nothing in this paragraph will prohibit a principal from not renewing the student contract for attendance at the magnet school or participating in a magnet program at a school when the student fails to abide by the contract provisions.

JECC - Assignment of Students to Schools

Middle Magnet Schools Entrance

It is the policy of the Caddo Parish School Board that assignment of applicants who meet the qualifications for admissions for entrance to the Middle Magnet Schools follow the procedures as listed.

I. First Preference will be given to siblings of enrolled students. Applicants who meet the qualifications for admission to the middle magnet school, and who have siblings presently enrolled in the school who will be enrolled at that school for the school year in which the applicant is applying, will be admitted first. This admission will be made without regard to race and without consideration of race.

II. Any student currently enrolled in grade 5 at Herndon Magnet School may remain at Herndon Magnet School for grade 6, if the student continues to meet the requirements to be enrolled in Herndon Magnet School, and no admissions test will be required. This admission will be made without regard to race and without consideration of race.

III. All remaining seats after placement of siblings will be assigned to applicants who meet or exceed the required admissions test score, without regard to race and without consideration of race.

IV. When admissions are made based upon ranked admissions test scores, only one ranking list of all applicants will be used. Applicants will be ranked according to their admissions test score, without regard to race and without consideration of race.

V. Middle Magnet School Principals are required to engage in aggressive recruitment of students who might not otherwise apply to the magnet schools, to work to improve admissions test scores for potential student applicants, and to work to improve admissions test scores for potential student applicants, and to administer the admissions test at multiple times and at multiple locations. Also, the Middle Magnet School Principals are required to make a written report to the Superintendent each year documenting the specific measures taken to accomplish these directives.

The Board will review this policy with input from staff two years after its adoption, and every two years thereafter, to determine if revisions are needed.

JEDA - TRUANCY

Truancy is defined as repeated or habitual unauthorized absence of a child from school who is subject to the compulsory school attendance laws of the State of Louisiana.

In order to ensure that students attend school regularly and benefit from the program of instruction, the superintendent shall establish and maintain a program to reduce unexcused absences. The program shall include a method for evaluation and accountability for each school. A report shall be furnished each semester by the Attendance Department to the superintendent who will report by school to the board on the number of students who have accumulated fifteen days of unexcused absences and the action taken on each. A copy of the report will be provided to the Juvenile Court for Caddo Parish.

Before the beginning of each school year, the Attendance Department shall provide each principal with a list of students scheduled to attend that principal's school who accumulated thirty or more unexcused absences during this prior school year. The supervisors of child welfare and attendance will contact the parent(s) or guardian(s) of each student on the list during the summer months and document each contact after explaining the problem and the consequences of continued unexcused absences provided under Caddo Parish School Board Policy and state law. The following guidelines shall apply for students on the historical truant list.

1. The school shall contact the parent(s) or guardian(s) each day the student is absent to confirm that they are aware the student is absent and to request an explanation for the absence.

2. After the fifth unexcused absence, the principal shall request a parent conference, if possible, at the school and will develop an intervention plan for the student utilizing any resources available at the school level such as the Student Assistance Team, Building Level Screening Committee, school psychologist, social worker, counselor, or a referral to an agency in the community that is acceptable to the parent(s) or guardian(s). Consequences of continued unexcused absence shall be reviewed. A referral to the Caddo Parish Juvenile Court will be made if the parent(s) or guardian(s) refused to attend.

3. Upon the eighth unexcused absence, the principal shall notify the Attendance Department. The supervisor of child welfare and attendance will make a referral to the Caddo Parish Juvenile Court including the student's name, identification number, school, grade, number of absences for the current and prior school years, and any other information needed by the court. The principal may delay the referral to the court until fifteen
unexcused absences if the principal believes that a referral is not needed in the case of a particular student. In the event of such delay in referring the student, the principal shall notify the attendance
department
to notify the parent(s) or guardian(s) by letter when a referral to the Juvenile Court is made.

4. The principal shall make electronic referrals to the Attendance Department as a student accumulated twenty, thirty, forty, or fifty absences. The Attendance Department shall notify the Juvenile Court after initial referral of any student who continues to accumulate unexcused absences.

The following guidelines shall apply for students not on the historical truant list.

1. The school shall contact the parent(s) or guardian(s) each day the student is absent to confirm that they are aware the student is absent and to request an explanation for the absence.

2. After the fifth unexcused absence, the parent shall be notified, in writing, by the principal and of the possible consequences of continued unexcused absence.

3. Upon the tenth unexcused absence, an electronic referral shall be made by the principal to the Attendance Department. The principal shall request a conference, if possible, at the school with the parent(s) or guardian(s) and will develop an intervention plan for the student utilizing any resources available at the school level such as the Student Assistance Team, Building Level Screening Committee, school psychologist, social worker, counselor, or referral to an agency in the community that is acceptable to the parent(s) or guardian(s). Consequences of continued unexcused absence shall be reviewed. If the parent(s) or guardian(s) refuses to attend the conference, a referral will be made to the Caddo Parish Juvenile Court.

4. At fifteen days of unexcused absence, the principal shall notify the Attendance Department. The supervisor of child welfare and attendance will make a referral to the Caddo Parish Juvenile Court. It shall be the responsibility of the Attendance Department to notify parent(s) or guardian(s) by certified letter when a referral to the Juvenile Court is made.

5. The principal shall make electronic referrals to the Attendance Department when the student has twenty, thirty, forty, or fifty absences. It shall
be the responsibility of the Attendance Department to notify the Juvenile Court after the initial referral of any student who continues to accumulate unexcused absences.

The standards set forth in this policy are minimum standards. Individual schools, school directors and the system as a whole, are encouraged to develop and utilize improved methods and practices for dealing with truancy even though such standards may be more restrictive than the standards set forth in this policy.

The Attendance Department is authorized to establish written guidelines for implementation of this policy and is encouraged to provide inservice for principals, assistant principals, teachers, counselors, or other employees involved in the student attendance accounting process.

JED - STUDENT ABSENCES AND EXCUSES
JEE - STUDENT ATTENDANCE ACCOUNTING

We affirm that the compulsory school attendance law (R.S. 17:221 as amended by Act 109 of 1964) is designed to protect and guarantee the rights of children to take advantage of educational opportunities provided by the State of Louisiana. The basic responsibility for regular daily attendance is assigned by law to the parents of the child. We are keenly aware that we share with the parents this responsibility. We recognize that each day's absence interrupts the learning process and results in gaps in the child's attainment of skills and knowledge.

Exemptions from school attendance as defined by the State of Louisiana Department of Education are:

A. Children mentally, physically, or emotionally incapacitated to perform school duties,

B. Children temporarily excused for personal illness, serious illness in the family substantiated by a parish supervisor of child welfare and attendance or a certificate from a practicing physician, death in the immediate family, and certain recognized religious holidays.

C. Children exempt by statute.

Attendance Procedures For All Schools:

A. The homeroom or first period teacher is responsible for taking attendance in his class;

B. Attendance will be taken immediately after the tardy bell on attendance cards and in the roll book;

C. The homeroom teacher will complete the card and place it in an envelope and in the location from which it will be collected;

1. The card must include all census information and all telephone numbers at which parents may be contacted.

2. Cards must include codes to indicate tardiness, excused and unexcused absences.

3. One card will be marked "NONE" with all holidays and total days in each report period shown on the card. This is to be sent to the office in the envelope if no students are absent.

D. Student assistants will pick up the cards and bring them to the office during the first period. Students who are not in class when the tardy bell rings will come through the office.

E. Attendance records will be delegated to the principal's designee.
F. The attendance secretary will maintain a master list of teachers to be used in checking envelopes. She will alphabetize attendance cards and type up the absentee sheet to be delivered to teachers during the last period. The attendance cards will be reassembled by homeroom and placed in teachers' boxes.

G. The attendance secretary will be responsible for check-ins and check-outs in the absence of the assistant principal. Check-ins and checkouts will be marked excused or unexcused. A student may check in with a note or a phone call from a parent or by permission from the assistant principal. A student may check out after telephone contact with a parent or guardian.

H. Home contact will be attempted on a daily basis for student absences.

I. In the middle and senior high schools, each teacher will be required to turn in a discrepancy form to the office each day. Negative reports are required. The statement 'absent from my class, but not on the sheet,' or "present in my class, but not on the sheets" may be used. In the elementary schools, discrepancy forms are to be turned in as needed.

J. The principal or his designee will be responsible for checking on follow-up and discrepancies.

K. Any time a student leaves the classroom, he must have a note from the teacher.

L. No student will leave the campus during the lunch period except those students with a medical excuse that has been approved by a doctor of medicine and then only with the permission of the principal or his designee.

M. The principal and his staff will make a strong effort to inform the community of the importance of regular school attendance. The parent is responsible for the regular attendance of his child. If the school is not able to reach the parent regarding a students absence, the parents should either call the school or send a note regarding the absence upon the child's return to school.

Attendance Procedures for Elementary Schools:

A. The same procedures are used in elementary schools as in the middle and high schools.

B. Discrepancy forms are turned in as needed.

JFCI – Substance Abuse Education and Discipline Policy

Philosophy

All students have the right to attend school in an environment conducive to learning. Since substance abuse is illegal and interferes with learning, the school system shall strive to provide drug-free schools for all students.

No person may use, possess, sell or distribute alcohol or other controlled substances, nor may they use or possess drug paraphernalia, on school property or at a school-sponsored event, except drugs prescribed by a physician in which case policy JHCD shall be followed. The terms “other controlled substances or alcoholic beverages” shall refer throughout this policy to the use of all substances including but not limited to alcohol, inhalants, cannabis, cocaine, stimulants, depressants, narcotics, hallucinogens, “designer drugs,” and anabolic steroids. The inappropriate use of prescription and over-the-counter drugs shall also be prohibited. (R.S. 14:91.7)

Caddo schools’ substance abuse prevention education clearly and consistently teaches that substance abuse is wrong and harmful by using current, age-appropriate materials. There is no “responsible” illicit drug use: abstinence from alcohol and other substance abuse is desirable and shall be promoted. Substance abuse can lead to the illness of chemical dependency. Students who self-refer for drug problems shall not risk disciplinary action.

It is in the best interest of this community that Caddo Schools promote and maintain drug-free schools. School personnel, students, parents, and community members must work together toward our mutual goal of drug-free schools.

Education

Every student in grades K-9 shall receive a minimum of sixteen contact hours every year in drug prevention education. Students in grades 10-12 shall receive a minimum of eight hours in drug prevention education every year. Each local education agency is required to establish and maintain in every school a grade-appropriate drug prevention program.

Each principal shall annually document that students in grades K-9 have been provided the sixteen hours of alcohol, drug and substance abuse education and students in grades 10-12, eight hours by providing the completion dates of the required curricula. (R.S. 17:402-405 as amended)

R.S. 14:403.1 requires that a “Student Assistance Team” of not less than six members consisting of at least one administrator, teacher, guidance counselor, parent representative, and a school support person, be formed
at each school. The purpose of this team is to plan age-appropriate drug prevention programs at each school site and to make recommendations regarding treatment, counseling, or other appropriate action in regard to individual students.

Drug programs developed by community members or groups for presentation in schools shall be screened prior to presentation by a drug education review committee of educators to ensure quality and consistency in regard to drug education. The committee will be selected and chaired by the administrator of the drug education program.

**Enforcement**

1. **Use and Possession or Distribution**

A school principal shall suspend from school or suspend from riding on any school bus any pupil who uses or possesses alcoholic beverages or any controlled dangerous substance governed by the Uniform Controlled Dangerous Substances Law, in any form, in school buildings, on school grounds, school events, or on school buses owned by, contracted to, or jointly owned by any city or parish school board. A principal may suspend a pupil for using or possessing tobacco or devises used to light tobacco.

Any student, sixteen years of age or older, found guilty of possession of, or knowledge of and intentional distribution of or possession with intent to distribute any illegal narcotic drug, or other controlled substance on school property, on a school bus, or at a school event pursuant to a hearing as provided for by R.S. 17:416C (1) shall be expelled from school for a minimum of four complete semesters unless such student has agreed to participate and participates full time in a juvenile drug court program operated by a court of this state as required for such student by the appropriate authority. Such student may be placed by the school system in an alternative education program for suspended and expelled students approved by the State Board of Elementary and Secondary Education.

Any student under sixteen years of age in grades 6-12 who is found guilty of the offenses cited in the preceding paragraph shall be expelled for a minimum of two complete semester unless such student has agreed to participate and participates full time in a juvenile drug court program operated by a court of this state as required for such student by the appropriate authority. Such student may be placed by the school system in an alternative education program for suspended and expelled students approved by the State Board of Elementary and Secondary Education.

A student in grades k-5, found guilty of the above cited offenses pursuant to a hearing, shall be referred to the school board through a recommendation for action by the superintendent.
Any student arrested for possession of or intentional distribution of, or possession with intent to distribute any illegal narcotic, drug, or other controlled substance on school property shall be referred by the school principal or his designee, within five days after such arrest, for testing or screening by a qualified medical professional for evidence of abuse of alcohol, illegal narcotics, drugs or other controlled dangerous substances.

2. Confiscation of Controlled Dangerous Substances

(a) Upon the seizure by any public school teacher, principal, school security guard, or administrator of any controlled dangerous substance as defined in R.S. 40:961(7), the principal or his designated administrator shall report the confiscation of such material to the appropriate law enforcement officials.

(b) Any material required by subparagraph (a) of this section to be reported to law enforcement officials shall be retained and secured by the school principal in such a manner as to prevent the destruction, alteration, or disappearance of it until such time as the law enforcement authority either takes custody of the material or provides notice to the school principal that it no longer be retained. In the case that it need not be retained, the school principal shall contact law enforcement officials who shall be responsible for disposing of the material. Every effort shall be made to positively identify the substance and document before its disposal. The failure of any principal or designated administrator to report the confiscation of such material or failure to retain and secure such material shall be reported by the law enforcement authority to the employing school board which shall take disciplinary action.

3. Legal Defense of Staff

If any teacher, principal, school security guard or administrator in the public school system is sued for damages by any student, the parent of any student, or other person qualified to bring suit on behalf of the student based upon a search of that student’s person, desk, locker, or any other area of a school building or grounds set aside specifically for the student’s personal use, when the teacher, principal, school security guard, or administrator reasonably believed that the student had illegal drugs, alcohol or other materials, the possession of which is a violation of the parish or city school board policy on his person, or had reasonable belief that such desk, locker or other area contained such items, or based upon a search using a metal detector, it shall be the responsibility of the school board employing such teacher, principal, school security guard, or administrator to provide the defendant with legal defense, including reasonable attorney’s fees, investigatory costs, and other related expenses.
4. **Referral Required**

(a) Any student arrested for intentional distribution of, or possession with intent to distribute any illegal narcotic, drug or other controlled substance on school property shall be referred by the school principal or his designee, within five days after such arrest, for testing or screening, by a qualified medical professional for evidence of abuse of alcohol, illegal narcotics, drugs or other controlled dangerous substances.

(b) If evidence of abuse is found, the student shall be referred to an alcohol and drug abuse treatment professional chosen by the student’s parent or tutor. If the student is found by the professional to be in need of treatment, and if the student agrees to cooperate in the recommended treatment, as certified in writing by the medical professional, such documentation may be used to initiate reopening the student’s case. The school board shall take into consideration the student’s agreement to receive treatment as a positive factor in the final decision relative to any final disciplinary action.

(c) The parent or tutor of the pupil may, within five days after the decision is rendered, request the school board to review the findings of the superintendent or his designee at a time set by the school board; otherwise the decision of the superintendent shall be final. If requested, as herein provided, and after reviewing the findings of the superintendent or his designee, the school board may affirm, modify, or reverse the action previously taken.

(d) The parent or tutor of the pupil may, within ten days, appeal to the First Judicial District Court for Caddo Parish an adverse ruling of the school board upholding the action of the superintendent or his designee.

5. **Previously Expelled Students**

No student who has been expelled from any public or nonpublic school within or outside the state of Louisiana for possessing, possessing with intent to distribute, or distributing, selling, giving, or loaning while on school property or on a school bus any controlled dangerous substance governed by the Uniform Controlled Dangerous Substances Law shall be admitted to any public elementary or secondary school in the state until the student has enrolled and participated in an appropriate rehabilitation or counseling program related to the reason or reasons for the student’s expulsion.

**Drug Free Zones**

A drug free zone is an area inclusive of any property used for school purposes by any school, within one thousand feet of any such property, and school buses.
Drug free zone signs shall be located in a visible manner on or near each school and in each school bus indicating that such area is a drug free zone, that such zone extends to one thousand feet of school property, and that a felony violation of the Uniform Controlled Dangerous Substances Law will subject the offender to severe penalties under the law. JFG - INTERROGATIONS AND SEARCHES

(Student Search and Seizure)

A. The Caddo Parish School Board is the exclusive owner of all public school buildings and all desks and lockers within the building assigned to any student and any other area of any public school building or grounds set aside specifically for the personal use of the students.

B. Any teacher, principal, school security guard or administrator employed by the Caddo Parish School Board, having articulable facts which would lead one reasonably to believe that any public school building, desk, locker or other area of the public school grounds contains any weapons, illegal drugs, alcohol, stolen goods or other materials or objects, the possession of which is a violation of the law or Caddo Parish School Board policy, may search such building, desk, locker or other area of said public school grounds.

C. Any teacher, principal, school security guard, or administrator may search the person of a student or his personal effects when, based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school rule, or a school board policy. (Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and the nature of the suspected offense.)

Random searches with a metal detector of students or their personal effects may be conducted at any time, provided they are conducted without deliberate touching of the student.

D. Nothing contained in this policy shall be construed to afford a student any expectation of privacy which would not otherwise exist under the statutes or laws of this state.

E. No actions taken pursuant to this policy by any teacher, principal, school security guard or administrator, employed by the Caddo Parish School Board shall be taken maliciously or with willful and deliberate intent to harass, embarrass or intimidate any student.

F. If any teacher, principal, school security guard or administrator, employed by the Caddo Parish School Board, should be sued for damages by any student, the parent of such student or by any other person on behalf of such student, based upon a search conducted in compliance with this policy, the Caddo Parish School Board shall provide such teacher, principal, school security guard or Administrator with a legal defense thereto. Should a judgment for damages be rendered against said teacher, principal, school security guard or administrator in such suit, the Caddo Parish School Board shall indemnify him fully against said judgment including principle, interest and cost.

G. If in any suit brought against any teacher, principal, school security guard or administrator employed by the Caddo Parish School Board as stated in subsection (E) above, there is a specific finding that the action of the teacher, principal, school security guard or administrator was malicious and
willfully and deliberately intended to harass, embarrass or intimidate the student, the Caddo Parish School Board shall not indemnify such teacher, principal, school security guard or administrator in the event a judgment for damages shall be rendered against him.

H. Whenever a search is conducted pursuant to this policy, it is recommended that a witness shall be present during the search, if possible, and that a written record shall be made thereof of the person conducting the search and shall include the name or names of the persons involved, the circumstances leading to the search and the results of the same. This record shall be filed and maintained in the principal's office and a copy forwarded to the superintendent's office.

I. Upon the seizure by any Caddo Parish school teacher, principal, school security guard, or administrator of any firearm, bomb, knife, or other implement which can be used as a weapon and the careless use of which might inflict harm or injury or any controlled dangerous substance as defined in R.S. 40:961(7), the principal or his designated administrator shall report the confiscation of such implement or material to the appropriate law enforcement officials. The principal or his designated administrator may report the confiscation of any other implement or material.

J. Any implement or material as described above is to be reported to law enforcement officials and shall be retained and secured by the school principal in such a manner as to prevent the destruction, alteration, or disappearance of it until such time as the law enforcement authority either takes custody of the implement or material or provides notice to the school principal that it need no longer be retained. In the case that it need not be retained, the school principal shall contact his immediate supervisor regarding disposal of the item. A written record is to be maintained by the principal of all such occurrences.

K. The failure of any principal or designated administrator to report the Confiscation of such implement or material or the failure to retain and secure such implement or material shall be reported by the law enforcement authority to the employing school board which shall take appropriate disciplinary action pursuant to its policy. A recommendation for disciplinary action shall be made by the immediate supervisor through the superintendent to the Caddo Parish School Board.

Caddo Parish Public School System is implementing the PBIS framework across the entire district. Positive Behavioral Interventions and Supports (PBIS) is a proven, research and evidence-based discipline program that emphasizes school-wide systems of support that include strategies for defining, teaching, modeling and supporting appropriate student behaviors to create positive school environments. The PBIS framework requires that each school and teacher defines and teaches core behavioral expectations, acknowledges appropriate student behavior and establishes a consistent continuum of consequences of problem behavior. The Student Code of Conduct compliments and supports the district-wide implementation of PBIS to foster student academic and behavioral success.

In addition to their district-wide Code, each school must develop its own PBIS plan. This plan must include activities for teaching and encouraging expected behaviors. Each school must communicate its PBIS plan to its parents/caregivers and students – including strategies for teaching and reinforcing behavior and strategies for providing consequences for both positive and negative behavior.

Academic success is directly correlated with instructional time received by the student.

In the effort to fully implement Positive Behavioral Interventions and Supports and reduce the loss of instructional time due to out-of-school suspensions and expulsions, the Caddo Parish Public School System expects that each school, when appropriate, will utilize a wide variety of corrective strategies that do not remove children from valuable instructional time.

Corrective Strategies may include but are not limited to:

- Contact and/or conference with parent/guardian
- Behavioral contracts and/or Behavior Support Plans
- Enrollment in a Check-in/Check-out (CICO)
- Home/school communication system
- Reflective activity
- Loss of privilege
- Schedule adjustment
- Referral to the school counselor
- Refer the student to the SBLC
- After-school detention
- In School Isolation with academic assignments
- In School Detention
- Supervised work assignment

I. PHILOSOPHY OF DISCIPLINE

Every student is entitled to an education which shall be offered in an orderly, healthy atmosphere, both physical and emotional, and to firm, fair treatment in all matters pertaining to school life.

Every child shall comply with all rules and regulations of both the state and the Caddo Parish School Board having to do with student behavior. In a democracy there exist many privileges and freedoms, all of which are dependent on observance of certain rules and
regulations. It should be made very clear that any student, by his own failure to comply with school regulations, may lose his right to a public education.

Each teacher in Caddo Parish is responsible for providing an environment that will bring about effective learning, thus enabling each student to achieve his maximum potential.

The home shares responsibility in the education of youth, and the attitude of the home toward school is reflected by the student.

II. DEFINITION OF DISCIPLINE
Discipline is a standard of behavior, which is demonstrated by appropriate conduct in all situations. Any student whose behavior is not conducive to a viable learning environment shall be subjected to disciplinary action in accordance with the policies, methods, and procedures hereinafter set forth.

III. DEFINITION OF DISCIPLINARY ACTION
Disciplinary action is the method and process whereby appropriate and acceptable standards of conduct and order are maintained. It involves the acts of correcting, restricting, withholding of privileges and the administration of other penalties and punishments commensurate to the particular infraction of rules and/or regulations.

IV. DISCIPLINE AND THE LAW

6. Support the Caddo Parish School Board’s policies and the school in which one is assigned.

11. Emphasize the importance of being prepared for school by providing materials and supplies.

12. Respect and support school rules.

Unauthorized Visitors on Campus

Only those persons who have presented themselves to the school office and who have received approval of the principal or his designee to visit may be considered authorized. A search by use of a metal detector or by the principal or designee(s) may be conducted on reasonable suspicion.

School Bus Conduct

Students must conduct themselves in a manner that promotes safety and follow rules of the Transportation Department whether riding the bus to and from their home or school sponsored activities. The principal may suspend from school or suspend from riding the bus any student who commits any infraction set forth in R.S.17:416 utilizing the same procedures applicable to suspension and expulsion from school. School personnel must review the rules for riding school buses with all students at the beginning of each semester (Bulletin 1191).

Safety Instructions and Behavior Rules for School Bus Riders

School bus transportation is a PRIVILEGE. The safety and welfare of student riders depends on proper behavior and observance of the following rules and regulations. Any pupil who violates any of these rules will be reported to the proper authority and his/her privilege of transportation may be denied. These rules apply to STUDENT ACTIVITY TRIPS as well as regular bus routes to and from school.

1. The DRIVER is in FULL charge of the bus and its passengers and has authority to enforce all the rules. Respect the authority of the driver by obeying promptly and courteously. Students are to refrain from unnecessary conversation with the driver.

21. The primary focus of the bus driver is to operate the bus safely.

A third referral from the same class requires that a principal and teacher confer before disciplinary action is imposed as provided by R.S. 17:416.

Alternatives to Suspension or Expulsion Programs

Since academic achievement is associated with the amount of instructional time received by the student, the utilization of alternatives to suspension or expulsion is encouraged. Alternatives which may be used include the following: communication with parents, referral for counseling services, behavioral contracts, detention centers, using a team approach, corporal punishment (elementary and middle school), in-school suspensions, the time-out room, supervised work assignments and placement in approved alternative educational programs.

VII. PROCEDURAL POLICIES FOR DISCIPLINE CASES

Hearing by Principal

1. An informal hearing shall be conducted by the principal or designee prior to the suspension of any student unless the student’s presence in the school endangers persons or property or threatens disruption of the academic process. The principal shall be authorized to have the student immediately removed from the school. When necessary to determine responsibility for alleged misconduct, the principal or designee may suspend a student from school for a period of three (3) days pending an investigation. If the investigation determines that the student is not responsible for the misconduct, the suspension is rescinded.

2. The informal hearing between the principal or designee and the student shall take place immediately.

3. The school principal or designee shall advise the student in question of the particular misconduct of which the student is accused, as well as the basis for such accusation. The student shall be given the opportunity to explain his/her version of the facts. The principal or designee will call witnesses requested by the student. Witnesses are not required to be sworn in, and the proceedings shall be conducted informally, but subject to the control and direction of the principal or designee. The principal or designee should make every reasonable effort to reach a fair determination of the issue. In the event the particular misconduct involves assault or battery upon a teacher or other school personnel, then the teacher or other personnel shall be allowed the opportunity to give information to the principal either orally or in writing.

4. If the principal imposes a suspension of nine days or less, or a disciplinary action other than a recommendation for expulsion, no further hearing shall be required. The student is advised and provided with the enrollment form to attend the Short-Term Suspension Center during the suspension. A student must have a hearing with the superintendent or designee if recommendation is for ten (10) days or more.

5. In each case of suspension or expulsion the school principal, or his designee, shall contact by telephone at the telephone number shown on the pupil’s registration card or send a certified letter at the address shown on the pupil’s registration card to the parent, tutor, or legal guardian of the pupil in question giving notice of the suspension or expulsion, the reasons therefore and establishing a date and time for a conference with the principal or his designee as a requirement for readmitting the pupil provided that in the case of expulsion, the contact with the parent or guardian
shall include a certified letter. If the parent, tutor, or guardian fails to attend the required conference within five school days of mailing the certified letter or other contact with the parent, tutor or guardian, the truancy laws shall become effective. On not more than one occasion each school year when the parent, tutor, or legal guardian refuses to respond, the principal may determine whether readmitting the pupil is in the best interest of the student. On any subsequent occasions in the same year, the student shall not be readmitted unless the parent, tutor, legal guardian, court, or other appointed representative responds. A parent or guardian who willfully refuses to attend a conference, meeting or hearing regarding a student’s behavior shall be referred to a court exercising juvenile jurisdiction pursuant to the Children’s Code. A pupil whose presence in or about a school poses a continued danger to any person or property or an ongoing threat of disruption to the academic process shall be immediately removed from the school premises without the benefit of the procedure described hereinabove; however, the necessary procedure shall follow as soon as is practicable.

6. In the event the suspension is for damages to property owned by the school system or property contracted by the school system, the notice shall advise the parent or guardian that the student will not be readmitted until payment in full has been made for such damage or until directed by the superintendent.

7. In the event the suspension is for assault or battery upon a teacher or other school personnel, then the principal shall provide written notice to the Superintendent.

8. Student with disabilities. The Individuals with Disabilities Education Act of 2004 (IDEA ’04) clarifies the authority of school officials to take disciplinary action, including ordering a change in a student’s placement to an appropriate interim alternative educational setting, another setting, or suspension. This section contains requirements regarding the discipline of students with disabilities. All behavior incidents involving students with disabilities must be addressed using only the requirements of IDEA ’04. (See also Discipline Continuum Checklist contained in Caddo Parish Discipline Resource Manual for Teachers and Administrators).

A. Change in Placement. A change in placement occurs if a student with a disability is removed (suspended/expelled) from the student’s current placement for more than ten (10) consecutive school days and/or if a student is subjected to a series of removals that constitute a pattern, which cumulate to more than ten (10) school days in a school year. In school suspensions (ISS) shall not be counted in this ten (10) days if Free Appropriate Public Education (FAPE) is provided.

B. Authority of School Personnel. To the extent removal (suspension/expulsion) would be applied to children without disabilities, a school official may:

   i. Remove a student with disabilities to an appropriate interim alternative educational setting, another setting or suspension for not more than ten (10) consecutive school days for any violation of school rules.

   ii. Special Circumstances. Order a change in placement of a student with disabilities to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) days if the student carries a weapon to school or to a school function; knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function; or has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency.
(a) The terms “weapon,” “illegal drugs,” and “controlled substance” are defined in Louisiana Bulletin 1706, Section 519; serious bodily injury is defined as bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

(b) If the removal is for more than ten (10) consecutive days or if the student is subjected to a series of removals that constitutes a pattern, which cumulates to more than ten (10) school days in a school year, only the IEP team has the authority to determine the interim alternative educational setting which must be selected so as to enable the student to continue to progress in the general curriculum and to continue to receive the services and modifications, including those described in the student’s current IEP, that will enable the student to meet the goals set out in the IEP.

(c) The interim alternative educational setting must also include services and modifications designed to address the behavior and prevent the behavior from recurring. Before sending a student to an education placement, which would be considered a more restrictive setting, the IEP team must complete a reevaluation.

(d) Free Appropriate Public Education (FAPE) must be provided which includes: access to the general education curriculum; implementation of the student’s current IEP; and access to IOWA/LEAP 21/GEE preparation and remediation.

NOTE: The designee shall inform the principal of each instance of removal of a student from the school.

C. IEP Team Involvement. If a suspension exceeds ten (10) consecutive or cumulative school days, it will be considered to be a change of placement and the LEA must schedule an IEP team meeting immediately. The following procedural safeguards must be met:

i. A Manifestation Determination Review (MDR) must be conducted to determine if the behavior subject to disciplinary action is a manifestation of the student’s disability.

ii. A Functional Behavioral Assessment must be conducted to determine why the behavior occurred.

iii. A decision regarding the provision of FAPE must be made and the student must be provided services set up by the IEP team so that IEP goals can be reached.

iv. A Behavioral Intervention Plan must be developed. If a behavior plan currently exists, the IEP team must review and revise the behavior plan to address the behavior violation so that it does not recur. Those revisions must include strategies, supports, and other instructional programming to address the behavior.

D. Manifestation Determination Review (MDR). The manifestation review process is required whenever an action involving a removal of a student with disabilities from his or her current placement is being contemplated due to a violation of the code of student conduct.

The local educational agency, the parent, and relevant members of the IEP Team (as determined by the parent and the local educational agency) shall immediately review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to determine -

i. if the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or
ii. if the conduct in question was the direct result of the local educational agency’s failure to implement the IEP.

If the local educational agency, the parent, and relevant members of the IEP Team determine that either subclause (I) or (II) above is applicable for the child, the conduct shall be determined to be a manifestation of the child’s disability. With the exception of the special circumstances described in paragraph B ii above, if it is determined that the conduct was a manifestation of the child’s disability, the child shall be returned to the placement from which he was removed, unless the parent and the local educational agency agree to a change of placement as part of the modification of the behavioral intervention plan.

E. Notifications. Not later than the date on which the decision to take disciplinary action is made, the LEA shall notify the parents of that decision, and of all procedural safeguards.

F. Appeal Process

1. The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination under this subsection, or a local educational agency that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request a hearing.

2. A state hearing officer shall hear, and make a determination regarding, an appeal requested under subparagraph 7 F(1) above. The hearing officer may order a change in placement of a child with a disability. In such situations, the hearing officer may –
   (a) return a child with a disability to the placement from which the child was removed; or
   (b) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

3. When an appeal has been requested by either the parent or the local educational agency –
   (a) the child shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period imposed as discipline, whichever occurs first, unless the parent and the State or local educational agency agree otherwise; and
   (b) the State or local educational agency shall arrange for an expedited hearing, which shall occur within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing.

G. Protections for Children who have not been determined to be eligible for special education and related services. A child who has not been determined to be eligible for special education and related services and who has engaged in behavior that violated any rule or code of conduct of the local educational agency may assert any of the protections provided for in IDEA if the LEA had knowledge (as determined in accordance with Paragraph (a) of this section) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.
(a) Basis of knowledge. An LEA shall be deemed to have knowledge that a child is a child with a disability if before the behavior the precipitated the disciplinary action occurred

i. the parent of the child has expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;

ii. the parent of the child has requested an evaluation of the child; or

iii. the teacher of the child, or other personnel of the local educational agency, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education of such agency or to other supervisory personnel of the agency

(b) Exception

A local educational agency shall not be deemed to have knowledge that the child is a child with a disability if the parent of the child has not allowed an evaluation of the child or has refused services under IDEA or the child has been evaluated and it was determined that the child was not a child with a disability who engaged in comparable behavior.

(c) Conditions that apply if no basis of knowledge

If a local educational agency does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to disciplinary measures applied to children without disabilities who engaged in comparable behaviors.

(i) Limitations

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this subsection, the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency shall provide special education and related services except that, pending the results of the evaluation, the child shall remain in the educational placement determined by school authorities.

H. Reporting Criminal Activity. Nothing in this policy shall prohibit school officials from reporting a crime committed by a student with a disability to appropriate law enforcement authority. School officials shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime.

Appeal from Order of Disciplinary Action

Individuals who feel that their rights may have been violated are provided the following appeal procedure.

1. The student, parents or other person responsible for the student shall first attempt to resolve the matter with the teacher or other school personnel responsible for imposing the disciplinary action. If not resolved with that person, an appeal to the principal shall be made.
2. In the event the matter is not resolved at the individual school level, the student, the parents or the party responsible for the student shall have the right to appeal the disciplinary action to the superintendent’s designee.

3. The superintendent’s designee shall conduct a hearing on the merits of the case under appeal. Upon the conclusion of the preliminary hearing, the superintendent’s designee shall determine whether the suspension or disciplinary action should be remitted or amended in any manner or if another corrective or disciplinary action shall be taken.

4. If the decision of the superintendent’s designee results in disciplinary action other than a suspension of nine days or less, then the student, the parents, or tutor may, within five days after the decision is rendered, request the Caddo Parish School Board to review the findings of the superintendent or designee at a time to be set by the school board; otherwise the decision of the superintendent or designee shall be final.

Expulsion

Any student after being suspended for committing any of the offenses cited in R.S. 17:416 may be expelled, upon recommendation by the principal of the public school in which said student is enrolled. The principal shall immediately suspend a student who is found carrying or possessing a firearm, a knife the blade of which equals or exceeds two inches in length, or another dangerous instrumentality, or who possesses, distributes, sells, gives, or loans any controlled dangerous substance governed by the Uniform Controlled Dangerous Substances Law, in any form, who threatens or commits battery upon a teacher or other school personnel, or initiates false alarms or bomb threats. The principal shall immediately recommend the student for expulsion.

2. Any student who is suspended three times for an infraction shall be recommended for expulsion if a fourth suspension occurs during the same school year.

Hearing by Superintendent or Designee

1. A hearing shall be conducted by the superintendent or designee within five school days from the date the student is given notice of the recommendation of expulsion (or suspension of ten days or more made by the principal).

2. The hearing shall be recorded and maintained by the Superintendent’s designee.

3. The student shall be afforded the opportunity to know the charges, be given the opportunity to defend his/her actions, and be permitted to question and present evidence. The student must be accompanied by parent or guardian and may be represented by an attorney or any other persons of the student’s choice.

4. The principal and/or teacher may be represented by a person appointed by the superintendent.

5. Until the hearing takes place, the student shall remain suspended from school and all Caddo Parish School Board related school activities.

6. The concerned teacher shall be given reasonable notice of the hearing and permitted to attend such hearing and shall be permitted to present information the teacher believes relevant. In the case of an infraction involving assault and/or battery upon other school personnel, said personnel shall be given reasonable notice of and permitted to attend and present information the person believes relevant.

7. A hearing shall be held for special needs students when misconduct is not a manifestation of the student’s disability. The relevant disciplinary procedures applicable to students without disabilities may be applied in the same manner, except that a Free Appropriate Public Education (FAPE) must be provided.

8. Upon conclusion of the hearing, the superintendent or designee shall determine whether such student shall be expelled or if other corrective or disciplinary action shall be taken.

9. Records shall be maintained and made available upon request.
Appeal from Order of Expulsion

1. The parent or guardian may within five days after the decision request the Caddo Parish School Board to review the findings of the superintendent or designee.
2. The time for the hearing shall be set by the Caddo Parish School Board.
3. The school board may affirm, modify or reverse the action previously taken.
4. The testimony may be transcribed at one’s cost.
5. If the Caddo Parish School Board affirms the action of the superintendent or designee, the parent or guardian may within ten days appeal the decision to the First Judicial Court for Caddo Parish.

Direct Expulsion by the School Board

Any student convicted of a felony or who is incarcerated in a juvenile institution for an act which if committed by an adult would have constituted a felony may be expelled by the Caddo Parish School Board for a period of time as it may determine, provided any such expulsion shall require the vote of two-thirds of the elected members of the school board. A student committing such an act inside this state or outside may be sufficient cause for the superintendent to refuse admission to any school except upon review and approval of the majority of the elected members of the school board when a request for admission is made to the board.

Other Actions—Suspension of Student’s Drivers License

The principal shall notify the Department of Public Safety and Corrections, Office of Motor Vehicles, of any student between the ages of fourteen and eighteen who has been disciplined by suspension or expulsion from school or assigned to an alternative educational setting for ten or more consecutive days for any of the following infractions:

1. Sale or possession of drugs, alcohol, or any other illegal substance;
2. The possession of a firearm; or
3. An infraction involving assault or battery on a member of the school faculty or staff.

The principal shall complete and send Form JG-F no later than 30 days after the disciplinary action has become final and all delays for appeals have passed.

VIII. SCHOOL ATTENDANCE AND THE LAW

The Compulsory School Attendance Law (R.S. 17:221) is designed to protect and guarantee the rights of children to take advantage of educational opportunities provided by the State of Louisiana. The basic responsibility for regular attendance is assigned by law to the parents of the child. The school board is keenly aware that it shares with parents or guardians this responsibility. The school board recognizes that each day's absence interrupts the learning process and results in delays and deficiencies in the child's attainment of skills and knowledge. (R.S. 17:221 requires that children attend school each day scheduled by the school system.)
Exemptions

The following exemptions from school attendance, in accordance with R.S. 17:226, State of Louisiana are:

1. Children mentally, physically or emotionally incapacitated to perform school duties
2. Children temporarily excused for personal illness, serious illness in the family substantiated by a parish supervisor of child welfare and attendance or a certificate from a practicing physician, death in the immediate family, and certain recognized religious holidays
3. Children exempt by statute

Attendance Policy in Elementary and Middle Schools

1. Students must be present a minimum of 160 days per school year to be eligible for promotion. Exceptions can be made when substantiated by a practicing physician in the event of temporary or extended personal illness and serious illness in the family. Other exceptions are death in the immediate family, with appropriate verification, children whose religious faith requires absence for the observance of recognized holidays of the child’s own faith, natural catastrophe and/or disaster, attending school selected or approved activities or other extenuating circumstances approved by the parish supervisor of child welfare and attendance in consultation with the principal. The student shall present an excuse in writing within two school days after returning. Days suspended shall be considered unexcused. For any other extenuating circumstances, parents shall have the right to appeal the denial of promotion to the Attendance Appeal Committee.

2. The principal or his designee shall contact parents to ascertain reasons for absences and confer with them on the importance of school attendance. When a student returns to school after an excused absence, he has three days or a number of days equal to the number of days of consecutive absences, whichever is greater, following return to class to make up work. Make-up work shall be permitted only when written excuses from parent(s) or guardian(s) have been received in accordance with this policy.

Attendance Policy in High School

1. Secondary students must be present a minimum of eighty one days per semester to be eligible to receive credit for the courses taken. Exceptions can be made when substantiated by a practicing physician in the event of temporary or extended personal illness and serious illness in the family. Other exceptions are death in the immediate family, with appropriate verification, children whose religious faith requires absence for the observance of recognized holidays of the child’s own faith, natural catastrophe and/or disaster, attending school selected or approved activities or other extenuating circumstances approved by the parish supervisor of child welfare and attendance in consultation with the principal. The student shall present his excuse in writing within two days after returning. Days suspended shall be considered unexcused. For any other extenuating circumstances, parents shall have the right to appeal to the Attendance Appeal Committee.

2. Based on state and local policies, the student shall accept responsibility for absences. When a student returns to school after an excused absence, the student has three days or a number of days equal to the number of days of consecutive absences, whichever is greater, following the return to class to make up work. Make-up work shall be permitted only when written excuses from parent(s) or guardian(s) have been received in accordance with this policy.
IX. TARDINESS TO SCHOOL

Students are expected to be in their seats when the tardy bell rings. This practice preserves instructional time and is necessary for maintaining an orderly environment conducive to learning and educational accountability. School shall follow the stated guidelines concerning unexcused tardiness to school developed by the Caddo Parish School Board.

Elementary Schools

First Tardy: Parent check-in with student and a verbal warning is issued.
Second Tardy: Parent check-in with student and a verbal warning is issued.
Third Tardy: Parent check-in with student receiving a standard tardy letter.
Fourth Tardy: Parent check-in with student along with a conference with the counselor or coordinator.
Fifth Tardy: Parent check-in with student with an administrative conference.
Sixth Tardy: Parent check-in with student and issued one-day recess detention
Seventh Tardy: Parent check-in with student and issued two days recess detention.
Eighth Tardy: Parent check-in with student and issued one day ISS or its equivalent.
Ninth Tardy: Parent check-in with student and issued two days ISS or its equivalent.
Tenth Tardy: Student is placed in ISS pending a CPSB administrative conference from the Attendance Department.

SCHOOL WELLNESS

The Caddo Parish School Board is committed to the optimal development of every student. The School Board believes that for students to have the opportunity to achieve personal, academic, developmental and social success, the School Board shall strive to ensure positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year.

It is the School Board’s desire to ensure environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, the School Board shall establish goals and procedures to ensure that:

- Students in the Caddo Parish public schools have access to healthy foods throughout the school day – both through reimbursable school meals and other foods available throughout the school campus – in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the School Board in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The School Board establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives.

SCHOOL HEALTH ADVISORY COUNCIL (SHAC)

The School Board shall establish a School Health Advisory Council (SHAC) to advise the School Board on physical activity for students, physical and health education, nutrition, and overall student health. The council members shall be appointed by the School Board and shall include parents of students and individuals representing the community, as well as school health and food service professionals. The School Health Advisory Council shall assist in implementation, periodic review, and updating of the School Wellness policy.

The Superintendent or his/her designee shall be responsible for assuring compliance with established district-wide nutrition and physical activity wellness policies. In each school, the principal or designee shall oversee compliance with those policies in his/her school and shall report on the school’s compliance to the Superintendent or his/her designee.
School food service staff, at the school or district level, shall assess compliance with nutrition policies within school food service areas and report on this matter to the Superintendent (or if done at the school level, to the school principal).

IMPLEMENTATION

The School Board shall develop and maintain a plan for implementation to manage and coordinate the execution of the School Wellness policy. The plan shall delineate roles, responsibilities, actions and timelines specific to each school; and include information about persons responsible for making changes; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

This School Wellness policy and any progress reports shall be maintained on the School Board’s website.

TRIENNIAL PROGRESS ASSESSMENTS

At least once every three (3) years, the School Board shall evaluate compliance with the School Wellness policy to assess the implementation of the policy and document the assessment for each school under its jurisdiction. The School Wellness policy shall be assessed and updated as indicated at least every three (3) years, following the triennial assessment.

RECORDKEEPING

The School Board shall retain records to document compliance with the requirements of the School Wellness policy at the Caddo Parish School Board central office. Documentation maintained in this location shall include, but not be limited to:

- The written School Wellness policy;
- Documentation demonstrating that the policy has been made available to the public;

COMMUNITY INVOLVEMENT, OUTREACH AND COMMUNICATIONS

The School Board is committed to being responsive to community input, which begins with
awareness of the *School Wellness* policy. The School Board shall inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and application procedures, and a description of and compliance with nutrition standards. The School Board shall use electronic mechanisms, such as e-mail or displaying notices on the School Board’s website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the *School Wellness* policy, as well as how to get involved and support the *School Wellness* policy and activities/initiatives. The School Board shall ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the School Board and individual schools are communicating important school information with parents.

**Annual Notification of Policy**

**NUTRITION**

**School Meals**

The Caddo Parish School Board is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are moderate in sodium, low in saturated fat, and have zero grams *trans*-fat per serving (nutrition label or manufacturer's specification); and to meeting the nutrition needs of school children within their calorie requirements.

All public schools within Caddo Parish participate in the *United States Department of Agriculture* (USDA) child nutrition programs, including the *National School Lunch Program* (NSLP), the *School Breakfast Program* (SBP). All public schools within Caddo Parish shall be committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations.

**Water**

To promote hydration, free, safe, unflavored drinking water shall be available to all
students throughout the school day and throughout every school campus. The School Board shall make drinking water available where school meals are served during mealtimes.

**Competitive Foods and Beverages**

The School Board is committed to ensuring that all foods and beverages available to students on the school campus during the school day support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) shall meet the nutrition standards as outlined in 7 CFR 210.11. These standards aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits.

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day shall meet or exceed the USDA nutrition standards. These standards shall apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, school stores and snack or food carts.

**Food and Beverage Marketing in Schools**

It is the intent of the School Board to protect and promote student health by restricting advertising and marketing in the schools to only those foods and beverages that are permitted to be sold on campus, consistent with this *School Wellness* policy and its implementation plan.

**Other Food and Beverages Provided, but not Sold, on School Campuses**

The School Board has developed the following guidelines for foods and beverages which are provided, but not sold, during the school day:

1. Celebrations and parties. The School Board will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas.

2. Classroom snacks brought by parents. The School Board will provide to parents a list of foods and beverages that meet Smart Snacks nutrition standards.

3. Rewards and incentives. The School Board will provide teachers and other relevant school staff a list of alternative ways to reward children. Foods and beverages will not be used as a reward, or withheld as punishment for any reason, such as for performance or behavior.
Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff shall receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion shall also include marketing and advertising nutritious foods and beverages to students as well as encouraging participation in school meal programs.

Nutrition Education

The School Board shall teach, model, encourage and support healthy eating by all students. Schools shall provide nutrition education and engage in nutrition promotion that:

- Is designed to provide students with the knowledge and skills necessary to promote and protect their health;
- Is part of not only health education classes, but also integrated into other classroom instruction through subjects such as math, science, language arts, social sciences and elective subjects;
- Includes enjoyable, developmentally-appropriate, culturally-relevant and participatory activities, such as cooking demonstrations or lessons, promotions, taste-testing, farm visits and school gardens;
- Promotes fruits, vegetables, whole-grain products, low-fat and fat-free dairy products and healthy food preparation methods;
- Emphasizes caloric balance between food intake and energy expenditure (promotes physical activity/exercise);
- Links with school meal programs, cafeteria nutrition promotion activities, school gardens, and other school foods and nutrition-related community services;

PHYSICAL ACTIVITIES

Physical Education

The School Board shall provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum shall promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits.

All School Board elementary (K-8) students shall receive physical education for at least 30 minutes per day throughout the school year. High school students are required to have a minimum of 1.5 Carnegie units in physical education to graduate.

The School Board physical education program shall promote student physical fitness through individualized fitness and activity assessments and shall use criterion-based
reporting for each student.

Physical Activity

Students in grades K-8 are required by state law to receive at least thirty (30) minutes of physical activity per day. High school students shall be encouraged to incorporate physical activity into their day. A substantial percentage of students’ physical activity can be provided through a comprehensive school physical activity program. Such programs reflect strong coordination and synergy across all of the components: quality physical education as the foundation; physical activity before, during and after school; staff involvement and family and community engagement. Schools shall ensure that varied physical activity opportunities are in addition to, and not as a substitute for, physical education.

To the extent practicable, the School Board shall ensure that its grounds and facilities are safe and that equipment is available to students to be active.

Classroom Physical Activity Breaks (Elementary and Secondary)

The School Board recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, students shall be offered periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. Teachers shall be encouraged to provide short (3-5-minute) physical activity breaks to students during and between classroom time at least three (3) days per week. Such physical activity breaks shall complement, not substitute, for physical education class, recess, and class transition periods.

The School Board shall provide resources and links to resources, tools, and technology with ideas for classroom physical activity breaks. Resources and ideas are also available through USDA and other organizations which promote health and wellness.

Active Academics

Teachers shall be encouraged to incorporate movement and kinesthetic learning approaches into “core” subject instruction when possible (e.g., science, math, language arts, social studies and others) and do their part to limit sedentary behavior during the school day.

The School Board shall support classroom teachers incorporating physical activity and employing kinesthetic learning approaches into core subjects by providing annual professional development opportunities and resources, including information on leading activities, activity options, as well as making available background material on the connections between learning and movement. Teachers shall serve as role models by being physically active alongside the students whenever feasible.
OTHER ACTIVITIES THAT PROMOTE STUDENT WELLNESS

The School Board shall integrate wellness activities across the entire school setting, not just in the cafeteria, other food and beverage venues and physical activity facilities. The School Board shall coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

Public schools in Caddo Parish shall be encouraged to coordinate content across curricular areas that promote student health, such as teaching nutrition concepts in mathematics, with consultation provided by either the school or the School Board’s curriculum experts.

All efforts related to obtaining federal, state or other organizational recognition for efforts, or grants/funding opportunities for healthy school environments shall be coordinated with and complementary of the School Wellness policy, including but not limited to ensuring the involvement of the School Health Advisory Council.

All school-sponsored events shall adhere to the School Wellness policy guidelines. All school-sponsored wellness events shall include physical activity and healthy eating opportunities when appropriate.

DEFINITIONS

In accordance with 7 CFR 210.11, for purposes of this policy:

School day shall be defined as beginning at midnight until thirty (30) minutes after the official school day ends.

School campus shall be defined as all areas of the property under the jurisdiction of the school that are accessible to students during the school day.

The plan shall be reviewed by appropriate school personnel either prior to or within five (5) days after the beginning of each school year, or upon enrollment if the student enrolls after the beginning of the school year, or as soon as practicable following the student being diagnosed with diabetes, or as warranted by changes in the student’s medical condition.

Upon receipt of the student’s diabetes management and treatment plan, the school nurse shall conduct a nursing assessment of the student’s condition and develop an Individualized Healthcare Plan (IHP). The school nurse shall be given not less than five (5) school days to develop an IHP and implement the provisions of the IHP within ten (10) school days of receipt of the diabetes management plan. If so, the parent/legal guardian shall accompany the student to the activity to administer any medication.

If the parent/legal guardian cannot attend the field trip/activity with his/her child, the parent/legal guardian shall request in writing that the medication be administered on a pending field trip/activity by a non-School Board employee designated by the parent, or another trained person designated by the School Board. Such request shall include supporting documentation as outlined in this policy. The request shall state that the parent/legal guardian gives permission for the designee or another trained person to administer the medication. However, a school employee may apply sunscreen to a student *only* if his/her parent or legal guardian has provided *written consent* for this application. Neither the School Board nor the school employee shall be held liable for any adverse reaction relating to the employee’s application of the sunscreen or his/her cessation of such application.

13. **STUDENT CONFIDENTIALITY**

BEHAVIORAL HEALTH SERVICES FOR STUDENTS

The Caddo Parish School Board recognizes the connection between a student’s social, emotional, and mental well-being and the student’s academic success. The School Board desires to assist students in developing the social and emotional skills needed for participation in the educational environment and society at large. In addition to any support services provided by the School Board, the School Board shall allow behavioral health providers to provide behavioral health services to a student at school during school hours if the student’s parent or legal guardian provides a written request for such behavioral health provider and services to the Superintendent or Superintendent’s designee, and all other requirements of La. Rev. Stat. Ann. §§17:173 and 17:3996(B)(45), this policy, and any administrative procedures are met.

A behavioral health provider who provides services according to this policy shall:

1. Maintain general liability insurance coverage in an amount not less than $1,000,000.00 per occurrence and $1,000,000.00 per aggregate and provide a certificate of insurance naming the public school as the certificate holder.

2. Complete a criminal background check conducted by the Louisiana State Police and shall pay all related costs.

Behavioral health services shall be permitted during school hours if the student's parent or legal guardian presents a behavioral health evaluation performed by an evaluator chosen by the parent or legal guardian and the evaluation indicates that the services are necessary during school hours to assist the student with behavioral health impairments that the evaluator determines are interfering with the student's ability to thrive in the educational setting. A behavioral health evaluation presented by the parent or legal guardian of a student shall not be construed as an independent educational evaluation for purposes of determining if a student meets the criteria established for eligibility for special education and related services.

In addition, the parent or legal guardian of a student receiving services from a behavioral service provider shall be required to execute a consent to release information form between the provider and the School Board.

Behavioral health services may be provided during instructional time in English, reading, mathematics, and science if the School Board and the behavioral health provider mutually agree that it is in the best interest of the student.

The School Board shall not enter into a contract or an exclusive agreement with a behavioral health provider that prohibits the parent or legal guardian from choosing the behavioral health provider for the student. However the provisions of this paragraph shall not impair any existing contract on the effective date of this policy, or the renewal thereof.
The cost of all behavioral health services provided to a student shall be the sole responsibility of the parent or legal guardian, individually or through an applicable health insurance policy, Medicaid, or other third-party payor, other than the School Board, that has made funds available for the payment for the services provided.

While on a school campus, a behavioral service provider shall comply with, and abide by, the terms of any Individualized Education Plan, Individualized Accommodation Plan, Section 504 Plan, Behavior Management Plan, or Individualized Health Plan applicable to a student who is a patient of the provider. Student insurance will be made available under these guidelines and will be treated entirely as an administrative matter:

1. Scheduled or limited coverage will be offered in order to keep the premium within the reach of the majority of students. Once the student insurance has been selected and implemented, it becomes primarily a matter between the student (or parent) and the insurance company, with the school participating only to the extent of filling out and turning over to the student (or parent) that portion of the claim form necessary to certify the time, location, and circumstances of the accident, and to identify the student as a participant in the insurance program.

2. The Caddo Parish School Board accepts no liability or responsibility in any way relating to policy sale agreements, claim arising therefrom, or any unforeseen complications recognizing that its sole interest is to make available to the parents of school children a good plan of coverage in the field of insurance.

JHC  STUDENT HEALTH SERVICES AND REQUIREMENTS
WELLNESS POLICY

I.  Preamble

Whereas, children need access to healthful foods and opportunities to be physically active in order to grow, learn, and thrive;

Whereas, good health fosters student attendance and education;

Whereas, obesity rates have doubled in children and tripled in adolescents over the last two decades, and physical inactivity and excessive calorie intake are the predominant causes of obesity;

Whereas, heart disease, cancer, stroke, and diabetes are responsible for two-thirds of deaths in the United States, and major risk factors for those diseases, including unhealthy eating habits, physical inactivity, and obesity, often are established in childhood;

Whereas, more high school students should participate in sufficient vigorous physical activity and attend daily physical education classes;

Whereas, very few children (2 to 19 years) eat a healthy diet consistent with the recommendations from My Pyramid;

Whereas, nationally, the items most commonly sold from school vending machines, school stores, and snack bars include low-nutrition foods and beverages;

Whereas, school districts around the country are facing significant fiscal and scheduling constraints; and

Whereas, community participation is essential to the development and implementation of successful school wellness policies;

F. To the maximum extent practical, all schools in our district will participate in available federal school meal programs (including the School Breakfast Program, National School Lunch Program, After School Care Programs (Snack) and Summer Food Service Program); and

VI. Physical Education

The Caddo Parish School Board recognizes the importance of regular physical activity.

Both regular physical activity and nutrition mutually contribute to healthy citizens and reduce the incidence of diabetes, cardiovascular diseases, depression, obesity, and other chronic health problems. Federal Dietary Guidelines for Americans recommend that children and teenagers be physically active for an accumulation of at least 60 minutes daily. Since children spend the majority of their time at school during weekdays, it is imperative that schools provide students with opportunities to participate in physical activity.

Quality physical education programs include the following components:

1. Emphasizes knowledge and skills that promote a lifetime of physical activity.

2. Is based on standards that define what students should know and be able to do.

3. Keeps students active for most of the class time.

4. Provide different physical activity choices.

5. Meets needs of all students, especially those who are not athletically gifted.

6. Features cooperative, as well as competitive, games.
7. Develops students’ self-confidence and eliminates practices that humiliate students.

8. Assesses students on their progress in reaching goals, not on whether they achieve an absolute standard.

10. Teaches self-management skills, such as goal-setting and self-monitoring.

11. Actively teaches cooperation, fair play, and responsible participation in physical activity and is an enjoyable experience for students.

12. Focuses, at the high school level, on helping adolescents make the transition to a physically active adult lifestyle.

The Caddo Parish School Board will:

A. Promote and implement quality physical education programs that emphasize and promote participation in lifelong physical activities and reaching a health enhancing level of physical fitness among all students;

B. Strive toward providing students in grades K-8 with a minimum of 150 minutes per week of health and physical education;

H. Provide a variety of fitness training, motor skills, and team work modules in the 270 hours of physical education required at the high school level for graduation;

I. Encourage the use of an instrument or program to evaluate students’ physical fitness;

J. Strive to provide age-appropriate equipment and facilities for implementing quality physical education programs.
VII. Physical Activity Opportunities

In order to improve health and fitness of our students and to prevent childhood obesity, the Caddo Parish School Board is placing increased emphasis on the importance of physical activity for students. The following recommendations are made in the best interest of students recognizing that schools, parents and communities will need to be creative in finding additional opportunities and resources for physical activity outside physical education classes.

The Caddo Parish School Board:

A. Recognizes that daily physical activity is essential to student welfare and academic performance;

B. Encourages physical activity during recess for elementary students, intramurals programs, integration in the academic curriculum, and clubs as well as in physical education programs;

This policy and any changes to said policy after its initial implementation shall be made after a public hearing is held.

IX. Assurance

JHC - STUDENT HEALTH SERVICES AND REQUIREMENTS
(Acquired Immune Deficiency Syndrome)

Current knowledge concerning Acquired Immune Deficiency Syndrome (AIDS) indicates that AIDS is spread through sexual contact and through the blood route. Consequently, it is not a serious health threat to persons in casual contact with a patient.

If a student is medically diagnosed as having AIDS, the continued attendance of the student in the regular education program will be permitted only when a written statement from the student's physician is provided stating that the student's health safely allows such attendance. The required physician's statement must consider and address the risks and benefits to both the infected student and to others in the regular educational setting. It must also take into account the behavior, neurological development and physical condition of the student, as well as the expected type of interaction of the student with others in the educational setting. Any restrictions or precautions necessary to safeguard the student's health and the health of others with whom the student comes into contact should be set forth.

If the physician's statement indicates that the health of the student does not allow his continued attendance in the regular education program, education services will be provided in a setting that is appropriate to the health status of the child. An alternative instruction program will be conducted under such circumstances as afford adequate protection to both the infected student and school employees in accordance with guidelines established by the child's physician in consultation with the parents or guardian of the student, school officials and a representative of the local public health unit. Such alternative instruction will continue to be provided until the physician indicates that the child can be safely returned to the regular education program.

The Caddo Parish School Board will have the option of requiring a medical review from a physician of its own choosing.

JHCC - COMMUNICABLE DISEASES
(Treatment of Pediculosis [Head Lice])

Schools bring large numbers of children into close contact daily, and therefore often serve as a focal point for the transmission of communicable diseases, including head lice infestation. Control depends greatly upon prompt case finding, efficient administrative handling of each case, effective treatment, and consistent methods of prevention.

The principal and staff are to remain constantly alert for head lice among pupils in the school. If head lice are either suspected or found on a student, the following procedure is to be administered:

1. The student is to be referred to the principal's office.

2. In a private area (not in the outer office), the pupil is to be checked for head lice. This is to be done by a person designated by the principal and/or the school nurse if available.

3. If head lice and/or eggs (nits) are found on the pupil, the parent is to be notified and the student sent home for treatment. A letter of explanation is to be sent with the child.

4. The pupil is not to return to school unless satisfactory proof can be shown that the pupil has had treatment and is now free of head lice and/or eggs (nits). A statement from a physician, approval by the school nurse, or approval by the principal or his designee is needed to confirm proof of treatment.

5. If a case of head lice is found in a particular class, a letter is to be sent to all parents of pupils in that room. It should advise the parent to provide a check of family members accordingly.

A student is not to be excluded from school once treated and nits are removed. The length of time that a child is absent is dependent on the parents' expediency in treating the child for lice and removing the eggs (nits). Absences will be excused upon submission of a physician's statement.

Adopted: June 4, 1986
JHCC - COMMUNICABLE DISEASES

It shall be the policy of the Caddo Parish School Board to cooperate with the Caddo-Shreveport Health Unit by giving weekly communicable disease reports of suspected cases of such diseases during the school year.

Adopted: July, 1946
JHCC - COMMUNICABLE DISEASES

Students who exhibit signs and symptoms of a communicable disease shall be excluded from school.

A communicable disease is herein defined as a disease that can be transmitted from one person to another. The list of diseases on the Louisiana Department of Health and Human Resources chart (see attached chart) shall serve as a guide. Diseases which are not listed will be handled on an individual basis.

Students who are not in a communicable state shall be permitted to return to school. Proof of non-communicability shall be written clearance from the Caddo Parish Health Unit, a licensed practicing physician or by approval of the school nurse if available. If the child has not been under the supervision of a private physician or under official isolation or quarantine by the health department, the recommendations on the health chart from the Louisiana Department of Health and Human Resources will be used to determine readmission to school.

The Caddo Parish School Board will have the option of requiring a medical review of its own choosing when determined necessary.

School Parties
There shall be a limit of not more than two parties a year and the expenses involved for such parties shall be handled in a way that will not cause hardship or embarrassment to children. Moreover, any kind of birthday or similar party in classrooms should be eliminated.

Fund Raising Drives
There are three community-wide fund raising efforts existing that have been approved by the Caddo Parish School Board. These are: the United Fund, March of Dimes campaign and the Christmas Tuberculosis Seal sale. Only persons employed by the Caddo Parish School System be asked to contribute to these drives and that these drives where money is contributed by school children be eliminated from the public schools of Caddo Parish.

Finally, the Caddo Parish School Board prohibits any money raising effort whereby children would be asked to contribute to the purchase of a gift for any purpose.

JL - STUDENT GIFTS AND SOLICITATIONS

No drives for money, clothing or food may be conducted in the separate classrooms of a school. All such drives seeking to raise money must be conducted by placing a suitable container or containers at proper places in the halls where children may be allowed to go of their own free will and contribute their money. Teachers should be permitted only to make announcements about such drives to their rooms at the proper time and such announcements should be permitted at school assemblies. Pressure of any type to get children to contribute to such drives for money, clothing or food should be prohibited.

The Caddo Parish School Board should prohibit pressure being brought to bear in any classroom or in an entire school in trying to get children to contribute 100% or to join various types of organizations on a 100% basis. Where membership of school children seems to be desirable in some outside activity, it should be secured on a completely voluntary basis, following simple announcements in the room that the opportunity for joining in the work is open to students.

All picture taking will be limited to one time a year, except in the case of the senior high schools where taking of pictures of students is involved in production of the school annual and further, that all special picture sales campaigns in the schools be eliminated and the sale of children's pictures to their parents be on a voluntary basis.

DISCLOSURE OF STUDENT INFORMATION

No official or employee of the School Board shall provide personally identifiable student information to any member of the School Board or to any other person or public or private entity, except such an official or employee may, in accordance with applicable state and federal law:

1. Provide a student's identification number and aggregate data to the School Board, the Louisiana Department of Education, or the Louisiana Board of Elementary and Secondary Education (BESE) solely for the purpose of satisfying state and federal reporting requirements.

2. Provide to the Louisiana Department of Education, for the purpose of satisfying state and federal assessment, auditing, funding, monitoring, program administration, and state accountability requirements, information from which enough personally identifiable information has been removed such that the remaining information does not identify a student and there is no basis to believe that the information alone can be used to identify a student.

3. Provide personally identifiable information regarding a particular student to any person or public or private entity if the sharing of the particular information with the particular recipient of the information has been authorized in writing by the parent or legal guardian of the student, or by a student who has reached the age of legal majority, or if the information is provided to a person authorized by the state, including the legislative auditor, to audit processes including student enrollment counts. Any recipient of such information shall maintain the confidentiality of such information. Any person who knowingly and willingly fails to maintain the confidentiality of such information shall be subject to the penalties provided in La. Rev. Stat Ann. §17:3914.

With limited exception as allowed by state or federal law or regulation, any redisclosure and/or release of personally identifiable information shall require a legitimate educational interest of the recipient.

Release of Student Information

1. In accordance with federal statutory provisions, schools shall honor the requests of military recruiters for names, addresses and phone numbers of high school
students, unless parents have specified that such information not be released to such recruiters.

2. In accordance with La. Rev. Stat. Ann. §17:112, the principal of a public elementary or secondary school shall provide for the transfer of the education records, including special education records, if applicable, of any current or former student at his/her school upon the written request of any authorized person on behalf of a public or nonpublic elementary or secondary school, or an educational facility operated within any correctional or health facility, whether within or outside the state of Louisiana, where such student has become enrolled or is seeking enrollment. Under no circumstances may a school or school district refuse to promptly transfer the records of any child withdrawing or transferring from the school. Transfer of records, whether by mail or otherwise, shall occur no later than ten (10) business days from the date of receipt of a written request.

3. Student records shall be furnished in compliance with judicial orders or pursuant to any lawfully issued subpoena if the parents, legal guardian and students are notified in advance.

4. Once the parent, guardian, or student of majority age has granted permission for collection of certain data in accordance with La. Rev. Stat. Ann. §17:3914, such data shall be disclosed solely for purposes of processing a student’s application to a Louisiana postsecondary education institution or to the Louisiana Office of Student Financial Assistance for receipt of financial aid.

5. The School Board may disclose personally identifiable information from student records to appropriate parties, including the parents of a student 18 years old or older, in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

6. The School Board and employees may disclose education records or information from education records, without the consent of the parent or guardian of the student who is the subject of the records, to certain law enforcement officials. Disclosure of such records or information shall be in accordance with the following provisions:

   A. Disclosure of education records or information from education records shall only be made to state or local law enforcement officials or to other officials within the juvenile justice system. Verification of the official’s position may need to be made before the disclosure of records or information.

   B. The disclosure of the education record or information must relate to the ability of the juvenile justice system to serve, prior to adjudication, the student whose records or information is to be disclosed.
C. The officials to whom the records or the information are disclosed shall certify in writing that that person, and any agency or organization with which that person is affiliated, shall keep the personally identifiable portions of the records or the information confidential and shall not disclose the personally identifiable portions of the records or the information to any person, agency, or organization except a person, agency, or organization within the juvenile justice system having an independent right to the information.

D. Any other provisions necessary to comply with federal law or rules.

A record of all authorizations for release of information shall be maintained by the School Board and all such authorizations shall be included in the student’s records.

REVIEW OF STUDENT RECORDS BY THE PARENT

1. Schools shall provide for the review of student records by parents or guardians, or any student eighteen (18) years of age or older. Parents and students shall be given notification of their right to review the student records.

Access to school records shall not be denied to a parent solely because he/she is not the child’s custodial or domiciliary parent.

2. The parent or legal guardian of a student shall be provided access to student records upon written request to the principal maintaining those records within the school system no more than forty-five (45) days after the date of receipt of the request.

The parent, legal guardian or student, if the student is eighteen (18) or over, shall, upon written request to the principal maintaining those records, have the opportunity to receive an interpretation of those records, have the right to question those data, and if a difference of opinion is noted, shall be permitted to file a letter in said cumulative folder stating their position. If further challenge is made to the record, the parent, legal guardian, or student if 18 or older, may request a hearing.

3. If, as a result of the hearing, the School Board decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall:

A. Amend the record accordingly; and
B. Inform the parent or eligible student in writing.

If, as a result of the hearing, the School Board decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the parent or eligible student of the
right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the School Board or both.

4. The hearing shall be held within a reasonable time after receipt of the request for the hearing from the parent or eligible student.

The hearing shall be conducted by the Superintendent. At the hearing the parent or student eighteen (18) or over shall be given a full and fair opportunity to present evidence relevant to issues raised. The parent or student may, at his/her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney.

The Superintendent shall make his/her decision in writing within a reasonable period of time after the hearing. The decision must be based solely on the evidence presented at the hearing, and must include a summary of the evidence and the reasons for the decision. The decision shall be communicated to the school and parent in writing within ten (10) working days following the date of the hearing.

INTERAGENCY INFORMATION SHARING AGREEMENTS

Caddo Parish School administration is authorized to enter into interagency sharing agreements as authorized by La. Children’s Code art. 541 et. seq. provided the agreement includes the specific data to be shared among agencies, the person or persons allowed by each party to have access to the other party’s data, and the security arrangements between parties to ensure the protection of the data from unauthorized access that may threaten the privacy of persons and the confidentiality of the data. The agreement shall be in writing and shall be provided to the court exercising juvenile jurisdiction, and to each agency involved in the treatment, care, and rehabilitation of the child.

DESTRUCTION OF STUDENT RECORDS

All student records shall be destroyed by shredding under the supervision of the Caddo Internal Auditor on or after the nineteenth (19th) birthday of regular education students and the twenty-second (22nd) birthday of special education students. All closed distribution, copyrighted test protocols of special education students shall be destroyed every three (3) years upon completion of the state-mandated reevaluation. Parents may request and receive these records (except for copyrighted test protocols) before they are destroyed.

The following Education and Health Records shall not be destroyed:

1. Records on which there is an outstanding request to inspect and review;

2. Explanations resulting from hearings on challenged content or education records
are being maintained in the record.

INFORMATION ALLOWED TO BE SHARED PURSUANT TO LA. REV. STAT. ANN. §17:3914(H)

The School Board recognizes that there is certain student information that is inherently a part of the educational process that will necessarily result in third parties being privy to information while students are being educated such as classroom participation which necessarily allows other students to hear the responses of other students. Also, students may be otherwise used during the educational process. The School Board therefore declares that the superintendent may allow the disclosure of student information within and around its facilities in order to facilitate the educational process.

The School Board also finds that the sharing of the following student information furthers a legitimate education purpose as provided for in La. Ag. Opinion No. 15-0103 dated July 29, 2015 and a parent or student who has reached the age of eighteen (18) years may authorize the disclosure:

-- student participation in various school sanctioned extracurricular activities, sports, organizations or clubs;

-- student participation in programs and activities related to school sanctioned performances or productions, events, award programs and graduations;

-- student authorization and utilization of online resources and educational tools;

-- for student participation in yearbook, school photography, or other publications containing school directory information; and

-- student receipt of various awards and honors.

The superintendent shall require parental authorization for disclosure as necessary. Parental or student participation in the various programs as offered shall be deemed authorization for disclosure.

ANNUAL NOTIFICATION

All parents/guardians shall be notified annually of their rights under the Family Educational Rights and Privacy Act of 1974 (FERPA) and applicable state law. Such notification shall be made annually by publication in student handbooks, newsletters, notification to student's home by students, by mail, or publication in the official journal or in such manner as deemed appropriate by the Caddo Parish School Board.
DIRECTORY INFORMATION

The district may not disclose information simply because it is the type information that could be put in a directory. The information may be disclosed only if it is in a directory or publication such as a yearbook or school directory in accordance with FERPA requirements.

Information classified as directory information may be disclosed from a student’s record without the written consent of the parent or eligible student. Directory information has been designated by the School Board to include the student’s name, address, telephone number, date and place of birth, grade level, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended and photograph or video. A parent or eligible student may refuse to allow the Board to designate any or all of the types of information about the student as directory information thus prohibiting its release to the public. After proper notice, a parent or eligible student shall have thirty (30) days in which to notify the School Board as to which types of information about the student shall not be designated as directory information. A parent or student over the age of 18 years may, however, refuse to have their information placed in a directory or other publication if the directory/publication has not been printed.

I. DISCLOSURE OF PROTECTED HEALTH INFORMATION

Caddo Parish School Board recognizes that FERPA and State Law provides for the protection of personally identifiable student information and provides a mechanism for disclosure of student information to third parties. The Caddo Parish School Board further recognizes that the Health Insurance Portability Accountability Act (HIPAA) provides the methods by which health care records may be disclosed in order to provide health care to students as well as information regarding their treatment to family members. The Caddo Parish School Board hereby follows the guidance of the HIPAA regulations in order to bill for and provide health care services to the students in Caddo Parish.

A. Protected health Information is defined as individually identifiable information that relates to a student’s health, health care, or payment for health care.

B. Written consent of a parent of a student or an eligible student prior to the disclosure of protected health information from the health records of a student will be required except under conditions stated in the following paragraphs. The written consent must be signed and dated by the parent of the student or the eligible student and must include a specification of the health records to be disclosed, purpose or purposes of disclosure, and the party or class of parties to whom disclosure is to be made.

C. A student’s PHI (Protected Health Information) may be used and disclosed to carry out treatment, payment and health care operations. A student’s PHI may also be disclosed to contact a parent regarding appointments, to inform a parent of potential treatment options or alternatives, or health related benefits or services which may be of interest to a parent. Further, a student’s PHI may be disclosed to a family member, relative, close friend or other person identified by a parent to be involved in the student’s health care. Finally, a student’s PHI will be used and disclosed when required by federal, state or local law.

D. A student’s PHI may be disclosed under the following special circumstances:

1. A student’s PHI may be disclosed to public health authorities that are authorized by law to collect information for the purpose of:

   (a) maintaining vital records, such as births and deaths;
   (b) preventing or controlling disease, injury or disability;
   (c) notifying a person regarding potential exposure to a communicable disease;
   (d) notifying a person regarding a potential risk for spreading or contracting a disease or condition;
(e) reporting reactions to drugs or problems with products or devices;
(f) notifying individuals if a product or device they may be using has been recalled; or
(g) reporting child abuse, neglect or domestic violence.

2. A student’s PHI may be disclosed to a health oversight agency for activities authorized by law. Oversight activities can include, for example, investigations, inspections, audits, survey, licensure and disciplinary actions; civil, administrative, and criminal procedures or actions; or other activities necessary for the government to monitor government programs, compliance with civil rights laws and the health care system in general.

3. A student’s PHI may be disclosed in response to a court or administrative order, if the student is involved in a lawsuit or similar proceeding. A student’s PHI may be disclosed in response to a discovery request, subpoena, or other lawful process by another party involved in the dispute.

4. A student’s PHI may be disclosed so long as applicable legal requirements are met, for law enforcement purposes. The Caddo Parish School System may release the minimum necessary information if asked to do so by a law enforcement official:

(a) In response to a proper court order or similar process;
(b) In response to a subpoena for a student’s PHI;
(c) About criminal conduct involving the Caddo Parish School System;
(d) Suspicion that death has occurred as a result of criminal conduct;
(e) In the event that a crime occurs on the premises of any Caddo Parish School Board property; or
(f) Medical emergency (not on the premises of a Caddo Parish School Board property) and it is likely that a crime has occurred.

5. If a student becomes an inmate of a correctional institution or falls under the custody of a law enforcement official, the Caddo Parish School system may release medical information about the student to the correctional institution or law enforcement official. This release would be necessary for the institution to provide the student with health care; to protect the student’s health and safety or the health and safety of others; or for the safety and security of the correctional institution.

6. If the student is an organ donor, the Caddo Parish School System may release medical information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.
7. A student’s PHI may be disclosed when necessary to reduce or prevent a serious threat to a student’s health and safety or the health and safety of another individual or the public. Under these circumstances, the Caddo Parish School System will only make disclosures to a person or organization able to help prevent the threat.

8. A student’s PHI may be disclosed to federal officials for intelligence, counterintelligence, or other national security activities authorized by law.

9. Medical information about a student may be disclosed to authorized federal officials so they may provide protection to the President, other authorized persons or foreign heads of state or conduct special investigations.

II. RIGHT TO REQUEST RESTRICTIONS ON DISCLOSURE OF PROTECTED HEALTH INFORMATION

A parent has the right to request a restriction or limitation on the medical information used or disclosed about his child for treatment, payment or health care operations. However, the Caddo Parish School Board is not required to agree to such request. A parent has the right to request a limit on the medical information disclosed about a student to someone who is involved in the student's care or the payment for the student's care, like a family member or friend. However, the Caddo Parish School Board is not required to agree to the request. A student’s parent may not prohibit the student’s other parent from receiving this information unless he is prohibited by court order or other law. If the Caddo Parish School Board does agree, the request will be complied with unless the information is needed to provide the student emergency treatment. To request restrictions, the request must be in writing to the Caddo Parish School Board at the address listed above. The request must state (1) what information is to be limited; (2) whether the request is to limit the use, disclosure or both; and (3) to whom the limits apply. The form to request for a restriction/limitation on medical information disclosed is available at the Caddo Parish School Board.

III. RIGHT TO AN ACCOUNTING OF DISCLOSURES OF PROTECTED HEALTH INFORMATION

A parent has the right to receive an accounting of disclosures of his child’s protected health information made to individuals or entities other than to him, except for disclosures to carry out treatment, payment and health care operations as provided above; to persons involved in his child’s care or for other notification purposes as provided by law; for national security or intelligence purposes as provided by law; to correctional institutions or law enforcement officials as provided by law; or that occurred prior to April 13, 2003. This right applies to disclosures made during the time period of up to six years from the date of the request.
To request an accounting of disclosures, a parent must submit a written request to Superintendent/designee, at the Caddo Parish School Board, 1961 Midway, Shreveport, LA 71108. The request must state a time period, which may not exceed six years. There is no charge for the first request for accounting within a twelve-month period; however, a fee may be charged for the administrative costs of retrieving, copying, mailing, and any other activities associated with any additional requests for accounting. The parent will be notified of the costs involved and will have the option to withdraw the request at that time, before any costs are incurred.

IV. REQUEST FOR CONFIDENTIAL COMMUNICATIONS CONCERNING MEDICAL MATTERS

A parent has a right to request that the school system’s employees communicate with him about his child’s medical matters in a certain way or at a certain location. The School System will accommodate all reasonable requests to the best of our ability. The parent will not be asked the reason for the request. The request must specify how or where the parent wishes to be contacted.

V. RIGHT TO FILE A COMPLAINT

If a parent believes his child’s privacy rights have been violated, he may file a complaint with the Caddo Parish School Board or with the Secretary of the Department of Health and Human Services. To file a complaint with the Caddo Parish School Board, contact Superintendent/designee at the address listed above. All complaints must be submitted in writing.

VI. RIGHT TO PROVIDE AN AUTHORIZATION FOR OTHER USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION

A written authorization will be obtained for uses and disclosures that are not identified by this notice or permitted by applicable law. Any authorization to the Caddo Parish School Board regarding the use and disclosure of a student's PHI may be revoked at any time in writing. After revocation of an authorization, the Caddo Parish School Board will no longer use or disclose a student’s PHI for the reasons described in the authorization. Please note, we are required to retain records of the student's care.

SCHOOL-COMMUNITY RELATIONS GOALS

The Caddo Parish School Board, in an effort to ensure and enhance the possibilities for excellence in the education of children in a free society, presents and endorses this statement of policy on school and community relations because of its conviction that (a) the public schools belong in every sense to the people who created them by consent, and support them by taxation; (b) the schools are only as strong as the intelligent and informed support of the people of the community, and never any stronger; and (c) the support of the people must be based upon their knowledge of their understanding about, and their participation in the aims and efforts of the public schools.

The School Board therefore reaffirms and declares its design and intent:

- to keep the citizens of the system regularly and thoroughly informed through all the channels of communication on all the policies, programs, problems, and planning of the school system, and to carry out this policy through its own efforts and the office of the Superintendent of Schools.

- to invite the advice and counsel of the people of the school system at all times and especially at all monthly meetings of the School Board, except at executive sessions.

- and to solicit the sound thinking and studied counsels of the people through advisory committees selected from the community and appointed by this School Board to consider those problems which vitally affect the future of the children in the parish.

The Board has, however, confidence in its professional staff and desires to support their actions in order that they be free from unnecessary, spiteful, or negative criticism and complaint. Therefore, whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it will be referred to the Superintendent for study and possible solution.
